61E14-4.004	Reactivation Continuing Education.

PURPOSE AND EFFECT: For Rule 61E14-4.001, F.A.C., to clarify existing rule and change requirement from 4 hours of legal update seminars – including a 2-hour legal seminar – to 4 total hours of seminars; for Rule 61E14-4.004, F.A.C., to clarify continuing education requirements for inactive and delinquent licenses and time periods for completion of same.

SUMMARY: For Rule 61E14-4.001, F.A.C., clarify existing rule and change seminar requirements; for Rule 61E14-4.004, F.A.C., clarify continuing education requirements for licensure reactivation.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST AND LEGISLATIVE RATIFICATION:

The agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency. The agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: For Rule 61E14-4.001, F.A.C., the amendments will reduce overall costs to licensees and course providers, because it will increase flexibility and the ability to offer the legal update seminars in time increments that best meet the licensee and course provider's needs; for Rule 61E14-4.004, F.A.C., the rule rewording will reduce overall costs, since it will reduce confusion among licensees and those seeking to apply the rule, as well as reduce the chance that licensees will not be able to reinstate their licenses due to misapprehension of the rule's requirements.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

 PURPOSE, EFFECT AND SUMMARY: The purpose and
 effect of this rule amendment is to revise the Florida
 Endangered and Threatened Species List to reflect Federal
 listing changes. Rule 68A-27.0012(1) of the Florida
 Administrative Code requires that when species native to
 Florida are added or reclassified under the Federal Endangered
 Species Act (ESA), the species shall be so listed or reclassified

 (Bartram’s scrub-hairstreak, Florida leafwing butterflies); four
 corals (lobed star, boulder star, mountainous star and rough
 cactus) to paragraph one of Rule 68A-27.003; F.A.C., change
 the indicated federal listing for one bird (wood stork) from
 endangered to threatened; and move one species of coral
 (pillar coral) from subsection two to subsection one. Staff also
 proposes to move into Rule 68A-27.003(1) and delete from
 Rule 68A-27.0031, F.A.C., one fish species (smalltoothed

smallmouth bass) and two coral species (elkhorn and staghorn) that
 were mistakenly added to the latter rule when it was created.

SUMMARY DESCRIPTION OF PROPOSED AMENDMENT: The Agency plans to submit an amendment to Florida’s 1115 Managed Medical Assistance (MMA) Waiver to the Centers for Medicare and Medicaid Services (Federal CMS) to assign Medicaid-eligible individuals who are mandated to participate in Florida’s MMA program, a component of the Statewide Medicaid Managed Care program, to a managed care plan immediately after eligibility determination. The State is requesting an effective date of September 1, 2015.

The proposed amendment will allow individuals to be enrolled in a managed care plan immediately after eligibility determination. Under the proposed amendment, individuals will receive both their managed care plan assignment and information about the managed care plan choices in their area, to encourage an active selection, immediately after eligibility determination.

During the initial 30-day period post-enrollment, if a recipient decides to change plans, the change will take effect the first day of the following month. The 30-day change period will be followed by a 90-day disenrollment period. During the 90-day disenrollment period, if a recipient decides to change plans, the change will take effect the first day of the following month.

The State is not requesting any changes to the 1115 MMA Waiver authorities or expenditure authorities authorized July 31, 2014. The State is requesting to amend Special Term and Conditions (STCs) #2, #21, #22, and #40 of this waiver to remove the 30-day delay period between eligibility determination and managed care plan enrollment and to

amend the auto-assignment criteria to conform to Section 409.977(2), Florida Statutes, which states:

When automatically enrolling recipients in managed care plans, the agency shall automatically enroll based on the following criteria: (a) Whether the plan has sufficient network capacity to meet the needs of the recipients. (b) Whether the recipient has previously received services from one of the plan's primary care providers. (c) Whether primary care providers in one plan are more geographically accessible to the recipient's residence than those in other plans."

SUMMARY DESCRIPTION OF THE 1115 MMA WAIVER: Florida's 1115 Research and Demonstration Waiver was initially approved by Federal CMS October 19, 2005 to operate for the period from July 1, 2006 to June 30, 2010. Implementation of the waiver occurred in Broward and Duval counties on July 1, 2006 with expansion to Baker, Clay and Nassau counties occurring July 1, 2007. Federal CMS granted temporary extensions of the waiver until December 15, 2011,

when final approval of the extension request was granted, for the period from December 16, 2011 to June 30, 2014.

On June 14, 2013, Federal CMS approved an amendment to the waiver that allows for implementation of an improved statewide model of managed care in 2014 and the continuation of the Low Income Pool program. The amendment also changed the name of the waiver to the Florida Managed Medical Assistance Waiver.

On November 27, 2013, the Agency submitted another three-year waiver extension request to Federal CMS to extend Florida's 1115 MMA Waiver for the period July 1, 2014 to June 30, 2017. With the submission of the three-year waiver extension request, the State is seeking federal authority to extend Florida's 1115 MMA Waiver for the period July 1, 2014 to June 30, 2017. The waiver is designed to implement a new statewide managed care delivery system without increasing costs and to continue the Low Income Pool program. The program is guided by principles designed to improve coordination and patient care while fostering fiscal responsibility.

The MMA program will provide primary and acute medical care for the majority of Medicaid recipients through high quality, competitively selected managed care organizations. Moving from a fee-for-service system to the MMA program, the program increases consumer protections as well as quality of care and access for Floridians in many ways including:

- Increases recipient participation on Florida's Medical Care Advisory Committee and convenes smaller advisory committees to focus on key special needs populations;
- Ensures the continuation of services until the primary care or behavioral health provider reviews the enrollee's treatment plan (no more than 60 calendar days after the effective date of enrollment);
- Ensures recipient complaints, grievances and appeals are reviewed immediately for resolution as part of the rapid cycle response system;
