DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: 6A-1.09417
 RULE TITLE: Curriculum Frameworks – Lifelong Learning Noncredit Courses, Adults – High School and Non-High School Graduates.

PURPOSE AND EFFECT: The purpose is to repeal Rule 6A-1.09417, F.A.C. The effect is to remove a rule from the Florida Administrative Code that is no longer supported by statutory authority.

SUMMARY: This rule was enacted in 1988. The statutes authorizing the development of Lifelong learning adult noncredit course curriculum frameworks were repealed.

Currently there is no statutory authority for the development of Adult lifelong learning noncredit course curriculum frameworks. This repeal does not preclude school districts or Florida College System institutions from offering lifelong learning noncredit courses. Lifelong learning is defined in s. 1004.02 (17), F.S., as noncredit course or activity offered by a school district or Florida College System institution that seeks to address community social and economic issues related to health and human relations, government, parenting, consumer economics, and senior citizens.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST (SERC) AND LEGISLATIVE RATIFICIATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The statutory authority citations (ss. 228.041(35), 230.23(7), 232.2454, 233.011, 233.09, 233.165, F.S.) were repealed. Currently there is no statutory authority for the development of Adult lifelong learning noncredit course curriculum frameworks.

(1) Sign requests must originate from state agencies, city or county resolution, official representatives of schools or universities, or representatives of tourist attractions or businesses. Requests shall be made, in writing, to the District Traffic Operations Engineer for the Department District where the sign is proposed.

(2) Upon receiving a written request, the Department will determine whether:

(a) The written request concerns an eligible destination or motorist service.

(b) The trip generation meets or exceeds the minimum criteria in Table 2 for Limited Access Facilities or Table 4 for Non-Limited Access Facilities.

(c) There are seasonal considerations.

~~(d) Significant rapid growth is projected.~~

~~(d)(e)~~ The intersection or interchange approach can may accommodate additional destination legend without exceeding the mandatory space limitations for either existing sign panels, or an additional sign structure. If a request for destination guide signing is received, but the intersection or interchange has the maximum number of destinations, then the request will be denied.

~~(e)(f)~~ The addition of the sign will benefit the safety of the motoring public.

(3) Written requests shall provide data to support the trip generation of the proposed destination. It shall also provide data to support the function of the facility (e.g., tourist attraction) to determine which set of criteria from Table 2 4, Criteria for Signing Destinations on Limited Access Facilities, and Table 4, Criteria for Signing Destinations on Non-Limited Access Facilities, will apply. If additional support data is needed, the Department will require an engineering study to validate the request.

(4) If the written request complies with the signing these criteria for the destination, the District Traffic Operations Engineer shall review the sign location for space availability.

(5) Supplemental guide sign destinations are subject to a four-year review cycle to verify that the trip generation characteristics are consistent with Department signing criteria. ~~The review will confirm that mid-way through the life of the sign panel (approximately seven to eight years) an opportunity will exist to make sign changes.~~ The Department will not replace a signed destination with a new destination, regardless of annual trips, as long as the signed destination remains in operation.

(6) The following shall be considered when developing a guide sign system:

(a) Highest preference will be given to destinations that attract a larger number of trips from distances greater than 100 miles.

(b) The likelihood that the destination will continue to generate a high number of trips or if there are seasonal characteristics.

(c) Local government recommendations.

(d) The cooperation of local government and the tourism industry with the development of a regional signing plan.

~~(e) When concurrence can be reached by all affected parties, changes to the Department's supplemental guide sign system may be approved through the permit system.~~

~~(7) Table 2, Criteria for Signing Destinations on Limited Access Facilities and Table 4 are mandatory criteria for guide signs installed under this rule chapter. The criteria will assist the District Traffic Operations Engineer in determining which destination will be signed for on limited and non-limited access facilities.~~

~~(7)(8) Destinations signed prior to the March 27, 2005, effective date of this rule chapter shall not be subject to the requirements of this rule chapter unless the sign is modified.~~

~~(8)(9) Signs may be approved temporarily by the Department for research and evaluation based on studies provided by the applicant. These studies shall include, at a minimum, trip generation, origin and destination studies i.e., entrance and exit locations, specific route, U-turns, and last minute lane changes to determine the safety impact. All studies shall be signed and sealed by a professional engineer registered in Florida. If the Department determines that it would be appropriate to allow the temporary installation to become permanent, the rule will be revised accordingly.~~

~~(d)(e)~~ Countdown trailblazers shall not be erected on the mainline portion of limited access facilities.

~~(e)(f)~~ Except where specifically authorized by this rule chapter, as otherwise specified in Rule 14 85.004, F.A.C., and other areas of this section, the name of the operating agency, community group, or enterprise shall not appear in the legend of any supplemental guide sign, or attached to it.

~~(f)(g)~~ Supplemental guide signs shall not be installed in advance of freeway-to-freeway interchanges. Interchanges between freeways are major decision points; therefore, sign messages shall only contain the route shield, cardinal direction, and name of the next control city on that route.

~~(g)(h)~~ Supplemental guide signs shall be installed in advance of freeway-to-spur interchanges if the spur serves a local community.

(3) Guidelines.

~~1. The cultural, historical, and recreational attractions or historical district shall be identified by name on the current Official Florida Transportation Map. Identification on local city maps does not qualify for interstate signing.~~

~~2. Cultural and historical attractions or historical districts must be on the National Register of Historic Places, meet trip generation, be located within 15 miles of the limited access facility, provide easy access for motorists, and ample all-weather (surface treated) parking to be eligible for signing. These attractions or districts can be publicly or privately owned, but shall be operated on a non-profit basis and open to the general public year-round for sign eligibility. Examples include forts, battlegrounds, plantations, archeological or geological sites, art galleries, and museums.~~

~~3. Any conversion of attendance to trip generation figures will be evaluated by the Department, based on general engineering practice.~~

~~4. Recreational attractions shall be operated on a non-profit basis and meet ADA accessibility standards for public access.~~

(b) The criteria referenced in Table 2 shall be used to determine which destination to sign for on new interchanges, or to determine which destination to add to an existing supplemental guide sign with an existing destination.

(c) For the purpose of geographic identification, only state lines, county lines, and municipal limits, as well as significant natural geographic features ~~shown on the Official Florida Transportation Map~~, such as waterways, will be eligible for signing ~~signed~~ on limited access facilities. The limited access facility must traverse the corporate limits of a municipality for geographic identification guide signing limits in both directions. ~~No custom place name signs or auxiliary panels will be permitted other than approved 48" x 48" pictographs representing the locality and having sufficient legibility and visual acuity on a standard white on green sign design. 61B-23.0021 Regular Elections; Vacancies Caused by Expiration of Term, Resignations, Death; Election Monitors.

(1) through (3) No change.

(4) The first notice of the date of the election, which is required to be mailed, electronically transmitted, or delivered not less than 60 days before a scheduled election, must contain the name and correct mailing address of the association. The first notice must also disclose the procedure and deadline to consent to electronic voting, if the board of administration has provided for and authorized an online voting system. Along with the first notice, the association must provide to any unit owner that is delinquent in any monetary obligation to the association, a separate notice identifying the unit owner's current assessment ledger. Failure to follow the procedures for giving the first notice of the date of the election shall require the association to conduct a new election, if the election has been conducted. Where the election has not occurred, the association shall mail, transmit, or deliver an amended first notice to the eligible voters, ~~which shall explain the need for the amended notice,~~ not less than 60 days before the scheduled election, which shall explain the need for the amended notice. If an amended notice cannot be mailed, transmitted or delivered not less than 60 days before the election, then the association must re-notice and reschedule the election.

(5) through (6) No change.

(7) Upon the timely request of a candidate as set forth in this paragraph, the association shall include, with the second notice of election described in subsection (8) below, a copy of an information sheet which may describe the candidate's background, education, and qualifications ~~as well as other factors deemed relevant by the candidate.~~ The information contained therein shall not exceed one side of the sheet, which shall be no larger than 8 1/2 inches by 11 inches. Any candidate desiring the association to mail or personally deliver copies of an information sheet to the eligible voters must furnish the information sheet to the association not less than 35 days before the election. If two or more candidates consent

in writing, the association may consolidate into a single side of a page the candidate information sheets submitted by those candidates. The failure of an association to mail, transmit or personally deliver a copy of a timely delivered information sheet of each eligible candidate to the eligible voters shall require the association to mail, transmit, or deliver an amended second notice within the time required by this rule, which shall explain the need for the amended notice and include the information sheet(s) not included with the initial second notice within the time required by this rule. If an amended second notice cannot be timely mailed, transmitted or delivered, the association must re-notice and reschedule the election following the procedures as set forth in subsection (8) of this rule. If the election has already occurred ~~been~~ conducted, the election is deemed void and the association must renotice ~~shall conduct a new~~ the election following the procedures as set forth in subsection (8) of this rule. No association shall edit, alter, or otherwise modify the content of the information sheet. The original copy provided by the candidate shall become part of the official records of the association.

(8) No change.

(9)(a) The ~~written~~ ballot shall indicate in alphabetical order by surname, each and every unit owner or other eligible person who desires to be a candidate for the board of administration, and who gave written notice to the association not less than 40 days before a scheduled election, unless such person has, ~~prior to the mailing of the ballot~~, withdrawn his candidacy in writing prior to the mailing of the ballot. The failure of the ~~written~~ ballot to indicate the name of each eligible person shall require the association to mail, transmit, or deliver an amended second notice within the time required by this rule, which shall explain the need for the amended notice and include a revised ballot with the names of all eligible persons within the time required by this rule. If an amended second notice cannot be timely mailed, transmitted or delivered, then the association must re-notice and reschedule the election following the procedures as set forth in subsection (8) of this rule. If the election has already occurred ~~been held~~, the election is deemed void and ~~under these circumstances~~ the association must renotice ~~shall conduct a new~~ the election following the procedures as set forth in subsection (8) of this rule. No ballot shall indicate which candidates are incumbents on the board. No write-in candidates shall be permitted. No ballot shall provide a space for the signature of or any other means of identifying a voter. Except where all voting interests in a condominium are not entitled to one whole vote (fractional voting), or where all voting interests are not entitled to vote for every candidate (class voting), all ballot forms utilized by a condominium association, whether those mailed to voters or those cast at a

meeting, shall be uniform in color and appearance. In the case of fractional voting, all ballot forms utilized for each fractional vote shall be uniform in color and appearance. And in class voting situations, within each separate class of voting interests all ballot forms shall be uniform in color and appearance.

(b) If the ballot includes the name of any ineligible person, the association shall mail, transmit, or deliver an amended second notice within the time required by this rule, which shall explain the need for the amended notice and include a revised ballot with the names of only the eligible persons. If an amended second notice cannot be timely mailed, transmitted or delivered, then the association must re-notice and reschedule the election following the procedures as set forth in subsection (8) of this rule. If the election has already occurred, the election is deemed void and the association must renotice the election following the procedures as set forth in subsection (8) of this rule.

(10) Envelopes containing ballots received by the association shall be retained and collected by the association and shall not be opened except in the manner and at the time provided herein.

(a) Any envelopes containing ballots shall be collected by the association and shall be transported to the location of the duly called meeting of the unit owners. The association shall have available at the meeting additional blank ballots for distribution to the eligible voters who have not cast their votes. Each ballot distributed at the meeting shall be placed in an inner and outer envelope in the manner provided in subsection (8) of this rule. Each envelope and ballot shall be handled in the following manner. As the first order of business, ballots not yet cast shall be collected. The ballots and envelopes shall then be handled as stated below by an impartial committee as defined in paragraph (b) below ~~appointed by the board~~. The business of the meeting may continue during this process. The signature and unit identification on the outer envelope shall be checked against a list of qualified voters, unless previously validated as provided in paragraph (b) below. Any exterior envelope not signed by the eligible voter shall be marked "Disregarded" or with words of similar import, and any ballots contained therein shall not be counted. The voters shall be checked off on the list as having voted. Then, in the presence of any unit owners in attendance, and regardless of whether a quorum is present, all inner envelopes shall be first removed from the outer envelopes and shall be placed into a receptacle. Upon the commencement of the opening of the outer envelopes or accessing of the electronic votes, whichever occurs first, the polls shall be closed, and no more ballots shall be accepted. The inner envelopes shall then be opened and the ballots shall be removed and counted in the presence of the unit owners. Any inner envelope containing more than one ballot shall be marked "Disregarded", or with words of similar

import, and any ballots contained therein shall not be counted. All envelopes and ballots, whether disregarded or not, shall be retained with the official records of the association.

(b) through (c) No change.

(11) Electronic Voting. The requirements for providing an online voting system are contained in Rule 61B-23.00211, F.A.C.

~~(12)~~(11) Any voter who requires assistance to vote by reason of blindness, disability, or inability to read or write, may request the assistance of a member of the board of administration or other unit owner to assist in casting his vote. If the election is by voting machine, any such voter, before retiring to the voting booth, may have a member of the board of administration or other unit owner or representative, without suggestion or interference, identify the specific vacancy or vacancies and the candidates for each. If a voter requests the aid of any such individual, the two shall retire to the voting booth for the purpose of casting the vote according to the voter's choice.

~~(13)~~(12) At a minimum, all voting machines shall meet the following requirements:

(a) through (e) No change.

~~(14)~~(13) Notices of election, notices of candidacy for election, information sheets, voting envelopes, written approval of budgets, written agreements for recall of board members, ballots, sign-in sheets, voting proxies, and all other papers or electronic records relating to voting by unit owners shall be maintained as part of the official records of the association for a period of 1 year from the date of the election, vote, or meeting to which the document relates.

~~(15)~~(14) Election Monitors. ~~As provided by Section 718.5012(9), F.S. (2004), fifteen percent of the total voting interests entitled to vote at the annual meeting of unit owners for the election of directors, or the owners of six units entitled to vote at the annual meeting of unit owners for the election of directors, whichever number is greater, may petition the ombudsman for the appointment of an election monitor.~~ The procedures for filing a petition for the appointment of an election monitor are contained in Rule 61B-23.00215, F.A.C.
