DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Pilot Commissioners

RULE NO.: RULE TITLE:

61G14-10.010 Public Comments

PURPOSE AND EFFECT: The Board proposes to develop and adopt a new rule to establish procedures for public participation in public meetings.

SUMMARY: The promulgation and adoption of the new rule will establish procedures for public participation in public meetings.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 286.0114 FS.

LAW IMPLEMENTED: 286.0114 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

(3) Members of the public shall notify Board staff in writing of their interest to be heard on a proposition or matter before the Board. RULE NO.: RULE TITLE:

61G15-21.007 Re-examination

PURPOSE AND EFFECT: The Board proposes the rule amendment add additional course work options for applicants who have failed the examination three times.

SUMMARY: The rule amendment will add additional course work options for applicants who have failed the examination three times.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature.

The rule amendments add additional options for the additional course work required of applicants who have failed the examination three times. Because the amendments increase the type and number of available options, the Board expects the amendments will have no adverse impact on small business, and will in fact reduce costs to applicants, government, and small businesses. Since the anticipated impact is an overall reduction of costs, no Legislative Ratification is necessary. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
