

The Notice of Petition for Declaratory Statement was published in Vol. 35, No. 39, of the October 2, 2009, Florida Administrative Weekly. The Board considered the Petition at a duly-noticed public meeting held on October 16, 2009. The Petitioner requested the Board’s interpretation of Section 490.014(2)(e), Florida Statutes, and whether Dr. Katz’s credentials meet the standards for a non-resident psychologist to qualify for an exemption from the requirement to be licensed in Florida. The Board’s Order, filed on November 5, 2009, issues a declaratory statement that based on the facts set forth in the petition and documentation submitted, Petitioner has met the requirements set forth in Section 490.014, Florida Statutes, for exemption and is allowed to administer a one-day psychological evaluation to an inmate in prison in Florida as part of a court order in connection with a guardianship case in New Jersey.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Allen Hall, Executive Director, Board of Psychology, 4052 Bald Cypress Way Bin #C05, Tallahassee, Florida 32399-3255.

**NOTICE TO PROFESSIONAL CONSULTANTS**

The University of Florida Board of Trustees announces that Professional Services in the disciplines of engineering and architecture for Total Building Commissioning will be required for the project listed below:

Project: UF-366, Auxiliary and High-Density Library Storage Facility (Gainesville, FL)

The project consists of the renovation of an existing offsite library storage facility, the construction of an appended high-density storage facility, the creation of a new main facility entry, and associated sitework and utilities infrastructure. The high-density facility will house roughly 5.2 million books and other materials in a strictly controlled, highly filtered indoor environment supported by a dedicated chiller plant, desiccant dehumidification, and a constant volume HVAC system. Levels of mechanical redundancy will be provided, and the high-density facility and its mechanical systems will be supported by an emergency generator. The estimated construction budget is approximately \$13.4M, but construction funds have not been appropriated at this time.

The scope of services shall include design phase peer review; maintenance of the Owner's Project Requirements (OPR) document; development of the Commissioning Plan, Commissioning Specifications, and Systems Manual; and construction phase pre-functional, functional, and performance testing for mechanical, electrical, building automation, security, and building envelope systems. The consultant shall also support project efforts to achieve higher-than-normal energy efficiency and to possibly attain Gold LEED certification.

Blanket professional liability insurance will be required for this project in the amount of \$1,000,000.

**INSTRUCTIONS:**

Firms desiring to apply for consideration shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet for Commissioning Consultants,
