64J-2.012 Process for the Approval of Trauma Centers.

(1) Beginning September 1, 1990, and annually thereafter, the department shall approve trauma centers in accordance with the schedule shown in Table I ~~VH~~ below; (Unless stated otherwise all dates given by calendar month and day refer to that date each year.)

Table I No change.

(a) The department shall accept a letter of intent, DH Form 1840, January 2008, "Trauma Center Letter of Intent", which is incorporated by reference and available from the department, as defined by subsection 64J-2.001(4) ~~64J-1.001(4)~~, F.A.C., postmarked no earlier than September 1 and no later than midnight, October 1, from any acute care general or pediatric hospital. The letter of intent is non-binding, but preserves the hospital's right to submit an application by the required due date if an available position, as provided in Rule 64J-2.010, F.A.C., exists in the hospital's TSA. If the hospital does not submit an application by April 1 of the following year, the hospital's letter of intent is void;

(b) By October 15, the department shall send to those hospitals submitting a letter of intent an application package which will include, as a minimum, instructions for submitting information to the department for selection as a trauma center, DHP 150-9, January 2008, Trauma Center Standards, which is incorporated by reference in Rule 64J-2.011, F.A.C., and available from the department, as defined by subsection 64J-2.001(4) ~~64J-1.001(4)~~, F.A.C., and the requested application(s);

(c) No change.

59A-4.165	Nursing Home Guide
59A-4.166	Nursing Home Consumer Satisfaction Survey

PURPOSE AND EFFECT: The purpose of the proposed rule amendment is to incorporate changes in the authorizing statute and revise technical errors and update references.

SUMMARY: The Agency proposes to amend Rule 59A-4.103, F.A.C., to include provisions for initial and change of ownership applications or suspension of a current license when licensure fees are returned to the Agency due to insufficient funds. This section also includes specifications regarding the issuance of partial inactive licenses for alternative uses pursuant to Section 400.0712, Florida Statutes (F.S.). Other changes to this section include the incorporation of modifications to the licensure application, technical changes clarifying the submission process for required reports to the Agency and defining days as “calendar” days. Proposed amendments to Rule 59A-4.106, F.A.C., include providing a web address for obtaining transfer and discharge forms, deleting a reference to services provided by the Department of Children and Families, presenting criteria for a Do Not Resuscitate Order (DNRO), incorporating references to federal guidelines and providing a specific address to obtain copies of “Health Care Advance Directives.” Rule 59A-4.108, F.A.C., updates statutory references for facility staffing in accordance

with state law, and establishes requirements for requesting the use of licensed nurses to perform licensed nursing and certified nursing assistant duties.

Proposed amendments to Rule 59A-4.110, F.A.C., include a technical change to the position title of director of food service and replace the outdated references to the Dietary Managers training and certification process. Amendments to Rule 59A-4.112, F.A.C., include technical changes for the terminology of the Emergency Drug Kit. A proposed amendment to Rule 59A-4.122, F.A.C., includes details for the placement of a resident’s bed and further defines the requirement for a closet and comfortable room temperatures. Changes to Rule 59A-4.123, F.A.C., incorporate revisions to the 1-day Adverse Incident Reporting Form, provide for electronic submission of this form and clarify when events reported to law enforcement are considered adverse incidents. Rule 59A-4.1235, F.A.C., is amended to incorporate revisions to the Liability Claims form and provides for the electronic submission of this form. A proposed amendment to Rule 59A-4.126, F.A.C., provides language regarding the submission of the emergency management plan, testing of this plan, and procedures and notifications for evacuation, overcapacity and re-occupancy of the nursing home structure during a disaster. An amendment to Rule 59A-4.128, F.A.C., removes the measurement of deficiencies in terms of scope and severity for state licensure. The establishment of Rule 59A-4.1285, F.A.C., provides requirements for developing and implementing a respite care program for nursing home licensees that choose to provide such a service. A proposed change to Rule 59A-4.1288, F.A.C., incorporates reference to federal regulations established since 1991. Amendments to Rule 59A-4.1295, F.A.C., include technical changes, clarification of requirements for the approval to initiate, expand or suspend pediatric services, repeal staffing requirements that are in conflict with Ch. 400, F.S., and provides reference to the Florida Building Code 2004 Edition, including all supplements in effect as of December 2006 and removal of language as required by statutory changes. Proposed amendments to Rule 59A-4.130, F.A.C., provide revised language to conform to code edition changes and retain language not included in the Florida Building Code. A proposed amendment to Rule 59A-4.133, F.A.C., provides language to reference the Florida Building Code to conform to statutory changes, and deletes all other requirements. Proposed new Rule 59A-4.134, F.A.C., revises the requirements for construction plans submission to conform to codes and statutory changes. Amendments to Rule 59A-4.150, F.A.C., delete or correct several recurring or obsolete definitions and references throughout the section. Proposed changes to Rule 59A-4.165, F.A.C., replace the reference to a 45-month reporting period in the Nursing Home Guide with language that cites the time period defined in Section 400.191, F.S. Rule 59A-4.166, F.A.C., regarding the Nursing Home Consumer

Satisfaction Survey is abolished due to repeal of the statutory authority. Other revisions are made throughout the Chapter to correct technical errors and update references.

59A-4.126 Disaster Preparedness.

(1) Each nursing home licensee ~~must facility shall~~ have a written plan with procedures to be followed in the event of an internal or externally caused disaster. The initiation, development, and maintenance of this plan ~~is shall be~~ the responsibility of the facility administrator, and ~~must shall be~~ accomplished in consultation with the Department of Community Affairs', ~~cCounty eEmergency mManagement aAgency.~~

(2) The plan ~~must shall~~ include, at a minimum, the following:

(a) Criteria, as shown, in Section 400.23(2)(g), F.S.; and

(b) The Emergency Management Planning Criteria for Nursing Home Facilities, AHCA 3110-6006, March 1994, which is incorporated herein by reference and ~~obtainable available~~ from the Agency for Health Care Administration, 2727 Mahan Drive, MS #24, Tallahassee, Florida 32308 or on the web site at <http://ahca.myflorida.com/MCHQ/Plans/index.shtml#forms>.

(3) The plan, including the "Emergency Management Planning Criteria for Nursing Homes," ~~must be submitted annually, at the time of a change of ownership of the facility and after significant modification of the plan, to the county emergency management agency for review and approval.~~

(4) If the licensee is advised by the county emergency management agency of necessary revisions to the plan, those revisions must be made and the plan resubmitted to the county emergency management agency within 30 days of notification.

(5) The county emergency management agency shall be the final administrative authority for emergency plans developed by the nursing home licensee.

(6) The nursing home licensee must test the implementation of the emergency management plan annually, either in response to a disaster, an emergency, or in a planned drill. The outcome must be evaluated and documented and appropriate modifications to the plan to address deficiencies must be made within 30 days.

(7) The emergency management plan must be located in a designated area of the facility for immediate access by nursing home staff.

(8) If residents must be evacuated from the premises due to emergency conditions or a disaster, the licensee must report the location and number of residents evacuated to the Agency's Long Term Care Unit in Tallahassee by phone at (850)488-5861, by fax at (850)410-1512 or through the Emergency Status System (ESS) at: <http://ahcaxnet/esswebahca> within 24 hours after the evacuation is completed. If the Long Term Care Unit or ESS system is unavailable to receive such information, the licensee must contact the appropriate Agency field office or designated Agency mutual aid office. The administrator or designee is responsible for knowing the location of each resident until the resident has been discharged from the facility. The licensee must inform the appropriate Agency field office of a contact person(s) who will be available 24 hours a day, seven days a week, until the facility is reoccupied.

(9) A licensee may exceed its licensed capacity to act as a receiving facility in accordance with an emergency operations plan for residents of evacuating providers from a geographic area where an evacuation order has been issued by a local authority having jurisdiction. While in an overcapacity status, each licensee must furnish or arrange for appropriate care and services including Fire / Life Safety Safeguards for all residents.

(10) The Agency must approve requests for overcapacity which lasts in excess of 15 days. Approvals shall be based upon satisfactory justification, need and resident safety as provided by the receiving and sending facilities.

(11) If residents are evacuated from a nursing home during or after an emergency situation or disaster and there is no damage to the facility and all utilities and services are operating within normal parameters, the facility may be reoccupied and notice provided to the Agency within 24 hours of return to the facility. This notification may be sent to the Agency by telephone or fax. However, if there has been water intrusion, interior damage, structural damage or if the facility is unable to operate under normal electrical power a determination whether or not the facility can be reoccupied must be made by the Agency. A determination may also require the review and approval from the local authority having jurisdiction. In those cases, the facility may not be occupied until all approvals are obtained.

(12) A facility with significant structural or systems damage must relocate residents out of the damaged facility until approval is received from the Agency's Office of Plans and Construction to reoccupy the facility. Such approval will be based upon safety determinations pursuant to the requirements of the Florida Building Code as described by Rule 9B-3.047, Florida Building Code Adopted, Florida Administrative Code and available free at www.floridabuilding.org and this rule.

59A-4.1285 Respite Care.

(1) Each nursing home licensee that meets the standards provided in Section 400.141(6) F.S., may develop and implement a respite care program.

(2) All sections in this rule and Chapter 400, Part II, F.S., shall apply to a nursing home licensee offering a respite care program. For each person admitted under the respite care program, the nursing home licensee must:

(a) Consider respite residents as nursing home residents to determine the nursing home minimum staffing required by Section 400.23(3)(a), F.S.

(b) Have an abbreviated plan of care developed with those items specified in paragraph 59A-4.109(1)(a), F.A.C. At a minimum, the modified plan of care must include nutritional requirements, medication orders, physicians' orders, nursing assessments and dietary preferences. The nursing or physician assessments may take the place of all other assessments required for full time residents.

(c) Have a contract which, at a minimum, must include the services to be provided to the resident including: charges for services, activities, equipment, emergency medical services and the administration and provision of medications. If multiple respite admissions for a single person are anticipated, the original contract may be good for one year from the date of execution.

(3) Persons admitted under the respite care program are:

(a) Exempt from the requirements specified in subsection 59A-4.106(1), F.A.C., for a discharge plan, discharge summary, and discharge diagnosis; however, each nursing home licensee must ensure a resident is released to his or her caregiver or an individual designated in writing by the caregiver;

(b) Entitled to resident's rights specified under Section 400.022, F.S., with the following exceptions:

1. Funds or property of the respite resident shall not be considered trust funds subject to the requirements of Section 400.022(1)(h), F.S., until the resident has been in the facility for more than 14 consecutive days. Each nursing home licensee must develop policies and procedures for handling respite care residents' funds or property, which must include access to personal funds as needed and release of all property and funds upon discharge.

2. The rights of residents as specified in Sections 400.022(1)(i) and (l), F.S., for respite residents must be addressed in the resident contract.

3. The rights of residents as specified in Sections 400.022(1)(p), (q), (u) and (v), F.S., will not apply.

(c) Allowed to use their personal medications for the respite stay if permitted under facility policy. Prescription medications brought in with the respite resident must be in a properly labeled container. Over-the-counter medications must be in the original container. The nursing home licensee must obtain physician's orders for the medications. The caregiver may provide information regarding the medications as part of the nursing assessment, which must agree with the physician's orders. Medications should be released with the resident upon discharge and in accordance with current orders. The nursing home policy may include acceptance of:

1. An attestation by the caregiver that the medications have been under his or her control prior to bringing it to the nursing home;

2. Verification by the DON, the consultant pharmacist, or provider pharmacy that the medications as packaged are the same as labeled and ordered by the physician.

(4) A person receiving respite care shall be entitled to a total of 60 days in the nursing home within a contract year or a calendar year if the contract is for less than 12 months. However, each single stay shall be limited to not more than 14 days. If a stay exceeds 14 days, the nursing home licensee must comply with all assessment and care planning requirements applicable to nursing home residents.

(5) Persons receiving respite care shall reside in a licensed nursing home bed.

(6) A prospective respite resident must provide such relevant medical information from a physician, a physician assistant, or nurse practitioner and other information from the primary caregiver as may be required by the nursing home, prior to or at the time of admission to the nursing home to receive respite care. The medical information must include a physician's order for respite care and proof of a physical examination by a licensed physician, physician assistant or nurse practitioner. The physician's order and physical examination may be used to provide intermittent respite care for up to 12 months from the date the order is written.

(7) The nursing home licensee must assume the duties of the primary care giver. To ensure continuity of care and services, the respite resident shall be entitled to retain his or her personal physician and must have access to medically necessary services such as physical therapy, occupational therapy or speech therapy as needed. The nursing home licensee must arrange for transportation to these services if necessary.

59A-4.1295 Additional Standards for Homes That Admit Children 0 Through 20 Years of Age.

(1) Nursing homes licensees who accept children with a level of care of Intermediate I or II, skilled or fragile, must meet the following standards as indicated. Intermediate I and II are defined in Cehapter 59G-4, F.A.C. Children considered skilled have a chronic debilitating disease or condition of one or more physiological or organ systems that generally make the child dependent upon 24-hour per day medical, nursing, or health supervision or intervention. Fragile children are medically complex and the medical condition is such that they

are technologically dependent ~~upon~~ ~~through~~ medical ~~equipment apparatus~~ or procedure(s) to sustain life and who can expire; without warning unless continually under observation.

(2) Each child ~~must shall~~ have an assessment upon admission by licensed physical, occupational, and speech therapists ~~that are~~ experienced in working with children. Therapies ~~must will~~ be administered based upon the outcome of these assessments and the orders of the child's physician.

(3) Admission criteria:

(a) The child must require intermediate, skilled or fragile nursing care and be medically stable, as documented by the physician determining level of care.

(b) For nursing facility placement, a recommendation ~~must shall~~ be made in the form of a written order by the child's attending physician in consultation with the parent(s) or legal guardian(s). For Medicaid certified nursing facilities, the recommendations for placement of a Medicaid applicant or recipient in the nursing facility ~~must shall~~ be made by the Department of Health's Children's Medical Services Children's Multi-disciplinary Assessment Team. Consideration must be given to relevant medical, emotional, psychosocial, and environmental factors.

(c) Each child admitted to the nursing home facility ~~must shall~~ have a plan of care developed by the interdisciplinary care plan team. The plan of care ~~must shall~~ consist of those items listed below.

1. Physician's orders, diagnosis, medical history, physical examination and rehabilitative or restorative needs.

2. A preliminary nursing evaluation with physician orders for immediate care, completed on admission.

3. A comprehensive, accurate, reproducible, and standardized assessment of each child's functional capability which is completed within 14 days of the child's admission to the facility and every twelve months thereafter. The assessment ~~must shall~~ be:

a. Reviewed no less than once every 120 days;

b. Reviewed promptly after a significant change in the child's physical or mental condition;

c. Revised as appropriate to assure the continued usefulness of the assessment.

4. The plan of care ~~must shall~~ also include measurable objectives and timetables to meet the child's medical, nursing, mental and psychosocial needs identified in the comprehensive assessment. The care plan must describe the services that are to be furnished to attain or maintain the child's highest practicable physical, mental, social and educational well-being. The care plan must be completed within ~~seven~~ 7 days after completion of the child's assessments ~~required in subsection (3) above~~.

5. ~~To In order to~~ enhance the quality of life of each child ages 3 years through 15 years, the facility administration must notify by certified mail the school board in the county in which

the facility is located that there is a school-age child residing in the facility. Children ages 16 through 20 years must be enrolled in an education program according to their ability to participate. Program participation for each child regardless of age is predicated on his or her ~~their~~ intellectual function, physical limitations, and medical stability. Collaborative planning with the public school system and community at-large is necessary to produce integrated and inclusive settings which meet each child's needs. The failure or inability on the part of city City, county County, state State, or federal Federal ~~Federal~~ school systems to provide an educational program according to the child's ability to participate shall not obligate the licensee facility to supply or furnish an educational program or bring suit against any city City, county County, state State, or federal Federal ~~Federal~~ organizations for their failure or inability to provide an educational program. Nothing contained herein is intended to prohibit, restrict or prevent the parents or legal guardian of the child from providing a private educational program that meets applicable ~~s~~State laws.

6. At the child's guardian's option, every effort ~~must shall~~ be made to include the child and his or her family or responsible party, including private duty nurse or nursing assistant, in the development, implementation, maintenance and evaluation of the child's plan of care.

7. All employees of the facility who provide hands on care, ~~must shall~~ be knowledgeable of, and have access to, the child's plan of care.

8. A summary of the child's plan of care ~~must shall~~ accompany each child discharged or transferred to another health care facility or ~~must shall~~ be forwarded to the facility receiving the child as soon as possible consistent with good medical practice.

(4) The child's attending physician, licensed under Chapter 458 or 459, F.S., ~~must shall~~ maintain responsibility for the overall medical management and therapeutic plan of care and ~~must will~~ be available for face-to-face consultation and collaboration with the nursing facility medical and nursing director. At a minimum, the physician or his or her designee ~~must shall~~:

(a) Evaluate and document the status of the child's condition at least monthly;

(b) Review and update the plan of care every 60 days;

(c) Prepare orders as needed and accompany them by a signed progress note in the child's medical record; and

(d) Co-sign verbal orders no more than 72 hours after the order is given. Physicians' orders may be transmitted by facsimile machine. It is not necessary for a physician to re-sign a facsimile order when he or she visits a facility. Orders transmitted via computer mail are not acceptable. Verbal orders not co-signed within ~~seventy two (72)~~ hours shall not be held against the licensee facility if it has documented timely, good-faith efforts to obtain ~~such said~~ co-signed orders.

(5) The following must be completed for each child. A ~~registered nurse must~~ RN shall be responsible for ensuring these tasks are accomplished:

(a) Informing the attending physician and medical director of beneficial and untoward effects of the therapeutic interventions;

(b) Maintaining the child's record in accordance with facility policies and procedures; and

(c) ~~Instructing~~ instructing or arranging for the instruction of the parent(s), legal guardian(s), or other caretaker(s) ~~giver(s)~~ giver(s) on how to provide the necessary interventions, how to interpret responses to therapies, and how to manage unexpected responses ~~in order~~ to facilitate a smooth transition from the nursing facility to the home or other placement. This instruction ~~must will~~ cover care coordination and ~~must will~~ gradually pass the role of care coordinator to the parent or legal guardian, as appropriate.

(6) In addition to the requirements of section 420 of the Florida Building Code 2004 Edition including all supplements in effect as of December 2006, the licensee must facility shall provide the following:

(a) ~~A minimum of 100 square feet in a single bedroom and 80 square feet per child in multiple bedrooms;~~

(a)(b) Bathroom and bathing facilities appropriate to the child's needs to allow for:

1. Toileting functions with privacy ~~(c)~~ a door to the bathroom ~~must will~~ be provided; and
2. Stall showers and tubs.

(b)(c) There ~~must shall~~ be an indoor activities area that:

1. Encourages exploration and maximizes the child's capabilities;
2. Accommodates mobile and non-mobile children; and
3. Supports a range of activities for children and adolescents of varying ages and abilities.

(c)(d) There ~~must shall~~ be an outdoor activity area that is:

1. Secure with areas of sun and shade;
2. Free of safety hazards; and
3. Equipped with age appropriate recreational equipment for developmental level of children and has storage space for same.

(d)(e) All furniture and adaptive equipment must be physically appropriate to the developmental and medical needs of the children;

(e)(f) Other equipment and supplies ~~must shall~~ be made available to meet the needs of the children as prescribed or recommended by the attending physician or medical director and in accordance with professional standards of care.

(7) For ~~those nursing homes that facilities who~~ admit children age 0 through 15 years of age, the following standards apply in addition to those above and throughout Chapter 59A-4, F.A.C.

(a) Each child ~~must shall~~ have an assessment upon admission by licensed physical, occupational, and speech therapists who are experienced in working with children. Therapies ~~must will~~ be administered based upon the outcome of these assessments and the orders of each the child's physician.

(b) The nursing home licensee must facility shall have a contract with a board certified pediatrician who serves as a consultant and liaison between the nursing facility and the medical community for quality and appropriateness of services to children.

(c) The nursing home licensee facility must assure that pediatric physicians are available for routine and emergency consultation to meet the children's child's needs.

(d) The nursing home licensee facility must ensure that children reside in distinct and separate units from adults.

~~(e) The facility shall be equipped and staffed to:~~

(e)(f) The nursing home licensee facility must provide access to emergency and other forms of transportation for children.

~~(f)(g)~~ At least one licensed health care staff person with current Pediatric Advanced Life Support (PALS) Life Support certification ~~must for children shall~~ be on the unit where children are residing at all times ~~where children are residing~~.

(g)(h) The nursing home licensee must facility shall maintain an Emergency Medication Kit, also known as an Emergency Drug Kit (EDK) of pediatric medications, as well as adult dosages for those children who require adult doses. The contents of in the EDK Emergency Medication Kit shall be determined in consultation with the Medical Director, Director of Nursing, a registered nurse who has current experience working with children, and a Pharmacist who has pediatric expertise. The kit ~~must shall~~ be readily available and ~~must shall~~ be kept sealed. All items in the kit ~~must shall~~ be properly labeled. The nursing home licensee must facility shall maintain an accurate log of receipt and disposition of each item in the EDK Emergency Medication Kit. An inventory to include expiration dates of the contents of the EDK must Emergency Medication Kit shall be attached to the outside of the kit. If the seal is broken, the kit must be restocked and resealed the next business day after use.

(h)(i) Each nursing home licensee must facility shall develop, implement, and maintain a written staff education plan that which ensures a coordinated program for staff education for all facility employees who work with children. The plan ~~must shall~~:

1. Be reviewed at least annually by the quality assurance committee and revised as needed.
2. Include both pre-service and in-service programs. In-service for each department must include pediatric-specific requirements as relevant to its discipline.
3. Include Ensure that education that is conducted annually for all facility employees who work with children, at a minimum, in the following areas:

a. Childhood diseases to include prevention and control of infection;

b. Childhood accident prevention and safety awareness programs;

4. ~~Require~~ ~~Ensure that all non-licensed~~ employees of the nursing home to complete an initial educational course on HIV and AIDS, preferably pediatric HIV and AIDS, in accordance with Section 381.0035, F.S. If the employee does not have a certificate of completion at the time ~~he or she is~~ they are hired, ~~the employee they~~ must have completed the course two hours within six months of employment. ~~All employees shall have a minimum of one hour biennially.~~

(i)(j) All facility staff ~~must shall~~ receive in-service training in and demonstrate awareness of issues particular to pediatric residents annually.

(8)(a) For the purposes of this rule, nursing care ~~must shall~~ consist of the following:

~~(a) For residents who are skilled: registered nurses, licensed practical nurses, respiratory therapists, respiratory care practitioners, and certified nursing assistants (CNAs). The child's nursing care shall be as follows:~~

~~1. There shall be one registered nurse on duty, on-site 24 hours per day on the unit where children reside. There shall be an average of 3.5 hours of nursing care per patient day.~~

~~2. In determining the minimum hours of nursing care required above, there shall be no more than 1.5 hours per patient day of certified nursing assistant (CNA) care and no less than 1.0 hours per patient day of licensed nursing care.~~

~~(b) For residents who are fragile: Registered nurses, licensed practical nurses, respiratory therapists, respiratory care practitioners, and certified nursing assistants and must. The child's nursing care shall be as follows:~~

~~1. One include one registered nurse on duty, on-site 24 hours per day on the unit where children reside. There shall be an average of 5 hours of nursing care per patient day.~~

~~2. In determining the minimum hours per patient day required above, there shall be no more than 1.5 hours per patient day of CNA care, and no less than 1.7 hours per patient day of licensed nursing care.~~

~~(b)(e) In the event that there are more than forty-two (42) children in the facility, there must shall be no fewer than two (2) registered nurses on duty, on-site, 24 hours per day on the unit where the children reside.~~

(9) A qualified dietitian with knowledge, expertise and experience in the nutritional management of medically involved children ~~must shall~~ evaluate the needs and special diet of each child at least every 60 days.

(10) The pharmacist ~~must will~~ have access to appropriate knowledge concerning pediatric pharmaceutical procedures, i.e., total parenteral nutrition (TPN) infusion regime and be familiar with pediatric medications and dosages.

(11) The nursing home licensee must facility shall maintain or contract as needed for pediatric dental services.

(12) Safety equipment, such as childproof safety latches on closets; and cabinets, straps on all seating services, locks on specific storage cabinets, bumper pads on cribs, and car seats for transporting must be used whenever appropriate to ensure the safety of the child.

(13) Pediatric equipment and supplies ~~must shall~~ be available as follows:

(a) Suction machines, one per child requiring suction, plus one suction machine for emergency use;

(b) Oxygen, in portable tanks with age appropriate supplies;

(c) Thermometers;

(d) Sphygmomanometers, stethoscopes, otoscopes; and

(e) Apnea monitors and pulse oximeters.

(14) Other equipment and supplies ~~must shall~~ be made available to meet the needs of the children as prescribed or recommended by the attending physician or medical director and in accordance with professional standards of care.

(15) Prior to initiating or expanding services to pediatric residents, the licensee or applicant must receive written approval from the Agency. Nursing home licensees that wish to convert existing nursing home beds to pediatric beds must:

(a) Have a standard license pursuant to Section 400.062, F.S.;

(b) Submit approval from the Office of Plans and Construction based upon submission of plans and specifications of the building for approval as outlined in Rule 59A-4.133, F.A.C.

(c) Submit a revised licensure application no less than 30 days prior to the anticipated date that services will be provided. The application must include the number and configuration of beds to be used to serve pediatric residents and a listing of services that will be provided.

(16) Approval to provide pediatric services shall be based upon demonstration of compliance with this rule and Chapter 400, Part II, F.S.

(17) Any changes in pediatric services, including cessation of services, must be reported to the Agency in writing at least 30 days prior to the change.

59A-4.130 ~~Fire Prevention~~, Fire Protection, and Life Safety, ~~Systems Failure and External Emergency Communications~~.

(1) Each nursing home licensee must provide fire protection through the elimination of fire hazards. All portions of the existing facility must comply with the requirements of the National Fire Protection Association (NFPA) Life Safety

Code 101 for Existing Health Care Occupancy, as adopted by the State Fire Marshal described in Chapter 69A-53, Uniform Fire Safety Standards for Hospitals and Nursing Homes, Florida Administrative Code and incorporated by reference and obtainable from the National Fire Protection Association, 1 Batterymarch Park, P. O. Box 9101, Quincy, Massachusetts, 02269-9101.

(2) All fires or explosions must be reported immediately to the local fire inspection authority and the Agency's Office of Plans and Construction at (850)487-0713 or by fax at (850)922-6483. Upon notification and in accordance with NFPA 1, Fire Prevention Code, as adopted by the State Fire Marshal and described in Chapter 69A-50, Florida Fire Prevention Code, Florida Administrative Code, the Agency may investigate the cause, origin, and circumstances of the fire or explosion. To facilitate this investigation, the nursing home licensee must complete the form "Fire Incident Report," AHCA Form 3500-0031, September 2006, incorporated herein by reference and available by mail from the Agency's Office of Plans and Construction or accessible from the Agency's web site at: ahca.myflorida.com/MCHQ/Plans/index.shtml#forms. This written report must be sent to the Agency's Office of Plans and Construction at 2727 Mahan Drive, MS #24, Tallahassee, Florida 32308, within seven days of the occurrence.

(3) In accordance with NFPA 101, Life Safety Code, if a system failure of the fire alarm system, smoke detection system, or sprinkler system occurs, the following actions must be taken by the licensee:

(a) Notify the local fire department and document instructions.

(b) Notify the Agency's Office of Plans and Construction or the appropriate Agency field office.

(c) Assess the extent of the condition and effect corrective action, with a documented correction period. If the corrective action will take more than four hours, the following must be completed:

1. Implement a contingency plan to the facility fire plan containing a description of the problem, a specific description of the system failure, and the projected correction period. All staff on the shifts involved must have documented in-service training for the emergency contingency.

2. Begin a documented fire watch until the system is restored. Staff performing the fire watch must be trained in appropriate observations and actions, as well as be able to expeditiously contact the fire department. To maintain a fire watch, the licensee must utilize only certified public fire safety personnel, a security guard service, or facility staff. If facility staff are used for this function, they must meet the following criteria:

a. Be off duty from their regular facility position or assigned only to fire watch duty. The licensee must maintain compliance with direct care staffing requirements at all times;

b. Be trained and competent as determined by the licensee in the duties and responsibilities of a fire watch;

c. Have immediate access to two-way electronic communication.

3. If the projected correction period changes or upon restoration of the system to normal operation, the licensee must notify the appropriate Agency's field office and local fire authorities.

(4) External Emergency Communication. Each newly constructed facility that has not received a Preliminary Stage II Plan Approval from the Office of Plans and Construction on the effective date of this rule, shall provide for external electronic communication not dependent on terrestrial telephone lines, cellular, radio, or microwave towers, such as an on-site radio transmitter, satellite communication systems or a written agreement with an amateur radio operator volunteer group. This agreement must provide for a volunteer operator and communication equipment to be relocated into the facility in the event of a disaster until communications are restored. Other methods that can be shown to maintain uninterrupted electronic communications not dependent on land-based transmission must be approved by the Agency's Office of Plans and Construction.

59A-4.133 Physical Plant Codes and Standards for Nursing Homes ~~Plans Submission and Review and Construction Standards.~~

(1) All construction of new nursing homes and all additions, modifications, alterations, renovations, and refurbishing to the site, facility, equipment or systems of existing facilities must be in compliance with the Florida Building Code as described by Rule 9B-3.047, Florida Building Code Adopted, Florida Administrative Code and available free at www.floridabuilding.org.

(2) No building shall be converted to a licensed nursing home unless it complies with the standards and codes set forth herein and with licensure requirements set forth in this Chapter.

(3) Guide on Alternative Approaches to Life Safety, NFPA-101 A as adopted by the State Fire Marshal described in Chapter 69A-53, Uniform Fire Safety Standards for Hospitals and Nursing Homes, Florida Administrative Code, incorporated by reference and obtainable from the National Fire Protection Association, 1 Batterymarch Park, P. O. Box 9101, Quincy, Massachusetts 02269-9101, shall not be used to meet the required codes and standards for new construction or for the conversion of an existing building to a licensed nursing home.

(4) Where additions, modifications, alterations, refurbishing, renovations or reconstruction are undertaken within an existing facility, all such additions, modifications alterations, refurbishing, renovations or reconstruction must comply with applicable sections of the codes for new facilities. Where existing major structural elements make total compliance impractical or impossible, the licensee or potential licensee must submit to the Office of Plans and Construction a request to utilize alternate materials and methods in accordance with the Florida Building Code.

(5) In additions, modifications, alterations, refurbishing, renovations or reconstruction projects and those projects that are making additions to existing facilities, only that portion of the total facility affected by the project must comply with applicable sections of the referenced codes for new construction.

(6) A licensed nursing home or any portion of a licensed nursing home that was reviewed and approved under a previous edition of the Life Safety Code must be in compliance with the requirements of Chapter 19, Existing Health Care Occupancy, of the National Fire Protection Association (NFPA) Life Safety Code 101, as adopted by the State Fire Marshal described in Chapter 69A-53, Uniform Fire Safety Standards for Hospitals and Nursing Homes, Florida Administrative Code, incorporated by reference and obtainable from the National Fire Protection Association, 1 Batterymarch Park, P. O. Box 9101, Quincy, Massachusetts 02269-9101, with the exception of any part included in the additions, modifications, alterations, refurbishing, renovations or reconstruction that must be in compliance with currently adopted codes and standards. A licensed nursing home and any portion of a licensed nursing home that was reviewed and approved under a previous edition of Chapter 59A-4, Florida Administrative Code and the state or local building code must remain in compliance with the rule or building code in effect at the date of licensure with the exception of any part included in the additions, modifications, alterations, refurbishing, renovations or reconstructions that must be in compliance with currently adopted codes and standards.

(7) All existing facilities must be maintained in a safe condition free of hazards and all existing architectural, mechanical, electrical and structural systems and appurtenances must be maintained in good working order. No architectural, mechanical, electrical, or structural system or appurtenance may be deleted or discontinued without first obtaining approval from the Agency.

(8) When a building or portion of a building is converted to a new licensed nursing home, it must comply with the requirements of Chapter 4 and Institutional Occupancy- Group I, Unrestrained, of the Florida Building Code as described by Chapter 9B-3.047, Florida Building Code Adopted, Florida Administrative Code and available free at www.floridabuilding.org, and the National Fire Protection Association (NFPA) Life Safety Code 101, Chapter 18, New

Health Care Occupancy, as adopted by the State Fire Marshal, incorporated by reference and obtainable from the National Fire Protection Association, 1 Batterymarch Park, P.O. Box 9101, Quincy, Massachusetts 02269-9101. When a building is converted from another type of occupancy to a nursing home, it must comply with the requirements of the Florida Building Code. A change of ownership shall not constitute a change of occupancy.

(9) Other facilities or providers not owned or operated by the licensee of a nursing home may be fully integrated with the nursing home's physical plant only after it has been successfully demonstrated to the Agency that all areas of the facility's physical plant are designed and maintained in a manner that will ensure continued licensure compliance of the nursing home.

(10) The Agency shall conduct annual life safety inspections of nursing homes to ensure compliance with all licensing and fire safety requirements. Inspections may also be conducted by the Agency as it deems necessary to carry out the functions of the Agency for the following reasons:

(a) To ensure compliance with the licensing and life safety requirements of this Chapter;

(b) To respond to licensing, life safety, and other physical plant complaints; or

(c) To protect the public health and safety.

(11) Nothing in these standards shall be construed as restrictive to a facility that chooses to do work or alterations as part of a long-range, phased safety improvement plan. All hazards to life and safety and all areas of noncompliance with applicable codes and regulations must be corrected in accordance with a plan of correction approved in advance by the Agency's Office of Plans and Construction.

(12) Projects that have not received at least a Stage II Preliminary Plan approval from the Office of Plans and Construction on the effective date of this rule must conform to the requirements as set forth in these rules.

Rulemaking Specific Authority 381.031(1)(g)7, 400.23 FS. Law Implemented 381.031, 400.011(2), 400.021(1)-(17), 400.022(1)-(4), 400.102, 400.141, 400.23 FS. History—New 4-1-82, Amended 4-1-84, 4-29-92, Formerly 10D-29.120, 59A-4.120, Amended 2-6-97, 10-21-99, _____.

59A-4.134 Plans Submission and Fee Requirements.

(1) No construction work, including demolition, shall be started until prior written approval has been given by the Office of Plans and Construction. This includes all construction of new facilities and all additions, modifications, alterations, renovations, and refurbishing to the site, facility, equipment or systems of all existing facilities.

(2) Approval to start construction only for demolition, site work, foundation, and building structural frame may be obtained prior to construction document approval when the following is submitted for review and approval:

(a) Preliminary Stage II approval letter from the Office of Plans and Construction.

(b) Construction documents, specifications and construction details for all work to be undertaken.

(c) A letter from the nursing home licensee holding the Agency harmless for any changes that may occur to the project as a result of the final construction document review.

(d) A life safety plan indicating temporary egress and detailed phasing plans indicating how the areas to be demolished or constructed are to be separated from all occupied areas must be submitted for review and approval when demolition or construction in and around occupied buildings is to be undertaken.

(3) Projects that have been submitted to the Agency for review will be considered abandoned and will be terminated after any of the following has occurred:

(a) Construction has not begun within one year after written approval of the construction documents from the Office of Plans and Construction;

(b) No further plans have been submitted for Agency review within one year after a project has been initiated with the Office of Plans and Construction;

(c) Construction has been halted for more than one year. After this termination, resubmission as a new project will be required.

(4) When construction is planned, either for new buildings, additions, alterations or renovations to existing buildings, the plans and specifications must be prepared and submitted to the Office of Plans and Construction for approval by a Florida registered architect and a Florida registered professional engineer. An architecture or engineering firm not practicing as a sole proprietor must also be registered as an architecture or engineering firm with the Florida Department of Business and Professional Regulation.

(5) The initial submission of plans to the Office of Plans and Construction for any new project must include a completed Plan Review Application Form, ACHA Form 3500-0011, November 1996, revised March 2002, incorporated by reference and obtainable from the Agency for Health Care Administration, 2727 Mahan Drive, Tallahassee, Florida 32308 and a valid Certificate of Need, if required by the Agency. This information must accompany the initial submission. Approval will not be granted for any project without a Certificate of Need if required by the Agency.

(6) Plans and specifications submitted for review shall be subject to a plan review fee. This fee is prescribed by Section 400.232, F.S. All fees must be paid by check made payable to the Treasurer, State of Florida, with the check noted with the Office of Plans and Construction facility log number. Fees will be accepted only from the licensee or prospective licensee.

(7) Plans and specifications shall normally be submitted in three stages. Exceptions to the submission of all three stages shall be subject to prior approval by the Office of Plans and Construction.

(a) Stage I, schematic plans.

(b) Stage II, preliminary plans or design development drawings.

(c) Stage III, construction documents, including specifications, addenda and change orders.

(8) For each stage of submission, a program or scope of work must be submitted. It must consist of a detailed word description of all contemplated work and any required phasing to be provided in the proposed construction.

(9) For projects involving only equipment changes or system renovations, only Stage III, construction documents need be submitted. These documents must include the following:

(a) Life safety plans showing the fire/smoke compartments in the area of renovation.

(b) Detailed phasing plans indicating how the new work will be separated from all occupied areas.

(c) Engineering plans and specifications for all of the required work.

(10) Stage I, Schematic Plans.

(a) At a minimum, the following must be incorporated into the schematic plans:

1. Single-line drawings of each floor that must show the relationship of the various activities or services to each other and each room arrangement. The function of each room or space must be noted in or near the room or space. The proposed roads and walkways, service and entrance courts, parking, and orientation must be shown on either a small plot plan or on the first floor plan. Provide a simple cross-section diagram showing the anticipated construction. Provide a schematic life safety plan showing smoke and fire compartments, exits, exit passageways and gross areas of smoke and fire compartments. Provide information as to which areas have sprinklers, both new and existing.

2. If the proposed construction is an addition or is otherwise related to existing buildings on the site, the schematic plans must show the facility and general arrangement of those other buildings.

3. A schedule showing the total number of beds, types of bedrooms and types of ancillary spaces.

(11) Stage II, Preliminary Plans.

(a) At a minimum, to gain a Stage II approval, the following must be incorporated into the preliminary plans”.

1. A vicinity map showing the major local highway intersections for new nursing home construction.

2. Site development plans that:

a. Show existing grades and proposed improvements as required by the schematic submission.

b. Provide building locating dimensions.

c. Provide site elevations for both the 100 year flood elevations and hurricane category 3 surge inundation elevations if the project involves the construction of a new facility or is a new addition of a wing or floor to an existing facility.

d. Provide the location of the fire protection services water source to the building.

3. Architectural plans that include:

a. Floor plans, 1/8-inch scale minimum, showing door swings, windows, casework and millwork, fixed equipment and plumbing fixtures. Indicate the function of each space.

b. A large-scale plan of typical new bedrooms with a tabulation of gross and net square footage of each bedroom. Tabulate the size of the bedroom window glass.

c. Typical large-scale interior and exterior wall sections to include typical rated fire and fire/smoke partitions and a typical corridor partition.

d. All exterior building elevations.

e. Equipment that is not included in the construction contract but that requires mechanical or electrical service connections or construction modifications must be identified to assure its coordination with the architectural, mechanical and electrical phases of construction.

f. If the project is located in an occupied facility, preliminary phasing plans indicating how the project is to be separated from all occupied areas

4. Life safety plans that include:

a. Single-sheet floor plans showing fire and smoke compartmentation, all means of egress and all exit signs. Additionally, dimension the longest path of travel in each smoke compartment to the door(s) to the adjoining compartment, calculate the total area of the smoke compartment in square feet, and tabulate exit inches.

b. All sprinklered areas, fire extinguishers, fire alarm devices and pull station locations.

c. If the project is an addition or conversion of an existing building, fully developed life safety plans.

d. If the project is a renovation in an existing building, life safety plans of the floor being renovated and the required exit egress floor(s).

e. When demolition or construction in and around occupied buildings is to be undertaken, a life safety plan indicating temporary egress and detailed phasing plans indicating how the areas to be demolished or constructed are to be separated from all occupied areas.

5. Mechanical engineering plans that include:

a. Single-sheet floor plans with a one-line diagram of the ventilating system with relative pressures of each space. Provide a written description and drawings of the anticipated smoke control system, passive or active, and a sequence of operation correlated with the life safety plans.

b. The general location of all fire and smoke dampers, all duct smoke detectors and firestats.

c. If the building is equipped with fire sprinklers, the location of the sprinkler system risers and the point of connection for the fire sprinkler system. State the method of design for the existing and new fire sprinkler systems.

d. The locations of all plumbing fixtures and other items of equipment requiring plumbing services and/or gas services.

e. The locations of any fume, radiological or chemical hoods.

f. The locations of all medical gas outlets, piping distribution risers, terminals, alarm panels, low pressure emergency oxygen connection, isolation/zone valves, and gas source locations.

g. The locations and relative size of major items of mechanical equipment such as chillers, air handling units, fire pumps, medical gas storage, boilers, vacuum pumps, air compressors and fuel storage vessels.

h. The locations of hazardous areas and the volume of products to be contained therein.

i. The location of fire pump, stand pipes, and sprinkler risers.

6. Electrical Engineering Drawings that include:

a. A one-line diagram of normal and essential electrical power systems showing service transformers and entrances, switchboards, transfer switches, distribution feeders and over-current devices, panel boards and step-down transformers. The diagram must include a preliminary listing and description of new and existing, normal and emergency loads, preliminary estimates of available short-circuit current at all new equipment and existing equipment serving any new equipment, short-circuit and withstand ratings of existing equipment serving new loads and any new or revised grounding requirements.

b. Fire alarm zones and correlate with the life safety plan.

7. Outline specifications are to include a general description of the construction, including construction classification and ratings of components, interior finishes, general types and locations of acoustical material, floor coverings, electrical equipment, ventilating equipment and plumbing fixtures, fire protection equipment, and medical gas equipment.

8. Whenever an existing building is to be converted to a health care facility, the general layout of spaces of the existing structure must be submitted with the preliminary plans for the proposed facility.

9. Whenever additions, modifications, alterations, renovations, and refurbishing to an existing building is proposed, the general layout of spaces of the existing facility must be submitted with the preliminary plans.

(12) Stage III, Construction Documents.

(a) The Stage III construction documents must be an extension of the Stage II preliminary plan submission and must provide a complete description of the contemplated construction. Construction documents must be signed, sealed,

dated and submitted for written approval to the Office of Plans and Construction by a Florida registered architect and Florida registered professional engineer. These documents must consist of work related to civil, structural, mechanical, and electrical engineering, fire protection, lightning protection, landscape architecture and all architectural work. At a minimum, and in addition to the requirements for Stage II submission, the following must be incorporated into the construction documents:

1. Site and civil engineering plans that indicate building and site elevations, site utilities, paving plans, grading and drainage plans and details, locations of the two fire hydrants utilized to perform the water supply flow test, and landscaping plans.

2. Life safety plans for the entire project.

3. Architectural plans.

a. Typical large-scale details of all typical interior and exterior walls and smoke walls, horizontal exits and exit passageways.

b. Comprehensive ceiling plans that show all utilities, lighting fixtures, smoke detectors, ventilation devices, sprinkler head locations and fire-rated ceiling suspension member locations where applicable.

c. Floor/ceiling and roof/ceiling assembly descriptions for all conditions.

d. Details and other instructions to the contractor on the construction documents describing the techniques to be used to seal floor construction penetrations to the extent necessary to prevent smoke migration from floor to floor during a fire.

4. Structural engineering plans, schedules and details.

5. Mechanical engineering plans to include fire and smoke control plans. Show all items of owner furnished equipment requiring mechanical services. Provide a clear and concise narrative control sequence of operations for each item of mechanical equipment including but not limited to air conditioning, heating, ventilation, medical gas, plumbing, and fire protection and any interconnection of the equipment of the systems. Mechanical engineering drawings must depict completely the systems to be utilized, whether new or existing, from the point of system origination to its termination. Provide a tabular schedule giving the required air flow (as computed from the information contained on the ventilation rate table) in cubic feet per minute (cfm) for supply, return, exhaust, outdoor, and ventilation air for each space listed or referenced by note on the ventilation rate table as shown on the architectural documents. The schedule must also contain the Heating Ventilation and Air Conditioning (HVAC) system design air flow rates and the resulting space relative pressures. The schedule or portion of the schedule, as applicable, must be placed in the specifications or in the drawing set containing the spaces depicted.

6. Fire protection plans, where applicable, that must include the existing system as necessary to define the new work.

7. Electrical engineering plans that must describe complete power, lighting, alarm, communications and lightning protection systems and power system study.

8. A power study that must include a fault study complete with calculations to demonstrate that over-current devices, transfer switches, switchboards, panel boards, motor controls, transformers and feeders are adequately sized to safely withstand available phase-to-phase and phase-to-ground faults. The study must also include an analysis of generator performance under fault conditions and a coordination study resulting in the tabulation of settings for all over-current device adjustable trips, time delays, relays and ground fault coordination. This must be provided for all new equipment and existing equipment serving any new equipment. Power studies for renovations of existing distribution systems must include only new equipment and existing equipment upstream to the normal and emergency sources of the new equipment. Renovations involving only branch circuit panel boards without modifications to the feeder will not require a full power study; instead, the power study will be limited to the calculation of new and existing loads of the branch circuit panel.

9. A complete set of specifications for all work to be undertaken.

a. All project required contractor supplied testing and/or certification reports must be submitted in type written format, on standard forms, reviewed and accepted by the Engineer of Record prior to presenting to the Agency for review.

b. The specifications must require a performance verification test and balance air quantity values report for a minimum of two operating conditions for each air handling unit system. One operating condition must be with the specified air filters installed in the minimum pressure drop or clean state. The second operating condition must be at the maximum pressure drop and/or dirty state. The air quantities reported are acceptable if they are within ten percent of the design value and the space relative pressures are maintained. This requirement applies to any air-handling unit affected by the construction to be performed.

10. Well coordinated construction documents. In the case of additions to existing institutions, the mechanical and electrical, especially existing essential electrical systems and all other pertinent conditions must be a part of this submission.

11. Signed, sealed and dated subsequent addenda, change orders, field orders and other documents altering the above must be submitted for advance written approval from the Office of Plans and Construction.

(13) Initial submissions will be acted upon by the Agency within 60 days of the receipt of the initial payment of the plan review fee. The Agency will either approve or disapprove the submission and will provide a listing of deficiencies in writing. Each subsequent resubmission of documents for review on the project will initiate another 60-day response period. If the Agency does not act within 60 days of receipt of a submission,

the submission will be considered approved. However, all deficiencies noted by the Agency must be satisfactorily corrected before final approval can be obtained for the project from the Agency.

(14) Additions or revisions that substantially change the original scope of the project or are submitted by different design professionals will be required to be submitted as a new project.

(15) The Agency is required to archive all public record documents for a period of five years. These documents are electronically stored. Therefore, within 60 days after final approval of the project has been obtained from the Agency, the licensee and the Office of Plans and Construction must be provided with a complete set of record drawings electronically submitted as Portable Document Format (.pdf) files showing all of the construction, fixed equipment and the mechanical and electrical systems as installed. These electronically submitted .pdf files must include the life safety plans of the facility.

59A-4.165 Nursing Home Guide.

(1) Pursuant to Section 400.191 F.S., the Agency shall provide information to the public in consumer-friendly printed and electronic formats (hereafter collectively the "Guide") to assist consumers and their families in comparing and evaluating nursing home facilities.

(2) The format of the printed Guide is shown in the "Nursing Home Guide Performance Measures Algorithm 2000" document, dated July 2000, incorporated by reference herein.

(3) The format of the electronic Guide will be the same as the printed Guide, but with the addition of the following:

(a) The ability to search for a nursing home facility electronically.

(b) Details of each deficiency ~~which deficiencies~~ the nursing home facility has been cited for over the time period specified in Section 400.191, F.S. past 45 months

(4) The data provided in the Guide shall include the following:

(a) General guidance about when a nursing home is the appropriate choice of care.

(b) General guidance about selecting a nursing home.

(c) Contact information such as phone numbers and web sites where questions can be answered, and further information obtained.

(d) A listing of all nursing home facilities in the State of Florida, including hospital based skilled nursing units. This listing shall include for each nursing home facility the following:

1. Name;

2. Address;

3. Voice and fax phone numbers;

4. Web address of facility;

5. A recognition if the nursing home licensee facility has been awarded a Gold Seal;

6. The current licensee;

7. Which calendar year the current licensee became the licensee;

8. Whether the licensee is a for-profit, or non-profit entity, and whether or not the nursing home facility is part of a retirement community;

9. Any corporate or religious affiliations;

10. The number of private, semi-private, and total beds at the nursing home facility;

11. The lowest daily charge for a semi-private room;

12. The payment forms accepted;

13. Any special services or amenities, or recreational programs provided;

14. Any non-English languages spoken by the administrator or staff of the nursing home facility; and

15. A summary of the deficiencies found at the nursing home facility over the time period specified in Section 400.191, F.S. a 45-month period prior to the publication of the Guide. The summarization procedure is discussed in detail below.

(5) The Guide will employ a procedure for summarizing the deficiencies as follows:

(a) All deficiencies cited over the most recently available time period as specified in Section 400.191, F.S. 45-month period prior to the publication of the Guide will be collected.

(b) Each citation will be assigned points based on the type of deficiency and its assigned severity and scope. For those nursing homes facilities that are not federally certified, each citation will be assigned points based on the type of deficiency and its assigned class. Nursing homes Facilities that are federally certified have their deficiencies recorded as F-Tags and K-Tags. Nursing homes Facilities that are not federally certified receive N-Tags instead of F-Tags and K-Tags. For the non-federally certified nursing homes facilities the findings supporting each N-Tag shall be read by the Agency to determine which F-Tag or K-Tag each of the cited N-Tags is equivalent to. The points assigned to an N-Tag shall be those that would be assigned to the equivalent F-Tag or K-Tag, if the nursing home facility were federally certified.

(c) A score for a nursing home facility will be computed by summing the points of all of its citations, and then dividing this sum by the number of annual recertification surveys conducted at the facility in the same 45-month period as in paragraph (a) above. For those nursing homes facilities that are not federally certified, the number of annual licensure surveys will be used in place of the number of annual recertification surveys.

(d) For federally certified nursing homes facilities, the above computations will reflect any changes resulting from the Informal Dispute Resolution process, or administrative or appellate proceedings; inasmuch as the federal Centers for Medicare and Medicaid Services Health Care Financing Administration concurs with such changes.

(e) The scores for the freestanding nursing facilities will be ranked within each region. The regions are defined in the "Nursing Home Guide Performance Measures Algorithm," document, dated July 2000, incorporated by reference herein.

(f) Ranks for the hospital based skilled nursing units will be assigned the same rank as the freestanding nursing home facility in the same region with an equal or next lower score.

(g) These ranks shall be presented numerically and/or symbolically in the Guide.

(h) (b) through (g) shall be repeated for subsets of the citations. These subsets are discussed in the "Nursing Home Guide Performance Measures Algorithm," document, dated July 2000, incorporated by reference herein.

(i) ~~Nursing homes Facilities~~ that are federally certified have their deficiencies recorded as F-Tags and K-Tags. ~~Nursing homes Facilities~~ that are not federally certified receive N-Tags instead of F-Tags and K-Tags. For the non-federally certified ~~nursing homes facilities~~ the findings supporting each N-Tag shall be read by the Agency to determine which F-Tag or K-Tag each of the cited N-Tags is equivalent to. The sub-setting of the tags in (h) for non-certified facilities shall be accomplished by using these equivalent F-Tags and K-Tags.

(j) The documents incorporated by reference may be obtained from the Agency for Health Care Administration, Managed Care and Health Quality Division, 2727 Mahan Dr., MS 33, Tallahassee, FL 32308.

THE FULL TEXT OF THE PROPOSED RULE IS:

61C-3.001 Sanitation and Safety Requirements.

The following requirements and standards shall be met by all public lodging establishments.

(1) through (11) No change.

(12) Carbon Monoxide Sensor Devices. Carbon monoxide sensor devices shall be installed or carbon monoxide mitigation shall be approved in accordance with Section 509.211(4), F.S., and this rule.

(a) Definitions.

1. Carbon Monoxide Detector. A carbon monoxide sensor device that is capable of being intergrated into a fire detection system and is listed or labeled as being in compliance with ANSI/UL 2034, Standard for Single and Multiple Station CO Alarms, or UL 2075 – 04, Gas and Vapor Detector Sensor, in accordance with its application.

2. Single Station Carbon Monoxide Alarm. A carbon monoxide sensor device that produces a distinct audible signal and is listed or labeled as being in compliance with ANSI/UL 2034, Standard for Single and Multiple Station CO Alarms, or UL 2075 – 04, Gas and Vapor Detector Sensor, in accordance with its application.

(b) Installation.

1. Carbon monoxide sensor devices shall be installed according to the manufacturer's instructions.

2. Carbon monoxide detectors shall be integrated into the existing fire detection system as a supervisory signal according to NFPA 72, National Fire Alarm Code. Activation of a carbon monoxide detector supervisory signal shall not cause activation of either the protected premises or supervising station fire alarm signals.

3. Public lodging establishments not required by law to have a fire detection system shall install either a single station carbon monoxide alarm or a fire detection system including a carbon monoxide detector integrated as a supervisory signal. A single station carbon monoxide alarm installed in compliance with this rule shall provide an audible signal capable of being heard outside of the space in which it has been installed and shall activate a visible signal capable of being seen outside of the space in which it has been installed.

4. Carbon monoxide sensor devices shall receive primary power from the public lodging establishment's electrical system and shall connect to a secondary power source. Secondary power sources include a battery directly installed in the carbon monoxide sensor device or an external generator connected to the carbon monoxide sensor device.

(c) Mitigation. Under Section 509.211(4), F.S., a public lodging establishment may perform carbon monoxide hazard mitigation instead of installing a carbon monoxide sensor device. A public lodging establishment performing carbon monoxide hazard mitigation shall have the mitigation certified and submit certification to the division as specified in this rule.

1. The operator of the public lodging establishment is responsible for obtaining certification of adequate mitigation of the risk of illness, injury or death from carbon monoxide released by a boiler described in Section 509.211(4), F.S.

2. The operator of the public lodging establishment shall obtain certification of adequate carbon monoxide hazard mitigation on DBPR Form HR 5022-048, CERTIFICATE OF CARBON MONOXIDE MITIGATION (certificate), incorporated herein by reference and effective 2009 May 13. This form is available on the division's Internet website www.MyFloridaLicense.com/dbpr/hr, from any division office, or by writing to Division of Hotels and Restaurants, Department of Business and Professional Regulation, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.

3. All carbon monoxide hazard mitigation certifications must be conducted by a licensed professional engineer whose license is current and in good standing with the Florida Board of Professional Engineers. The operator of the public lodging establishment is responsible for verifying the license status of the person conducting the certification. The professional engineer's license number and license expiration date shall be clearly written on the certificate.

4. The operator of the public lodging establishment shall submit the completed certificate to the division at the address listed above. The division shall date-stamp the certificate upon receipt, keep a copy for its records, and provide the original date-stamped certificate to the operator of the public lodging establishment. The operator of the public lodging establishment shall post either the original or a copy of the date-stamped certificate in the room containing the boiler.

5. Carbon monoxide hazard mitigation shall be certified annually. A new certificate shall be submitted to the division on or before January 1 every year.

6. Carbon monoxide hazard mitigation shall be recertified, and a new certificate shall be submitted to the division, within 30 days of a change of ownership or any physical change to previously certified mitigation.

(13)(12) Resort condominiums, apartments and resort dwellings are exempt from subsections (1), (2) and (3) of this rule. Establishments opting to provide any of the services listed in subsections (2) and (3) of this rule shall comply with the requirements described herein.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF
THIS NOTICE, A HEARING WILL BE SCHEDULED AND
ANNOUNCED IN THE FAW.

THE PERSON TO BE CONTACTED REGARDING THE
PROPOSED RULE IS: Carrie Flynn, Executive Director,
Board of Professional Engineers, 2507 Callaway Road, Suite
200, Tallahassee, Florida 32301

THE FULL TEXT OF THE PROPOSED RULE IS:

61G15-22.011 Board Approval of Continuing Education
Providers.

(1) Applicants for continuing education provider status
must either be registered as a continuing education provider
with the National Council for Examiners of Engineering and
Surveying (NCEES) or meet the requirements of subsections
(2) ~~and (3)~~ of this rule to demonstrate the education and/or the
experience necessary to instruct professional engineers in the
conduct of their practice.

(2) To demonstrate the education and/or the experience
necessary to instruct professional engineers in the conduct of
their practice for continuing education credit, an applicant for
continuing education provider status must be a regionally
accredited educational institution, a commercial educator, a
governmental agency, a state or national professional
association whose primary purpose is to promote the
profession of engineering, an engineer with a Florida license to
practice engineering who is not under disciplinary restrictions
pursuant to any order of the Board, or an engineering firm that
possesses an active certificate of authorization issued by the
Board pursuant to Section 471.023, F.S.

(3) To allow the Board to evaluate an application for
continuing education provider status, the applicant must submit
the following:

(a) The name, address and telephone number of the
prospective provider; and,

(b) Proof of registration as continuing education provider
with NCEES, or if the applicant is not registered as a
continuing education provider with NCEES, the applicant must
submit the following:

1.(b) A description of the type of courses or seminars the
provider expects to conduct for credit;

2.(c) A description of the staffing capability of the
applicant;

3.(d) A sample of intended course materials;

4.(e) A list of anticipated locations to conduct the courses;

5.(f) A complete course curriculum for each course the
applicant intends to offer;

6.(g) A description of the means the applicant will use to
update the course in response to rule or law changes;

7.(h) A description of the means the applicant will use to
evaluate the licensee's performance in the course;

8.(i) A fee of \$250.

(4) No engineer may conduct continuing education
courses or seminars for credit upon the engineer's receipt of
any disciplinary order from any professional regulatory board
in any jurisdiction. Rather, the engineer must notify the Board
office within ten (10) days of the engineer's receipt of any such
order.

(5) Should the Board determine that the provider has failed
to provide appropriate continuing education services, it shall
request that the Department of Business and Professional
Regulation issue an order requiring the provider cease and
desist from offering any continuing education courses and shall
request that the Department revoke any approval of the
provider granted by the Board.

(6) No provider may allow an engineer to conduct any
course or seminar offered by the provider if that engineer has
been disciplined and has not been released from the terms of
the final order in the disciplinary case. Upon receipt of notice

that an instructor is under discipline, the provider shall, within seven (7) days, write to the Board office and confirm that the engineer is no longer conducting any course or seminar offered by the provider. For the purpose of this subsection, a letter of guidance or a reprimand shall not constitute "under discipline."

(7) The Board retains the right and authority to audit and/or monitor programs and review records and course materials given by any provider approved pursuant to this rule. The Board shall request that the Department of Business and Professional Regulation revoke the approved status of the provider or reject individual programs given by a provider if the provider disseminated any false or misleading information in connection with the continuing education programs, or if the provider fails to conform to and abide by the rules of the Board. Licensees will not lose credit for attending courses offered by approved providers that are later rejected or stopped by the Board.

(8) Members of the Board of Professional Engineers or the Florida Engineers Management Corporation Board of Directors are prohibited from being a continuing education provider.

(9) The following providers shall be approved as providers ~~until May 31, 2009~~, and the Board shall accept their courses for continuing education credit:

- (a) Educational Institutions teaching college level courses;
- (b) Federal and State Governmental Agencies that establish rules, regulations, guidelines, or otherwise have an impact on the practice of engineering; and
- (c) State and National Engineering Professional Associations approved by the Board.

Board of Physical Therapy Practice

RULE NO.: 64B17-4.001
RULE TITLE: Licensure as a Physical Therapist
Assistant by Examination

PURPOSE AND EFFECT: The Board proposes the rule amendment for consideration of use of the Federation PTA educational criteria tool.

SUMMARY: The use of the Federation PTA educational criteria tool will be placed in the rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: A Statement of Estimated Regulatory Cost has been prepared and is available by contacting Allen Hall, Executive Director, at the address listed below. The following is a summary of the SERC:

- The proposed change would only affect PTA applicants who are foreign educated.
- There has not been an avenue for licensure in Florida for foreign educated PTAs, therefore, the specific number of foreign educated PTAs that will apply for licensure is unknown.
- The only costs incurred by the Division of Medical Quality Assurance are rule-making costs.
- No effect on state or local revenue is expected.
- The proposed change is not expected to impact small business, small counties or small cities.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 486.025, 486.102 FS.

LAW IMPLEMENTED: 456.017, 486.102(3), 486.104 FS.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 35, No. 17, May 1, 2009 issue of the Florida Administrative Weekly.

Although the Notice of Proposed Rulemaking stated that a Statement of Estimated Regulatory Costs (SERC) had been prepared and was available, the Notice did not summarize the SERC. The following is a Summary of the Statement of Estimated Regulatory Costs:

- The said rule may affect those licensees who are in violation of statute; furthermore, the said rule may affect any licensee who renewed his or her license without completing the required education.
- The agency will not incur any additional costs.
- Licensees will not incur additional costs.
- The change will impact licensees; however, the change will not impose a cost; rather, the change will require

documentation of continuing education.

This correction does not affect the substance of the rule as it appeared in the Florida Administrative Weekly as outlined above.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 35, No. 17, May 1, 2009 issue of the Florida Administrative Weekly.

Although the Notice of Proposed Rulemaking stated that a Statement of Estimated Regulatory Costs (SERC) had been prepared and was available, the Notice did not summarize the SERC. The following is a Summary of the Statement of Estimated Regulatory Costs:

- All licensees must comply with the rule. Licensees are not required to complete continuing education through a home study; however, licensees have the option of doing so.
- Only rule making costs will be incurred.
- Transaction costs are impossible to estimate.
- There is no way to determine how much of an impact the rule will have on small businesses as it is unknown how many licensees will choose home study programs; the rule will not impact small towns or cities.

WATER MANAGEMENT DISTRICTS

NOTICE IS HEREBY GIVEN THAT on May 14, 2009, the Suwannee River Water Management District has issued an order.

This order (2009-0005) denied variance under Section 120.542, F.S., to Janice Wood, for a Works of the District existing dock (ERP08-0837). A petition for variance was received on January 29, 2009, and an amendment to petition was received on March 13, 2009. Notices of receipt of petitions requesting variance were published in F.A.W. in Vol. 35, No. 6, on February 13, 2009, and Vol. 35, No. 12, on March 27, 2009, respectively. No public comment was received. This order denies variance of SRWMD's criteria for subsection 40B-4.3030(9), F.A.C., to the zero-rise certification and paragraph 40B-4.3030(12)(b), F.A.C., to the 75-foot setback requirements within Township 6 South, Range 14 East, Section

28, Lafayette County. SRWMD denied the petition because the petitioner did not demonstrate that the underlying statute will be or has been achieved by other means.

A copy of the Order may be obtained by contacting: Robin Lamm, Administrative Assistant, Suwannee River Water Management District, 9225 CR 49, Live Oak, FL 32060, (386)362-1001 or 1(800)226-1066 in Florida only.

NOTICE IS HEREBY GIVEN THAT on May 14, 2009, the Suwannee River Water Management District has issued an order.

This order (2009-0003) denies in part and grants in part a variance under Section 120.542, F.S., to Reva Jane Hamilton, for a Works of the District existing non-permitted building (ERP08-0362). A petition for variance was received on November 7, 2008, and an addendum to petition was received on December 19, 2008. Notices of receipt of petitions requesting variance were published in F.A.W. in Vol. 34, No. 47 on November 21, 2008, and Vol. 35, No. 1 on January 9, 2009, respectively. No public comment was received. This order denies variance of SRWMD's criteria for paragraph 40B-4.3020(1)(d), F.A.C., as to the building plan requirement, and grants variance to subsection 40B-4.3030(4), F.A.C., as to the elevation requirement, within Township 1 North, Range 11 East, Section 8, Madison County. Petitioner has satisfied the requirement for paragraph 40B-4.3020(1)(c), F.A.C.; therefore the request for variance for this paragraph was withdrawn. SRWMD denies the petition as to paragraph 40B-4.3020(1)(d), F.A.C., because the petitioner did not demonstrate that the underlying statute will be or has been achieved by other means and approves the petition as to subsection 40B-4.3030(4), F.A.C., because the petitioner has demonstrated that the underlying statute will be or has been achieved by other means. A copy of the Order may be obtained by contacting: Robin Lamm, Administrative Assistant, Suwannee River Water Management District, 9225 CR 49, Live Oak, FL 32060, (386)362-1001 or 1(800)226-1066 in Florida only.

NOTICE IS HEREBY GIVEN THAT on May 15, 2009, the South Florida Water Management District (District), received a petition for waiver from the Collier County Transportation Services, Application No. 09-0227-1, for utilization of Works or Lands of the District known as the Airport Road Canal, to allow an existing bus shelter, concrete pad, and path to remain within 40 feet of the top of the canal bank; Section 11, Township 49 South, Range 25 East, Collier County. The petition seeks relief from subsections 40E-6.011(4) and (6), and paragraph 40E-6.221(2)(j), Florida Administrative Code, which govern the placement of permanent and/or semi-permanent above-ground encroachments within 40 feet of the top of the canal bank within Works or Lands of the District.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Kathie Ruff at (561)682-6320 or e-mail: kruff@sfwmd.gov. The District will accept comments concerning the petition for 14 days from the date of publication of this notice. To be considered, comments must be received by the end of business on the 14th day at: South Florida Water Management District, 3301 Gun Club Road, MSC 1410, West Palm Beach, FL 33406, Attn.: Kathie Ruff, Office of Counsel.

NOTICE IS HEREBY GIVEN THAT on May 26, 2009, the South Florida Water Management District (District), received a petition for waiver that was amended. The amended petition was filed by J. W. McDaniel Sr., Inc., (Application No. 09-0326-1), for utilization of Works or Lands of the District known as the L-28I Canal, to allow an existing water control structure and appurtenances, known as W-D1AB (emergency overflow culvert and riser and associated berm), located approximately 100 feet upstream of the beginning of the L-28I (North Feeder Canal), to remain within 40 feet of top of canal bank; Section 25, Township 47 South, Range 33 East, Hendry County. The petition seeks relief from subsections 40E-6.011(4) and (6) and paragraph 40E-6.221(2)(j), Florida Administrative Code, which governs the placement of permanent and/or semi-permanent above ground encroachments within 40 feet of the top of canal bank; and prohibits water control structures within Works or Lands of the District, and requires crown elevation of discharge culverts to be set at least 1/2 foot below water control elevation of the canal. The petition for waiver was amended to clarify how strict application of the criteria or rule would create a substantial hardship.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Kathie Ruff at (561)682-6320 or email: kruff@sfwmd.gov. The District will accept comments concerning the amended petition for 14 days from the date of publication of this notice. To be considered, comments must be received by end of business on the 14th day at: South Florida Water Management District, 3301 Gun Club Road, MSC 1410, West Palm Beach, FL 33406, Attn.: Kathie Ruff, Office of Counsel.

NOTICE IS HEREBY GIVEN THAT on May 20, 2009, the Board of Podiatric Medicine has issued an order.

The Board of Podiatric Medicine hereby gives notice of the issuance of an order granting the petition for variance or waiver filed by Colleen M. Debarr, D.P.M. The Petitioner filed a petition for variance or waiver from Rules 64B18-11.001 and 64B18-11.002, F.A.C., on April 20, 2009. The Notice of Petition for variance or waiver was published in Vol. 35, No. 17, of the May 1, 2009, Florida Administrative Weekly. The petition was heard at a duly-noticed public meeting of the Board of Podiatric Medicine via teleconference on May 18, 2009. The Board's Order, filed on May 20, 2009, grants the petition for variance or waiver, finding that the Petitioner demonstrated that the purpose of the underlying statute would be met by showing she is well qualified and meets the prior

licensure and education requirements of Section 461.006, Florida Statutes. Petitioner further demonstrated that the Board's application of Rules 64B18-11.001 and 64B18-11.002, F.A.C., to her circumstances would impose a substantial economic hardship.

A copy of the Order may be obtained by contacting: Joe Baker, Jr., Executive Director, Board of Podiatric Medicine, 4052 Bald Cypress Way, Bin #C07, Tallahassee, Florida 32399-3257.

DEPARTMENT OF FINANCIAL SERVICES

NOTICE IS HEREBY GIVEN THAT on April 13, 2009, the Department of Financial Services, Division of State Fire College has issued an order.

The Order has been assigned the number 102844-09-FM. On February 19, 2009, the Department of Financial Services, Division of State Fire College, received a Petition for Variance or Waiver from Petitioner, Jonathan P. Herlocker. On March 13, 2009, a Notice of receipt of this Petition was filed in Vol. 35, No. 10, of the Florida Administrative Weekly. Petitioner sought a variance of Rules 69A-37.084 and 69A-37.085, Florida Administrative Code, which set forth the requirements for firefighter supplemental compensation. Because Petitioner holds a degree from an educational institution which has chosen not to seek accreditation over concerns that it would jeopardize its religious and philosophical distinctive. Petitioner sought a variance from the requirement that an "eligible Bachelor's Degree" must be conferred by a post-secondary institution that has received accreditation "from an accrediting agency that is recognized by the U.S. Department of Education." The Department examined the documentation submitted by Petitioner in support of his Petition and determined that a variance or waiver of Rules 69A-37.084 and 69A-37.085, Florida Administrative Code, was warranted to the limited extent that "accredited" does not require "accreditation from an accrediting agency that is recognized by the U.S. Department of Education" under these particular facts and circumstances.

A copy of the Order may be obtained by contacting: Regina Keenan, Senior Attorney, Department of Financial Services, 200 East Gaines Street, Tallahassee, Florida 32399-0333, (850)413-4236.

LEA AND ELLIOTT, INC.

The **Broward County Port Everglades Department** and Aviation Department in partnership with the Federal Highway Administration, the Florida Department of Transportation District 4, have scheduled a Public Hearing for the Broward County Intermodal Center and People Mover System “SunPort,” Project Development and Environment (PD&E) Study in Broward County, Florida to which all persons are invited.

DATE AND TIME: Thursday, June 25, 2009, 6:00 p.m.

PLACE: Broward County Aviation Department, Auditorium, 100 Aviation Boulevard, Fort Lauderdale, FL 33315

GENERAL SUBJECT MATTER TO BE CONSIDERED: This Hearing is being held to allow interested persons an opportunity to express their views concerning the location, conceptual design and social, economic, and environmental

effects of the proposed Broward County Intermodal Center and People Mover System "SunPort" PD&E Study. (FPID #415481.1).

The Intermodal Center could provide a regional transportation hub to connect transit users to the Fort Lauderdale-Hollywood International Airport (FLL) and the Port Everglades (Seaport). The People Mover could offer a high capacity system to provide efficient access to FLL and to the Seaport, and between FLL and the Seaport for regional users, employees and air/sea patrons. The goal is to alleviate road congestion on the limited access roads to the two facilities and facilitate the need for efficient freight, cargo and petroleum movement out of the regionally significant port.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status.

DEPARTMENT OF EDUCATION

NOTICE TO DESIGN BUILDERS

The University of Central Florida announces that design build services will be required for the project listed below:

Project No.: UCF-TBD, Project and Location: Distributed Antenna Design and Construction, University of Central Florida, Orlando, FL 32816)

Project description: The project consists of developing, engineering, designing and constructing a distributed antenna system for the UCF campus and certain buildings located in the Central Florida Research Park to enhance the coverage and capacity of all cellular service formats including the future 700MHz ranges and NexTel iDEN, the public safety 700 and 800MHz frequencies, Wi-Fi, and WiMax. The DAS system is to be engineered to result in a system with high flexibility in configuration changes, have low on-going operational costs, and have a high level of service reliability.

The selected Design Build (DB) team will provide design, construction documents, and construction administration services with a two (2) year warranty.

Conceptual and schematic design shall take place onsite with the University in an interactive, charette-style format. The design team shall prepare graphic illustrations of design concepts for review and will participate in the presentation of those concepts.

The approximate dollar value of this project will be determined by the Design Build Team.

The contract for design build services will consist of two phases. Phase one is pre-construction services, for which the design builder will be paid a fixed fee. Phase one services include value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) at 75% Construction Document phase. If the GMP is accepted, phase two, the construction phase, will be implemented. The design builder is the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts, encouraging the inclusion of Minority Business Enterprises (MBEs). Failure to negotiate an acceptable fixed fee for phase one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the design builder's contract.

Selection of finalists for interviews will be made on the basis of the design builder's qualifications, including experience and ability; past experience; bonding capacity; cost estimating; qualification of the firm's personnel, staff and consultants. Finalists will be provided with a copy of the final interview requirements and a copy of the standard University of Central Florida design build agreement.

Carefully review the Design Build Contract and General Conditions documents. Submitting a proposal for this project constitutes complete agreement with and acceptance of the terms and conditions contained within these documents. These documents can be found on our website at www.fp.ucf.edu with the advertisement. The Selection Committee may reject all proposals and stop the selection process at any time.

Firms desiring to provide design build services for the project shall submit a letter of application and a completed University of Central Florida "Design Builder Qualifications

Supplement.” Proposals must not exceed 40 pages, including the Design Builder Qualifications Supplement and letter of application. Pages must be numbered consecutively. Submittals which do not comply with these requirements or do not include the requested data will not be considered. No submittal material will be returned.

All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a design build firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected design build firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of placement on the convicted vendor list.

The University of Central Florida Design Builder Qualifications Supplement forms and the Project Fact Sheet which contains the selection criteria may be obtained by contacting: Gina Seabrook, Office of Facilities Planning, University of Central Florida, 4000 Central Florida Boulevard, Post Office Box 163020, Orlando, Florida 32816-3020, (407)823-2166, Fax: (407)823-5141, email: gseabroo@mail.ucf.edu or on our website www.fp.ucf.edu.

Please submit all questions in email: gseabroo@mail.ucf.edu.

Five (5) bound copies of the required proposal data shall be submitted to: Mrs. Gina Seabrook, Facilities Planning, 4000 Central Florida Blvd., Post Office Box 163020, Orlando, FL 32816-3020. Submittals must be received by 4:30 p.m. (Local Time), July 7, 2009. Facsimile (FAX) submittals are not acceptable and will not be considered. Late submissions will not be accepted.

**NOTICE TO ARCHITECTS AND
CONSTRUCTION MANAGERS**

The University of Central Florida on behalf of its Board of Trustees announces that Professional Services in the disciplines of architecture and construction management will be required for the project listed below:

Project No. UCF-546 College of Nursing Building
Project and Location: College of Nursing Building, University of Central Florida, Lake Nona Health Sciences Campus, Orlando, Florida.

The projects consist of the design and construction of a new facility. The project will be in two phases. The space categories and square footage for each phase will be determined during program verification.

The project cost will be determined during program verification and will depend on the award of a National Institute of Health grant for Phase I funding, including planning, construction and furnishings/equipment. There will be two separate contracts for this project, one for the Architect (A/E) and one for the Construction Manager (CM).

FORM OF PROPOSALS

It is the University’s intention to have professionals in the disciplines of architecture and construction management to submit proposals separately one for architect and one for construction manager. Proposal reviews, selection and interviews will be conducted separately.

This facility will be the in the early planning phase in the fiscal year 2010-11. The selected architect and construction manager will provide program verification, design, construction documents, and administration for the referenced project. Blanket professional liability insurance for the Architect/Engineer will be required for this project in the amount of \$2,000,000 and will be provided as a part of Basic Services.

Five (5) bound copies of the required proposal data shall be submitted to: Mrs. Gina Seabrook, Facilities Planning, 4000 Central Florida Blvd., Post Office Box 163020, Orlando, FL 32816-3020. Submittals must be received by 5:00 p.m. (Local Time), July 17, 2009. Facsimile (FAX) submittals are not acceptable and will not be considered. Late submissions will not be accepted.

The selection committee members have elected not to meet with proposed firms. Please do not contact the selection committee.

**INSTRUCTIONS FOR ARCHITECT AND
CONSTRUCTION MANAGEMENT**

Architects and Construction Management firms desiring to apply for consideration must include a letter of application and should have attached:

1. The most recent version of the Florida Board of Education “Professional Qualifications Supplement” (PQS) dated 7/03, completed by the applicant. Do not alter the PQS form.
2. A copy of the firms current Professional Registration Certificates from the appropriate governing board. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.
3. The most recent version of the Florida Board of Education “Revised Construction Manager Qualifications Supplement” (CMQS) dated 02/02. Do not alter the CMQS form.

Applications that do not comply with all instructions may be disqualified. Application materials will not be returned.

Selection of finalist for interviews will be made on the basis of architect/engineer and construction manager qualifications separately, including experience and ability; past experience; bonding capacity; cost estimating; qualification of the firm's personnel, staff and consultants; and ability to include minority business enterprise participation. Finalists will be provided with a description of the final interview topics. The Selection Committee may reject all proposals and stop the selection process at any time.

The plans and specifications for Florida Board of Education projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of placement on the convicted vendor list.

Carefully review the Architect/Engineer, Construction Management Contract and General Condition's documents. Submitting a proposal for this project constitutes complete agreement with and acceptance of the terms and conditions contained within these documents. These documents can be found on our website at www.fp.ucf.edu with the advertisement.

INSTRUCTIONS FOR CONSTRUCTION MANAGERS

All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a construction management firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction management firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

CONSTRUCTION MANAGEMENT CONTRACT

The contract for construction management services will consist of two phases. Phase one is pre-construction services, for which the construction manager will be compensated. Phase one services include value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) at 50% Construction Documents. If the GMP is accepted, phase two, the construction phase, will be implemented. In phase two of the contract, the construction manager becomes the single point of responsibility for performance of the construction of

the project and shall publicly bid trade contracts. Failure to negotiate an acceptable GMP within the time provided in the agreement may result in the termination of the construction manager's contract.

Project Fact Sheet contains the selection criteria which is the primary basis for determining the shortlist. The Project Fact Sheet, Professional Qualifications Supplement forms, Construction Manager Qualifications Supplement forms, descriptive project information, and selection criteria may be obtained by contacting: Ms. Gina Seabrook, University of Central Florida, (407)823-2166, Fax: (407)823-5141, email: gseabroo@mail.ucf.edu, or the Facilities Planning Web Site: www.fp.ucf.edu under the heading advertisements.

POINT OF CONTACT: Department of Military Affairs, Construction and Facility Management Office, Contracting Branch at (904)823-0255, (904)823-0252 or e-mail: cfmocontracting@fl.ngb.army.mil.

SERVICES TO BE PROVIDED: CFMO will contract with a single contract entity, for each project listed above, whose Design – Build team shall provide all services including, but not necessarily limited to site investigation, preconstruction,

schematic and preliminary designs, constructability reviews, complete design and engineering, construction documents, specifications, detailed line-item construction cost estimates, procurement, permitting and permits, bidding, labor, materials, equipment, construction management, and construction required to provide upgrades and repair to code.

Blanket professional design liability insurance will be required for each project in the amount of \$250,000.00 and will be provided as a part of the services. The respondent must be capable of bonding at 100% of the value of the contract with a surety licensed to do business in the State of Florida with a Best rating of A, Class VIII.

SELECTION INFORMATION: Selection of applicants for consideration will be made on the basis of Design-Build successful relative experience of the Architect-Engineer firm and the General/Building Contractor and their ability to perform based on, but not limited to the information submitted on DBC Forms 5085 and 5112 for licensed and/or professional personnel; professional services qualifications, financial capability, recent, current, and projected workloads of the Design-Build team members, and location of their office in relation to the project site. A minimum requirement of two successfully completed projects within the previous three years of similar size, scope and complexity shall apply. The qualifications packages will be reviewed and three semi-finalists will be interviewed to determine the best qualified Design-Build team for this project. The three semi-finalists may be required to participate in formal presentations or telephone interviews. The selection committee may reject all submissions and stop the selection process at any time. Additional building requirements and information will be provided to short-listed firms at the Mandatory Site Visit. Order of Negotiations for the selected shortlisted firms will be made on the basis of past performance references, knowledge of site and local conditions, proposed project staff, ability to meet budget, ability to meet project schedule, understanding program and requirements, and approach and methodology.

CONTRACT AWARD: The short list for interviews and the final order of negotiations will be posted on the MyFlorida.com website http://vbs.dms.state.fl.us/vbs/main_menu. Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes. If no protest is filed, a contract will be negotiated with the firm which the Department considers the most qualified for the intended project. If an agreement, for compensation which the Department determines is fair, competitive, and reasonable, cannot be reached and the Department is unable to negotiate a satisfactory contract, negotiations will be formally ceased and negotiations shall be undertaken with the firm the Department has determined is the second most qualified after Departmental review of the submissions.

One original and four copies of each submission document are required. Forms must be electronically obtained in MICROSOFT WORD software format (file extension “.doc”-document format) from CFMO-Contracting Branch, telephone: (904)823-0252 or (904)823-0255 or e-mail: cfmocontracting@fl.ngb.army.mil. Forms are available in Adobe Acrobat software (file extension “.pdf”-portable document format) with the original solicitation on the Vendor Bid System on MyFlorida.com. CFMO issued forms must be used. No other forms or format will be accepted.

Submittals received after the due date will not be considered. However, submittals may be sent to the CFMO-Contracting Branch any time prior to the final due date.

Submittals are to be sent to Department of Military Affairs, Construction & Facility Management Office (CFMO), Attention: Contracting Branch, Robert F. Ensslin, Jr., National Guard Armory, 2305 State Road 207, St. Augustine, Florida 32086.

Faxed or e-mailed submittals are not acceptable and will not be considered. All instructions must be complied with and requested data must be included in order for your firm to be considered for this project. All information received will be maintained with the Department and will not be returned.

Request for private meetings by individual firms will not be granted. No individual verbal communication shall take place between any applicants and the Owners, or Owner’s representatives. Request for any additional information, clarifications, or technical questions must be requested in writing.

Section XII Miscellaneous

DEPARTMENT OF COMMUNITY AFFAIRS

NOTICE OF INTENT TO FIND PUBLIC SCHOOLS INTERLOCAL AGREEMENT CONSISTENT WITH SECTIONS 163.31777(2) AND (3), FLORIDA STATUTES DCA DOCKET NO. 13-34

The Department gives notice of its intent to find the Public Schools Interlocal Agreement (“Agreement”) executed between the Miami-Dade County School Board and the City of Doral, pursuant to Section 163.31777, F.S., to be consistent with the minimum requirements of Sections 163.31777(2) and (3), F.S.

The Agreement is available for public inspection Monday through Friday, except for legal holidays, during normal business hours, at the City of Doral, 8300 N. W. 53rd Street, Suite 206, Doral, Florida 33166.

Any affected person, as defined in Section 163.31777(3)(b), F.S., has a right to petition for an administrative hearing to challenge the proposed agency determination that the Agreement is consistent with the minimum requirements of Section 163.31777(2), F.S. The petition must be filed within twenty-one (21) days after publication of this notice in the Florida Administrative Weekly, and must include all of the information and contents described in Uniform Rule 28-106.201, F.A.C. The petition must be filed with: Agency Clerk, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, and a copy mailed or delivered to Miami-Dade County School Board and the City of Doral. Failure to timely file a petition shall constitute a waiver of any right to request an administrative proceeding as a petitioner under Sections 120.569 and 120.57, F.S. If a petition is filed, the purpose of the administrative hearing will be to present evidence and testimony and forward a recommended order to the Department. If no petition is filed, this Notice of Intent shall become final agency action.

If a petition is filed, other affected persons may petition for leave to intervene in the proceeding. A petition for intervention must be filed at least twenty (20) days before the

final hearing and must include all of the information and contents described in Uniform Rule 28-106.205, F.A.C. A petition for leave to intervene shall be filed at: Division of Administrative Hearings, Department of Management Services, 1230 Apalachee Parkway, Tallahassee, Florida 32399-1550. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such a person has to request a hearing under Sections 120.569 and 120.57, F.S., or to participate in the administrative hearing.

If a formal or informal proceeding is commenced as described above, any party to that proceeding may suggest mediation under Section 120.573, F.S. Mediation is not available as of right, and will not occur unless all parties agree to participate in the mediation. Choosing mediation does not affect the right to an administrative hearing.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

Solicitations of Applications for Challenge Grants
To Lead Agencies for Homeless Assistance

Pursuant to Section 420.622 Florida Statutes, the Department of Children and Families through the State Office on Homelessness, hereby solicits applications for Challenge Grants to lead agencies for homeless assistance continuums of care designated by the State Office on Homelessness. A lead agency may be a local homeless coalition, municipal or county government, or other public agency, or a private not for profit corporation. Such grants may be up to \$150,000 per lead agency.

To qualify for the grant, a lead agency must develop and implement a local homeless assistance continuum of care plan for its designated catchment area.

Preference will be given to those lead agencies that have demonstrated the ability of their continuum of care to provide quality services to homeless persons and the ability to leverage federal homeless assistance under the Stewart B. McKinney Act and private funding for the provision of services to homeless persons. Preference will also be given to lead agencies in catchment areas with the greatest need for the provision of housing and services to the homeless, relative to the population of the catchment area.

Lead agencies wishing to apply for such Challenge grants may request an application package from:

Office on Homelessness
1317 Winewood Boulevard
Tallahassee, FL 32399-0700
(850)922-4691

The deadline for submission of applications to the Office on Homelessness shall be 3:00 p.m. (EDT), July 10, 2009.

Solicitations of Applications for Homeless Housing Assistance
Grants To Lead Agencies for Homeless Assistance

Pursuant to Section 420.622, Florida Statutes, the Department of Children and Families, through the State Office on Homelessness, hereby solicits applications for homeless housing assistance grants to lead agencies for homeless assistance continuums of care designated by the State Office on Homelessness. A lead agency may be a local homeless coalition, municipal, or county government, or other public agency, or a private not-for-profit corporation. Such grants may be up to \$750,000 per project, with no more than two grants awarded annually in any given continuum of care catchment area.

To qualify for the grant, a lead agency must develop and implement a local homeless assistance continuum of care plan for its designated catchment area.

Preference will be given to those lead agencies that build or rehabilitate the greatest number of units and who leverage additional private and public funds, particularly federal funds designated for construction and rehabilitation of transitional, or permanent housing for homeless persons. Preference will also be given to lead agencies in catchment areas with the greatest need for the provision of housing to the homeless, relative to the population of the catchment area.

Lead agencies wishing to apply for such homeless housing assistance grants may request an application package from:
