Someone unrelated to the dentist shall verify the Full-Time Practice Spreadsheet, by signing the same document with the same verification clause or by submitting a document (affidavit) verified in compliance with Section 92.525, Florida Statutes. The verified document must attest that the dentist has been engaged in the full-time practice as indicated by the Full-Time Practice Spreadsheet.

(b) Additional Verified Documents:

Each category of full-time practice claimed must be supported by the following documentation, which establishes or supports the spreadsheet submitted.

1. A verified copy of financial or business record documents, reflecting the dates of employment that match the spreadsheet; a verified copy of a patient log or appointment schedule (names of patients shall be redacted to reflect initials only). The Board will request verified financial billing documents to corroborate the patient log if the Board finds the patient log or appointment schedule lacking credibility.

(4) Mandatory Submission:

(a) All documentation shall be submitted to the Board office within thirty days prior to the expiration of the first year of practice. The initial day of licensure shall not count. A failure to timely submit all required documentation will lead to the expiration of licensure in compliance with Section 466.006(6)(c), Florida Statutes.

(b) The dentist shall make certain that all submissions are timely, accurate, legible, and authentic to avoid the expiration of the dental licensee. The Board is authorized to require the licensee and the licensees’ witness to appear before the Board and give oral testimony under oath to assess credibility and accuracy.

Indicators of Controlled Substance Abuse

PURPOSE AND EFFECT: As required by law, the purpose of this new rule is to establish the criteria indicating that a patient may be abusing controlled substance prescription drugs.

**SUMMARY:** This rule sets forth the criteria under which an individual may be identified as abusing controlled substance prescription drugs. It authorizes the Program Manager to provide relevant information to the health care practitioners who have prescribed or dispensed controlled substances to that individual.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The agency does not anticipate the need for ratification as the amendment of this rule will not have the adverse impact or regulatory costs in excess of \$1 million in five years as established in Section 120.541(2)(a)1., 2. and 3., F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

<b>RULE NO.:</b>	<b>RULE TITLE:</b>
68B-27.017	Apalachicola Bay Oyster Harvesting Restrictions

**PURPOSE AND EFFECT:** The purpose of this rule amendment is to allow the harvest of oysters seven days a week, year round, in Apalachicola Bay. The Department of Agriculture and Consumer Services (DACS) has recently made rule amendments in response to the national Shellfish Sanitation Program guidelines as it relates to *Vibrio vulnificus*. The amendment significantly reduces the allowable daytime hours for the harvest of oysters. DACS has requested FWC allow the harvest of oysters seven days a week, year round, to make up for the reduced allowable daily harvest time on the water. The effect of this rule would allow for additional days on the water for the harvest of oysters.

**SUMMARY:** Rule 68B-27.017, F.A.C., (Apalachicola Bay Oyster Harvesting Restrictions) would be amended to remove language that prohibits the harvest of oysters on Friday or Saturday from June 1 through August 31 and on Saturday or Sunday from September 1 through November 15. Language will remain in the existing rule that closes harvest on weekends November 16 through May 31 if the monitoring program determines the resource cannot sustain harvest of 300 bags of oysters per acre.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 38, No. 4, January 27, 2012 issue of the Florida Administrative Weekly.

The Agency determined repeal of the rule is not expected to require legislative ratification. Agency review of the impact of this rule repeal determined no SERC is required. This determination was based on the fact that statutory authority does not exist for this rule. A SERC has not been prepared by the Agency.

The Agency proposes to repeal the rule based upon no statutory mandate for its purpose. The Agency rule reduction review determined repealing the rule the will reduce confusion and enhance compliance activity for regulated entities.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 38, No. 8, February 24, 2012 issue of the Florida Administrative Weekly.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS:

A SERC has been prepared by the Agency. Based on information from the SERC, the Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. Also, based on this information at the time of the analysis and pursuant to Section 120.541, F.S., the rule will not require legislative ratification.

Any person who wishes to provide information regarding the statement of estimated regulatory costs or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

To summarize the SERC analysis, home and community based services waiver programs that offer disposable incontinence medical supplies will be impacted by this rule. The rule will impose no direct cost to state and local governments nor will it have any impact to state or local revenues. The Agency does not anticipate any impact on small counties or small cities. There will be no transactional costs for providers, as the billing codes being used are nationally recognized standard codes. Training for waiver support coordinators may be required to use the new billing codes and fees. At the time the SERC was completed, there were 653 disposable incontinence medical supply providers providing services to the waivers. The Agency did not receive any lower cost alternatives.

**Agency for Persons with Disabilities**

RULE NO.: 65G-2.016  
 RULE TITLE: Residential Fee Collection

**NOTICE OF CHANGE**

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 38, No. 11, March 16, 2012 issue of the Florida Administrative Weekly.

65G-2.016 Residential Fee Collection.

(1) This rule applies to all clients, as defined in Section 393.063, Florida Statutes, who are eighteen years of age or older, who receive residential habilitation services, and who live in a foster care facility, group home facility, residential habilitation center, or comprehensive transitional education program, licensed pursuant to Section 393.067, Florida Statutes.

(2) Definitions. For the purposes of this rule, the following terms shall be defined as follows:

- (a) Agency. As defined in Section 393.063, F.S.
- (b) Benefit Payments. As defined in Section 402.33, F.S.
- (c) Client. As defined in Section 393.063, F.S.,

(d) Gross income. For the purposes of this rule Gross income includes the sum of the client’s benefit payments and third party benefits less any deduction authorized in writing by the Social Security Administration or the Agency for Persons with Disabilities. Deductions may only be authorized by the Agency for Persons with Disabilities if the client is using benefit payments or third party benefits to offset a voluntary reduction in the client’s Medicaid Waiver services or if the benefit payments or third party benefits are used as a required payment, co-payment, or co-insurance for Medicare or Medicaid services, including, but not limited to prescribed drugs. This term does not include the client’s earned income.

(e) Personal Needs Allowance. A portion of the benefit payments and third party benefits that must be set aside and used for the direct benefit of the client. For purposes of this rule, a client’s personal needs allowance is \$93.58 per month.

(f) Residential Habilitation. Supervision and specific training activities that assist the client to acquire, maintain or improve skills related to activities of daily living. The service focuses on personal hygiene skills such as bathing and oral hygiene; homemaking skills such as food preparation, vacuuming and laundry; and on social and adaptive skills that enable the client to reside in the community. This training is provided in accordance with a formal implementation plan, developed with direction from the client and reflects the client’s goal(s) from their current support plan.

(g) Room and Board Payment. Reimbursement to the operators of facilities or programs licensed pursuant to Section 393.067, Florida Statutes, to cover the cost of providing food and shelter to Agency clients who also receive residential habilitation services in accordance with Chapter 65G-2 of the Florida Administrative Code. For purposes of this rule, a client’s room and board payment is \$543.42 per month.

(h) Third party benefits. As defined in Section 402.33, F.S.

(3) Room and Board Payment Rates. Providers serving clients who receive residential habilitation services within a facility licensed pursuant to Section 393.067, Florida Statutes, will receive a room and board payment which is dependent upon the amount of benefit payments and third party benefits the client receives.

(4) Payments to Providers:

The room and board payment is calculated by subtracting a personal needs allowance (\$93.58 per month) from the client’s monthly benefit payments and third party benefits. The room and board (\$543.42) payment is then subtracted from the remaining total. If any benefit payments or third party benefits remain after subtracting the personal needs allowance and room and board payment, the remaining balance shall be subject to the provisions in subsection (5) below.

(5) Fees assessed for Residential Habilitation services:

(a) If a client receives residential habilitation services in a facility licensed pursuant to Section 393.067, Florida Statutes, and the client’s monthly gross income exceeds the client’s

personal needs allowance and the client’s room and board payment, the client must send the excess gross income to the Agency for Persons with Disabilities.

(b) Payments made pursuant to paragraph (5)(a) must be sent to the local APD area office by the 15th day of the month after receipt of the third party benefit payments. If the 15th of the month falls on a weekend, state holiday, or national holiday, then the payment due date will be the next business day immediately thereafter. Checks or money orders should be made payable to Agency for Persons with Disabilities (or APD). Individuals or organizations serving as the representative payee for multiple clients may submit a single check or money order to the Agency each month.

(c) Clients or representative payees for clients shall submit an accounting for any deductions in the calculation of the fees assessed pursuant to this subsection.

(6) Mandatory Monthly Reports to the Agency.

(a) Every client or representative payee for a client, including a facility or program licensed pursuant to Section 393.067, Florida Statutes, must report to the appropriate APD area office by the 15th day of the month. The report must include a calculation for each client that includes:

- a. The total gross income that the client receives;
- b. The amount to be subtracted for payment of the client’s room and board and for the client’s personal needs allowances;
- c. The total amount owed to the provider pursuant to subsection (4) of this rule or the total amount of the fee assessed pursuant to subsection (5) of this rule.

(b) If the monthly report described in this subsection indicates that a fee should be assessed to the client’s third party benefits pursuant to subsection (5) of this rule, the client or representative payee for the client must also include a payment of the assessed fee with the monthly report.

(c) If the 15th day of the month falls on a weekend, state holiday, or national holiday, then the payment due date will be the next business day immediately thereafter.

(7) Review of Assessed Fees.

(a) Substantially affected individuals may request a review the fees assessed upon their gross income by submitting a request for review to the applicable area office. The client or responsible party must notify the agency, in writing, of the request for review of the fee assessed, and must submit any receipts, tax records, bills, certified statements or other documentation needed to substantiate the request for a review of the fee.

(b) If the substantially affected individuals still disagree with the fees assessed upon their third party benefit payments after their request for review, they may request an administrative hearing pursuant to Section 393.125, Florida Statutes.

**DEPARTMENT OF LAW ENFORCEMENT**

NOTICE IS HEREBY GIVEN that on February 29, 2012, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Indialantic Police Department on behalf of Sergeant Theodore Baker for the 2008 (7/1/2006 – 6/30/2008) mandatory firearms requalification reporting cycle.

Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule and supervised by a CJSTC-certified firearms instructor. The petition supports the requested waiver by stating that Sergeant Baker completed the course of fire for the 2008 reporting cycle, however, his requalification shoot was not supervised by a CJSTC-certified firearms instructor. Petitioner states that Sergeant Baker will suffer a substantial hardship if his certification is rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that Sergeant Baker, himself a CJSTC-certified firearms instructor, did successfully complete the requirement, his only deficiency being that he was supervised by non-CJSTC-certified firearms instructors for the 2008 mandatory reporting cycle.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

The Board of Cosmetology hereby gives notice of the issuance of an Order regarding the Petition for Variance or Waiver for Planet Fitness, filed on November 16, 2011. The Board considered the Petition at a duly-noticed public meeting held on January 24, 2012.

The Board's Order, filed on March 6, 2012, denies the Petition for Variance or Waiver. The Board determined that the Petitioner has not sufficiently demonstrated substantial hardship justifying a variance or waiver of the rule.

The Construction Industry Licensing Board hereby gives notice of the issuance of an Order regarding the Petition for Variance or Waiver for Aldria White, filed on January 20, 2012. The Notice of Petition for Variance or Waiver was published in Vol. 38, No. 5, of the February 3, 2012, Florida Administrative Weekly. The Board considered the Petition at a duly-noticed public meeting held on February 10, 2012. The Petitioner did not state in her request from which rule the

Petitioner is seeking the Variance or Waiver. However, it appears the Petitioner is seeking a permanent waiver or variance of Rule 61G4-16.005, F.A.C., limiting the period a passing grade is valid for purposes of certification to 4 years.

The Board's Order, filed on March 8, 2012, denies the Petition for Variance or Waiver related to Rule 61G4-16.005, F.A.C. Petitioner has not shown that petitioner would suffer a demonstrated economic, technological, legal, or other type of hardship that would constitute a substantial hardship. Since the Petitioner has not shown a substantial hardship or that application of the rule would violate principles of fairness, the Board did not further consider the Petition.

A copy of the Order or additional information may be obtained by contacting: Drew Winters, Executive Director, Construction Industry Licensing Board, P. O. Box 5257, Tallahassee, Florida 32314-5257.

#### DEPARTMENT OF ENVIRONMENTAL PROTECTION

The Department of Environmental Protection, South District hereby gives notice that on March 7, 2012, the Department issued an order granting a variance to the City of Cape Coral (Petitioner). The petition was received on September 22, 2012, and the notice of receipt of this petition was published in the Florida Administrative Weekly on October 21, 2011. The petition requested a variance from paragraph 62-604.400(2)(a), F.A.C. Paragraph 62-604.400(2)(a), F.A.C., requires lift stations that receive flow from one or more pump stations through a force main or lift stations discharging through pipes 12 inches or larger to provide for uninterrupted pumping capabilities, including an in-place emergency generator. The Petitioner requested a variance for this provision but will use alternative methods and portable generators that is more cost-effective and provides similar assurances of continued operation during emergencies. No public comment was received. The Order, file number [OGC Case No.: 11-1357], granted the Petition for the variance, based on a showing that Petitioner demonstrated that a strict application of the rule

would result in substantial hardship to Petitioner or would affect Petitioner differently than other similarly situated applicants and because Petitioner had successfully fulfilled the requirements of the underlying statute.

A copy of the Order or additional information may be obtained by contacting: Gary Maier, Department of Environmental Protection, South District Office, P. O. Box 2549, Ft. Myers, FL 33902, (239)334-5664, gary.maier@dep.state.fl.us.

DEO Final Order No.: DEO-12-022

DEPARTMENT OF ECONOMIC OPPORTUNITY

In Re: MONROE COUNTY LAND

DEVELOPMENT REGULATIONS

ADOPTED BY MONROE COUNTY

ORDINANCE NO. 025-2011

FINAL ORDER

The Department of Economic Opportunity (the "Department") hereby issues its Final Order, pursuant to Sections 380.05(6) and 380.0552(9), Florida Statutes (2010), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On January 23, 2012, the Department received for review Monroe County Ordinance No. 025-2011 ("Ord. 025-2011"), adopted by Monroe County on December 14, 2011.
3. The purpose of Ord. 025-2011 is to amend Monroe County Code Section 138-23, Moratorium on New Transient Units to revise the date on which the moratorium shall expire to May 1, 2014, to be consistent with Policy 101.2.6 of the Monroe County Comprehensive Plan.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. Sections 380.05(6) and 380.0552(9), Florida Statutes (2010).
5. Monroe County is a local government within the Florida Keys Area of Critical State Concern. Section 380.0552, Florida Statutes (2010) and Rule 28-29.002 (superseding Chapter 27F-8), Florida Administrative Code.
6. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. Section 380.031(8), Florida Statutes (2010). The regulations adopted by Ord. 025-2011 are land development regulations.
7. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in Section 380.0552(7), Florida Statutes. See Rathkamp v. Department of Community Affairs, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff'd, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

8. Ord. 025-2011 is consistent with and furthers the following Principles:
  - (a) To strengthen a local government’s capabilities for managing land use and development so that the local government is able to achieve these objectives without continuing the area of critical state concern designation.
  - (j) To make available adequate affordable housing for all sectors of the population of the Florida Keys.
  - (l) To protect the public health, safety, and welfare of the citizens of the Florida Keys and maintaining the Florida Keys as a unique Florida resource.
9. Ord. 025-2011 is consistent with the Principles for Guiding Development as a whole.
10. Ord. 025-2011 furthers the Monroe County Comprehensive Plan Objective 101.2; Policy 101.2.3; Policy 101.2.6; and Policy 101.2.13.

WHEREFORE, IT IS ORDERED that Ord. 025-2011 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

\*\*\* PUBLIC NOTICE \*\*\*

U.S. Environmental Protection Agency  
Technical Exemption Under the Outer Continental Shelf Air  
Regulations for Eni US Operating Co., Inc.

Public Comment Period: March 23, 2012 – April 23, 2012  
The United States Environmental Protection Agency (EPA) is seeking public comment on a preliminary determination for Eni US Operating Company Incorporated (Eni), 1201 Louisiana, Suite 3500, Houston, Texas 77002. The preliminary determination proposes to grant an exemption under Title 40, Code of Federal Regulations (CFR), part 55.7 for two crane engines on board the Pathfinder drill ship that Eni proposes to operate within lease block, Lloyd Ridge 411, on the Outer Continental Shelf (OCS) in the Gulf of Mexico. The drill site is located at latitude 27° 35' and longitude 87° 12', or approximately 154 miles southeast of the mouth of the Mississippi River and 189 miles south of the nearest Florida coast.

The EPA Region 4 is the agency responsible for implementing and enforcing Clean Air Act (CAA) requirements for OCS sources in the Gulf of Mexico east of 87°30' (87.5). Pursuant to section 328 of the CAA, 42 U.S.C. § 7627, and the air quality regulations applicable to OCS sources set forth in 40 CFR part

55, an OCS source is required to obtain an air quality permit before beginning construction and an operating permit within 12 months of becoming an OCS source.

Eni's exploration drilling program is a major source under the applicable Prevention of Significant Deterioration and title V permitting requirements. Eni is applying Best Available Control Technology for carbon monoxide, volatile organic carbon, particulate matter, particulate matter with an aerodynamic diameter less than 2.5 microns, particulate matter with an aerodynamic diameter less than 10 microns, and greenhouse gas, measured as carbon dioxide equivalents.

An OCS source must comply with any New Source Performance Standard (NSPS) applicable to its source category. See 40 CFR § 55.13(c). Eni requested an exemption, pursuant to 40 CFR § 55.7, from NSPS 40 CFR part 60 subpart IIII, for two crane engines. The OCS regulations at 40 CFR § 55.7 allow the administrator to exempt a source from a control technology requirement if "the administrator or the delegated agency finds that compliance with the control technology requirement is technically infeasible or will cause an unreasonable threat to health and safety." Based on a review of the current technology, the EPA has determined that at this time, Eni's compliance with the control technology requirement of 40 CFR part 60, subpart IIII is technically infeasible with respect to the specified crane engines. Therefore, the EPA proposes to grant Eni's request for an exemption. Eni will be required to provide emission reductions equivalent to the difference between the required NSPS standard and the replacement engines' emissions, which are approximately 4 tons per year of nitrogen dioxide and 1 ton per year of particulate matter.

The EPA has prepared a preliminary determination/statement of basis document that explains our decision to grant an exemption. This document is available on the EPA Region 4's website at: <http://www.epa.gov/region4/air/permits/ocspermits/ocspermits.html>. To request a copy of this document or to be added to our Eni mailing list, please contact: Ms. Rosa Yarbrough, Permit Support Specialist, (404)562-9643, or [R4OCSpermits@epa.gov](mailto:R4OCSpermits@epa.gov). For questions on the preliminary determination, please contact: Ms. Eva Land, (404)562-9103 or [land.eva@epa.gov](mailto:land.eva@epa.gov).

Send comments on the preliminary determination to: Eva Land, EPA Region 4 APTMD, 61 Forsyth Street S.W., Atlanta, GA 30303, Fax: (404)562-9066; Email: [R4OCSpermits@epa.gov](mailto:R4OCSpermits@epa.gov).

Public Comments must be received by email or postmarked by April 23, 2012.

Public Comments: Any interested person may submit written comments on the preliminary determination during the public comment period. If you believe any conclusion is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably available arguments supporting your position by the end of the comment period.

Any documents supporting your comments must be included in full and may not be incorporated by reference unless they are already part of the record for this permit or consist of state or federal statutes or regulations, EPA documents of general applicability, or other generally available reference materials.

All timely comments will be considered in making the final decision, included in the record, and responded to by the EPA. The EPA may group similar comments together in our response and will not respond to individual commenters directly.

All comments on the preliminary determination must be received by email or postmarked by April 23, 2012. An extension of the 30-day comment period may be granted if the request for an extension adequately demonstrates why additional time is required to prepare comments. Comments must be sent or delivered in writing to the address above. All comments will be included in the public docket without change and may be made available to the public, including any personal information provided, unless the comment includes Confidential Business Information or other information whose disclosure is restricted by statute. Information that you consider Confidential Business Information or otherwise protected should be clearly identified as such and should not be submitted through email. If you send an email directly to the EPA, your email address will be captured automatically and included as part of the public comment. Please note that an email or postal address must be provided with your comments if you wish to receive direct notification of the EPA's final decision regarding the permit and responses to comments submitted during the public comment period.

Documents: The EPA's preliminary determination/statement of basis, Eni's application and supporting documentation, and comments received from the public, other government agencies, and the applicant during the public comment period become part of the administrative record for the permit. All data submitted by the applicant is available as part of the administrative record. The administrative record is available to the public on the EPA's website at: <http://www.epa.gov/region4/air/permits/ocspermits/ocspermits.html>.

Free internet access is available at your local public library. The administrative record is also available at the following location (please call in advance for available viewing times):

EPA Region 4 Office  
61 Forsyth Street, S.W., Atlanta, GA 30303  
Phone: (404)562-9103

Final Determination: A final decision to issue an exemption or to deny the exemption shall be made after all timely comments have been considered. Notice of the final decision shall be sent to each person who has submitted written comments or requested notice of the final permit decision, provided the EPA has adequate contact information.
