Child Support Program

RULE NOS.: RULE TITLES:
12E-1.015 Reciprocity Requests
12E-1.037 Notification to Withhold Support from
 Reemployment Assistance

PURPOSE AND EFFECT: The purpose of the proposed repeal of Rule 12E-1.015, F.A.C. (Reciprocity Requests), is to remove a rule that implemented a statute that no longer exists and is no longer necessary. The purpose of proposed Rule 12E-1.037, F.A.C. (Notification to Withhold Support from Reemployment Assistance), is to clarify the percentage of reemployment assistance withheld for child support reported to the Florida Department of Commerce and the Department’s actions when the parent who owes support and receives reemployment assistance files for bankruptcy.

SUMMARY: The proposed repeal of Rule 12E-1.015, F.A.C. (Reciprocity Requests), removes the obsolete incorporation by reference of the declarations of reciprocity established between

other countries. The proposed amendments to Rule 12E-1.037, F.A.C. (Notification to Withhold Support from Reemployment Assistance), clarify the percentage of reemployment assistance withheld for child support reported to the Florida Department of Commerce and that the amount of child support withheld is not affected when a parent owing child support files for bankruptcy. The proposed amendment reflects that the Department limits the reemployment assistance withholding percentage reported to no more than 40 percent per support order or a total of 50 percent of a parent’s reemployment assistance and that the Department no longer provides parents a record of reemployment assistance withholding collections. The proposed amendments also reflect the agency name change from the Florida Department of Economic Opportunity to the Florida Department of Commerce.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: 1) no requirement for the Statement of Economic Regulatory Costs (SERC) was triggered under Section 120.541(1), F.S.; and 2) based on past experiences regarding rules of this nature, the adverse impact or regulatory cost, if any, do not exceed nor would exceed any one of the economic analysis criteria in a Statement of Estimated Regulatory Costs, as set forth in Section 120.541(2)(a), F.S.

(1) No change.

(2) Data exchange with the Florida Department of Commerce Economic Opportunity.

(a) The Department receives data files periodically from the Florida Department of Commerce Economic Opportunity and compares the reemployment assistance (formerly known as unemployment compensation) applicant information on the files to its own records of parents who owe support obligations and parents against whom the Department is seeking to establish a support obligation.

(b) If a name and social security number on a data file matches with a parent who has an open case in the Department’s records, the Department adds the reemployment assistance information from the file to the parent’s child support case record.

(c) No change.

(3) Notifying the Florida Department of Commerce Economic Opportunity of the withholding percentage.

(a) through (b) No change.

(4) Maximum withholding percentage.

(a) The Department limits the reemployment assistance withholding percentage reported ~~it reports~~ to the Florida Department of Commerce Economic Opportunity to no more than 40 percent per support order or a total of 50 percent of a parent’s reemployment assistance.

~~(b) When a parent has more than one support order requiring withholding from reemployment assistance, the Department adds the withholding percentages from each of the orders and reports the combined withholding percentage to the Florida Department of Commerce Economic Opportunity. If the combined withholding percentage exceeds 50 percent, the~~

Department reports 50 percent as the withholding percentage. For example, if the parent has two support orders that each require withholding from reemployment assistance at a rate of 40 percent (totaling 80 percent), the Department reports 50 percent to the Florida Department of Commerce as the parent’s withholding percentage. For example, if a parent has two orders that each require withholding 20 percent from reemployment assistance, the total combined withholding percentage the Department reports for the parent is 40 percent.

~~2. When a parent has more than one support order requiring withholding from reemployment assistance and the combined withholding percentage exceeds 50 percent, the Department reports 50 percent as the withholding percentage. For example, if the parent has two support orders that each require withholding from reemployment assistance at a rate of 40 percent (totaling 80 percent), the Department reports 50 percent to the Department of Economic Opportunity as the parent’s withholding percentage.~~

(5) Refunding collections that exceed the support obligation.

(a) No change.

(b) In addition to refunding excess withholding amounts, the Department will shall calculate an adjusted withholding percentage that does not exceed the parent’s support obligation and notify the Florida Department of Commerce Economic Opportunity of the adjusted withholding percentage.

(c) If a subsequent reemployment assistance collection is withheld that exceeds the total support obligation as described in paragraph (5)(a), before the Florida Department of Commerce Economic Opportunity implements the adjusted withholding percentage, the Department will shall promptly refund the excess amount to the parent.

(6) through (7) No change.

~~(8) Payment receipts. The Department shall provide either parent with a record of reemployment assistance withholding collections upon request.~~

~~(8)(9) Bankruptcy. If the parent who owes support files bankruptcy, the withholding of current support from reemployment assistance may continue and is unaffected by the bankruptcy filing. When a Chapter 11, 12, or 13 bankruptcy case is filed for a parent who owes a support obligation and the Department receives the first reemployment assistance withholding collection before a bankruptcy plan is confirmed, withholding support from the parent’s reemployment assistance continues until the bankruptcy plan is confirmed.~~

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement

of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

South Florida Water Management District

RULE NO.: RULE TITLE:

40E-6.011 Policy and Purpose

The South Florida Water Management District (District) hereby gives notice: On June 5, 2025, the District's Governing Board issued SFWMD Order No. 2025-045-DAO-ROW to Florida Power and Light Company (Application No. 240515-43855). The petition for waiver was received by the District on October 29, 2024. Notice of receipt of the petition requesting the waiver was published in the Florida Administrative Register, Vol. 50/218 on November 6, 2024. No public comment was received on this item. This Order provides a waiver of the District's criteria to allow an existing aerial parallel run with four utility poles and associated down guys within the southern right of way of the L-29 Canal just 100 feet east of the District Structure S-12A and continuing east for approximately 900 feet. Specifically, the Order grants a waiver from paragraphs 40E-6.011(4) and (6), Fla. Admin. Code, which prohibits aerial utility parallel runs within 40 feet of the top of bank within Works or Lands of the District. Generally, the Order sets forth the basis of the Governing Board decision to grant the waiver as follows: 1) the proposed installation will not interfere with the District's current ability to perform necessary construction, alteration, operation, and routine maintenance activities; and 2) the Order granting a waiver from the subject rule is based upon a substantial hardship.

A copy of the Order or additional information may be obtained by contacting: Juli Russell at the South Florida Water Management District, 3301 Gun Club Road, MSC 1410, West Palm Beach, FL 33406-4680; telephone: (561)682-6268; or by email at: jurussel@sfwmd.gov.

DEPARTMENT OF BUSINESS AND PROFESSIONAL
REGULATION

Board of Cosmetology

The Board of Cosmetology hereby gives notice: that on June 12, 2025, an Order was filed on the Petition for Variance or Waiver. The Petition was filed by Candice L. Sawyer, Petitioner. The Petitioner sought a variance or waiver from Rule 61G5-29.011, Florida Administrative Code, regarding an Endorsement of Specialty Registration. Petitioner sought a permanent variance or waiver to obtain a Facial Specialist and a Nail Specialist/Manicurist license in the state of Florida without submitting a certificate of completion from the school they attended that closed.

The Notice of Petition for Variance or Waiver was published in Vol. 50, No. 229, on November 22, 2024, in the Florida Administrative Register. The Board, at its duly noticed meeting held on December 9, 2024, granted the Petition for Variance or Waiver, finding that Petitioner has demonstrated completion of the statutorily required training by other means. The Board finds that Petitioner has achieved the purpose of the underlying statute, that is, completion of the required training courses. The Board further finds that application of the rule to the specific facts and circumstances outlined by Petitioner would impose a substantial hardship on Petitioner, and would violate the principles of fairness.

The Connector is being considered to help alleviate traffic on local roads such as East Lake Mary Boulevard and Ronald Reagan Boulevard while meeting the growing demands of area residents and businesses that rely on SR 417 Seminole Expressway, including Orlando Sanford International Airport. Community input from public agencies, public meetings, project area stakeholders, engineering evaluations and refinements developed the Preferred Alternative for the SR 417 Sanford Airport Connector PD&E Study.

The Preferred Alternative includes a connection between SR 417 and East Lake Mary Boulevard near Red Cleveland Boulevard that would meet the project's purpose and need. The study goals include identifying transportation mobility options that could meet current and future demands, enhancing mobility for the area's growing population and economy by providing additional transportation infrastructure, providing consistency with local plans and policies, providing direct access to the Orlando Sanford International Airport, and promoting regional connectivity.

During the meeting, the CFX project study team will present the Preferred Alternative and study findings and receive input from advisory group members. All factors related to conceptual design and location of the facility, including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis, and right-of-way requirements, have been considered in the study.

A copy of the agenda may be obtained by contacting: Nick Lulli, Public Involvement Coordinator, by phone at (407)505-5594, by email at ProjectStudies@CFXway.com
