 COMMISSION**

RULE NO.: 68-1.003 RULE TITLE: Florida Fish and Wildlife Conservation Commission Grants Program

PURPOSE AND EFFECT: The proposed amendment to rule 68-1.003, F.A.C. would update the State Wildlife Grants Program Guidelines, Application Form, Initial Review Form, Technical Review Form, and Final Review Form.

SUMMARY: The proposed amendment would incorporate newly updated Program Guidelines, Application Form, Initial Review Form, Technical Review Form, and Final Review Form, all dated October 2020, into the rule. Revisions appear in these documents to reflect a recent reorganization in the Division of Habitat and Species Conservation which created the Wildlife Diversity Conservation Section and to align with recent changes in Rule 69I-72.002 Threshold for Recording Tangible Personal Property for Inventory Purposes. Other documents will remain the same.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 68B-14.0036 RULE TITLE: Recreational Bag Limits: Snapper, Grouper, Hogfish, Black Sea Bass, Red Porgy, Amberjacks, Tilefish, Exception, Wholesale/Retail Purchase Exemption

68B-14.0039 Recreational Grouper and Tilefish Seasons
PURPOSE, EFFECT AND SUMMARY: Blueline tilefish primarily occur in federal waters, but are harvested from state waters off southeast Florida. In Atlantic federal waters, recreational harvest of blueline tilefish is managed with a quota, bag limit, and open harvest season to prevent overfishing. However, overfishing occurred in the recent past and the federal recreational quota has been exceeded every year since 2015. When the federal recreational quota is exceeded, the federal waters recreational fishery can be closed in-season, which

occurred in 2015. Since harvest from state waters can be significant and counts against the federal quota, the absence of regulations specific to blueline tilefish in Atlantic state waters contributes to these problems.

At its October 2020 meeting, the Florida Fish and Wildlife Conservation Commission established a recreational bag limit and recreational open and closed harvest seasons for blueline tilefish in Atlantic state waters to be consistent with recreational regulations in adjacent federal waters. The purpose of this federal consistency action is to help keep harvest below the federal quota, avoid in-season closures in federal waters, and reduce the risk of overfishing. The effects of the federal consistency action are to establish recreational regulations specific to blueline tilefish in Atlantic state waters that are consistent with adjacent federal waters, thereby reducing the likelihood of exceeding the federal recreational quota and causing overfishing, easing compliance with regulations, and eliminating confusion for recreational fishermen.

DEPARTMENT OF FINANCIAL SERVICES

Division of Workers' Compensation

RULE NO.: RULE TITLE:

69L-31.005 Petition Requirements

The Department of Financial Services hereby gives notice: On July 23, 2020, the Department of Financial Services, received a petition for waiver from Rule 69L-31.005, F.A.C., from Good Samaritan Medical Center. On July 28, 2020, notice of the

petition was published in the Florida Administrative Register, Volume 46, Number 146. subsection 69L-31.005(2), F.A.C., provides a petitioner 10 calendar days from receipt of a notice of deficiency to cure a deficiency. Petitioner was seeking that the department waive the requirement that petitioner cure the deficiency within 10 calendar days because it would create a substantial hardship or would violate the principles of fairness. The Department did not receive comments on the petition.

On October 20, 2020, the Department of Financial Services issued an order denying the requested waiver. There is an absence of statutory authority in section 120.542, Florida Statutes, for granting a retroactive request for waiver. Therefore, the request for a waiver from June 5, 2020 to July 22, 2020 is denied. Petitioner stated its office opened in July and they were able to open the mail and respond. These facts tend to suggest Petitioner no longer needs additional time to open its mail and respond. Therefore, the request for a waiver from July 23, 2020 to August 31, 2020 is denied.

A copy of the Order or additional information may be obtained by contacting: Julie Jones, Agency Clerk, 200 East Gaines Street, Tallahassee, FL 32399-0390, or DFSAgencyClerk@myfloridacfo.com.
