DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Food Safety

RULE NOS.:	RULE TITLES:
5K-4.027	Standard of Identity – Honey
5K-4.028	Adulteration and Misbranding – Honey

PURPOSE AND EFFECT: The purpose of this rule development is to establish a standard of identity for honey that is produced, packed, repacked, distributed and sold in Florida or from Florida. Development of this rule is meant to have the effect on controlling the pervasive, illegal practice of blending or diluting pure honey with low-cost syrups (i.e., sugar, cane, corn, etc.) thereby committing an economic fraud on both the permanent and transient residents of Florida. Preliminary guidelines have been drafted through a cooperative effort between the Department of Agriculture and Consumer Services and the Florida State Beekeepers Association to implement a needed standard of identity for honey. The rule substantially conforms to standards set forth in the Codex Standard for Honey. This rule will have an effect on those establishments permitted by the Department of Agriculture and Consumer Services who produce local honey or sell honey from Interstate Commerce.

SUBJECT AREA TO BE ADDRESSED: This rule development will address the creation of a standard of identity for honey, comprehensive prohibitions against the deliberate addition of any food ingredient or food additives other than honey, will set maximum moisture content for honey, set parameters for sugar constituents in honey and establish honey labeling guidelines. This rule will also provide a mechanism for the Department to enforce instances of adulteration and misbranding of honey being offered for sale at retail in Florida.
SPECIFIC AUTHORITY: 500.09, 570.07(23), 586.10 FS.

LAW IMPLEMENTED: 500.02, 500.03, 500.04, 500.09, 500.10, 500.11, 570.07, 570.50 FS.

IF REQUESTED IN WRITING AND NOT DEEMED UNNECESSARY BY THE AGENCY HEAD, A RULE DEVELOPMENT WORKSHOP WILL BE NOTICED IN THE NEXT AVAILABLE FLORIDA ADMINISTRATIVE WEEKLY.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE DEVELOPMENT AND A COPY OF THE PRELIMINARY DRAFT IS: Paul M. Raynes, Senior Management Analyst II, Division of Food Safety, 3125 Conner Boulevard, Mail Stop C-18, Tallahassee, FL 32399-1650; Telephone: (850)245-5539

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

5K-4.027 Standard of Identity – Honey.

(1) This standard applies to all honey produced by honey bees from nectar and covers all styles of honey presentation that are processed and ultimately intended for direct consumption and to all honey packed, processed or intended for sale in bulk containers as honey, that may be repacked for retail sale or for sale or use as an ingredient in other foods.

(2) “Honey” means the natural food product resulting from the harvest of nectar by honeybees and the natural activities of the honeybees in processing nectar. It consists essentially of different sugars, predominantly fructose and glucose as well as other substances such as organic acids, enzymes and solid particles derived from honey collection. The color of honey can vary from nearly colorless to dark brown. The consistency can be fluid, viscous or partially to completely crystallized. The flavor and aroma vary, but are derived from the plant’s origin.

(3) Honey sold as such shall not have added to it any food additives, as defined in Section 500.03(1)(m), F.S., nor shall any other additions be made other than honey. It shall not have begun to ferment or effervesce and no pollen or constituent unique to honey may be removed except where unavoidable in the removal of foreign matter. Chemical or biochemical treatments shall not be used to influence honey crystallization.

(a) Moisture Content – No water may be added to honey in the course of extraction or packing for sale or resale as honey. Honey shall not have a moisture content exceeding 23%.

(b) Sugars Content.

1. The ratio of fructose to glucose shall be greater than 0.9.
2. Fructose and Glucose (Sum of Both) shall not be less than 60g/100g.

(c) Sucrose Content.

1. Honey not listed below shall not be more than 5g/100g.
2. Alfalfa (*Medicago sativa*), Citrus spp., False Acacia (*Robinia pseudoacacia*), French Honeysuckle (*Hedysarum*), Menzies Banksia (*Banksia menziesii*), Red Gum (*Eucalyptus camaldulensis*), Leatherwood (*Eucryphia lucida*), Eucryphia milligani – not more than 10g/100g.

3. Lavender (*Lavandula spp*) and Borage (*Borago officinalis*) – not more than 15g/100g.

(4) Name of the Food.

(a) Products conforming to the standard of identity as adopted in this rule shall be designated “honey”. Foods containing honey and any flavoring, spice or other added ingredient or if honey is processed in such a way that a modification to honey occurs that materially changes the flavor, color, viscosity or other material characteristics of pure honey, then such foods shall be distinguished in the food name from honey by declaration of the food additive or modification.

(b) Honey may be designated according to floral or plant source if it comes predominately from that particular source and has the organoleptic, physicochemical and microscopic properties corresponding with that origin.

(c) Where honey has been designated according to floral or plant source [as stated in (4)(b)], then the common name or the botanical name of the floral source shall be used in conjunction with or joined with the word “honey”.

(d) The styles in subparagraphs (4)(e)2. and 3. shall be declared.

(e) Honey may be designated according to the following styles:

1. “Honey” which is honey in liquid or crystalline state or a mixture of the two;
2. “Comb Honey” which is honey stored by bees in the cells of freshly built broodless combs and which is sold in sealed whole combs or sections of such combs;
3. “Cut Comb in Honey”, “Honey with Comb” or “Chunk Honey” which is honey containing one or more pieces of comb honey.

5K-4.028 Adulteration and Misbranding – Honey.

The following shall be *prima facie* evidence of adulteration under Sections 500.10(2)(d) and 586.10, F.S., or misbranding under Sections 500.11(1)(g) and 586.10, F.S., of any product sold or offered for sale as honey:

- (1) The product has a maltose content in excess of 10%; or
- (2) The product contains oligosaccharides indicative of invert syrup; or
- (3) The absolute value of Carbon Stable Isotope Ratio Analysis (CSIRA) is not more negative than -20.0 for the product; or
- (4) CSIRA Internal Standard Procedure with a protein value minus honey value is more negative than -1.0 for the product; or
- (5) The product fails to conform to the standard of identity stated in Rule 5K-4.027, F.A.C.

There is no categorical exemption from participation in the statewide assessment program for ELLs LEP students ~~except as provided in Rule 6A-6.0909, F.A.C.~~

(2) An exemption from participation in any component of the statewide assessment program for an individual English Language Learner LEP student may only be made by specific action of an ELL LEP committee as defined in subsection 6A-6.0901(5), F.A.C., and only for a student whose date of classification as an English Language Learner LEP falls within one (1) year prior to the assessment date.

(a) The ELL LEP committee, in making its decision, shall consider the following factors:

The ELL A LEP committee shall be convened whenever substantive changes in an individual ELL LEP student plan are required.

(6) No promotion or retention decision may be made for any individual student classified as an English Language Learner LEP based solely on a score on any single assessment instrument, whether such assessment instrument is part of the statewide assessment program or of a particular district's formal assessment process. RULE NO.:	RULE TITLE:
6A-6.05271	Standards for the Use of Reasonable Force

PURPOSE AND EFFECT: The purpose of this proposed rule is to provide standards for the use of reasonable force by district school personnel. Section 1003.32, Florida Statutes, establishes that a teacher has the responsibility and authority for control of students and includes the use of reasonable force, according to the standards, to protect himself, herself or others from injury. The effect of the rule is to define to what extent force is considered reasonable and in what situations school personnel may use reasonable force, when necessary, to maintain a safe and orderly learning environment. The use of reasonable force is a generally applicable rule, and is not limited or directed to any specific student population.

SUMMARY: Standards for the use of reasonable force were developed and adopted by the State Board of Education in 1997. These standards were distributed to all public school district superintendents. These 1997 standards have stood as the generally applicable guidelines for school personnel to use in situations where reasonable force may be used to maintain a safe and orderly learning environment. Although the State Board adopted standards, these were never formally adopted as rule. Evaluation of the standards resulted in the determination the standards for the use of reasonable force should be updated and formally adopted as rule. Six rule development workshops were conducted throughout the state and included:

March 17, 2008 – St. Petersburg College, Clearwater Campus, Teaching Auditorium;

March 18, 2008 – Broward County Schools, Piper High School, Media Center, Sunrise, Florida;

March 19, 2008 – Seminole County Schools, Educational Support Center, Sanford, Florida;

March 20, 2008 – St. Johns County Schools, Fullerwood Learning Center, St. Augustine, Florida;

March 21, 2008 – Jackson County Schools, Cottdale High School, Cottdale, Florida;

August 26, 2008 – Conference Call, Tallahassee, Florida

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

THE FULL TEXT OF THE PROPOSED RULE IS:

6A-6.05271 Standards for the Use of Reasonable Force. This rule implements Sections 1012.75 and 1006.11, Florida Statutes, outlining administrative standards for the use of reasonable force by school personnel to maintain a safe and orderly learning environment.

(1) Definition.

(a) Reasonable force is defined as the appropriate level or degree of physical force necessary to maintain a safe and orderly learning environment. Force shall not be used as an instrument for the educator's anger or frustration or for routine classroom control. Reasonable force shall not be used in a way that unnecessarily embarrasses the student(s). Force shall not be used as the usual method of classroom management but may be used when necessary to maintain a safe and orderly learning environment. Positive interventions and alternatives to the use of reasonable force should be attempted if circumstances permit. The use of force shall cease upon restoration of a safe and orderly learning environment.

(b) Reasonable force shall not be excessive, disproportionate to the threatened harm, nor cruel or unusual in nature. Reasonable force may include the use of physical restraint. Physical restraint is defined as the use of force to restrict free movement of all or part of a student's body. Reasonable force shall not restrict or obstruct a student's

airway, impair breathing, nor twist or bend a limb or joint in an unnatural direction. Reasonable force shall only be used with consideration of the following:

1. Severity of the offense,
2. Size and abilities of all parties,
3. Known mental or psychological abilities of the student(s),
4. Known medical conditions or special needs of the student(s),
5. Patterns of behavior exhibited by the student(s),
6. Potential physical dangers in using force, and
7. Preventative or defusing action taken prior to the use of force.

(2) Circumstances for the use of reasonable force.

(a) The use of reasonable force is permitted, when necessary, in circumstances such as:

1. To quell a disturbance,
2. To obtain possession of a weapon or other dangerous object,
3. For self-defense,
4. To prevent harm or injury to the student's self or others,
5. To stop a crime in progress,
6. To prevent behavior disruptive to a safe and orderly classroom or school-related event, and
7. To remove a violent, abusive, uncontrollable or significantly disruptive student from the classroom or school-related event.

(b) Example situations that may permit the use of reasonable force include, but are not limited to:

1. When a student physically attacks, or threatens to attack, a staff member or another student,
2. When students are fighting,
3. When a student is causing, or at risk of causing, injury or damage by accident, rough play, or by misuse of dangerous materials, substances or objects,
4. When a student is seriously disrupting the order of the classroom or the school, or,
5. When a student leaves or attempts to leave a class or school, if leaving puts the student at risk.

(3) School district documenting, reporting and training requirements.

(a) Documenting and reporting School personnel must document all incidents of the use of physical restraint and promptly report them to the school principal or building-level administrator. The principal, in coordination with the school staff member, shall notify the student's parent or guardian, by phone, on the same day of the incident, if possible. If attempts to reach the parent or guardian by phone are unsuccessful, the school shall notify the parents or guardians by email or in writing and document the attempts made to reach the parents or guardians. The documentation and notification to the parents or guardians of the incident shall include all of the following:

1. The date, time and description of the incident,
2. The school personnel involved in the incident,
3. The event that precipitated the use of physical restraint,
4. Any alternative measures used prior to the use of physical restraint, if applicable,
5. Any injury to the student, school personnel or property as a result of the incident, if known, and
6. The duration of time and a description of the restraint used.

(b) Dissemination and Training.

1. At the beginning of each school year, all school personnel shall be informed of the laws, rules, and district policies regarding the use of reasonable force.

2. Training on the use of reasonable force shall be required at least annually for appropriate staff assigned to students with disabilities. The district must determine appropriate staff as required under this subsection. At a minimum, training must include:

- a. Methods and procedures for de-escalation of problematic behaviors,
- b. Continuum of least to most restrictive techniques,
- c. Demonstrated proficiency of each technique in the continuum,
- d. Techniques for implementing reasonable force when using multiple staff members as a team,
- e. Monitoring and assessment criteria required during use of reasonable force,
- f. Identification of medical emergencies and basic response methods or techniques,
- g. Strategies to re-engage or re-enter the student into the learning environment, and
- h. The district's documentation and reporting requirements.

12-24.008 Procedures for Payment.

(1) ACH Debit Method.

(a) The taxpayer must report electronic payment information to the Data Collection Center by the approved means of communication, no later than 5:00 p.m., Eastern Time, on the business day immediately preceding the due date of the payment. The Data Collection Center must be contacted during the submission period specified in the detailed instructions provided to enrolled taxpayers, ~~which include Form DR-659~~. The Department will bear the costs of processing electronic ACH debit payments through the Data Collection Center. Communication by the taxpayer during the submission period is mandatory to assure the timely posting of the taxpayer's payment on the following business day.

(b) After establishing contact with the Data Collection Center, the taxpayer is allowed to communicate electronic payment information for more than one tax type or tax period. However, the taxpayer must initiate electronic payment information for each tax type and for each tax period for which an electronic payment is due. The following electronic payment information is required from the taxpayer:

1. ~~User information Company and ID number (Payment identification number);~~
2. Tax payment amount;
3. Tax period; and
4. Payment type; ~~and~~

(d) No change.

(e) Example. A taxpayer who uses the ACH debit method to remit the January sales tax payment will first determine the total amount of tax due with respect to the sales and use tax return (amount due with return) for the January applied period. Prior to the end of the submission period on February 19 (or the last business day prior to the 19th), the taxpayer must contact the Data Collection Center. After establishing contact, the taxpayer will identify the electronic payment account with the ~~user information preassigned payment identification number~~ and ~~provide state~~ the payment type (~~tax payment monthly return~~), the payment amount (\$12,345), and the tax period (~~1/31/08 January~~). At the end of the communication, the taxpayer will receive a ~~number that confirmation code which~~ will verify the accuracy of the recorded tax payment and serve as a receipt for the transaction. Electronic payment information involving the ACH debit transfer will be electronically transmitted to the Department on February 19, shortly after the expiration of the contact period. The actual tax payment of \$12,345, however, will not be posted as collected funds to the Treasurer's account until the following day, February 20. Taxpayers must file the required return as provided by law and rule. If applicable, the taxpayer must check the box on the return to show payment by electronic payment.

(2)(a) ACH Credit Method. Taxpayers who have been granted permission to use the ACH credit method must contact their own financial institutions and make the arrangements to transfer the tax payment to the State Treasury account using an ACH credit transfer. The Department will not bear the costs for taxpayers to use the ACH credit method.

(b) through (c) No change.

(d) If the taxpayer fails more than three times in 12 consecutive calendar months, ~~beginning January 1, 2002~~, to provide the Department with the required addenda record ~~that which~~ conforms to the requirements of this rule, the taxpayer will be required to use the ACH debit method.

(e) Example. A taxpayer who uses the ACH credit method to remit the January sales tax payment will first determine the total amount of tax due with respect to the sales and use tax return (amount due with return) for the January applied period. At a time arranged between the taxpayer and the taxpayer's financial institution, the taxpayer will provide the taxpayer's financial institution with the information necessary to initiate a timely transfer of the January tax payment and an accompanying CCD + addenda record. The timely initiated ACH credit transfer of \$12,345 will be posted as collected

funds to the State Treasurer's account on February 20. To be timely, the ACH credit transfer of January tax must be deposited to the State Treasury account as collected funds on or before February 20. Taxpayers must file the required return as provided by law and rule. If applicable, the taxpayer must check the box on the return to show payment by ~~electronic funds transfer EFT~~.

(3) Wire transfer. Taxpayers who, due to circumstances beyond their reasonable control, are unable to initiate a timely electronic payment of tax through the ACH debit method or the ACH credit method may request the Department's permission, on an exception basis, to transmit a payment of tax to the State Treasurer's account via wire transfer. The term "circumstances beyond their reasonable control" includes ~~the, but is not limited to~~, failure of equipment essential to the transmission of the payment, ~~the~~ unavailability of the employee(s) who handles such transmissions, or a natural disaster.

(a) Prior to initiating the transmission, the taxpayer must fax a written explanation of the emergency situation ~~that which~~ prevents timely compliance under either the ACH debit method or ACH credit method and must request written approval to wire transfer the tax payment in question to the State Treasury account. The e-Services fax number is (850)922-5088. The written request must include the information discussed in sub-subparagraphs (3)(b)1.a. through ~~f. of this rule~~.

(b) Taxpayers who are granted written approval to use wire transfer ~~as an exception to either the ACH debit method or ACH credit method~~ will be given specific instructions regarding the payment information that must accompany the wire transfer.

1. through 2. No change.

(c) Wire transfers ~~that which~~ are not received in the State Treasury account on or before the due date of the transmitted payments of tax will constitute late payment, and the applicable late filing penalties, interest, and loss of collection allowance ~~shall~~ apply.

That system was developed in 2001 and has been in operation since that date. Improvements have been made to the procedures employed to use the electronic remittance system that simplify the use of the system. (Clerks of the Court Remittance Requirements), is to update the procedures to reflect the improvements to the Clerk of the Court Revenue Remittance System.

(Transmitting Funds and Return/Remittance Detail to the Department), updates the procedures for the electronic remittance of funds and the detail remittance information by the clerk of the court to the Department and provides current requirements to report transmission problems and to replace failed payments. When in effect, this substantial rewording will replace the provisions that are provided in Rule 12-28.005, F.A.C. (Means of Communication to Report Payment Information), Rule 12-28.006, F.A.C. (Remittance or Transmission Problems), and Rule 12-28.007, F.A.C. (Procedures for Payment). These rules are proposed to be repealed.

The proposed rule provides information on how to obtain the annual calendar of due dates that is developed by the Department to assist the clerks in complying with their statutory requirements for the remittance of funds to the Department.

The proposed amendments to Rule 12-28.009, F.A.C. (Distribution of Funds Received by the Department), provide: (1) that the Department will make the required entries in the state accounting system within two working days of receiving an accurate payment; and (2) the Department will assist agencies in correcting errors in deposits to other agencies.

Sales and Use Tax

RULE NOS.:	RULE TITLES:
12A-1.029	Labels and Other Printed Matter Sold to Manufacturers
12A-1.036	Furniture and Storage Warehousemen
12A-1.040	Containers and Other Packaging Materials; Gift Wrapping
12A-1.075	Deposits

PURPOSE AND EFFECT: The purpose of the proposed repeal of Rule 12A-1.029, F.A.C. (Labels and Other Printed Matter Sold to Manufacturers) and Rule 12A-1.075, F.A.C. (Deposits), the proposed amendments to Rule 12A-1.036, F.A.C. (Furniture and Storage Warehousemen), and the proposed substantial rewording of Rule 12A-1.040, F.A.C. (Containers and Other Packaging Materials; Gift Wrapping), is to: (1) consolidate and simplify provisions for packaging materials excluded from tax, as provided in Section 212.02(14)(c), F.S., and other materials that accompany a product for sale; (2) provide for the taxability of charges by, and materials used by, warehousemen for moving, storing, packing, and shipping tangible personal property belonging to other persons; and (3) provide for the taxability of charges for gift wrapping and the taxability of materials used in gift wrapping.

Section 212.02(14)(c), F.A.C., currently provides that one-time use items that accompany a product for the convenience of the customer are not subject to tax. Items accompanying food products when sold to a customer, such as aluminum foil covering a baked potato, steak markers used to indicate how a steak is cooked, toothpicks that secure a sandwich, and leftover bags provided to customers are not subject to tax. However, Rule 12A-1.040, F.A.C., currently provides that these items are subject to tax. This rulemaking is necessary to provide that these items are packaging materials that are not subject to tax.

In addition, Rule 12A-1.040, F.A.C., currently provides that "pallets for one-time use that are a part of packaging tangible personal property for shipment and sale are exempt." This rulemaking is necessary to provide the criteria used to determine when pallets and other returnable packaging containers are not subject to tax.

SUMMARY: The proposed repeal of Rule 12A-1.029, F.A.C. (Labels and Other Printed Matter Sold to Manufacturers), moves provisions for sales of the following items to the substantial rewording of Rule 12A-1.040, F.A.C. (Containers and Other Packaging Materials; Gift Wrapping): (1) the sale of labels, name plates, and packing inserts used as packaging

materials; (2) the sale of direction sheets and instruction books or manuals that provide instructions and accompany the product for sale; and (3) the sale of tangible advertising materials.

The proposed amendments to Rule 12A-1.036, F.A.C. (Furniture and Storage Warehousemen): (1) clarify that charges by warehousemen for moving, storing, packing, and shipping tangible personal property belonging to other persons are not subject to tax; (2) provide that warehousemen who sell packaging materials and other items are required to register as dealers and collect sales tax on sales of taxable items; (3) provide that the payment of a claim for damaged merchandise is not a sale of tangible personal property; (4) provide that warehousemen who operate a business location to sell tangible personal property must collect tax on sales of tangible personal property; and (5) provide that boxes, crates, and other materials used by warehousemen for moving, storing, packing, and shipping tangible personal property belonging to other persons are subject to tax.

The proposed amendments to Rule 12A-1.040, F.A.C. (Containers and Other Packaging Materials; Gift Wrapping), provide a single administrative rule regarding the taxability of containers and other packaging materials and items that accompany a product for sale, the taxability of tangible advertising materials that accompany a product for sale, and the taxability of items used in gift wrapping. When in effect, the provisions of the substantial rewording will provide for the administration of sales and use tax for the following:

- Materials used for packaging tangible personal property for sale;
- Instructional materials that accompany the product when sold to customers;
- Tangible advertising materials that accompany the product to the customer;
- Containers used more than one time for packaging tangible personal property;
- Deposits charged for reusable containers and the taxability of those containers;
- Dunnage used to protect packages and cargo during shipment;
- Materials used by persons who are not required to collect tax for services provided to their customers; and
- Charges for gift wrapping and the taxability of materials used in gift wrapping.

The proposed repeal of Rule 12A-1.075, F.A.C. (Deposits), moves the provisions regarding the taxability of charges for returnable containers to the substantial rewording of Rule 12A-1.040, F.A.C.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

12A-1.040 ~~Sales of Containers, Wrapping, and Other Packaging Packing Materials; Gift Wrapping and Related Products.~~

(1) SCOPE. This rule provides when items intended to accompany a product for sale are not subject to tax. Materials, containers, labels, sacks, bags, or similar items intended to accompany a product for sale are not subject to tax under the requirements provided in Section 212.02(14)(c), F.S., as outlined below.

(2) MATERIALS USED FOR PACKAGING PROPERTY FOR SALE.

(a) The sale, use, storage, or consumption of materials, containers, labels, sacks, bags, or similar items that are intended to accompany a product sold to a customer and to be used one time only for packaging tangible personal property for sale is not subject to tax when:

1. Delivery of the product would be impracticable because of the character of the contents; or

2. Such items are used for the convenience of the customer.

(b) The sale, use, storage, or consumption of materials, containers, labels, sacks, bags, or similar items used for packaging in the process of providing a service subject to tax under Chapter 212, F.S., is not subject to tax.

(c) Dealers who are registered with the Department may purchase materials, containers, labels, sacks, bags, or similar items intended to be used in the manner provided in paragraph (a) or (b) tax-exempt by issuing a copy of the dealer's Annual Resale Certificate to the selling dealer at the time of purchase, as provided in Rule 12A-1.039, F.A.C. Persons who are not required to register with the Department as a dealer under Section 212.18(3), F.S., must extend an exemption certificate to purchase such items tax-exempt. A suggested exemption certificate is provided in subsection (5) of Rule 12A-1.038, F.A.C.

(e) The sale, purchase, use, storage, or consumption of dunnage is subject to tax at the time of purchase. Dunnage is not delivered to the purchaser with the package and its contents, and it is retained by the transporter or shipper. "Dunnage" includes items that are used by the transporter or shipper under, outside, and between packages to protect the packages and their contents from damage, motion, shock, or breakage while being transported or delivered to the purchaser. Examples of dunnage are blocks, lumber, and other materials used for bracing, blocking, skidding, shoring, holding, or protecting cargo during transport.

(f) Examples:

1. Toothpaste may be sold at retail in a tube enclosed in a box. The tube of toothpaste is placed in a box that will accompany the toothpaste when sold to the consumer. Multiple units of boxes are placed in shipping containers by the manufacturer. Labels are placed on the shipping containers identifying the product and providing shipping instructions. The manufacturer then places the labeled boxes on a pallet and covers them with shrink-wrap for shipment. The pallets are not returnable to the manufacturer when the toothpaste arrives at

its destination. The toothpaste manufacturer may purchase the tubing materials, boxes, shipping containers, labels, pallets, and shrink-wrap tax-exempt.

2. Coat hangers and garment covers that are delivered with the clothing to the purchaser are packaging materials that accompany the product sold to the customer. However, coat hangers and garment covers used on display racks in stores that are retained by the store do not accompany the clothing to the customer are subject to tax.

(3) PACKAGING MATERIALS USED WHEN NO TANGIBLE PERSONAL PROPERTY IS SOLD. The purchase of materials, containers, labels, sacks, bags, or similar items is subject to tax when purchased by any person who does not sell tangible personal property to its customers. For example, bags, boxes, hangers, wrapping paper, and twine purchased for use by a laundry, dry cleaner, or any other person not selling tangible personal property are subject to tax.

(4) MATERIALS USED FOR FURNISHING OR SERVING FOOD PRODUCTS OR BEVERAGES.

(a) Materials, containers, labels, sacks, bags, or similar items that accompany a food product or drink sold to a customer and are used one time only for packaging the food product or for the convenience of the customer are not subject to tax. The following is a nonexhaustive list of such items:

1. Bags for bread or produce; bag ties; egg cartons or crates; cardboard 6-pack and 12-pack lift cartons; skewers; ice, dry ice, and salt placed directly into the packaging container of perishable food; oil used to line the inside of meat packaging containers;

2. Paper, plastic, plastic-coated, styrofoam bags, boxes, bowls, cups, dividers, liners, lids, plates, platters, trays, and other similar food and beverage containers;

3. Aluminum foil served with food products; butter chips; single-use baking dishes; steak markers, toothpicks, toothpick frills, film wrap; disposable utensils, straws, stirrers, napkins, leftover bags, boxes, or other containers.

(5) LABELS, TAGS, AND INSTRUCTIONAL MATERIALS.

(a) 1. Labels, tags, and name plates, including the printing of these items, are not subject to tax when they remain affixed to tangible personal property offered for sale or affixed to the container containing tangible personal property prepared for shipment or delivery and:

a. Furnishes information as to the nature, quantity, maker, price, size, operation, or maintenance of the tangible personal property for sale; or

(b) Bar codes and labels containing bar codes that are placed on packages by, or on behalf of, the transporter or shipper for purposes of tracking the movement of the package in transit are subject to tax.

(c) Labels, tags, and name plates that do not accompany tangible personal property for sale are subject to tax. For example, labels sold to businesses to be placed on their shelves or display racks are subject to tax.

(d) Price tags that accompany tangible personal property when sold to the retail consumer are exempt. Price tags retained by a retail merchant are subject to tax. Price tags attached to merchandise offered for sale that are removed from the merchandise and retained by the seller at the time of sale are subject to tax.

(e) Direction sheets, instruction books, pamphlets, or manuals that accompany a product to the final consumer and provide instructions on how to assemble, use, or care for the product are exempt. Technical manuals that do not accompany the product to the final consumer are subject to tax.

b. The total amount of the deposit is refunded to the purchaser when the container is returned to the selling dealer;

c. Title to the container is retained by the selling dealer;

d. The container is used only to contain the tangible personal property sold to the purchaser while in the process of delivery or conveyance to the purchaser; and

f. The selling dealer retains records to identify which customers are holding the containers and which customers have returned the containers.

2. Example: A manufacturer ships its products to purchasers on pallets. The contents of the shipment are secured to the pallets by wire banding. The pallets are designed by the manufacturer to be used for more than one shipment, bear the name of the manufacturer, and are assigned an inventory number. When the manufacturer ships merchandise to a customer, a deposit is separately itemized on the customer's invoice to assure the return of the identified pallets. The

separately itemized deposit is not subject to tax. The purchase or fabrication of the pallets by the manufacturer is subject to tax.

(b) See Rule 12A-1.087, F.A.C., for tax-exempt portable containers, or moveable receptacles in which portable containers are placed, when used for harvesting or processing farm products.

(7) CHARGES FOR PACKAGING MATERIALS. When charges for packaging materials are separately itemized from the sales price of tangible personal property on the customer's bill, invoice, or other tangible evidence of sale, the charge for packaging materials is a part of the sales price of the tangible personal property.

(8) GIFT WRAPPING

(a) The total charge for gift wrapping merchandise is subject to tax, whether charged by the seller of the merchandise or by any other person. Materials, such as paper, ribbon, bows, or tape, used in gift wrapping merchandise may be purchased tax-exempt by a dealer registered with the Department. DEPARTMENT OF REVENUE

Miscellaneous Tax

RULE NOS.:	RULE TITLES:
12B-5.020	Definitions; Specific Exemptions
12B-5.121	Temporary Licenses Issued Under a Declared Emergency
12B-5.130	Refunds
12B-5.150	Public Use Forms
12B-5.401	Temporary Pollutant Importer License Issued Under a Declared Emergency

PURPOSE AND EFFECT: The purpose of the proposed amendments to Rule 12B-5.020, F.A.C. (Definitions), is to update definitions for the terms “fuel,” “fuel grade ethanol,” and “gasohol” for purposes of determining when a product blended with gasoline is a “fuel” subject to Florida’s fuel taxes. Standards established by the federal Bureau of Alcohol, Tobacco, and Firearms distinguish products containing alcohol fit for human consumption from those that are not fit for human consumption and are used as a fuel. Products containing 100% alcohol can be consumed by humans as an alcoholic beverage. These products are subject to federal and state beverage taxes. Products that are blended with at least 1% gasoline, such as “denatured ethanol,” are not fit for human consumption and are not subject to the beverage taxes. The proposed amendments clarify that “fuel grade ethanol,” defined as ethanol with no less than 1% gasoline, is a fuel subject to Florida’s fuel taxes.

The proposed amendments include ethanol-blended fuel containing not less than 9% ethanol as “gasohol,” a product subject to Florida’s fuel taxes. The Florida Renewable Fuel Standard Act (Sections 101-107, Chapter 2008-227, L.O.F., creating Sections 526.203-526.207, F.S.) requires terminal suppliers, importers, blenders, and wholesalers to report to the Department of Revenue the number of gallons of “blended gasoline” (mixture of gasoline and 9-10% fuel ethanol) and “unblended gasoline” (gasoline containing no fuel ethanol) sold. The total number of gallons sold in Florida is reported to the Florida Department of Agriculture and Consumer Services

monthly. The proposed definitions for “fuel grade ethanol” and “gasohol” are consistent with the definitions for “blended gasoline” and “unblended gasoline.”

The purpose of the proposed creation of Rule 12B-5.121, F.A.C. (Temporary Licenses Issued Under a Declared Emergency), and 12B-5.401, F.A.C. (Temporary Pollutants Importer License Issued Under a Declared Emergency), is to implement the authority granted to the Department in Sections 15-17, Chapter 2007-106, L.O.F., to authorize the granting of temporary fuel and pollutants licenses when the Governor of Florida or the President of the United States has declared a state of emergency or major disaster in Florida or in any other state. This law temporarily expands the number of dealers authorized to provide fuel in Florida or to export fuel to other states in their time of need. The purpose of the proposed amendments to Rule 12B-5.150, F.A.C. (Public Use Forms), is to adopt the application to obtain a temporary Florida fuel license.

The purpose of the proposed amendments to Rule 12B-5.130, F.A.C. (Refunds), is to implement the provisions of Sections 1-2, Chapter 2007-31, L.O.F. Effective July 1, 2007, any person who uses motor fuel in vehicles or equipment for commercial aviation purposes may apply for a refund of the local option fuel tax, the State Comprehensive Enhanced Transportation System Tax (SCETS tax), and the fuel sales tax, imposed under paragraphs 206.41(1)(e), (f), and (g), F.S.

SUMMARY: The proposed amendments to Rule 12B-5.020, F.A.C. (Definitions): (1) update the definition of “alcohol” to remove the qualifications regarding the percentages of proof and purity; (2) update the definition of “fuel” to include fuel grade ethanol that is manufactured, produced, sold, or purchased for use as a gasoline blending component, or for use in a motor vehicle; (3) define “fuel grade ethanol” as ethanol with no less than 1% gasoline; and (4) update the definition for “gasohol” to mean ethanol-blended fuel that contains not more than 91% gasoline, and the ethanol content must not be less than 9%.

Proposed new Rule 12B-5.121, F.A.C. (Temporary Licenses Issued Under a Declared Emergency): (1) implements the authority granted in Sections 15-17, Chapter 2007-106, L.O.F., for the Department to authorize the granting of temporary fuel and pollutants licenses when the Governor of Florida or the President of the United States has declared a state of emergency or major disaster in Florida or in any other state; (2) provides how fuel dealers may obtain a temporary license from the Department and when a temporary Florida fuel license will be granted by the Department; (3) provides how to obtain an extension of the expiration date of a license and when an extension of the temporary license will be granted; (4) provides the Florida fuel taxes that must be collected and remitted to the Department by temporary importers, temporary exporters, and temporary carriers; (5) provides how to report and remit fuel taxes to the Department and when the taxes and returns are

due; and (6) provides when a refund of previously paid Florida fuel taxes is available to temporary licensees and how to obtain the refund from the Department.

The proposed amendments to Rule 12B-5.130, F.A.C. (Refunds), provide: (1) that any person who uses motor fuel in vehicles or equipment for commercial aviation purposes may apply for a refund of the local option fuel tax, the State Comprehensive Enhanced Transportation System Tax (SCETS tax), and the fuel sales tax, imposed under paragraphs 206.41(1)(e), (f), and (g), F.S.; and (2) that fuel used in any vehicle or equipment driven or operated upon the public highways of Florida is not eligible for a refund.

The proposed amendments to Rule 12B-5.150, F.A.C. (Public Use Forms), adopt, by reference, new Form DR-156T, Florida Temporary Fuel Tax Application, used by applicants to obtain a temporary Florida fuel license.

Proposed new Rule 12B-5.401, F.A.C. (Temporary Pollutants Importer License Issued Under a Declared Emergency): (1) implements the authority granted in Sections 15-17, Chapter 2007-106, L.O.F., for the Department to authorize the granting of temporary fuel and pollutants licenses when the Governor of Florida or the President of the United States has declared a state of emergency or major disaster in Florida or in any other state; (2) provides that no additional application is necessary to obtain a Florida temporary pollutants importer license when an application to obtain a Florida temporary importer license is made; (3) provides how to obtain an extension of the expiration date of a license and when an extension of the temporary license will be granted; (4) provides the Florida pollutant taxes that must be accrued and paid to the Department; (5) provides how to report and remit pollutant taxes to the Department and when the taxes and returns are due; and (6) provides when a refund of previously paid Florida pollutant taxes is available to temporary licensees and how to obtain the refund from the Department.

12B-5.121 Temporary Licenses Issued Under a Declared Emergency.

(1) GENERAL INFORMATION. The Department is authorized to grant the following temporary licenses to import into, export from, or transport fuel within Florida when the Governor of Florida has declared a state of emergency pursuant to Section 252.36, F.S., or when the President of the United States has declared a major disaster in Florida, another state, territory of the United States, or the District of Columbia:

(a) A temporary license as an importer or exporter of fuel to any person who holds a valid Florida fuel license as a wholesaler or to an unlicensed dealer; or

(b) A temporary license as a carrier to any person who holds a valid Florida license as a wholesaler, importer, exporter, or blender or to an unlicensed dealer.

(2) LICENSING.

(a) Temporary Importer, Exporter, or Carrier Licenses. Temporary licenses to import into, export from, or transport fuel within Florida will only be granted to:

1. A business with a physical location in Florida that holds a valid Florida Sales and Use Tax certificate of registration; or

2. Any person who holds a valid fuel license issued by another state.

(b) To obtain the temporary Florida fuel license, the person engaging temporarily in business as an importer, exporter, or carrier must file a Florida Temporary Fuel Tax License Application (Form DR-156T, incorporated by reference in Rule 12B-5.150, F.A.C.) with the Department, as provided in the application. A copy of the completed Form DR-156T is to be faxed to the phone number indicated in the application, and the original application is to be mailed to the address indicated in the application. Form DR-156T may be obtained, without cost, from the Department's Internet site at www.myflorida.com/dor/forms/ or by calling the Department's Distribution Center at (850)922-2208. Persons with hearing or speech impairments may call the Department's TDD at (800)367-8331 or (850)922-1115.

(c) No licensing fee is required to obtain a temporary fuel license. No criminal background investigation of an applicant will be conducted.

(d) The effective date of the Florida temporary fuel license is the date the application is received by the Department or, when the application is not faxed or otherwise submitted electronically to the Department, the postmark date of the application. Temporary license holders are authorized to import, export, or transport fuel within Florida on the effective date of the temporary license issued by the Department.

(e) Duration of Temporary Fuel Licenses.

1. A temporary importer, temporary exporter, or temporary carrier license expires on the last day of the month following the month in which the temporary license is issued. For example, the Department issues a temporary importer license effective July 15. The temporary license expires at midnight, August 31.

2. Any person who holds a temporary importer, temporary exporter, or temporary carrier license may request that the expiration date of the temporary license be extended during the declared state of emergency or major disaster. No extension of a temporary fuel license will be granted to any temporary licensee who has failed to file the required returns or to remit fuel taxes due to the Department.

3. To obtain an extension of the expiration date of the license, the license holder must fax or mail a written request for a one-month extension of the expiration date of the license to the Department. The written request must be faxed or postmarked on or before the expiration date of the current temporary license to:

Account Management – Fuel Unit
Florida Department of Revenue
P. O. Box 6480
Tallahassee FL 32314-6480
Fax Number: (850)922-5938

4. The Department will grant an extension of the expiration date of a temporary exporter, temporary importer, or temporary carrier license on a month-to-month basis. The extension of the expiration date will become effective on the first day of the next calendar month after receiving the written request and will expire at midnight on the last day of that month.

5. For example, the Governor of Florida declares a state of emergency on June 5, and a dealer who holds a valid fuel license issued by the State of Georgia wants to transport fuel into Florida. The Georgia fuel dealer faxes a completed Florida Temporary Fuel Tax Application (Form DR-156T) to the Department on June 6. On that date, the Department issues the Georgia dealer a temporary importer license authorizing the dealer to transport fuel into Florida. The Florida temporary fuel license will expire at midnight, July 31. On July 28, the declared state of emergency remains in effect, and the temporary importer faxes a written request to the Department to obtain an extension of the expiration date. The Department will grant an extension of the temporary license's expiration date that will remain in effect until midnight, August 31.

(3) TEMPORARY IMPORTERS, EXPORTERS, OR CARRIERS.

(a) Dealers who hold temporary fuel licenses must provide the assigned temporary importer or temporary exporter license number to any licensed carrier who transports fuel into Florida and record the temporary fuel license number on all shipping documents provided to the carrier.

(b) Temporary Importers.

1. Sales of Gasoline Products.

a. Florida fuel tax is due on gasoline and gasohol purchased by temporary importers from terminals located outside Florida and destined for sale in Florida.

b. Temporary importers must collect and remit to the Department the total Florida fuel tax imposed on each gallon of gasoline products sold to retail dealers and end users in Florida on fuel purchased from out-of-state fuel dealers who do not hold a Florida fuel license. Tax is due at the total tax rate imposed by the county where the gasoline product is sold when no Florida fuel tax has been collected or paid on the gasoline products sold.

c. Temporary importers must collect and remit to the Department any additional local option fuel tax due that was not collected by the terminal supplier on sales of gasoline and gasohol in Florida when the Florida statewide fuel taxes have been paid to an out-of-state terminal supplier. Only the local option tax above the minimum rate collected by terminal suppliers is required to be paid to the Department by licensed temporary importers upon each gallon of gasoline product sold in Florida.

2. Sales of Diesel Products.

a. Temporary importers must collect and remit the total statewide fuel taxes for undyed diesel fuel sold when no Florida fuel tax has been collected or paid on the undyed diesel products.

b. No additional fuel tax is due on sales of undyed diesel in Florida when the Florida fuel taxes have been paid to an out-of-state terminal supplier who holds a valid Florida fuel license.

3. Sales of Aviation Fuel.

a. Temporary importers must collect and remit the tax directly to the Department on sales of aviation fuel in Florida when the Florida 6.9 cents per gallon aviation fuel tax has not been collected by an out-of-state fuel supplier.

b. No additional aviation fuel tax is due on sales of aviation fuel in Florida when the Florida 6.9 cents per gallon aviation fuel tax has been paid to an out-of-state terminal supplier who holds a valid Florida fuel license.

4. Florida fuel tax rates by county may be found at the Department's Internet site at <http://dor.myflorida.com/dor/taxes>.

(c) Temporary Exporters.

1. Temporary exporters who purchase taxable fuel in Florida during a declared emergency or disaster are required to pay the fuel taxes due to licensed terminal suppliers at the fuel tax rate imposed in the state to which the fuel is destined for sale or use. For example, a fuel distributor licensed in Georgia obtains a temporary exporter's license in Florida during a declared emergency in Georgia. When the temporary exporter purchases taxable fuel at a Florida terminal supplier for export to Georgia, the Florida terminal supplier is required to collect and remit fuel tax due at the rate imposed on the fuel in Georgia.

2.a. Temporary exporters who purchase taxable fuel in Florida during a declared state of emergency or major disaster from any person who does not hold a valid Florida fuel license as a terminal supplier are required to pay the fuel taxes imposed by Sections 206.41, 206.87, and 206.9825, F.S., to their Florida licensed suppliers or directly to the Department when purchased from an unlicensed supplier.

b. Temporary exporters who export fuel to other states on which Florida tax has been paid may obtain a refund of Florida taxes paid. To receive a refund of Florida tax paid, an exporter must file an Application for Refund (Form DR-26, incorporated by reference in Rule 12-26.008, F.A.C.) with the Department. Form DR-26 must be filed in accordance with the timing provisions of Section 215.26(2), F.S., and must meet the requirements of Sections 213.255(2) and (3), F.S. Form DR-26 must be filed with the Department within three (3) years after the date the tax was paid.

c. Copies of invoices for purchases and sales of fuel exported outside Florida and copies of the tax returns filed in the state of destination are required to be submitted with the application for refund.

(d) Temporary Carriers.

1. Carriers who are not licensed to transport fuel in Florida, prior to a declared emergency or disaster, are required to obtain a temporary carrier license to transport fuel within Florida during a declared emergency or disaster.

2. Carriers who do not hold a valid Florida fuel license or a Florida temporary importer or temporary exporter license are prohibited from transporting fuel in Florida that is owned by the carrier.

(4) EXEMPT SALES.

(a) Fuel sold by a temporary importer to the United States government, its departments, or its agencies in quantities of 500 gallons or more in each delivery, for exclusive use in equipment, devices, or motors operated by the United States, is exempt from tax. This exemption does not apply to sales of fuel delivered to service stations or other outlets for resale.

(b) Dyed diesel fuel sold by a temporary importer is exempt from the fuel taxes imposed under Section 206.87(1), F.S., but is subject to sales tax imposed under Section 212.0501, F.S.

(c) Undyed diesel fuel sold by a temporary importer to a farmer for use in farm equipment on a farm is exempt from the fuel tax imposed under Section 206.87(1), F.S. To sell such fuel tax-exempt, the temporary importer must obtain a written certification from the farmer certifying that the identified number of gallons of undyed diesel fuel will be used exclusively in agricultural equipment on a farm. Temporary importers are required to collect all taxes imposed under Section 206.87(1), F.S., on undyed diesel sold to farmers for nonagricultural use.

(5) TAXABLE SALES. Temporary importers are required to collect the following taxes:

(a) The taxes imposed by Section 206.41(1), F.S., on all nontaxed sales, deliveries, or consignments of motor fuel to retail dealers, resellers, and end users;

(b) The taxes imposed by Section 206.87(1), F.S., on all nontaxed sales, deliveries, or consignments of undyed diesel fuel to retail dealers, resellers, and end users.

(c) The tax imposed by Section 206.9825(1), F.S., on all nontaxed sales, deliveries, or consignments of aviation fuel to retail dealers, resellers, and end users.

(6) RETURNS.

(a) Return Due Dates.

1. Returns to report taxes imposed under Chapter 206, F.S., and information returns are due to the Department on or before the 20th day of each month for transactions occurring during the previous month. If the 20th day falls on a Saturday, Sunday, or legal holiday, payments accompanied by returns will be accepted as timely if postmarked or delivered to the Department on the next succeeding day that is not a Saturday, Sunday, or legal holiday.

2. For the purpose of this rule, a legal holiday means a holiday that is observed by federal or state agencies as this term is defined in Chapter 683, F.S., and s. 7503 of the Internal Revenue Code of 1986, as amended. A "legal holiday" pursuant to s. 7503 of the Internal Revenue Code of 1986, as amended, means a legal holiday in the District of Columbia or a statewide legal holiday at a location outside the District of Columbia but within an internal revenue district.

(b) Wholesaler/Importer Fuel Tax Return.

1. All temporary importers, who sell gasoline, gasohol, diesel, undyed diesel, and aviation fuel, are required to report all taxes imposed by Chapter 206, F.S., on a Wholesaler/Importer Fuel Tax Return (Form DR-309632, incorporated by reference in Rule 12B-5.150, F.A.C.) on or before the 20th day of each month for transactions occurring during the previous month.

2. A collection allowance deduction (found on the return) is authorized to temporary importers from the taxes collected under Sections 206.41(1)(a), (b), (c), and (g), and 206.9825(1), F.S., on sales of motor fuel and aviation fuel when 50 percent of the allowable deduction is granted to a purchaser with a valid wholesaler or terminal supplier license, and only when the return and payment are remitted timely.

3. A .67 percent (.0067) collection allowance deduction is authorized from taxes collected under Section 206.87(1)(a) and (e), F.S., to temporary importers on sales of diesel fuel when 50 percent of the allowable deduction is granted to a purchaser with a valid wholesaler or terminal supplier license, and only when the return and payment are remitted timely.

4. In addition to the collection allowance deductions authorized in subparagraphs 2. and 3., temporary importers who sell gasoline, gasohol, and undyed diesel to retail dealers or end-users may take a deduction of 1.1 percent (.011) of taxes

PART IV TAX ON POLLUTANTS

12B-5.401 Temporary Pollutant Importer License Issued Under a Declared Emergency.

(1) GENERAL INFORMATION. When the Governor of Florida has declared a state of emergency pursuant to Section 252.36, F.S., or when the President of the United States has declared a major disaster in Florida, another state, territory of the United States, or the District of Columbia, gasoline, gasohol, diesel, and aviation fuel imported into Florida is subject to the Florida pollutant tax. Any person who imports fuels subject to the Florida pollutant tax is required to hold a valid Florida pollutant license issued by the Department.

(2) LICENSING.

(a) The Department will grant a temporary pollutant license to import pollutants into Florida when the Governor of Florida has declared a state of emergency pursuant to Section 252.36, F.S., or when the President of the United States has declared a major disaster in Florida, another state, territory of the United States, or the District of Columbia to those persons who are granted a Florida temporary importer or temporary exporter license, as provided in Rule 12B-5.121, F.A.C.

(b) The application submitted to the Department to obtain a Florida temporary fuel license, as provided in Rule 12B-5.121, F.A.C., is sufficient to obtain a Florida temporary pollutant license. No additional application is required.

(c) The effective date of the Florida temporary pollutant license is the same date as the effective date of the temporary importer or temporary exporter license. The effective date of the temporary pollutant license is the date the application for a temporary fuel license is received by the Department or, when the application is not faxed or otherwise submitted electronically to the Department, the postmark date of the application.

(d) Duration of Temporary Pollutant Importer License.

1. A temporary pollutant importer license expires on the last day of the month following the month in which the temporary pollutant importer license is issued. For example, a person is issued a Florida temporary pollutant importer license effective July 15. The temporary importer license and the temporary pollutant importer license expire on August 31, at midnight.

2. A temporary pollutant importer license will be extended automatically when the temporary fuel license is extended. A temporary pollutant importer license will remain in effect for the period a temporary importer or exporter license is effective. No extension of a Florida temporary fuel or pollutant license will be granted to any temporary licensee who has failed to file required returns or to remit the fuels taxes, or the pollutant taxes, due to the Department.

(3) TEMPORARY POLLUTANT IMPORTERS.

(a) The Florida pollutant tax accrues at the time of importation of motor, diesel, and aviation fuels into Florida.

(b) Dealers who hold temporary pollutant importer licenses are required to provide the assigned temporary pollutant license number to the licensed carrier that will transport fuel in Florida and record the temporary fuel license number on all shipping documents provided to the carrier.

(c) Holders of temporary pollutant importer licenses are required to pay the Florida pollutant taxes due to the Department when gasoline, gasohol, diesel, and aviation fuel is imported into Florida and the Florida pollutant taxes due have not been paid to an out-of-state dealer who holds a valid Florida pollutant license. Tax is due at the pollutant tax rates provided in subsection (5) of Rule 12B-5.400, F.A.C.

(d) When the Florida pollutant tax is paid to an out-of-state dealer who holds a valid Florida pollutant license, no additional Florida pollutant tax is due.

(4) EXEMPT SALES. Petroleum products bunkered into marine vessels engaged in interstate or foreign commerce by a temporary pollutants importer are exempt from the Water Quality and the Inland Protection pollutant taxes.

(5) TAXABLE SALES. Temporary pollutants importers are required to pay to the Department the Florida pollutant taxes imposed under Sections 206.9935(1), (2), and (3), F.S., on all taxable sales of fuel to Florida customers for which the Florida pollutant taxes were not collected at the time of purchase.

(6) RETURNS. A temporary pollutant importer must file a Pollutants Tax Return (Form DR-904, incorporated by reference in Rule 12B-5.150, F.A.C.) on or before the 20th day of the month following the month of sale. If the 20th day falls on a Saturday, Sunday, or legal holiday, payments accompanied by returns will be accepted as timely if postmarked or delivered to the Department on the next succeeding day that is not a Saturday, Sunday, or legal holiday. For the purpose of this rule, a legal holiday means a holiday that is observed by federal or state agencies as this term is defined in Chapter 683, F.S., and s. 7503 of the Internal Revenue Code of 1986, as amended. A "legal holiday" pursuant to s. 7503 of the Internal Revenue Code of 1986, as amended, means a legal holiday in the District of Columbia or a statewide legal holiday at a location outside the District of Columbia but within an internal revenue district.

(7) REFUNDS AND CREDITS. A temporary pollutant importer that is entitled to a refund of pollutant taxes pursuant to Section 206.9942, F.S., is required to file a quarterly Application for Pollutants Tax Refund (Form DR-309660, incorporated by reference in Rule 12B-5.150, F.A.C.), as provided in subsection (7) of Rule 12B-5.400, F.A.C.

PURPOSE AND EFFECT: The State Board of Administration, Florida Hurricane Catastrophe Fund, seeks to amend the rules listed above to implement Section 215.555, Florida Statutes, including the changes made to the law during 2008.

SUMMARY: Rule 19-8.010, F.A.C., Reimbursement Contract.: The proposed amendments to 19-8.010, F.A.C., adopt the Reimbursement Contract for the Contract Year 2009-2010, including the three addenda. Addendum No. 1: This addendum incorporates the Temporary Emergency Options for Additional Coverage "TEACO" program. This program allows insurers to purchase its FHCF premium share of a \$1 billion, \$2 billion, or a \$3 billion layer of coverage below the mandatory FHCF layer of coverage.

Addendum No. 2: This addendum incorporates the Temporary Increase in Coverage Limit Options "TICL" program. This program allows insurers to choose from one of twelve options for increasing their level of FHCF coverage above and beyond the mandatory FHCF coverage.

Addendum No. 3: This addendum gives effect to the extension of FHCF coverage to policies of liquidated insurers taken over by Citizens Property Insurance Corporation.

Rule 19-8.012, F.A.C., Procedures to Determine Ineligibility for Participation in the Florida Hurricane Catastrophe Fund and to Determine Exemption from Participation in the Florida Hurricane Catastrophe Fund due to Limited Exposure.: The proposed amendments to Rule 19-8.012, F.A.C., update and adopt forms for ineligibility and exemption from the FHCF and also provide an insurer seeking the exemption for limited exposure with additional time in which to petition for such exemption and provide an explanation of covered policy exposure.

Rule 19-8.013, F.A.C., Revenue Bonds Issued Pursuant to Section 215.555(6), F.S.: The proposed amendments to this rule reflect changes in the Exhibit of Premiums and Losses in the property and casualty annual statement of the National Association of Insurance Commissioners required to be filed by authorized insurers pursuant to Section 624.424, F.S.

Rule 19-8.029, F.A.C., Insurer Reporting Requirements: The proposed amendments to Rule 19-8.029, F.A.C., update and adopt the forms for insurer exposure and loss reporting to the Florida Hurricane Catastrophe Fund for the 2009-2010 Contract Year and adds a requirement that insurers with covered losses below their retention must file an annual proof of loss report. Also, Year Built, Florida Building Code Indicator, Structure Opening Protection, Roof Shape and Roof-Deck Attachment, all previously existing fields for reporting, will, beginning with the 2009 Data Call, be rating factors.

Rule 19-8.030, F.A.C., Insurer Responsibilities: The proposed amendments to Rule 19-8.030, F.A.C., remove all references to the Section 215.555(4)(b)4, F.S., \$10 million optional coverage as this coverage will expire on May 31, 2009. The incorporated forms have also been updated to reflect this change.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: The Board has prepared a statement and found the cost of the proposed amendments to be minimal. Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

19-8.012 Procedures to Determine Ineligibility for Participation in the Florida Hurricane Catastrophe Fund and to Determine Exemption from Participation in the Florida Hurricane Catastrophe Fund due to Limited Exposure.

(1) No change.

(2) Procedures to Determine Ineligibility for Participation in the Fund.

(a) An insurer must apply for ineligibility from participation in the Fund if it has surrendered its certificate of authority to write insurance in Florida. To apply, the insurer shall submit a written request for ineligibility stating that it will have no covered policies, as that term is defined in Section 215.555(2)(c), F.S., after May 31 of the year for which the ineligibility is sought and provide a copy of the Office of Insurance Regulation Order, if any, revoking the insurer's authority to write insurance in Florida. The request shall be sent to the Fund's Administrator, Paragon Strategic Solutions Inc., at 8200 Norman Center Drive, Bloomington, Minnesota 55437 ~~3600 American Boulevard West, Suite 700, Minneapolis, Minnesota 55431~~.

(b) An insurer which is not surrendering its certificate to write insurance in Florida must apply for ineligibility from participation in the Fund if it no longer has any covered policies in force, as that term is defined in Section 215.555(2)(c), F.S. To apply, the insurer shall submit a written request for a determination regarding its ineligibility for participation. The request shall be sent, no later than September 1 of the current contract year, to the Fund's Administrator, Paragon Strategic Solutions Inc., at 8200 Norman Center Drive, Bloomington, Minnesota 55437 ~~3600 American Boulevard, Suite 700, Minneapolis, Minnesota 55431~~, and shall contain the following information:

1. through 2. No change.

3. Form FHCF-E1, "Statement related to Covered Policies as defined in Section 215.555(2)(c), F.S.," rev. 05/0806, signed by two executive officers attesting to the fact that the insurer writes no covered policies. Form FHCF-E1 is hereby adopted and incorporated by reference. The form may be obtained from the Fund's Administrator at the address stated in this paragraph.

~~(c) Upon receipt of the information required by paragraph (a) or (b), above, the Fund's Administrator will forward copies to~~ The State Board of Administration of Florida ("Board") ~~shall for review the information received pursuant to paragraph (a) or (b) above.~~

~~1. If the Board determines that additional information is needed before a decision can be made, the Fund's Administrator will obtain the information and forward it to the Board.~~

~~1.2.~~ If the Board determines that the insurer writes covered policies, as defined in Section 215.555(2)(c), F.S., and in Article V of the reimbursement contract, as adopted and incorporated by reference in Rule 19-8.010, F.A.C., and must

therefore participate in the Fund as required by Section 215.555(4)(a), F.S., the Board will notify the insurer that its request has been denied. All insurers determined to be participants in the Fund will be required to enter into a reimbursement contract with the Board and will be subject to all premium payments and interest thereon, as well as fees for inadequate exposure data.

~~2.3.~~ If the Board determines that the insurer does not write covered policies, as defined in Section 215.555(2)(c), F.S., and in Article V of the reimbursement contract, as adopted and incorporated by reference in Rule 19-8.010, F.A.C., the Board will notify the insurer that its request has been approved. This ineligibility continues until the insurer once again begins writing covered policies. The insurer must immediately notify the Board if it begins writing covered policies. ~~The Board will provide the Fund's Administrator with a copy of any approval letter so that the Fund's Administrator can update its information and can refund any overpayment of reimbursement premium.~~

(d) Any Company granted ineligibility status which fails to execute and return the reimbursement contract to the Fund within thirty days of writing its first covered policy following the grant of ineligibility status shall not be eligible for reimbursement for any covered losses from a covered event occurring prior to the receipt by the Fund of the executed reimbursement contract.

(3) Procedures to Determine Exemption from the Fund Due to Limited Exposure.

(a) ~~A current participant~~ An insurer requesting exemption from participation in the Fund because its exposure for covered policies, as defined in Section 215.555(2)(c), F.S., and in Article V of the reimbursement contract, as adopted and incorporated by reference in Rule 19-8.010, F.A.C., is less than \$10 million in the aggregate shall submit a written request for a determination regarding such an exemption no later than September 1 ~~June 1~~ of the current ~~upcoming~~ contract year.

(b) If requested within thirty days of writing its first covered policy, a new participant, as defined in Article V of the reimbursement contract, may request exemption if its exposure is less than \$10 million in the aggregate and is expected to remain less than \$10 million in the aggregate for the remainder of the contract year.

(c) The request shall be sent to the Fund's Administrator, Paragon Strategic Solutions Inc., at 8200 Norman Center Drive, Bloomington, Minnesota 55437 ~~3600 American Boulevard West, Suite 700, Minneapolis, Minnesota 55431~~. The insurer shall submit the following information no later than September 1 ~~June 30~~ of the current ~~upcoming~~ contract year.

1. through 2. No change.

3. Form FHCF-E2, "Information regarding De Minimis FHCF Covered Policies In-force at ~~June 30~~ May 31, ____," rev. 05/0906. Form FHCF-E2 is hereby adopted and incorporated by reference. The form may be obtained from the Fund's Administrator at the address stated in this paragraph.

4. Form FHCF-E3, "Statement related to De Minimis Aggregate Exposure for Covered Policies as defined in Section 215.555(2)(c), F.S., on behalf of _____," rev. 05/0806, signed by two executive officers attesting to the fact that the insurer writes no covered policies with an aggregate exposure of \$10 million or more. Form FHCF-E3 rev. 05/0806, is hereby adopted and incorporated by reference. The form may be obtained from the Fund's Administrator at the address stated in this paragraph.

~~(d)(b) The Board shall review the information received pursuant to paragraph (c) above. Upon receipt of the information required by paragraph (3)(a), above, the Fund's Administrator will forward copies to the Board for review. If the Board determines that additional information is needed before a decision can be made, the Fund's Administrator will obtain the information and forward it to the Board.~~

~~1.2-~~ If the Board determines that the insurer has an aggregate exposure of \$10 million or more for covered policies, as defined in Section 215.555(2)(c), F.S., and in Article V of the reimbursement contract, as adopted and incorporated by reference in Rule 19-8.010, F.A.C., and must therefore participate in the Fund as required by Section 215.555(4)(a), F.S., because it does not qualify for the exemption permitted by Section 215.555(3), F.S., the Board will notify the insurer that its request has been denied. All insurers determined to be participants in the Fund will be required to enter into a reimbursement contract with the Board and will be subject to all premium payments and interest thereon, as well as fees for inadequate exposure data.

~~2.3-~~ If the Board determines that the insurer has an aggregate exposure of less than \$10 million for covered policies, as defined in Section 215.555(2)(c), F.S., and in Article V of the reimbursement contract, as adopted and incorporated by reference in Rule 19-8.010, F.A.C., and that granting the exemption will not adversely affect the actuarial soundness of the Fund, the Board will notify the insurer that its request has been approved and note that the insurer must immediately notify the Board if its exposure becomes \$10 million or more in the aggregate. If this occurs, the insurer will be treated as a "new participant" and will be subject to the provisions of subparagraph 19-8.028(4)(c)3., F.A.C., if its exposure becomes \$10 million or more during the period from June 1 through November 30 or will be subject to the provisions of subparagraph 19-8.028(4)(c)4., F.A.C., if its exposure becomes \$10 million or more during the period from December 1 through May 31. ~~The Board will provide the~~

~~Fund's Administrator with a copy of any approval letter so that the Fund's Administrator can update its information and can refund any overpayment of reimbursement premium.~~

~~(c)4-~~ The exemption for minimal exposure permitted by Section 215.555(3), F.S., is optional for the insurer but, once the exemption is requested, cannot be withdrawn by the insurer. An insurer with less than \$10 million in aggregate exposure for covered policies is not required to ask for an exemption from the Fund. Such an insurer may continue to participate in the Fund if it so desires. An insurer which has been granted an exemption from the Fund may request to be reinstated in the Fund as a participating member. However, such a request must be made prior to no later than June 1 of ~~a~~ each contract year. No insurer which has been granted an exemption under this subsection shall be reinstated during the Atlantic Hurricane Season, which begins June 1 and ends November 30 of each year, so long as its aggregate exposure remains below \$10 million.

~~(f)5-~~ The exemptions for minimal exposure permitted by Section 215.555(3), F.S., shall not be granted by the Board if the aggregate number of anticipated exemptions adversely affects the actuarial soundness of the Fund. ~~A decision as to adverse actuarial effect will be made by the Board annually in consultation with the Board's actuarial consultant. To determine whether an exemption adversely affects the actuarial soundness of the Fund, the Board shall take into consideration the following factors: the number of insurers participating in the Fund; the number of insurers which have requested or are requesting exemption from the Fund on the basis of limited exposure; whether the impact of excluding insurers with less than \$10 million in exposure will significantly affect premium revenue; the currently available liquid assets of the Fund; the amount and maturity of any outstanding debt; the history of payment of reimbursement premium to the Fund; the history of payment of reimbursable losses by the Fund; the history of payment of assessments under Section 215.555(6), F.S.; the meteorological and actuarial likelihood that the Fund will have to pay loss reimbursements during the current contract year; and the current market condition of the property insurance industry in Florida.~~

~~(e)(g)~~ Any Company granted de minimis exempt status which fails to execute and return the reimbursement contract to the Fund within thirty days of writing a covered policy that results in the insurers aggregate covered exposure exceeding \$10 million dollars shall not be eligible for reimbursement for any covered losses occurring from a covered event prior to the receipt by the Fund of the executed reimbursement contract.

(5) Loss Reimbursement Reporting Requirements.

(a) No change.

(b) Insurers shall report their ultimate net losses (as defined in the Reimbursement Contract, adopted and incorporated into Rule 19-8.010, F.A.C.) for each loss occurrence on the Form FHCF-L1B, “Florida Hurricane Catastrophe Fund Proof of Loss Report,” for the applicable Contract Year, as specified in subsection (7) herein. To obtain copies of this form, see subsection (6), below. To qualify for reimbursement, the Proof of Loss Report must have the original signatures of two executive officers authorized by the Company to sign the report. Proof of Loss Reports may be faxed only if the Company does not qualify for a reimbursement. While a Company may submit a Proof of Loss Report requesting reimbursement at any time following a loss occurrence, all Companies shall submit a mandatory Proof of Loss Report for each loss occurrence no earlier than December 1 and no later than December 31 of the Contract Year during which the Covered Event(s) occurs using the most current data available, regardless of the amount of Ultimate Net Loss or the amount of loss reimbursements or advances already received. After the mandatory December Proof of Loss Report, quarterly Proof of Loss Reports are required. For purposes of this rule, quarterly Proof of Loss Reports shall be those reports submitted at each quarter end date after December 31 of the Contract Year in which the loss occurrence occurs and continuing until all claims and losses resulting from loss occurrences commencing during the Contract Year are fully discharged, including any adjustments to such losses due to salvage or other recoveries, in accordance with the reporting requirements in this paragraph. “Fully Discharged” means the earlier of the date on which the insurer has paid its policyholders in full or the commutation clause, in Article X of the Reimbursement Contract, adopted in Rule 19-8.010, F.A.C., takes effect. For the quarterly report due on March 31, any insurer whose losses exceed 50% of its FHCF retention for a specific loss occurrence shall submit a Proof of Loss Report for that loss occurrence. For the quarterly report due on June 30, any insurer whose losses exceed 75% of its FHCF retention for a specific loss occurrence shall submit a Proof of Loss Report for that loss occurrence. For the quarterly reports due on September 30 and thereafter, any insurer which anticipates that its losses will exceed its FHCF retention for a specific loss occurrence shall submit quarterly Proof of Loss Reports until all its losses are paid to its policyholders and the insurer has received reimbursement from the Fund. Annually, all Companies ~~which experienced losses for a specific loss occurrence, but are not required to report quarterly loss reports for that loss occurrence because they received their full coverage under the Contract Year in which the loss~~

~~occurrence(s) occurred~~, shall submit a mandatory year-end Proof of Loss Report for each loss occurrence, using the most current data available ~~unless the Company has no losses~~. This Proof of Loss Report shall be filed no earlier than December 1 and no later than December 31 of each year and shall continue until the earlier of the expiration of the commutation period or until all claims and losses resulting from the loss occurrence are fully discharged including any adjustments to such losses due to salvage or other recoveries.

(c) No change.

WATER MANAGEMENT DISTRICTS

Southwest Florida Water Management District

RULE NO.: 40D-4.091 RULE TITLE: Publications and Agreements Incorporated by Reference

PURPOSE AND EFFECT: The purpose of this rulemaking is to incorporate by reference a revised Environmental Resource Permit Information Manual, Part B, Basis of Review (BOR). The effect of this rule is to amend Section 2.0 of the BOR to clarify that entities with the power of eminent domain can demonstrate ownership and control sufficient to undertake the permitted activities.

SUMMARY: This rule amendment is proposed to incorporate by reference a revision to Section 2.0 of the BOR. Paragraph 40D-4.301(1)(j), F.A.C., requires that an applicant for an Environmental Resource Permit provide reasonable assurance that the permitted activities will be conducted by an entity with the financial, legal and administrative capability of ensuring that the activities will be undertaken in accordance with the terms and conditions of the permit. Section 2.0 of the BOR

establishes how an applicant may demonstrate compliance with this requirement. Section 2.0 of the BOR does not currently include the power of eminent domain in the discrete list of methods of demonstrating ownership and control sufficient to undertake the permitted activities. In order to clarify this oversight, the District proposes to amend Section 2.0 of the BOR to provide that compliance with this requirement may be demonstrated by an entity with the power of eminent domain. An additional revision to Section 2.0 of the BOR is proposed by the District to require, in those instances where control is demonstrated by an entity with the power of eminent domain, a permit condition prohibiting construction until ownership or legal control is transferred to the permittee. The proposed revision to Section 2.0 of the BOR necessitates the amendment to Rule 40D-4.091, F.A.C., to incorporate by reference the revised BOR.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

CHAPTER 2 – ADMINISTRATIVE CRITERIA

2.0 Ownership and Control – In accordance with the requirement of paragraph 40D-4.301(1)(j), F.A.C., an applicant must demonstrate reasonable assurance that permitted activities will be conducted by an entity with financial, legal and administrative capability of ensuring that the activity will be undertaken in accordance with the terms and conditions of the permit, if issued. Compliance with this requirement may be demonstrated through a deed, a long-term lease demonstrating control of the project area adequate to comply with all permit conditions, a purchase and sale agreement, or similar document. Compliance with this requirement may also be demonstrated by an entity with the power of eminent domain. Where control is demonstrated by a long-term lease, the permit will be conditioned to address transfer of control or proper abandonment of the permitted system at the end of the lease. Where control is demonstrated by a purchase and sale agreement, the permit will be conditioned to terminate if the transfer of ownership does not occur, and to prohibit construction until ownership is transferred to the permittee. Where control is demonstrated by an entity with the power of eminent domain, the permit will be conditioned to prohibit construction until ownership or legal control is transferred to the permittee.

RULE NO.: 40D-8.041 **RULE TITLE:** Minimum Flows

PURPOSE AND EFFECT: To amend Rule 40D-8.041, F.A.C. to establish a minimum flow for the Weeki Wachee River System pursuant to Section 373.042, Florida Statutes. For purposes of this rule, the Weeki Wachee System includes the watercourse from the Weeki Wachee Spring to the Gulf of

Mexico including Twin Dees Spring, Mud River (including Salt Spring) from Mud Spring to the confluence with the Weeki Wachee River and Jenkins Springs and associated spring run.

SUMMARY: Establishment of a minimum flow for the Weeki Wachee River System and identification of five and ten year mean and median annual averages for use in periodic evaluation of maintenance of the minimum flow.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: 373.044, 373.113, 373.171 FS.

LAW IMPLEMENTED: 373.036, 373.0361, 373.042, 373.0421 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAW.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Charlotte Edwards, Sr. Administrative Assistant, Office of General Counsel, 2379 Broad Street, Brooksville, FL 34604-6899, (352)796-7211, extension 4651

THE FULL TEXT OF THE PROPOSED RULE IS:

40D-8.041 Minimum Flows.

(1) through (10) No change.

(11) Minimum Flows for Weeki Wachee River System located within Hernando County, Florida.

(a) The Minimum Flows are to ensure that the minimum hydrologic requirements of the water resources or ecology of the natural systems associated with the Weeki Wachee River System are met. The Minimum Flow for the Weeki Wachee River System is intended to maintain 90% of the natural flow of the Weeki Wachee River System. For purposes of this rule, the Weeki Wachee River System includes the watercourse from the Weeki Wachee Spring to the Gulf of Mexico including Twin Dees Spring, Mud River (including Salt Spring) from Mud Spring to the confluence with the Weeki Wachee River and Jenkins Springs and associated spring run.

(b) The Minimum Flow for the Weeki Wachee River System is 90% of its natural flow. This Minimum Flow is inclusive of spring flow, the freshwater and the estuarine portion of the Weeki Wachee River.

(c) The Minimum Flow applies upstream of the USGS Gage No. 02310525 at Weeki Wachee River near Brooksville ("Brooksville Gage") to the Weeki Wachee Spring vent and downstream of the Brooksville Gage to the Gulf of Mexico. The Minimum Flow shall be met continuously and is evaluated on a daily basis.

(d) Because climatic variation can influence river flow regimes, five and ten year mean and median standards have been developed and are set forth in Table 8-18 ("Means and Medians") as a tool to assess whether compliance with the Minimum Flow maintains 90% of the natural flow of the Weeki Wachee River System. The Means and Medians are hydrologic statistics that represent flows expected to occur during long-term periods when the Minimum Flows are being met. The Means and Medians are generated from flow records that are representative of a period devoid of significant anthropogenic impacts. The District will periodically evaluate the Means and Medians. These are evaluated as the mean and medians of annual means and medians, evaluated from January 1 through December 31 of each year. The evaluation is for both the flow at the Brooksville Gage and at the USGS Weeki Wachee Well No. 283201082315601. The flow at the Brooksville Gage is evaluated directly against Table 8-18. The well data is converted to flow with the relation $Q \text{ (cfs)} = 47.487 + 12.38 \text{ (well level) (ft)}$ and then evaluated against Table 8-18. The Means and Medians were developed using the Minimum Flow and the presumed historic flow records. Therefore, it is expected that the Means and Medians will be met if compliance with the Minimum Flow is maintained. However, since future structural alterations could potentially affect surface water or groundwater flow characteristics within the watershed and additional information pertaining to Minimum Flows development may become available, the District is committed to periodic review and revision of the Minimum Flows, as necessary.

An expedition program shall comply with the provisions of Rule 63E-7.006, F.A.C., with the following exceptions:

(2) The program shall deliver mail and phone messages to youth on wilderness excursions when contact is made to replenish supplies. However, when the base camp receives an emergency telephone call for a youth who is on a wilderness excursion, the program shall deliver or forward a message to the youth as soon as is reasonable and practicable. (1) Based on the camping environment of an expedition program, its limited access to facilities, and the mobile nature of the program's wilderness excursion component, the program shall establish and implement written procedures addressing youths' personal hygiene, including bathing, hair-washing, and dental hygiene. During excursions, unless medically contraindicated, staff shall provide youth with opportunities to practice dental hygiene twice daily and bathe and wash their hair to the extent that is practicable and reasonable.

(2) An expedition program shall provide each youth with individual hygiene supplies to include, at a minimum, a toothbrush and toothpaste, soap, shampoo, a comb or brush, sun block protection, and feminine hygiene supplies for females.

(3) An expedition program shall provide each youth with a sleeping bag, a sheet and a towel.

When separated from the group, the youth shall not be denied basic rights, including meals. Staff shall engage, or attempt to engage, the youth in productive interactions about his or her negative behavior that resulted in separation from the group and alternative prosocial behaviors. (2) When a youth returns to the base camp from a wilderness excursion less than 14 days prior to his planned release, the program shall conduct the exit conference at least

48 hours prior to the youth's release. However, the program may conduct the exit conference 24 hours prior to the youth's release if necessary to accommodate the youth's JPO, parent, or guardian and facilitate their participation.

(3) The program shall disseminate the youth's Discharge Performance Summary to the youth's parent or guardian, the committing judge, and the youth's JPO within five days after the youth's graduation or release from the program.

(3) During a wilderness excursion, boat paddles and shovels that are not in use shall be stored in an area that provides for direct line-of-sight observation by staff to prevent youths' unauthorized access.

 NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 34, No. 38, September 19, 2008 issue of the Florida Administrative Weekly.

The State Board of Education approved the rule on January 21, 2009, with the following changes:

6A-6.03018 Exceptional Education Eligibility ~~Special Programs~~ for Students with Specific Learning Disabilities.

(1) Definition. A specific learning disability is defined as a disorder in one or more of the basic learning processes involved in understanding or in using language, spoken or written, that may manifest in significant difficulties affecting the ability to listen, speak, read, write, spell, or do mathematics. Associated conditions may include, but are not limited to, dyslexia, dyscalculia, dysgraphia, or developmental aphasia. A specific learning disability does not include learning problems that are primarily the result of a visual, hearing,

motor, intellectual, or emotional/behavioral disability, limited English proficiency, or environmental, cultural, or economic factors.

(2) General education intervention procedures and activities. In order to ensure that lack of academic progress is not due to lack of appropriate instruction, a group of qualified personnel must consider:

(a) Data that demonstrate that the student was provided well-delivered scientific, research-based instruction and interventions addressing the identified area(s) of concern and appropriate instruction delivered by qualified personnel in general education settings; and

(b) Data-based documentation, which was provided to the student’s parent(s) or guardian(s), of repeated measures of achievement at reasonable intervals, graphically reflecting the student’s response to intervention during instruction.

(c) General education activities and interventions conducted prior to referral in accordance with subsection 6A-6.0331(1)(2), F.A.C., may be used to satisfy the requirements of paragraphs (2)(a) and (2)(b) of this rule.

(3) Evaluation. The evaluation procedures shall include the following:

(a) The school district must promptly request parental or guardian consent to conduct an evaluation to determine if the student needs specially designed instruction in the following circumstances:

1. The student does not make adequate progress when:
 - a. Prior to a referral, the student has not made adequate progress after an appropriate period of time when provided appropriate instruction and intense, individualized interventions; or
 - b. Prior to referral, intensive interventions are demonstrated to be effective but require sustained and substantial effort that may include the provision of specially designed instruction and related services; and

2. Whenever a referral is made to conduct an evaluation to determine the student’s need for specially designed instruction and the existence of a disability.

(b) In addition to the procedures identified in Rule 6A-6.0331(5)(4), F.A.C., the evaluation must also include the procedures identified in the district’s Policies and Procedures for the Provision of Specially Designed Instruction and Related Services for Exceptional Students as required by Rule 6A-6.03411, F.A.C. The evaluation must adhere to the timeframe required by Rule 6A-6.0331(3)(d)(4)(b), F.A.C., unless extended by mutual written agreement of the student’s parent(s) or guardian(s) and a group of qualified professionals.

(4) Criteria for eligibility. A student meets the eligibility criteria as a student with a specific learning disability if all of the following criteria are met.

(a) Evidence of specific learning disability. The student's parent(s) or guardian(s) and group of qualified personnel may determine that a student has a specific learning disability if there is evidence of each of the following:

1. When provided with learning experiences and instruction appropriate for the student's chronological age or grade level standards pursuant to Rule 6A-1.09401, F.A.C., the student does not achieve adequately for the student's chronological age or does not meet grade-level standards as adopted in Rule 6A-1.09401, F.A.C., in one or more of the following areas based on the review of multiple sources which may include group and/or individual criterion or norm-referenced measures, including individual diagnostic procedures:

- a. Oral expression;
- b. Listening comprehension;
- c. Written expression;
- d. Basic reading skills;
- e. Reading fluency skills;
- f. Reading comprehension;
- g. Mathematics calculation; or
- h. Mathematics problem solving.

2. The student does not make adequate progress to meet chronological age or grade-level standards adopted in Rule 6A-1.09401, F.A.C., in one or more of the areas identified in subparagraph (4)(a)1. of this rule when using one of the following processes:

a. A process based on the student's response to scientific, research-based intervention, consistent with the comprehensive evaluation procedures in subsection (5) of Rule 6A-6.0331, F.A.C.; or

b. A process based on the student's response to scientific, research-based intervention, and the student exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, grade level standards pursuant to Rule 6A-1.09401, F.A.C., or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments, consistent with the comprehensive evaluation procedures in subsection (5) of Rule 6A-6.0331(4), F.A.C.

3. The group determines that its findings under paragraph (a) of this subsection are not primarily the result of the following:

- a. A visual, hearing, or motor disability;
- b. Intellectual disability;
- c. Emotional/behavioral disability;
- d. Cultural factors;
- e. Irregular pattern of attendance and/or high mobility rate;
- f. Classroom behavior;
- g. Environmental or economic factors; or
- h. Limited English proficiency.

(b) Members of the group determining eligibility. The determination of whether a student suspected of having a specific learning disability is a student who demonstrates a need for specially designed instruction and related services and meets the eligibility criteria must be made by the student's parents or guardians and a group of qualified professionals, which must include, but are not limited to, all of the following:

1. The student's general education teacher; if the student does not have a general education teacher, a general education teacher qualified to teach a student of his or her chronological age;

2. At least one person qualified to conduct and interpret individual diagnostic examinations of students, including, but not limited to, a school psychologist, speech-language pathologist, or reading specialist; and,

3. The district administrator of exceptional student education or designee.

(c) Observation requirement. In determining whether a student needs specially designed instruction and has a specific learning disability, and in order to document the relationship between the student's classroom behavior and academic performance, the group must:

1. Use information from an observation in routine classroom instruction and monitoring of the student's performance that was completed before referral for an evaluation; or

2. Have at least one member of the group conduct an observation of the student's performance in the student's typical learning environment, or in an environment appropriate for a student of that chronological age, after referral for an evaluation and parental or guardian consent has been obtained.

(5) Documentation of determination of eligibility. For a student suspected of having a specific learning disability, the documentation of the determination of eligibility must include a written summary of the group's analysis of the data that incorporates the following information:

(a) The basis for making the determination, including an assurance that the determination has been made in accordance with subsection (6) of Rule 6A-6.0331(5), F.A.C.;

(b) Noted behavior during the observation of the student and the relationship of that behavior to the student's academic functioning;

(c) The educationally relevant medical findings, if any;

(d) Whether the student has a specific learning disability as evidenced by response to intervention data confirming the following:

1. Performance discrepancy. The student's academic performance is significantly discrepant for the chronological age or grade level in which the student is enrolled, based on multiple sources of data when compared to multiple groups, which include the peer subgroup, classroom, school, district, and state level comparison groups; and

2. Rate of progress. When provided with well-delivered scientific, appropriate research-based general education instruction and interventions of reasonable intensity and duration with evidence of implementation fidelity, the student's rate of progress is insufficient or requires sustained and substantial effort to close the achievement gap with typical peers or academic expectations for the chronological age or grade level in which the student is currently enrolled; and

3. Educational need. The student continues to need interventions that significantly differ in intensity and duration from what can be provided solely through general education resources to make or maintain sufficient progress.

(e) The determination of the group concerning the effects on the student's achievement level of a visual, hearing, motor, intellectual, or emotional/behavioral disability; cultural factors; environmental or economic factors; an irregular pattern of attendance or high mobility rate; classroom behavior; or limited English proficiency; and

(f) Documentation based on data derived from a process that assesses the student's response to well-delivered scientific, research-based instruction and interventions including:

1. Documentation of the specific instructional interventions used, the support provided to the individual(s) implementing interventions, adherence to the critical elements of the intervention design and delivery methods, the duration and frequency of intervention implementation (e.g. number of weeks, minutes per week, sessions per week), and the student-centered data collected; and

2. Documentation that the student's parent(s) or guardian(s) were notified about the state's policies regarding the amount and nature of student performance data that would be collected and the general education services that would be provided; interventions for increasing the student's rate of progress; and the parental or guardian right to request an evaluation.

(g) The signature of each group member certifying that the documentation of determination of eligibility reflects the member's conclusion. If it does not reflect the member's conclusion, the group member must submit a separate statement presenting the member's conclusions.

(6) Implementation.

(a) The district's Policies and Procedures for the Provision of Specially Designed Instruction and Related Services for Exceptional Students, as required by Rule 6A-6.03411, F.A.C., must identify the applicable process criteria described in subparagraphs (4)(a)2.a. and (4)(a)2.b. of this rule on a school-by-school basis.

(b) Effective July 1, 2010, the process criterion specified in sub-subparagraph (4)(a)2.a. becomes the required process sole criterion and sub-subparagraph (4)(a)2.b. becomes obsolete.

(c) For schools using eligibility process criteria described in sub-subparagraph (4)(a)2.b. until July 1, 2010, a description of the pattern of strengths and weaknesses that is determined by the group to be relevant to the identification of a specific learning disability must be documented in the written summary required by subsection (5) of this rule.

WATER MANAGEMENT DISTRICTS

NOTICE IS HEREBY GIVEN THAT on January 13, 2009, the Suwannee River Water Management District has issued an order.

This order granted variance under Section 120.542, F.S., to Wendell M. Winstead, 2719 N. W. 70 Way, Bell, FL 32619, for a Works of the District boardwalk (ERP07-0445). The petition for variance was received by the SRWMD on December 10, 2007. Notice of the receipt of petition requesting variance was published in F.A.W., Vol. 34, No. 36, on September 5, 2008. No public comment has been received. This order provides a variance of SRWMD's criteria for paragraph 40B-4.3030(12)(b), F.A.C., to the width of boardwalk requirement within Township 8 South, Range 14 East, Section 20, Gilchrist County. SRWMD granted the petition because the petitioners have demonstrated that the purpose of the statute underlying the rule will be met and that a substantial hardship would be created if petitioners were required to comply with this rule.

A copy of the Order may be obtained by contacting: Robin Lamm, Administrative Assistant, Suwannee River Water Management District, 9225 CR 49, Live Oak, FL 32060, (386)362-1001 or 1(800)226-1066 in Florida only.

NOTICE IS HEREBY GIVEN THAT on January 13, 2009, the South Florida Water Management District (District or SFWMD) Governing Board has issued an order.

SFWMD Order No. 2009-017-DAO-ROW was issued to AT&T of Florida (Application No. 08-0519-1). The petition for waiver was received by the SFWMD on June 30, 2008. Notice of receipt of the petition requesting the waiver was published in the Florida Administrative Weekly, Vol. 34, No. 29, on July 18, 2008. No public comment was received. This Order provides a waiver of the District's criteria to allow an existing buried conduit, parallel run, with an existing above-ground cabinet (Digital Loop Electronics Cross-Box) located 20' from the top of the canal bank beside an existing, previously-authorized above-ground cabinet to remain within the north right of way of the C-11 Canal, located just west of S.W. 57th Terrace; Section 26, Township 48 South, Range 41 East, Broward County. Specifically, the Order grants a waiver from subsections 40E-6.011(4) and (6), F.A.C., and the Basis of Review for Use or Occupancy of the Works or Lands of the District, incorporated by reference in subsection 40E-6.091(1), F.A.C., which governs the placement of permanent and/or semi-permanent above-ground facilities within 40 feet of the top of the canal bank within Works or Lands of the District. Generally, the Order sets forth the basis of the Governing Board decision to grant the waiver, as follows: 1) the facilities will not significantly interfere with the District's current ability to perform necessary construction, alteration, operation, and routine maintenance activities; and 2) the Order granting a waiver from the subject rule would prevent AT&T Florida from suffering a substantial hardship.

A copy of the Order may be obtained by contacting: Kathie Ruff, South Florida Water Management District, 3301 Gun Club Road, MSC 1410, West Palm Beach, FL 33406-4680, (561)682-6320, or by email at: kruff@sfwmd.gov.

AGENCY FOR HEALTH CARE ADMINISTRATION

NOTICE IS HEREBY GIVEN THAT on January 23, 2009, the Agency For Healthcare Administration has issued an order.

The Final Order is Denying Emergency Petition for Variance from or Waiver of paragraph 59C-1.018(3)(c), F.A.C., Termination of Certificate of Need.

The Order concerned the Petition for Waiver or Variance, filed on December 24, 2008, by Miami Jewish Home and Hospital for the Aged, Inc. The Notice of Petition for Waiver or Variance was published on p. 206 of Vol. 35, No. 2, of the January 16, 2009, F.A.W. Petitioner requested a variance from or waiver of paragraph 59C-1.018(3)(c), F.A.C. This rule is related to the 60 day extension of the validity period of a certificate of need (CON) in the event the holder of the CON files written request at least 15 calendar days prior to the termination date and upon submission of a transfer application by the proposed transferee. The petition sought a variance from or waiver of the 15 day prior notice requirement of this rule.

The Agency notified the applicant that the CON had terminated in correspondence dated January 5, 2009, and issued a Final Order on the Emergency Petition on January 23, 2009. The basis for the Agency's denial of the petition is the failure of the petitioner to establish that the requirements for a variance or waiver under Section 120.542(2), F.S., had been met.

A copy of the Order may be obtained by contacting: Lorraine M. Novak, Assistant General Counsel, Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop #3, Tallahassee, Florida 32308, novakl@ahca.myflorida.com, (850)922-5873.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

NOTICE IS HEREBY GIVEN THAT on January 14, 2009, the Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants has issued an order.

The department received a Routine Variance from paragraphs 61C-1.004(2)(a) and 61C-4.010(7)(f), Florida Administrative Code (F.A.C.), for Anastasia Inn located in St. Augustine. The above referenced F.A.C. states that each public lodging and food service establishment shall be provided with adequate and conveniently located bathroom facilities for its employees and guests.... Specifically, the petitioner is requesting to not install a public bathroom for use by guests in the food service area within a public lodging establishment, but for guests to use their bathrooms inside of their rooms.

This variance was approved contingent upon the Petitioner ensuring the bathrooms located in each guest room are maintained in a clean and sanitary manner and are provided with hot and cold running water under pressure, soap and hand drying towels. The Petitioner shall ensure guests are informed that public bathrooms are unavailable by installing signage within and outside the food service area clearly stating that no public bathrooms are available. Petitioner will be take-out only with no seats. If violations are documented that guests are unlawfully allowed to use the inaccessible employee bathroom or if the establishment undergoes expansion or other remodeling, this variance approval will be revisited. Any violation of the variance is the equivalent of a violation of the Rule and may result in a rescission of the variance and subject the Petitioner to disciplinary sanctions as enumerated in Section 509.261, Florida Statutes.

NOTICE TO CONSTRUCTION MANAGERS:

The University of Florida Board of Trustees announces that CM-At-Risk services will be required for the project listed below:

Project: UF-280, UF Research and Academic Center at Lake Nona, Orlando, Florida.

The project consists of a new Research and Academic Center for UF programs located at Lake Nona adjacent to the Burnham Institute site in Orlando, Florida. The facility will be a four story 100,000 GSF and include conference center, research, office, and administrative support space to facilitate the UF mission at Lake Nona. The Burnham Institute is establishing a major science center at Lake Nona focusing on biomedical research, technology development and drug design. This project will be part of a multi-use development being created to facilitate collaboration between the University of Florida, Burnham Institute, University of Central Florida, and other entities.

The estimated construction budget is approximately \$44,000,000, including site improvements and utilities, interior voice/data, and other site-specific allowances. The University is interested in utilizing Building Information Modeling (BIM) as a tool for improving quality of construction documents from the models for clash detection, eliminate or greatly reduce the RFIs, electronic exchange information, prefabrication of material/equipment from models, constructability reports, site logistic planning, and visualization; thereby reducing cost of construction and shortening the construction schedule. Gold LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory and an independent consultant will provide commissioning services throughout design and construction.

The contract for construction management services will consist of two phases, pre-construction and construction. Construction will also be phased with the anticipation of early site package release. Pre-construction services will begin at the Design Development stage and will include production of cost studies and estimates; value engineering; analysis of the design documents for constructability, coordination, detailing, materials, and systems; development and maintenance of the construction schedule; production of detailed jobsite management plans; development of strategies for the procurement of trade contracts; and development of potentially three phased Guaranteed Maximum Price (GMP) proposals, including early site work at the end of Design Development, Foundation based on 60% Construction Documents, and the building based on 100% Construction Documents. If the GMP

proposal(s) are accepted and executed, the construction phases will be implemented. During these phases, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for phase one of the contract, or failure to arrive at an acceptable GMP budget within the time provided in the agreement, may result in the termination of the construction manager's contract.

Applicants will be evaluated on the basis of their past performance, experience, personnel, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and, if the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide construction management services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be one hard copy limited to 40 single-sided OR 20 double-sided, consecutively-numbered pages and one CD containing color pages of the same information as the hard copy and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. Company information and signed certification.
3. A completed, project-specific "CM Qualifications Supplement" (CMQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff.
5. Proof of the applicant's corporate status in Florida (if applicable) and a copy of the applicant's current contracting license from the appropriate governing board.
6. Proof of applicant's bonding capacity.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction manager must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Unsigned proposals or proposals containing expired or invalid licenses will be disqualified. Submittal materials will not be returned.

The project-specific CMQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Owner-CM agreement, UF General Terms and Conditions, and other project and process information can be found on the Facilities Planning & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning and Construction office by 3:00 p.m. (Local Time), Tuesday, March 10, 2009. Facsimile (FAX) submittals are not acceptable and will not be considered.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

The Department of Children and Family Services seeks an exception, under Rule 28-108.001, Florida Administrative Code to Uniform Rule of Procedure paragraph 28-106.213(5)(b), Florida Administrative Code, that will apply in public assistance hearings conducted in accordance with Section 409.285 F.S., by agency hearing officers under the authority granted in Section 120.80(7) F.S. The exemption is needed to improve client access to the hearing process and to enhance the operational efficiency in providing fair hearings. The Department's Rule 65-2.057, Florida Administrative Code, will be amended to provide that the hearing officer will administer the oath for all witnesses including those appearing by telephone.

UNIFORM RULE FROM WHICH EXCEPTION IS SOUGHT: 28-106.213 Evidence paragraph (5)(b).

SUMMARY OF GROUNDS FOR EXCEPTION: To make the fair hearing process more accessible to the Department's public benefits clients; to increase the Department's operational efficiency in providing fair hearings.

The Department conducts administrative hearings involving the denial, reduction, or suspension of federally-funded public benefits pursuant to Section 409.285, Florida Statutes. These hearings are administrative proceedings governed by Chapter 120, Florida Statutes, but are conducted by Department hearing officers pursuant to Section 120.80(7), Florida Statutes. These hearings are conducted in accordance with the Uniform Rules of Procedure, except where the Administration Commission has previously granted exceptions to enable the Department to conform the hearings to federal

requirements. The Department has promulgated Rules 65-2.042, et seq., Florida Administrative Code, to address the procedures that differ from the Uniform Rules.

Paragraph 28-106.213(5)(b), F.A.C., requires that, when an individual appears by telephone, there must be a notary present to administer the oath. Generally, petitioners in Department fair hearings will appear by telephone from their home or place of employment. These petitioners do not have ready access to notaries. An exemption to the notary requirement will allow the Department to provide clients a meaningful opportunity to appear at hearings by telephone. Many of the Department's clients involved in these hearings are elderly or disabled, and most are financially disadvantaged. Many must rely on public transportation, paratransit, or friends and family to attend hearings. Some clients may even refrain from requesting or following through with a fair hearing because of the difficulty attendant to physical appearance at a hearing or finding a notary to go to the petitioner's location to swear them in for telephonic testimony. At a minimum, petitioners will save time away from their home or employment and travel cost to attend the hearing. Telephone hearings will be cost effective for the Department both in reduced staff travel and the more efficient use of hearing officer time.

The federal programs allow the hearings to be conducted by telephone with the petitioner's agreement. Medicaid program policy requires the state to make special plans, including conducting the hearing by telephone, as necessary, for the convenience of the claimant.

Section 120.569(2)(f), F.S., grants the hearing officer the power to swear in witnesses and take testimony under oath. Section 837.02, F.S., provides that witnesses who make a false statement under oath may be subject to prosecution. This exception will not eliminate the requirement that testimony in a fair hearing be sworn; nor will it protect individuals from the legal consequences of perjury. The exception simply allows the hearing officer to administer the oath telephonically. The Department will provide appropriate procedures for hearing officers to administer the oath telephonically, including identification verification and advising witnesses of the legal effect of the oath. The hearing is recorded and the recording is maintained as a part of the permanent record.

THE ADMINISTRATION COMMISSION IS EXPECTED TO REVIEW THE DEPARTMENT'S PETITION FOR EXCEPTION AT THE MARCH 10, 2009, CABINET MEETING. (This notice was previously published in the

Florida Administrative Weekly, Vol. 35, No. 3, January 23, 2009, for the petition to be reviewed at the February 24, 2009 Cabinet meeting. That meeting was cancelled.)

THE PERSON TO BE CONTACTED FOR COPY OF THE PETITION FOR EXCEPTION: John Pritchard, Department of Children and Families, Office of Appeal Hearings, Building 5, Room 203, 1317 Winewood Blvd., Tallahassee, FL 32399-0700, (850)488-1429.
