

Section I
Notice of Development of Proposed Rules
and Negotiated Rulemaking

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: **RULE TITLE:**
 6A-3.003 Certification as to Specifications of School Buses

PURPOSE AND EFFECT: To remove the requirement to file complete specifications for each model of school bus chassis and body intended to transport students to public schools of Florida. The rule currently requires a manufacturer, dealer or distributor to file the specifications, including blueprints when requested, with the Deputy Commissioner for Finance and Operations. This requirement is not necessary, as the rule requires the manufacturer, distributor or dealer to file a certified statement that any school bus chassis or body sold meets all safety standards and specification prescribed for school buses for use in Florida. This also clarifies the rule by adding an explicit cross-reference to the rule and statute that establish school bus standards. The effect is to eliminate unnecessary requirements imposed on a school bus manufacturer, distributor or dealer.

SUBJECT AREA TO BE ADDRESSED: Specifications of School Buses.

LAW IMPLEMENTED: 1006.25, FS.

PURPOSE AND EFFECT: The Board proposes to repeal rules that are no longer necessary.

SUMMARY: To repeal rules that are no longer necessary.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply.
