~~(9) Pro Bono Dental Events: The Board of Dentistry encourages the provision of pro bono dental screenings through organized events such as Dental Health Screenings and Give Kids a Smile Program. A strict interpretation of this rule would preclude such efforts to the detriment of the public. Therefore, the Board deems that any records generated as a result of such limited, one time pro bono dental screenings, examinations, or treatments through organized events should be consistent with the nature and scope of the services rendered, should be provided to the recipient or guardian and will not result in the dentist performing such services becoming the dentist of record. The minimum content and record retention set forth in this rule shall not govern or be required. When the dentist performs such examinations or treatments each recipients or guardian shall be informed in writing of the following:~~

~~(a) The limitation of the screening to one time dental examination and treatment that can reasonably be performed on the same day of screening. In addition, such examinations or treatments would or would not reasonably require follow-up treatment;~~

~~(b) The results of the screening examination or treatments; and,~~

~~(c) That the screening is not representative of or a substitute for a comprehensive dental examination.~~
