Proposed Rules**

**DEPARTMENT OF TRANSPORTATION**

RULE NO.: 14-46.001  
RULE TITLE: Utilities Installation or Adjustment  
PURPOSE AND EFFECT: To update material incorporated by reference.

SUMMARY: The proposed rule incorporates the most recent version of the Utility Accommodations Manual, providing permitting conditions for utilities in state right of way.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: changes to the incorporated materials do not have an adverse impact on economic growth, job creation or employment, private sector investment, or business competitiveness. A SERC was prepared on a prior similar version of the rule and found the costs associated with compliance were not regulatory, but based on the Department of Transportation’s proprietary interest. The 2017 proposed rule version also imposes no regulatory cost.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

34-7.010 List of Forms and Instructions

PURPOSE AND EFFECT: The rule is being amended to update a form which is incorporated by reference in subsection (1)(b) of the rule. CE Form 50 is being amended for greater clarity and to incorporate certain stylistic changes.

SUMMARY: This rulemaking affects CE Form 50, which is the Commission's complaint form. In particular, the amended complaint form: (1) expands the instructions included with the form by detailing the purpose for each of the form's sections, explaining the Commission's jurisdiction, describing the applicable statute of limitations, and discussing more fully the circumstances in which a complaint could trigger an award of costs and attorney's fees; (2) shortens language about filing one complaint per respondent; (3) eliminates specific references to the Sunshine Amendment and Code of Ethics, substituting instead the phrase "ethics law"; (4) rephrases language concerning the submission of media materials; and (5) asks that the complaint not include voluminous exhibits or copies of statutes.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: based on past experiences with rules of this nature, the adverse impact or regulatory cost, if any, do not exceed and would not be expected to exceed any one of the economic criteria set forth in Section 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PURPOSE AND EFFECT: The rule is being repealed because it is duplicative and unnecessary.

SUMMARY: Repeal rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its meeting, the Commission, based upon the expertise and experience of its members and the substance of the repealed rule, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary because the rule does not impose additional rights, obligations, or duties on any persons or businesses, and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
