PURPOSE AND EFFECT: Rules 69L-6.015 and 69L-6.027, F.A.C., are updated to incorporate recent legislative changes to subsections 440.05(10) and 440.107(7), F.S., made by Chapter 2016-56, Laws of Florida.

SUMMARY: Chapter 2016-56, Laws of Florida, amended subsection 440.05(10), F.S., to delete the requirement that any

corporation with exempt officers engaged in the construction industry must maintain written statements of those exempted persons acknowledging each such individual's exempt status. The proposed amendment to Rule 69L-6.015, F.A.C., will also delete this requirement from the rule. Chapter 2016-56, Laws of Florida, also included legislative changes to the penalty requirements in subsection 440.107(7), F.S. The changes include: (i) a 25% penalty reduction for non-compliant employers who have not previously been issued a stop-work order or penalty assessment order and who timely provide requested business records; and (ii) a reduction of the imputed payroll multiplier from twice the statewide average weekly wage to the pre-2014 level of one and one-half times the statewide average weekly wage. The proposed amendment to Rule 69L-6.027, F.A.C., will incorporate these changes on the Penalty Calculation Worksheet.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department conducted an economic analysis of the potential impact of the proposed rule and determined that there will be no adverse economic impact or regulatory increases that would require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The Petitioner shall also strictly adhere to the operating procedures and copies of the variance and operating procedures are to be present on the MFDV during all periods of operation
