DEPARTMENT OF COMMUNITY AFFAIRS

DCA Final Order No.: DCA07-OR-091

STATE OF FLORIDA

DEPARTMENT OF COMMUNITY AFFAIRS

In Re: MONROE COUNTY LAND DEVELOPMENT
REGULATIONS ADOPTED BY MONROE
COUNTY

ORDINANCE NO. 001-2007

FINAL ORDER

The Department of Community Affairs (the “Department”) hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006),

approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On March 13, 2007, the Department received for review Monroe County Ordinance No. 001-2007 (“Ord. 001-2007”), adopted by Monroe County on January 17, 2007.
3. The purpose of the Ordinance is to amend Monroe County Code Section 9.5-120.5 to extend the current moratorium on new transient units until December 31, 2007 or until new Land Development Regulations are adopted to permit new transient units. A moratorium on new transient units will allow the County the ability to address the impacts of transient units on hurricane evacuation, workforce/employee housing, wastewater treatment, traffic volumes and the natural environment through increased use of the offshore reefs and waters off the Florida Keys.
4. Policy 101.2.6 of the Year 2010 Monroe County Comprehensive Plan established a moratorium on new transient units/spaces, which became effective in 1996. The policy states that the moratorium shall be in effect until December 31, 2001 at which time Monroe County shall either extend this prohibition until December 2006 or revise the Permit Allocation System to allocate a percentage of residential growth to transient units.
5. The Permit Allocation System enacted via the Rate of Growth Ordinance (ROGO) is to be replaced by the Tier System as stated in Goal 105 of the Comprehensive Plan. The Tier System was adopted by the Department on June 16, 2006, is undergoing a legal challenge, and as such is not effective until resolved by Final Order.
6. Ordinance 001-2007 is consistent with the 2010 Monroe County Comprehensive Plan.

CONCLUSIONS OF LAW

6. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. § 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006).
7. Monroe County is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2006) and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.
8. “Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2006). The regulations adopted by Ord. 001-2007 are land development regulations.

9. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff'd, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
10. Ord. 001-2007 promotes and furthers the following Principles:
 - (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.
 - (d) To ensure the maximum well-being of the Florida Keys and its citizens through sound economic development.
 - (e) To limit the adverse impacts of development on the quality of water throughout the Florida Keys.
 - (l) To protect the public health, safety, and welfare of the citizens of the Florida Keys and maintain the Florida Keys as a unique Florida resource.

11. Ord. 001-2007 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 001-2007 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND

Notices for the Board of Trustees of the Internal Improvement Trust Fund between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

STATE BOARD OF ADMINISTRATION

NOTICE IS HEREBY GIVEN by the State Board of Administration of Florida ("the Board") of its estimate of the borrowing capacity and the projected year-end (as of December 31, 2007) fund balance for the Florida Hurricane Catastrophe Fund ("the Fund"), in compliance with the requirements of Section 215.555(4)(c)2., Florida Statutes. This estimate is as of May 1, 2007. The projected year-end balance on December 31, 2007, is estimated to be \$2,414,800,000 which represents available funds to pay losses during the 2007/2008 Contract Year. The Fund's estimated borrowing capacity, defined as the amount that the Board will need to raise through the issuance of revenue bonds under Section 215.555(6), Florida Statutes, pursuant to the limitations in Section 215.555(4), Florida Statutes, is \$26,015,200,000. The liability of the Board under the Act and the Reimbursement Contracts for payment of reimbursable losses under all Reimbursement Contracts for a Contract Year in which a Covered Event has occurred will not exceed the actual claims-paying capacity of the Fund, up to a limit of \$28,430,000,000 for that Contract Year. Given the projected year-end cash balance of \$2,414,800,000, the Board estimates that if interest rates and the Fund's credit ratings remain stable and if there are no unforeseen exogenous factors that impact the financial markets that the Fund's estimated borrowing capacity is \$26,015,000,000. This estimate is based upon the Board's good faith assessment of the current global market conditions and is net of required debt service reserve funds and the costs of issuing the bonds. These conditions may or may not be the same if and when the Board determines that it is necessary to seek the issuance of revenue bonds. The Board's estimate is also based upon projected year-end reimbursement premiums. Emergency assessments are based on the data available as of this estimate. This estimate is provided to comply with the requirements of Section 215.555(4)(c)2., Florida Statutes, and should only be relied upon after careful consideration of all relevant assumptions and reservations, including those set forth below.

Assumptions:

1) The Board assumes that both the annual reimbursement premiums and up to 6% emergency assessments as described in Section 215.555(6)(b)2., Florida Statutes, will be used as the revenue source to service the debt and to provide debt service coverage.

2) The debt service coverage ratio is assumed to be 1.74x, this means that the revenue stream available to service the debt is 1.74 times the amount actually needed to service the debt. The debt service coverage ratio is sensitive to actual reimbursement premiums collected during the year. Changes in deductible distributions and other factors that impact actual reimbursement premiums may impact the coverage ratio.

3) The Board has assumed interest rates reflecting market conditions on May 1, 2007. Many factors will impact the interest rates that will ultimately be used when the Board determines that bonds must be issued. It is not possible to predict the actual interest at the time of a bond issuance.

4) In response to the private letter ruling received in March 1998, and renewed on June 13, 2003, the Internal Revenue Service ruled that interest on the bonds issued under Section 215.555(6), Florida Statutes, is exempt from federal taxation.

5) The Fund has issued bonds. On July 6, 2006, Series 2006A, \$1,350,025,000 in post-event revenue bonds were issued. On July 21, 2006, Series 2006B, \$2,800,000,000 in pre-event extendable floating rate notes were issued.

Reservations:

1) If additional bonding is necessary, there are a number of uncertainties. Among these are the following: the financial condition of the insurance industry, the state, and the national economy at the time of a catastrophic loss. The stability of the revenue stream and potential litigation could adversely impact the Fund's bonding capacity.

2) A more general uncertainty is the condition of the financial markets at the time the bonds are issued and the familiarity of investors with the Fund.

3) Another general uncertainty is the ability of the capital markets to absorb a bond issue of the magnitude that may be required at the time of the bond issuance.
