Section IV Emergency Rules

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Animal Industry

RULE NO.: RULE TITLE:
 5CER26-6 Temporary Restrictions on the Importation
 of Animals Originating from Areas
 Impacted by New World Screwworm

SUMMARY: On April 24, 2026, the presence of New World Screwworm (*Cochliomyia hominivorax*) had been confirmed in the Mexican state of Nuevo Leon, within 100 miles of the Texas-Mexico border. New World Screwworms (NWS) are fly larvae that feed on living flesh, often entering through wound sites found on livestock and other animals. If not discovered and effectively treated, an infestation of NWS can be fatal.

In response to the threat posed by NWS, the Department took measured, but immediate action by imposing certain restrictions on the importation of animals from the affected region. The Department subsequently expanded the application of animal movement restrictions in order to more appropriately address the changing situation.

EXPLANATION OF WHY THE EMERGENCY RULE IS NO LONGER REQUIRED: The presence of NWS has now been confirmed within both Texas and New Mexico, and the conditions necessitating the emergency rule have continued to evolve rapidly. As a result, the scope of this emergency rule is

no longer appropriate to address the current threat posed by NWS.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Dr. Michael A. Short, State Veterinarian, Director, Division of Animal Industry, Department of Agriculture and Consumer Services, 407 S. Calhoun St., Rm. 330, Mayo Bldg., Tallahassee, FL 32399-0800; (850)410-0900.

THE FULL TEXT OF THE EMERGENCY RULE IS:

THE FOLLOWING RULE IS HEREBY REPEALED:

5CER26-6 Temporary Restrictions on the Importation of Animals Originating from Areas Impacted by New World Screwworm.

(1) Definitions. For purposes of this emergency rule, the definitions set forth in s. 585.01, F.S., and Rule 5C-3.001, F.A.C., shall apply. The following definitions shall also apply:

A document used for interstate movement in lieu of an Official Certificate of Veterinary Inspection (OCVI) for a specified exemption in Chapter 5C-3, F.A.C., including Extended Equine Movement Permits, as incorporated in subsection 5C-3.003(5), F.A.C., a valid Owner-Shipper Statement as described in subsection 5C-3.002(2), F.A.C., a Permit for Interstate Movement from a USDA Approved Livestock Facility, FDACS-09158 Rev. 04/18, as incorporated in paragraph 5C-3.004(3)(b), F.A.C., and a Commuter Herd Agreement as described in paragraph 5C-3.004(3)(c), F.A.C.

(b) Authorized Representative. An employee of a U.S. state or the U.S. federal government, a licensed veterinarian accredited by the United States Department of Agriculture (USDA) who is authorized to conduct animal disease control and eradication activities, or an individual who has undergone state government-approved or federal government-approved training and is certified by a U.S. state or the U.S. federal government as an NWS inspector.

(c) Effective Treatment. A systemic product that is experimentally, conditionally, or fully licensed or approved by the United States Department of Agriculture, Center for Biologics or the United States Food and Drug Administration, for use in animals against internal or external parasites and shown to be effective against New World Screwworm (NWS) larvae in peer reviewed scientific literature.

(d) High-Risk County. All U.S. Counties within 125 miles of an infested Mexican state.

(e) Infested Mexican State. A Mexican state that has an established NWS breeding population. A Mexican state is considered infested with NWS until Mexico's Secretariat of Agriculture and Rural Development (SADER) declares the Mexican state to be free of NWS and that declaration is

recognized by United States Department of Agriculture, Animal and Plant Health Inspection Service.

(f) Infested State. A U.S. state with one or more infested zones. A state is considered infested until U.S. state or federal officials declare the state free of NWS.

(g) Infested Zone. Any county or any other geographic area designated by the USDA where the USDA or the State Animal Health Official has confirmed a breeding population of NWS. A county or other designated geographic area is considered an infested zone until U.S. state or federal officials declare the location free of NWS.

(h) New World Screwworm (NWS). The fly, eggs, pupae or larvae of the genus and species *Cochliomyia hominivorax*.

(i) Small Mammals. All animals in the taxonomic order Rodentia or Lagomorpha.

(j) Wound. Any break in or injury to the animal's integument, meaning the skin or mucous membrane. Surgical sites which have not fully healed, including those due to management practices such as dehorning and castration sites, are considered wounds.

(2) Import Requirements. Except where more stringent requirements are adopted herein, all animals being imported into Florida from high-risk counties, infested zones, or infested states must meet the testing and movement requirements in Chapter 5C-3, F.A.C.

(a) All warm-blooded domestic animals originating outside of an infested zone but from an infested state or high-risk county being imported into Florida must be accompanied by an OCVI documenting that all animals listed on the OCVI have been inspected and found free of contagious and infectious diseases and pests, including NWS.

1. The OCVI must include the statement, "All animals listed on the OCVI have been inspected and are free from screwworm larvae infestation."

RULE NO.: RULE TITLE:

5CER26-7 Interstate Import Requirements for Warm-Blooded Animals Originating from Areas Impacted by New World Screwworm

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: The presence of New World Screwworm (*Cochliomyia hominivorax*) has been confirmed in both Texas and New Mexico, and there are numerous active cases involving domestic animals. New World Screwworms (NWS) are fly larvae that feed on living flesh, often entering through

wound sites found on livestock and other animals. If not discovered and effectively treated, an infestation of NWS can be fatal. Immediate action, including the implementation of stringent inspection protocols for animals being transported from the affected region, is necessary to limit the spread and impact of NWS.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: This rule is fair and justified because it takes only the action necessary to protect public health, safety, and welfare by preventing the introduction and spread of this dangerous pest. Temporarily imposing more stringent inspection requirements for animals imported from the affected region is the only viable means of ensuring the protection of Florida animals susceptible to this potentially deadly pest.

SUMMARY: The rule imposes additional restrictions on the importation of animals originating from areas impacted by NWS.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Dr. Michael A. Short, State Veterinarian, Director, Division of Animal Industry, Department of Agriculture and Consumer Services, 407 S. Calhoun St., Rm. 330, Mayo Bldg., Tallahassee, FL 32399-0800; (850)410-0900.

Section VII Notice of Petitions and Dispositions Regarding Declaratory Statements

DEPARTMENT OF REVENUE
 NOTICE IS HEREBY GIVEN that the Department of Revenue ("Department") has declined to rule on the petition for declaratory statement filed by Remuda Atlantico, LLC ("Petitioner"), on April 08, 2026. The following is a summary of the agency's declination of the petition: The Notice of Petition was published in the Florida Administrative Register on April 15, 2026, in Volume 52 Number 73. Petitioner sought the Department's opinion as to whether subsection 12D-5.001(2), Florida Administrative Code (hereinafter "F.A.C."), has been rendered obsolete; whether it must be read and applied in tandem with Rule 12D-5.010, F.A.C.; and whether it is consistent with case law interpreting s. 193.461, Fla. Stat., as it applies to the Petitioner. The Department's Final Order, issued June 10, 2026, declines to issue a declaratory statement

because: 1) A declaratory statement is not an appropriate remedy where there is related pending litigation; 2) The Petition is not in substantial compliance with Section 120.565(2), F.S., because it presents vague statements devoid of facts and fails to state with particularity the Petitioner’s set of circumstances sufficient for the Department to opine on the matter; and 3) The Petition fails to meet the requirement that there be an actual, present and practical need for the declaration.

A copy of the Order Declining of the Petition for Declaratory Statement may be obtained by contacting: Ayonna Whitaker, Agency Clerk, Florida Department of Revenue, Post Office Box 6668, Tallahassee, Florida 32314-6668, Ayonna.Whitaker@floridarevenue.com, (850)617-8347. Please refer all comments to: Agency Clerk, Florida Department of Revenue, Post Office Box 6668, Tallahassee, Florida 32314-6668, Ayonna.Whitaker@floridarevenue.com.
