The Council believes that individuals with developmental disabilities should be included in all aspects of life – school, community, work, and play. Advocates who are more informed are better equipped to obtain the supports they need to live successful lives in the community. Advocates need training and access to information to help them navigate the complex disability system and empower them to obtain the support they need. FDDC has set aside federal funds for a period not to exceed one (1) year for fiscal support of this RFP. Interested parties should obtain a copy of RFP #2010-IP-100 for specific information related to funding amounts. Individuals, not-for-profit agencies and for-profit agencies may submit proposals in response to this RFP.
