65G-4.0215 General Provisions.

(1) Medical necessity alone is not sufficient to authorize a service under the waiver unless:

(a) The individual utilizes all available State Plan Medicaid services, school-based services, private insurance, and any other resources which may be available to the individual before expending funds from the individual's iBudget Amount for support or services. As an example, State Plan Medicaid services for children under the age of 21 typically include, personal care assistance, therapies, consumable medical supplies, medical services, and nursing;

(b) The services are within waiver coverages and limitations; and

(c) The cost of the services are within the algorithm amount unless there is a significant additional need.

Failure to meet the above criteria shall result in a denial of a request for additional funding.

(2) WSCs shall coordinate with the individuals they serve to ensure that services are selected from all available resources to keep the annual cost of services within the individual's iBudget Amount while maintaining the individual's health and safety.

(3) Cost Plan Flexibility. –

(a) After the individual's proposed cost plan is approved, he or she may change the services in his or her Approved Cost Plan provided that such change does not jeopardize the health and safety of the individual and meets medical necessity.

(b) When changing the services within the Approved Cost Plan, the individual and his or her WSC shall ensure that sufficient funding remains allocated for unpaid services that were authorized and rendered prior to the effective date of this change.

(c) Individuals enrolled in iBudget will have flexibility and choice to budget or adjust funding among some services without requiring additional authorizations from the Agency, provided the overall individuals iBudget Amount is not exceeded and all health and safety needs are met. The Agency will authorize services in accordance with criteria identified in Section 393.0662(1)(b), F.S., medical necessity requirements of Section 409.906, F.S., subsection 59G-1.010(166), F.A.C., and handbook limitations adopted in Rule 59G-13.083, F.A.C., unless said handbook is superseded and replaced by a subsequently adopted handbook specifically referencing the replacement of this handbook, and the requirements of 42 CFR 440.230(d).

(d) Retroactive application of changes to service authorizations is prohibited without written approval from the agency.

(4) Consumer Directed Care Plus (CDC+): Individuals enrolled in the CDC+ program are subject to the iBudget Rules. Rulemaking Authority 393.501(1), 393.0662 FS. Law Implemented 393.0662, 409.906 FS. History–New \_\_\_\_\_.

65G-4.0216 Establishment of the iBudget Amount.

(1) The iBudget Amount for an individual shall be the Allocation Algorithm amount, as provided in Rule 65G-4.0214, plus any approved Significant Additional Needs funding pursuant to Section 393.0662(1)(b), F.S.

(2) The Agency will determine the iBudget Amount consistent with the criteria and limitations contained in the following provisions: Sections 409.906 and 393.0662, F.S.; and Rules 59G-13.080, 59G-13.081, and 59G-13.083, F.A.C.

(3) Significant Additional Needs Review: For new waiver enrollees the Allocation Algorithm amount is calculated and provided to the individual and the individual's WSC. The WSC will discuss the Allocation Algorithm amount with the individual, or representative in order to determine if the individual has any Significant Additional Needs. The Agency may approve an increase to the iBudget Amount if additional funding is required to meet the Significant Additional Needs. For new enrollees the AIM Worksheet form will be completed as part of the individual review.

(4) iBudget Amounts are pro-rated as appropriate based on the length of time remaining in the fiscal year.

(5) The individual or their representative will be advised of the Agency's decision for the amount of the individual's final iBudget Amount.

(6) The Agency shall ensure that the sum of all client's projected expenditures does not exceed the Agency's annual appropriation.

Rulemaking Authority 393.501(1), 393.0662 FS. Law Implemented 393.0662, 409.906 FS. History–New \_\_\_\_\_.

65G-4.0217 iBudget Cost Plan.

(1) Each individual's proposed iBudget cost plan shall be reviewed and approved by the Agency in conformance with the iBudget Rules and the Florida Medicaid Developmental Disabilities Waiver Services Coverage and Limitations Handbook, November 2010, available at <http://www.flrules.org/Gateway/reference.asp?No=Ref-01050>, as adopted by Rule 59G-13.083, F.A.C. (5-13-2012), which is hereby incorporated by reference.

65G-4.0218 Significant Additional Need Funding.

(1) Supplemental funding for Significant Additional Needs (SAN) may be of a one-time, temporary, or long-term in nature including the loss of school system services due to a change in age. A WSC shall submit any requests for SAN funding on behalf of an individual. SAN funding requests must be based on at least one of the three categories, as follows:

(a) An extraordinary need that would place the health and safety of the client, the client's caregiver, or the public in immediate, serious jeopardy unless the increase is approved. An extraordinary need may include, but is not limited to:

1. A documented history of significant, potentially life-threatening behaviors, such as recent attempts at suicide, arson, nonconsensual sexual behavior, or self-injurious behavior requiring medical attention;

2. A complex medical condition that requires active intervention by a licensed nurse on an ongoing basis that cannot be taught or delegated to a nonlicensed person;

3. A chronic comorbid condition. As used in this subparagraph, the term “comorbid condition” means a medical condition existing simultaneously but independently with another medical condition in a patient; or

4. A need for total physical assistance with activities such as eating, bathing, toileting, grooming, and personal hygiene.

However, the presence of an extraordinary need alone does not warrant an increase in the amount of funds allocated to a client’s iBudget as determined by the algorithm.

(b) A significant need for one-time or temporary support or services that, if not provided, would place the health and safety of the client, the client’s caregiver, or the public in serious jeopardy, unless the increase is approved. A significant need may include, but is not limited to, the provision of environmental modifications, durable medical equipment, services to address the temporary loss of support from a caregiver, or special services or treatment for a serious temporary condition when the service or treatment is expected to ameliorate the underlying condition. As used in this subparagraph, the term “temporary” means a period of fewer than 12 continuous months. However, the presence of such significant need for one-time or temporary supports or services alone does not warrant an increase in the amount of funds allocated to a client’s iBudget as determined by the algorithm.

(c) A significant increase in the need for services after the beginning of the service plan year that would place the health and safety of the client, the client’s caregiver, or the public in serious jeopardy because of substantial changes in the client’s circumstances, including, but not limited to, permanent or long-term loss or incapacity of a caregiver, loss of services authorized under the state Medicaid plan due to a change in age, or a significant change in medical or functional status which requires the provision of additional services on a permanent or long-term basis that cannot be accommodated within the client’s current iBudget. As used in this subparagraph, the term “long-term” means a period of 12 or more continuous months. However, such significant increase in need for services of a permanent or long-term nature alone does not warrant an increase in the amount of funds allocated to a client’s iBudget as determined by the algorithm.

(2) A client’s iBudget shall be the total of the amount determined by the algorithm and any additional funding provided pursuant to subsection (1). A client’s annual expenditures for home and community-based services

Medicaid waiver services may not exceed the limits of his or her iBudget. The total of all clients’ projected annual iBudget expenditures may not exceed the agency’s appropriation for waiver services.

(3) SAN funding shall be approved if one or more of the requirements of subsection (1) are met which may include one or more of the situations described in Rule 65G-1.047, F.A.C., Crisis Status Criteria.

(4) To ensure that limited SAN funding is targeted to those individuals most in need whenever an individual requests SAN funding, a proposed cost plan shall be submitted indicating how the current budget allocation and requested SAN funds would be used. Documentation of attempts to locate natural or community supports, third-party payers, or other sources of support to meet the individual’s health and safety needs must be submitted.

(5) If an individual’s iBudget includes Significant Additional Needs beyond what was determined by the Allocation Algorithm, and the Agency determines that the service intensity, frequency or duration is no longer medically necessary, the Agency will adjust the individual’s services to ensure health and safety.

(6) The Agency will request the documentation and information necessary to evaluate individuals’ increased funding requests based on the individual’s needs and circumstances. The documentation will vary according to the funding request and may include the following as applicable: support plans, results from the Questionnaire for Situational Information, cost plans, expenditure history, current living situation, interviews with the individual and his or her providers and caregivers, prescriptions, data regarding the results of previous therapies and interventions, assessments, and provider documentation.

(7) Response to funding requests: Within thirty (30) days of receipt of a request for SAN funding, and adjustments in the individual’s service array, the Agency shall approve, deny (in whole or in part), or request additional documentation concerning the request. If the request does not include all necessary documentation, the Agency shall provide the client and WSC with a written notice of what additional documentation is required. The client or WSC shall provide the documentation within 10 calendar days, or notify the Agency in writing that the client wishes the Agency to render its decision based upon the documentation provided. If additional documentation is requested, the deadline for the Agency’s response shall be extended to sixty (60) days following the receipt of the original request. Nothing in this section prohibits the authorization of emergency services on a temporary basis through the Agency’s Regional offices.

(8) No additional funding for an individual’s services shall be provided if the need for the additional funding is not

premised upon a new need, but is created by the individual's failure to ensure that funding remained sufficient to cover services previously authorized in accordance with subsections 65G-4.0215(2) and (6), F.A.C.

(9) Individual and Family Supports (IFS) Funding to cover temporary emergency services is authorized when needed while requests for Significant Additional Needs are being processed. Rulemaking Authority 393.501(1), 393.0662 FS. Law Implemented 393.0662, 409.906 FS. History--New \_\_\_\_\_.
