DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: 6A-6.0201
 RULE TITLE: State of Florida High School Diplomas, as of January 1, 2014

PURPOSE AND EFFECT: The purpose of this amendment is to implement changes to the high school equivalency diploma program and adopt the recommended cut score of 145 by GED Testing Service®. The effect of this rule will be to update the standards for the issuance of the State of Florida High School Diploma to individuals who successfully pass the examinations based upon recommended scores of the test provider.

SUMMARY: GED Testing Service® amended the recommended high school equivalency cut scores for the four test modules in language arts, mathematics, science, and social studies. The recommended cut score of 145 on each test module is adopted for award of the State of Florida High School Diploma, which is Florida’s high school equivalency credential. Candidates who took the 2014 GED® Test prior to the adoption of this amendment and who achieved a score of 145 may be eligible for the award of the high school equivalency diploma. In addition, a technical amendment to the approval of eligible testing centers is included.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This amendment aligns the recommended cut scores for the high school equivalency diploma with the recommendation of the test provider. It is not expected to have any impact on the factors found in section 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The Division of Licensing hereby gives notice: on January 19, 2016, the Department issued an Order Granting In-Part and Denying In-Part, a Petition for Variance filed by The Safety & Intelligence Institute, Inc. (S2), on October 20, 2015. Notice of the Petition was published on October 23, 2015, in Volume 41, No. 207, of the Florida Administrative Register.

Petitioner sought a variance from paragraph 5N-1.140(1)(c), F.A.C, asking that the scores of all examinations be aggregated with 76% of correctly answered questions needed to achieve a passing score. The Division’s order granted S2’s request to aggregate examination scores, but instead of requiring a 76% passage rate, the Division authorized S2 to require each student correctly answer 128 questions out of the 170 questions asked to achieve a passing score.

6M-4.610 Statewide Provider Contract for the School Readiness Program

The Office of Early Learning hereby gives notice that on January 14, 2016, the Office of Early Learning issued an Order granting the Association of Early Learning Coalitions, Inc., a waiver from Rule 6M-4.610, Florida Administrative Code. The petition for waiver was received by the Office of Early Learning on October 14, 2015. Notice of receipt was published in the Florida Administrative Register, Volume 41, Number 202 on October 16, 2015. No public comment was received. The Order grants a waiver from Rule 6M-4.610, F.A.C., which adopts a standardized provider contract for the school readiness program wherein exists a prohibition of any changes to an executed Statewide Provider Contract. In particular, related to Form OEL-SR20, the Petition seeks waiver of the prohibition against amendment or supplement to the individualized provider information on nine specifically

identified items within the contract. It will allow the members of the Association (the Early Learning Coalition) to amend or supplement by mutual agreement of the provider and the coalition through the execution of a contract amendment select and limited changes to information listed in the contract. The Office determined, with the exception of one identified item, that the waiver will permit the coalition to function efficiently while serving the purpose of the underlying statute and that without the waiver the Association members as well as school readiness providers will be adversely impacted by additional use of staff time and resources.
