(3) Changes. Any change to a previously approved petition form shall be submitted to the Secretary of State for review. No person or entity other than the sponsoring political committee of the previously approved petition form can submit a change or changes to the previously approved petition form. The Secretary of State must approve any material change to a previously approved petition form. (5) Reproduction. Subject to the requirements of Section (6), petition forms may be reproduced in newspapers, magazines, and other forms of printed mass media, made available through the internet for download printing, or mailed,

(6) Petition Circulators.

(a) Paid Petition Circulator. An individual who collects signatures for compensation for the purpose of qualifying a proposed constitutional amendment for ballot placement is herein referred to as a “paid petition circulator.” A paid petition circulator must register online with the Division of Elections. ~~To register, the person must submit an online registration application~~ through the Division’s petition circulator portal at https://dos.elections.myflorida.com/InitiativePetitions/InitiativePetitionsPublic_

1. The paid petition circulator must provide his or her name, permanent address, temporary address, if applicable, and date of birth. Additionally, if the permanent address is not a Florida address, the paid petition circulator must provide a Florida address at which the circulator will accept service of process. The paid petition circulator must select each approved initiative petition for which the circulator is being paid to collect signatures. The paid petition circulator must email the Division of Elections at DivElections@DOS.MyFlorida.com with any changes to name, permanent address, and temporary address that occur subsequent to initial registration.

2. The Division of Elections shall assign a login account. The paid petition circulator shall be assigned a unique paid petition circulator registration number. If the petitions for which the petition circulator is registered are closed, and the petition circulator is no longer registered for any petitions, the Division will notify the petition circulator via the email address used by the paid petition circulator to register and inquire of the circulator’s intent to remain registered. If the Division does not receive a response from the paid petition circulator within 10 days, the paid petition circulator’s online registration will expire. The paid petition circulator may re-register at any time.

3. Once registered, a paid petition circulator can obtain electronic copies of DS-DE 155B and DS-DE 156 forms from the Division by logging into the petition circulator portal available on the Division’s website. The portal will provide each petition circulator with electronic copies of DS-DE 155B forms in PDF format that provides the circulator’s information in the designated spaces on the form. The DS-DE 155B petitions provided to the circulator will be uniquely marked for that circulator. The circulator is then responsible for producing physical copies from the electronic file.

(b) Volunteer Petition Circulators. All other individuals who collect signatures, but not for compensation, for the purpose of qualifying a proposed constitutional amendment for ballot placement are not required to register with the Division

of Elections. Volunteer circulators shall circulate the DS-DE 155A form, as provided to the sponsoring political committee or downloaded and printed from the Division of Elections' website.

GENERAL SUBJECT MATTER TO BE CONSIDERED: You are invited to attend and participate in the Drew Street Corridor Study and Concept Evaluation Stakeholder Meeting.

The Florida Department of Transportation (FDOT) District Seven has scheduled the Corridor Study Stakeholders Meetings to provide an update on the Drew Street Corridor Study and Concept Evaluation from N. Osceola Avenue to US 19 being conducted in Pinellas County, Florida.

This project will be coordinated with Pinellas County, the City of Clearwater, Forward Pinellas Metropolitan Planning Organization (MPO) and the Pinellas Suncoast Transit Authority (PSTA) to develop potential solutions that establish a safer multimodal environment utilizing a context-sensitive approach. This study builds upon the community-based Drew Street Concept Plan, completed in September 2018 and will evaluate the recommendations from the study, identify any additional alternatives, and ultimately provide an engineering analysis of any impacts and design considerations of the preferred concepts. The study will determine how best to meet the needs of current and future users, and establish a plan for safe transportation improvements.

The result of the Drew Street Corridor Study and Concept Evaluation will include the development of a Corridor Development Plan, which will identify a range of multi-modal solutions to address the mobility needs within a context that reflects the long-term vision for the study corridor. The Corridor Development Plan will help to guide future development within the corridor and prepare for next steps, as well as identify specific improvements that can potentially be advanced in the near term through local agency participation and/or by FDOT.

At the Stakeholder Meeting, the study team will virtually go through aerials of the corridor segments to discuss design considerations based on the preferred concepts identified in the Drew Street Concept Plan as well as design standards and context considerations. The team will review design options for the next phase of project development, discuss next steps and gather comments and feedback from participants. Additional Drew Street project information may be found at this website: www.fdotd7studies.com/projects/drewstreet.

Those who cannot attend the in person meeting, the meeting will be held online via GoTo Webinar at: <https://attendee.gotowebinar.com/register/5407421691586604558>.

In re: AMENDMENT TO THE ISLAMORADA, VILLAGE OF ISLANDS, FLORIDA, LAND DEVELOPMENT REGULATIONS ADOPTED BY ORDINANCE NO. 21-04

FINAL ORDER
APPROVING ISLAMORADA, VILLAGE OF ISLANDS
ORDINANCE NO. 21-04

The Florida Department of Economic Opportunity (“Department”) hereby issues its Final Order, pursuant to subsection 380.05(6), Florida Statutes, approving land development regulations adopted by Islamorada, Village of Islands, Florida (“Village”) by Ordinance No. 21-04 (“Ordinance”).

FINDINGS OF FACT

1. The Florida Keys Area is designated by section 380.0552, Florida Statutes, as an area of critical state concern. The Village is a local government within the Florida Keys Area.

2. The Ordinance was adopted by the Village on June 9, 2021 and rendered to the Department on July 9, 2021.

3. The Ordinance amends Section 30-503, *Transfer of development rights (TDRs)*, of the Village’s Land Development Regulations to clarify that certain areas shall be excluded from the density calculation of any parcel or lot.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. § 380.05(6), Fla. Stat.

5. “Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. The regulations amended by the Ordinance are land development regulations.

6. The Ordinance is consistent with the Village’s Comprehensive Plan generally, as required by section 163.3177(1), Florida Statutes, and specifically, with Policy 1-2.1.5, Policy 1-2.6.2, and Policy 1-3.1.3.

7. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent and in compliance with the principles for guiding development for that area. *See* § 380.05(6), Fla. Stat. The Principles for Guiding Development for the Village are set forth in section 380.0552(7), Florida Statutes.

8. The Ordinance is consistent with the Principles for Guiding Development for the Village as a whole, and specifically furthers the following principles:

(a) Strengthening local government capabilities for managing land use and development so that local government is able to achieve these objectives without continuing the area of critical state concern designation.

(b) Protecting shoreline and marine resources, including mangroves, coral reef formations, seagrass beds, wetlands, fish and wildlife, and their habitat.

(c) Protecting upland resources, tropical biological communities, freshwater wetlands, native tropical vegetation (for example, hardwood hammocks and pinelands), dune ridges and beaches, wildlife, and their habitat.

(m) Providing adequate alternatives for the protection of public safety and welfare in the event of a natural or manmade disaster and for a postdisaster reconstruction plan.

WHEREFORE, IT IS ORDERED that the Department finds that Ordinance No. 21-04 is consistent with the Village’s Comprehensive Plan and Principles for Guiding Development for the Village and is hereby **APPROVED**. This Final Order becomes effective 21 days after publication in the *Florida Administrative Register* unless a petition is timely filed as described in the Notice of Administrative Rights below. **DONE AND ORDERED** in Tallahassee, Florida.
