PURPOSE AND EFFECT: The purpose and effect will be to update and clarify a rule on point of entry to challenge a District decision.

SUMMARY: This rule amendment will update and clarify a procedural rule regarding the point of entry to challenge a District decision.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The District conducted an economic review of the revisions to the rule and determined that the impact or regulatory cost, if any, of the revisions will not exceed any one of the economic analysis criteria in a SERC as set forth in Section 120.541(2)(a), F.S. Therefore, legislative ratification pursuant to subsection 120.541(3), F.S. is not required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Central Florida Regional Planning Council

Request for Proposals: Avon Park Air Force Range Military Installation Resiliency Review for Central Florida Regional Planning Council (CFRPC)

Request for Proposals: Avon Park Air Force Range Military Installation Resiliency Review for Central Florida Regional Planning Council (CFRPC)

Background:

The Central Florida Regional Planning Council (“CFRPC”) is soliciting a Request for Proposals (RFP) from qualified firms to provide Planning and Engineering Services for a Military Installation Resiliency Review (“MIRR”) for the Avon Park Air Force Range in Central Florida. The Central Florida region has one major installation, the Avon Park Air Force Range (APAFR), the largest bombing and gunnery range east of the Mississippi River, which is used by all branches of the military for critical training.

The need to increase the resilience of military installations is immediate in Central Florida. Major hurricanes and inland flooding are the most dramatic examples, but many other risks threaten the long-term sustainability of local military installations. These risks include natural hazards like increases in the frequency and intensity of tropical storms, and the risks imposed by extreme heat, droughts, and wildfires. These hazards are compounded by manmade activities and resulting vulnerabilities such as incompatible development and aging infrastructure. The MIRR will support the longterm resilience

and sustainability of the Avon Park Air Force Range (APAFR), one of the Department of Defense's most significant military installations acting as a force multiplier for all branches of the armed forces, and the communities that support it.

Project Tasks include: collection, review, and analysis of existing documents; vulnerability assessment of man-made and natural risks including present and forecasted future climate conditions; GIS mapping; recommendations and an action plan to address the identified risks to enhance the military installation's resilience in the short, medium, and long term. Since 2000, severe weather, flooding, and wildfires have led to 19 federally declared disasters in the Central Florida region. The Department of Defense (DoD) has expressed concern over the damaging impacts of climate change on the implementation of missions. APAFR is vulnerable to the compounding hazards and threats posed by the increasing frequency and magnitude of tropical storms, flooding, and increased rainfall.

The full RFP may be downloaded at www.cfrpc.org. The CFRPC is committed to diversity in its employees and consultants and therefore encourages qualified minority and disadvantaged firms to apply.

Submissions:

Interested consultants should request a Proposal Package via email to Shannon McPherson at smcpherson@cfrpc.org. A complete package of items specified in the Proposal Package should be mailed or delivered to:

Attention: Shannon McPherson, Central Florida Regional Planning Council, 555 East Church Street, Bartow, FL 33830-3931

All submissions must be received in the Council’s offices by Wednesday, November 22, 2023, 4:00 p.m., EST.

Questions:

Questions should be addressed in writing via email to Shannon McPherson at smcpherson@cfrpc.org no later than 4:00 p.m. on Monday, November 13, 2023. Responses shall be in writing. Responses to questions shall be provided to all persons who have requested a copy of this RFP and will be posted on www.cfrpc.org website.

No questions regarding this RFP may be directed to the Project Partners, Selection Committee, CFRPC Board members or CFRPC staff members other than the above designee. Violation of this prohibition shall result in the disqualification of the consultant from further consideration. The CFRPC reserves the right, in its sole discretion, to reject all submissions, reissue a subsequent RFP, terminate, restructure or amend this procurement process at any time.
