Section II
Proposed Rules

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Animal Industry

RULE NOS.: **RULE TITLES:**
 5C-13.0035 Definitions
 5C-13.004 Schedule of Fees

PURPOSE AND EFFECT: The proposed rule is being developed to update testing offered at the Bronson Animal Disease Diagnostic Laboratory and the fee schedule associated with the testing. Industry partners including Pilgrim’s Pride, Florida Cattlemen’s Association, Cal-Maine, and the Animal Industry Technical Council (AITC) were consulted and they are in agreement with the proposed changes. THE lab offers this testing as a service and not as a required regulatory fee.

SUMMARY: To update tests offered by the Bronson Animal Disease Diagnostic Laboratory and associated fees to fall in line with national standards.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department's economic analysis of the adverse impact or potential regulatory costs of the proposed rule did not exceed any of the criteria established in Section 120.541(2)(a), Florida Statutes. As a part of this analysis, the Department relied upon the fact that the testing offered at the Bronson Animal Disease Diagnostic Laboratory is a service provided and there is no regulatory requirement that the lab must be used.

Additionally, no interested party submitted additional information regarding the economic impact.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 570.07(23), 585.002(4), F.S.
LAW IMPLEMENTED: 585.61, F.S.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Erica Field, Assistant Division Director, Erica.Field@FreshFromFlorida.com

RULE NO.: 5E-2.040
 RULE TITLE: Pesticide Active Ingredients Subject to Supplemental Registration Fee

PURPOSE AND EFFECT: The purpose and effect of this rulemaking is to repeal Rule 5E-2.040, Florida Administrative Code, made obsolete by revisions to Section 487.041, Florida Statutes related to supplemental registration fees for certain pesticides that contain active ingredients for which the United States Environmental Protection Agency has established food tolerance limits which were effective July 1, 2017.

SUMMARY: The provisions related to supplemental registration fees for certain pesticides that contain active ingredients for which the United States Environmental Protection Agency has established food tolerance limits were removed from Section 487.041, F.S. effective July 1, 2017. Specifically, Section 487.041(2), F.S. removed the requirement for the biennial publishing of the list of active ingredients for which a brand of pesticide is subject to the supplemental registration fee. This list adopted and incorporated by reference in Rule 5E-2.040, F.A.C., is no longer required by statute and this rule is obsolete.

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within

one year after the implementation of the rule. A SERC has not been prepared by the Agency.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF FINANCIAL SERVICES

Division of State Fire Marshal

NOTICE IS HEREBY GIVEN that the Department of Financial Services has issued an order disposing of the Petition for Declaratory Statement filed by Core Construction Services of Florida, LLC, with the Department on June 5, 2017. The Petition requests a determination as to the following: 1) Whether the Florida specific amendments provided in sections 1.1.7, 8.2.1, and 8.2.1.2 of the FFPC, 5th Ed. (2014),

require the use of the types of construction provisions provided in the Florida Building Code (FBC), 5th Ed. (2014); 2) Whether the types of construction requirements of the FBC apply and prevail over the types of construction provisions provided in the occupancy chapters of the FFPC, 5th Ed. (2014); and 3) Whether [the State Fire Marshal’s] refusal to recognize the Florida specific amendments directing the use of the types of construction provided in the FBC over the types of construction or construction classifications provided in the occupancy chapters of the FFPC, National Fire Protection Association (NFPA) 101, constitute the adoption of a building code. The Department concludes the following: 1) Yes, the Florida specific amendments provided in sections 1.1.7, 8.2.1, and 8.2.1.2 of the FFPC, 5th Ed. (2014), require the use of the types of construction provisions provided in the FBC, 5th Ed. (2014). Sections 1.1.7, 8.2.1, and 8.2.1.2 FFPC, 5th Ed. (2014), are Florida specific amendments and outline the use of the FBC as it relates to the NFPA 220 and construction classifications. Sections 1.1.7, 8.2.1, and 8.2.1.2 FFPC, 5th Ed. (2014), provide for the use of the most current FBC; 2) Yes, the types of construction requirements of the FBC apply and prevail over the types of construction provisions provided in the occupancy chapters of the FFPC, 5th Ed. (2014). Section 1.1.7 FFPC, 5th Ed. (2014), states “the [FBC] shall be referred to anytime a reference is made to the building code or to NFPA 220, Standard on Type of Building Construction, in this Code or an adopted standard;” and 3) No, the State Fire Marshal’s refusal to recognize the Florida specific amendments directing the use of the types of construction provided in the FBC over the types of construction or construction classifications provided in the occupancy chapters FFPC, NFPA 101, does not constitute the adoption of a building code. Pursuant to sections 120.565 and 633.104(6), Florida Statutes, and chapter 28-105 and Rule 69A-60.007, Florida Administrative Code, the Department has authority to interpret the FFPC and to issue a declaratory statement with respect thereto. Declaratory statements issued by the Department do not constitute the making or adopting of a building code.
