RULE NOS.: RULE TITLES:

5C-23.001 Definitions

5C-23.002 Application for Permit; Fees

PURPOSE AND EFFECT: Removes requirement for Department personnel to inspect vehicles and containers used to transport carcasses and refuse.

SUMMARY: Outlining the requirements for the applications and permit with associated fees while engaging in the business of transporting or hauling animal carcasses/refuse.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: A SERC is not required, based on the fact that the division is not raising any fees, only removing the requirement for Department personnel to inspect vehicles and containers used to transport carcasses and refuse. This rule update will save the Department resources and administrative costs associate with pre-inspection of these vehicles.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
