RULE NO.: RULE TITLE:

40D-8.041 Minimum Flows

PURPOSE AND EFFECT: The purpose of this rulemaking is to establish minimum flows pursuant to Section 373.042, F.S., for the Gum Slough Spring Run located in Marion and Sumter Counties. The effect of the rule is to support the District's water supply planning, water use permitting, and environmental resource permitting programs.

SUMMARY: Section 373.042, F.S., requires the District to establish minimum flows and levels for water bodies located within the District's boundaries. This rulemaking is necessary to establish the minimum flows for the Gum Slough Spring Run and associated springs in northwestern Sumter County and southwestern Marion County. The establishment and periodic evaluation of minimum flows is required by statute to ensure that the minimum hydrologic requirements of the water resources and ecology of this spring group are maintained. The establishment of minimum flows for the Gum Slough Spring Run are being developed using previously peer-reviewed, Governing Board adopted methods.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will

not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The District conducted an economic review of the revisions to the rule and determined that the impact or regulatory cost, if any, of the revisions will not exceed any one of the economic analysis criteria in a SERC as set forth in Section 120.541(2)(a), F.S. The revised minimum levels for this spring run is unlikely to constitute an additional significant regulatory constraint on groundwater or surface water withdrawals in the area due to existing resource conditions and regulatory constraints in the basin.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

 61E14-3.001 Fees

PURPOSE AND EFFECT: To adjust the portion of the examination fee that is paid to the testing service.

SUMMARY: To reallocate the existing fee.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

NOTICE OF WITHDRAWAL

Notice is hereby given that the above rule, as noticed in Vol. 39 No. 63, April 1, 2013, issue of the Florida Administrative Register has been withdrawn.

On April 27, 2012, the Department of Environmental Protection (department) published a notice of development of proposed rule in the Florida Administrative Register (FAR) to propose revisions to the human health-based surface water quality criteria in Rule 62-302.530, F.A.C. On April 23, 2013, the Department’s Environmental Regulation Commission (ERC) chose not to approve the subsequently proposed revisions, and instead continued the hearing, requesting that the department conduct additional analysis on the human health-based criteria before bringing the proposed revisions back to the ERC. The notice of proposed rulemaking published in the FAR on April 1, 2013 (Vol. 39, No. 63 issue) is legally still an active rule that may be returned to the ERC for approval. Nevertheless, because of the lengthy delay associated with continuation of this rulemaking, the department has chosen to withdraw the initial notice of proposed rulemaking published on April 1, 2013, and concurrently publish a new notice of development of proposed rule and public workshops for new proposed revisions to the human health-based surface water quality criteria in Rule 62-302.530, F.A.C.

These revisions were proposed concurrently with revisions to the human health-based surface water quality criteria in Rule 62-302.530, F.A.C. On April 23, 2013, the Department’s Environmental Regulation Commission (ERC) chose not to approve the subsequently proposed revisions, and instead continued the hearing, requesting that the department conduct

NOTICE IS HEREBY GIVEN that the Office of Financial Regulation has received the petition for declaratory statement from FirstKey Business Lending, LLC, (FKBL) on March 31, 2016. The petition seeks the agency's opinion as to the applicability of Chapter 494, Florida Statutes, as it applies to the petitioner.

The petition seeks the Office's interpretation on the following: Whether FKBL is required to be licensed as a Florida mortgage lender to make investment property loans depends on two factors: (1) whether FKBL falls within the Act's definition of "mortgage lender;" and (2) whether FKBL can satisfy any of the Act's exemptions to licensure.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Agency Clerk, Office of Financial Regulation, P.O. Box 8050, Tallahassee, Florida 32314-8050, (850)410-9643 or Agency.Clerk@flofr.com.
