PURPOSE AND EFFECT: The purpose of this rulemaking is to implement new statutory authority to adopt safety procedures for the clearance of residential structures after a fumigation. The effect will be improved structural fumigation safety and regulatory oversight. This rulemaking will: prohibit the performance of fumigations without proper stewardship training of all employees associated with fumigation; require special endorsement for employee identification cards associated with employees performing structural fumigation; and require stewardship training for all persons involved in fumigation activities. This rulemaking also requires fumigation companies to own and maintain two (2) operational fumigant clearance devices and utilize the department’s electronic website to list/register all clearance devices and document their operational status.

SUMMARY: This rulemaking creates stewardship and continuing education training requirements for licensees purchasing and using residential fumigants. It also revises general fumigation notification requirements and specifies standards for recordkeeping.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS (SERC) AND LEGISLATIVE RATIFICATION: The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. The Agency has determined that the proposed rule is not expected to require legislative ratification based on this assessment.

The Department’s economic analysis of the adverse impact or potential regulatory costs of the proposed rule did not exceed any of the criteria established in Section 120.541(2)(a), Florida Statutes. As part of this analysis, the Department relied upon an economic analysis, which determined that the regulatory costs of the proposed rule are negligible. Additionally, no interested party submitted additional information regarding the economic impact.

Any person who wishes to provide information regarding the statement of estimated regulatory costs or to provide a

proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

WATER MANAGEMENT DISTRICTS

Southwest Florida Water Management District

RULE NO.: 40D-8.624
 RULE TITLE: Guidance and Minimum Levels for Lakes

PURPOSE AND EFFECT: The purpose of this rulemaking is to adopt revised minimum and guidance levels for Lake Juanita, Rainbow Lake, Little Moon Lake, and Horse Lake located in Hillsborough County. The effect of the rule is to support the District’s water supply planning, water use permitting, and environmental resource permitting programs.

SUMMARY: Section 373.042, F.S., requires the District to establish minimum flows and levels for lakes, wetlands, rivers and aquifers within the District’s boundaries. Section 373.0421(3), F.S., further requires the District to periodically reevaluate and revise adopted minimum flows and levels. This rulemaking is necessary to delete the previously adopted levels, and adopt new guidance and minimum levels for Lake Juanita, Rainbow Lake, Little Moon Lake, and Horse Lake located in Hillsborough County. The establishment and periodic evaluation of minimum levels is required by statute to ensure that the minimum hydrologic requirements of the water resources and ecology of this lake are maintained. The revised minimum and guidance levels for Lake Juanita, Rainbow Lake, Little Moon Lake, and Horse Lake are being developed

using previously peer-reviewed, Governing Board adopted methods.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The District conducted an economic review of the revisions to the rule and determined that the impact or regulatory cost, if any, of the revisions will not exceed any one of the economic analysis criteria in a SERC as set forth in Section 120.541(2)(a), F.S. The revised minimum levels for this lake is unlikely to constitute an additional significant regulatory constraint on groundwater or surface water withdrawals in the area due to existing resource conditions and regulatory constraints in the basin.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

68A-16.003 Non-listed Inactive Migratory Bird Nests

PURPOSE AND EFFECT: The purpose and effect of this proposed rule is to eliminate the need for a permit to take inactive (meaning with no birds or eggs) nests or parts of such nests of birds not listed as endangered or threatened.

SUMMARY: Migratory birds and their active nests are protected from certain activities, including take, by the federal Migratory Bird Treaty Act (MBTA). That Act, including its protective provisions, also is incorporated into the Florida Fish and Wildlife Conservation Commission's (FWC) rules in Chapter 16, F.A.C. Federal policy clarifying application of the MBTA to nest destruction indicates that no federal permit or other authorization is needed to destroy an inactive nest. FWC rules do not currently include language making this distinction between active and inactive nest. This proposed rule provides that language.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 43 No. 6, January 10, 2017 issue of the Florida Administrative Register.

The notice of proposed rule incorrectly identified the hearing date with the wrong year, it was published as January 31, 2015. The correct hearing date is January 31, 2017. The notice incorrectly said to reference Pinellas County in the subject line when providing comments to the agency regarding the proposed rule, instead persons providing comments should reference Collier County. Additionally, the notice of proposed rule inadvertently included maps depicting the zones being

created by the rule text. Such maps are not part of the rule. Copies of them can be found on the agency’s website at <http://myfwc.com/wildlifehabitats/managed/manatee/rulemaking/> but are only intended as visual aids, they do not have regulatory effect.

Section V Petitions and Dispositions Regarding Rule Variance or Waiver

DEPARTMENT OF LAW ENFORCEMENT
Criminal Justice Standards and Training Commission
RULE NO.: 11B-35.0011

RULE TITLE: Basic Abilities Test Requirements for Applicant Admission into a Law Enforcement and Correctional Basic Recruit Training Program

NOTICE IS HEREBY GIVEN that on January 10, 2017, the Criminal Justice Standards and Training Commission received a petition for a permanent waiver of paragraph 11B-35.0011(1)(h), F.A.C., from Paul J. Kiley, Director of Basic Training and Career Development of Miami-Dade College on behalf of Jose Hernandez. Petitioner wishes to permanently waive that portion of the Rule that states: “(1) To comply with Section 943.17(1)(g), F.S., applicants who apply for entry into a Commission-approved Basic Recruit Training Program after January 1, 2002, shall obtain a passing score on a Commission-approved Basic Abilities Test (BAT) for the law enforcement or correctional disciplines, prior to entering a program. The BAT shall be administered in the state of Florida...(h) A passing score on a Commission-approved Basic Abilities Test is valid four years from the date of the test.” Petitioner states that Mr. Hernandez passed a Florida-administered BAT on April 30, 2012, giving him a valid BAT score until April 30, 2016. Mr. Hernandez subsequently enrolled in a Basic Recruit Training Program offered by Miami-Dade College, set to begin prior to the expiration of his BAT score. However, in an effort to meet its minimum class size criteria, Petitioner rescheduled the start date of the Basic Recruit Training Program to June 13, 2016, a date after the expiration of Mr. Hernandez's BAT score. The error was discovered on November 8, 2016, and Mr. Hernandez sat for and passed a second Florida-administered BAT on November 9, 2016. Mr. Hernandez ultimately completed and passed the Basic Recruit Training Program on November 17, 2016. The Petitioner asserts that Mr. Hernandez would suffer an economic hardship should the waiver not be granted, as Mr.

Hernandez would be unable to obtain employment as a law enforcement officer without completing and passing another Basic Recruit Training Program. A copy of the Petition for Variance or Waiver may be obtained by contacting Tina Culbertson, Florida Department of Law Enforcement, Criminal Justice Professionalism Division, P.O. Box 1489, Tallahassee, FL 32302 or by telephone at (850)410-8647.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

NOTICE OF GRANT APPLICATIONS SUBMISSION PERIOD FOR RECREATIONAL TRAILS PROGRAM

The Department of Environmental Protection (the "Department") has established an application submission cycle and will accept grant applications for the Recreational Trails Program ("RTP") for Fiscal Year 2017-2018 under the following terms:

APPLICATION SUBMISSION PERIOD: The Department is accepting applications from February 15, 2017 through February 28, 2017. Completed applications must be postmarked on or before February 28, 2017.

ELIGIBLE APPLICANTS: Eligible applicants include all local governmental entities and state or federal agencies, federally or state recognized Indian tribal governments which have the legal responsibility for the provision of outdoor recreational sites and facilities for the use and benefit of the public, and active Florida nonprofit corporations which have an agreement with a governmental agency to develop public lands.

INELIGIBLE APPLICANTS: A grantee with two incomplete RTP projects by the closing date of the application submission period shall not be eligible to apply.

APPLICATION LIMIT PER SUBMISSION CYCLE: The maximum number of applications an applicant may submit shall be as follows: local governments may submit one; consolidated city-county government may submit two; nonprofit corporations may submit one; state and federal agencies may submit one per district.

ELIGIBLE PROJECT SITES: The site of a proposed RTP project shall be on public lands. The site shall be owned by the applicant or government on or before the closing date of the application submission period. A site not owned by the applicant or government shall be under the applicant's or government's control by a 99-year lease or similar control, such that the applicant has the legal ability to dedicate and manage the site for public recreational trail use pursuant to subsections 62S-2.076(1) and (2), F.A.C. School board property used primarily for educational or school related purposes is not eligible. In addition, nonprofit corporations must provide a letter from the land owner or managing agency stating that it supports the project and will abide by the compliance requirements of this rule, and the Guidance.

The federal requirements for funding 30% motorized trails has not been met in recent years due to low application submissions for motorized projects and federal funding has been reduced for not meeting this threshold. Therefore, staff encourages submittal of applications for motorized trail and motorized recreational projects.

drive, all terrain off-road vehicles or dune buggies per 62S-2.070 (39), F.A.C. Projects may include facilities such as boat launches, docks, and related facilities to create or enhance recreational trail opportunities.
