(c) The delegating dentist shall ensure that the patient's dental chart is annotated to reflect the initials of the dental hygienist who performed the tasks.

(d) The delegating dentist shall also ensure that the patient's dental chart reflects that the final restoration was verified by the delegating dentist and the result of the verification shall also be documented.

(2) Mandatory Training Course Prerequisites: To be eligible to be admitted into the mandatory training course required in subsection (3), a dental hygienist (Candidate) shall meet the following conditions:

- (a) The Candidate shall be at least 18 years of age.

The pre-clinical didactic hours may be offered online. At the completion of the preclinical didactic hours, the course shall require the passing of an initial written examination prior to the clinical portion of the training. A passing score shall require a score of 75 percent or above.
- (b) A clinical and lab session for Amalgam Restorations Class I, II, and V, which shall include live patients.
- (c) A clinical and lab session for Composite Restorations Class I, II, III, and V, which shall include live patients.

DEPARTMENT OF BUSINESS AND PROFESSIONAL  
 REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On March 22, 2019 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for Subparagraph 3-305.11(A)(2), 2009 FDA Food Code, Section 3-305.14, 2009 FDA Food Code, Section 6-202.15, 2009 FDA Food Code, Section 6-202.16, 2009 FDA Food Code, subsection 61C-4.010(1), Florida Administrative Code, and paragraph 61C-4.010(6), Florida Administrative Code from Ximenas Food Truck Services LLC located in Temple Terrace. The above referenced F.A.C. addresses the requirement for proper handling and dispensing of food. They are requesting to dispense bulk time/temperature control for safety foods from an open air mobile food dispensing vehicle.

The Petition for this variance was published in Vol. 45/58 on March 25, 2019. The Order for this Petition was signed and approved on April 05, 2019. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring that each pan within the steam table is properly covered with an

individual lid; the steam table is enclosed within a cabinet with tight-fitting doors, and is protected by an air curtain installed and operated according to the manufacturer's specifications that protects against flying vermin or other environmental contaminants; all steam table foods must be properly reheated for hot holding at approved commissaries and held hot at the proper minimum temperature per the parameters of the currently adopted FDA Food Code; and steam table food is to be dispensed by the operator with no customer self-service. The Petitioner shall also strictly adhere to the operating procedures and copies of the variance and operating procedures are to be present on the MFDV during all periods of operation.

A copy of the Order or additional information may be obtained by contacting: Daisy.Lee@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.
