PURPOSE AND EFFECT: This rule is proposed to update certification requirements

SUMMARY: Update requirements.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule amendment at its Commission meeting, the Commission, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

LAND AND WATER ADJUDICATORY COMMISSION

Harmony Ranch Community Development District

Notice of Receipt of Petition

FLORIDA LAND AND WATER ADJUDICATORY COMMISSION

NOTICE OF RECEIPT OF PETITION

Petition to Establish the Harmony Ranch Community Development District

On June 14, 2017, the Florida Land and Water Adjudicatory Commission ("FLWAC" or "Commission") received a petition to establish the Harmony Ranch Community Development District ("District") to consist of 2,717 acres in Martin County, Florida. The Commission will follow the requirements of Chapter 42-1, F.A.C., and Chapter 190, F.S., as amended, in considering the petition.

SUMMARY OF CONTENTS OF PETITION: The petition requests establishment of the District covering approximately 2,717 acres of land located entirely within Martin County, Florida. A general location map of the proposed District is provided in Exhibit 1 to the petition. The metes and bounds descriptions of the external boundaries of the proposed District are provided in Exhibit 2. There are no parcels within the boundaries of the proposed District which are to be excluded from the District.

SUMMARY OF ESTIMATED REGULATORY COSTS: A statement of estimated regulatory costs (SERC) was prepared at the request of the Petitioner. The complete text of the SERC is contained as Exhibit 8 to the petition. Generally, the SERC indicates the rule:

Is not expected to have any direct or indirect impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after the implementation of the rule;

Is not likely to have any adverse impact on business competitiveness;

Is not likely to increase regulatory costs of the State or the County. The proposed District will pay a one-time filing fee to the County to offset any County expenses; and will pay the annually required Special District Filing Fee, which is meant to offset any State costs related to oversight of all special districts in the State. The District will incur overall operational costs related to services for infrastructure maintenance. In the initial stages of development, the costs will likely be minimized. These operating costs will be funded by landowners through direct funding agreements or special assessments levied by the District;

Will require compliance by the State of Florida, Martin, and current and future property owners;

Will not directly or indirectly result in any additional costs to the agency or any other state and local government entities other than those noted above and will have no anticipated effect on state or local revenues;

Will result in transactional costs to future landowners in the development to pay for facilities and services the District may provide. Financing for these facilities and services is projected to be provided by the District; and,

Will have no adverse impact on small businesses, counties or cities.
