As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Any individual associated with a consultant who contacts members of the Selection Committee, regarding any aspect of this project, whether such contact be in person, telephone, or through electronic or written correspondence, may be determined to have violated the terms and conditions of this solicitation. If that determination is made, any proposal received from such an individual OR their company may be rejected as non-responsive and not subject to evaluation. DEPARTMENT OF COMMUNITY AFFAIRS

Notice of Funding Availability for the Flood Mitigation Assistance, Repetitive Flood Claims and Severe Repetitive Loss Grant Programs

The Florida Division of Emergency Management (DEM) is pleased to announce the opening of the FY 2012 application cycle for three flood mitigation grant programs funded by the Federal Emergency Management Agency (FEMA). The flood grants provide opportunities to local governments in assisting interested National Flood Insurance Program (NFIP) property owners in their areas who want to implement mitigation solutions that protect their homes against future flood damage. The three grant programs differ primarily in the ratio of federal share funds paid by FEMA, the non-federal matching funds expected from the NFIP property owner AND the number of NFIP claims on file for the property as outlined below. In each case, the property must have a current NFIP insurance policy in effect.

FEMA Grant Program	Federal Share	Local (Homeowner) Match	Minimum # of NFIP Claims
Severe Repetitive Loss Program (SRL)	90%	10%	Four
Flood Mitigation Assistance Program (FMA)	75%	25%	None
Repetitive Flood Claims Program (RFC)	100%	0%	One

Local governments may submit FY 2012 subapplications to the Division of Emergency Management by 5:00 p.m. on October 3, 2011. Any applications received after this date may have to be considered for the next funding cycle. After a technical feasibility and cost effectiveness review, DEM will submit eligible subapplications to FEMA.

Sub-applications for the three programs must be submitted to the DEM using FEMA's eGrants System. Interested and eligible entities may register for eGrants at <https://portal.fema.gov>. In addition, a Benefit Cost Analysis for each subapplication must be conducted and attached to the application using FEMA's BCA Toolkit. You are invited to review detailed FEMA guidance on each program at <http://www.fema.gov/library/viewRecord.do?id=4225>.

Grant Program Highlights

Sub-Applicant Eligibility: Local governments and Native American Indian Tribes that participate in the National Flood Insurance Program and have a FEMA approved Local Mitigation Strategy are eligible to submit applications on behalf of property owners with current NFIP insurance who can meet the non-federal cost-share requirements.
