RULE NO.: RULE TITLE:

6A-1.045111 Hourly Equivalent to 180-Day School Year

PURPOSE AND EFFECT: Delete the instructional hours requirement for double-session schools; and add a provision that establishes full-time equivalent (FTE) student membership reporting in schools that operate for less than the minimum term. Chapter 2016-237, Laws of Florida, replaces the provision for a double-session school with a provision to determine an equitable method of equivalent funding for schools operating under emergency conditions, which schools have been approved by the department to operate for less than the minimum term as provided in section 1011.60(2), Florida Statutes (F.S.). Chapter 2016-237, Laws of Florida, also includes an addition to section 1011.61(1)(b), F.S., that addresses reporting for FTE students who receive instruction in schools that operate for less than the minimum term.

SUMMARY: As a result of changes in the statutes during the 2016 legislative session, Rule 6A-1.045111, F.A.C., is amended to remove an obsolete subsection and establish a provision for FTE student membership reporting in schools that operate for less than the minimum term.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

and 1011.61(1)(b), F.S., as a result of 2016 legislative changes. The adverse impact or regulatory cost, if any, does not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in Section 120.541(2)(a), Florida Statutes and is not expected to require legislative ratification.

THE FULL TEXT OF THE PROPOSED RULE IS:

6A-2.0020 Eligibility for Charter School Capital Outlay.

The following provisions are established for the determination of eligibility of charter schools pursuant to Section 1013.62, F.S. Except as expressly provided herein, proof of eligibility requirements must be provided to the Department by July 1 of the fiscal year for which the charter school seeks funding. The continuation of funding is dependent upon maintaining eligibility requirements during the fiscal year.

(1) A charter school may be considered a part of an expanded feeder chain under Section 1013.62, F.S., if it either sends or receives at least sixty (60) percent a majority of its students directly to or from a charter school that is currently receiving capital outlay funding in the same fiscal year for which the charter school seeks funding pursuant to Section 1013.62, F.S. A charter school must submit an application by the deadline in subparagraph (7)(a) of this rule. The Department shall determine eligibility by applying the feeder chain criteria in Section 1013.62(1)(a)1.c., F.S., to the fiscal year's data from the October full-time equivalent (FTE) student enrollment survey conducted pursuant to Section 1011.62(1)(a), F.S., in the same fiscal year for which the charter school seeks funding. The Department shall calculate the funding amount associated with a school for which enrollment projections are estimated to meet the feeder chain eligibility criteria and shall distribute funds generated by the formula in Section 1013.62, F.S., upon proof of an expanded feeder chain from the October FTE student enrollment survey data.

(2) Pursuant to Section 1013.62(1)(a)1.d., F.S., charter schools that have been accredited by the Commission on Schools of the Southern Association of Colleges and Schools

may be eligible for charter school capital outlay. The eligibility requirement for satisfactory student achievement under Section 1013.62, F.S., shall be determined in accordance with the language in the charter contract and the charter school's current school improvement plan if the school has a current school improvement plan. A charter school receiving an "F" grade designation through the state accountability system, as defined in Section 1008.34, F.S., shall not be eligible for capital outlay funding for the school year immediately following the designation. Proof of accreditation by the Southern Association of Colleges and Schools Commission on Schools must be delivered to the Department by the deadline established in subparagraph (7)(a) for the fiscal year for which the charter school seeks funding to meet the eligibility requirement in Section 1013.62(1)(a)1.d., F.S. The continuation of funding is dependent upon maintaining accreditation during the current fiscal year. A charter school anticipating accreditation during a fiscal year shall include documentation of application for accreditation. The Department shall estimate the funding amount associated with a charter school anticipating accreditation during the fiscal year and distribute funds generated by the formula in Section 1013.62, F.S., upon proof of final accreditation, if proof of accreditation for the school year is received by the Department prior to April 1 of the fiscal year for which the charter school seeks funding. If the Department does not receive proof of a charter school's official accreditation by April 1, the charter school shall be determined ineligible for that fiscal year.

(3) A charter school must have been in operation for two (2) or more full school years by July 1 of the fiscal year for which the charter school seeks funding to meet the eligibility requirement in Section 1013.62(1)(a)1.a., F.S.

(4) Satisfactory student achievement under Section 1013.62(1)(a)3., F.S., shall be determined by the school's most recent grade designation or school improvement rating from the state accountability system as defined in Sections 1008.34 and 1008.341, F.S. Satisfactory student achievement for a school that does not receive a school grade or a school improvement rating, including a school that has not been in operation for at least one school year, shall be based on the student performance metrics in the charter school's charter agreement. Allocations shall not be distributed until such time as school grade designations are known.

(a) For the 2016-17 school year, a charter school that receives a grade designation of "F" shall not be eligible for capital outlay funding.

(b) Beginning in the 2017-18 school year, a charter school that receives a grade designation of "F" or two (2) consecutive grades lower than a "C" shall not be eligible for capital outlay funding.

(c) Beginning in the 2017-18 school year, a charter school that receives a school improvement rating of “Unsatisfactory” shall not be eligible for capital outlay funding.

(5) Eligibility for the additional school weight for free or reduced price lunch and the additional school weight for students with disabilities under Section 1013.62(1)(c)1., F.S., shall be determined by the students’ status as reported in the fiscal year’s October FTE student enrollment survey for the fiscal year in which funding is sought. The number of students eligible for free or reduced lunch for a school that provides free breakfast and lunch to all students under the Community Eligibility Provision of the Healthy, Hunger-Free Kids Act of 2010 shall be calculated by applying the multiplier authorized in Section 11(a)(1)(F)(vii) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1759a) to the number of students reported to the Department as eligible for free meals based upon the Direct Certification determination. For schools that do not participate under the Community Eligibility Provision of the Healthy, Hunger-Free Kids Act of 2010, the number of students eligible for free or reduced price lunch shall be the number of students reported to the Department as eligible.

(6) A charter school whose most recent available audit, pursuant to Section 218.39, F.S., reveals any of the financial emergency conditions provided in Section 218.503(1), F.S., is not eligible to receive charter school capital outlay.

(a) Upon notification pursuant to Section 1002.345, F.S., that a charter school’s audit reveals one or more of the financial emergency conditions in Section 218.503(1), Florida Statutes, the Department shall immediately discontinue distributions of charter school capital outlay funding for the school.

(b) A charter school shall remain ineligible to receive charter school capital outlay until the school produces an annual financial audit conducted pursuant to Section 218.39, F.S., which does not reveal any of the financial emergency conditions in Section 218.503(1), F.S., at which time capital outlay funding shall be calculated in an amount proportionate to the number of months remaining in the fiscal year.

(7) Pursuant to Section 1013.62(5), F.S., the procedures for submitting and approving an application for funding and the procedures for documenting expenditures, are as follows:

(a) Charter schools must submit an application using form IEPC-CO1, Charter School Capital Outlay Application, effective April 2017 (DOS link), which is hereby incorporated by reference in the rule, which may be accessed through [https://www.floridaschoolchoice.org/login/login\\_charter\\_school.asp](https://www.floridaschoolchoice.org/login/login_charter_school.asp). The application may be obtained by contacting the Office of Independent Education and Parental Choice, 325 West Gaines Street, Suite 1044, Tallahassee, Florida 32399-0400. The Department will accept hard copy versions of the

application. Hard copies should be sent to 325 West Gaines Street, Suite 1044, Tallahassee, Florida, 32399. Applications are due by July 1 of the fiscal year for which funding is sought. The Department may extend the deadline for all applications by posting the extended deadline on its website. The charter school shall include the purpose for which the funds will be expended. The Department shall review the application, determine eligibility, and direct the allocation and distribution of such funds in accordance with that determination.

(b) The Sponsor shall forward such funding pursuant to the provisions of Section 1002.33(17)(e), F.S., to any charter school that is determined to be eligible by the Department under this rule. The charter school shall include all disbursements and expenditures pursuant to Section 1013.62, F.S., in its monthly or quarterly financial statements pursuant to Section 1002.33(9)(g), F.S., and shall maintain all documentation of such expenditures and provide such documentation to the Sponsor upon request as necessary to monitor compliance with applicable law governing the proper use of such funds.

(c) If overpayments occur, the Department of Education will take any or all of the following actions: require a charter school to return the overpaid amount; adjust a school’s allocations in future years; or seek to collect the overpayment in any manner authorized by law.

RULE NO.: 6A-10.0401  
 RULE TITLE: Gold Standard Career Pathways Articulation Agreements

PURPOSE AND EFFECT: To incorporate by reference all Gold Standard Career Pathways Statewide Articulation Agreements based on industry certifications published by the Department of Education annually as the “CAPE Industry Certification Funding List.” These Gold Standard Career Pathways Articulation Agreements provide guaranteed college credit for individuals who earn an industry certification specified in the agreement and enrolled in the specified associate degree program at a Florida College System institution.

SUMMARY: Gold Standard Career Pathways Articulation Agreements are developed periodically through a consensus process with the Florida College System institutions and are based on industry certifications on the Department of Education’s “CAPE Industry Certification Funding List” including four new and approved articulation agreements. Approved by the State Board of Education, the Gold Standard Career Pathways Articulation Agreements continue to provide guaranteed college credit for students who earned the industry certification specified in the agreement and enrolled in the specified associate degree program. This saves tuition costs for students and eliminates the need to repeat coursework mastered as evidenced by passage of a third party examination leading to the award of an industry certification.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The proposed rule will have no regulatory cost and no negative economic impact. By incorporating articulation agreements, the proposed rule will require state colleges to recognize uniform credits earned by students having obtained industry certification in specified fields. The proposed rule will therefore facilitate students obtaining degrees from Florida state colleges economically and without duplication of course material. Thus, the adverse impact or regulatory cost, if any, does not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in s. 120.51(2)(a), Florida Statutes.

DEPARTMENT OF ECONOMIC OPPORTUNITY  
Division of Community Development  
Final Order No. DEO-17-009  
In re: A LAND DEVELOPMENT REGULATION  
ADOPTED BY CITY OF MARATHON  
ORDINANCE NO. 2016-06

FINAL ORDER  
REJECTING CITY OF MARATHON ORDINANCE NO.  
2016-06

The Department of Economic Opportunity (“Department”) hereby issues its Final Order, pursuant to sections 380.05(6) and 380.0552(9), Florida Statutes, rejecting land development regulations adopted by the City of Marathon, Florida, Ordinance No. 2016-06 (the “Ordinance”).

FINDINGS OF FACT

1. The Florida Keys Area is designated by section 380.0552, Florida Statutes, as an area of critical state concern. The City of Marathon is a local government within the Florida Keys Area.

2. The Ordinance was adopted by the City of Marathon on June 14, 2016, and rendered to the Department on December 28, 2016.

3. The Ordinance amends the City of Marathon Code of Ordinances, Appendix A (Land Development Regulations) Chapter 102, Article 23 by prohibiting the City to consider utility bills or rental agreements as the sole basis for determining the existence of building rights.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. Sections 380.05(6), and 380.0552(9), Florida Statutes.

5. “Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. Section 380.031(8), Florida Statutes. The regulations adopted by the Ordinance are land development regulations.

6. The Ordinance is inconsistent with the City of Marathon Comprehensive Plan Policy 1-3.4.3 because the Policy permits the City to consider utility bills and rental agreements as a basis for determining building rights. See section 163.3177(1), Florida Statutes.

7. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the principles for guiding development for that area. Sections 380.05(6) and 380.0552(9), Florida Statutes. The Principles for Guiding Development for the Florida Keys Area of Critical State Concern are set forth in section 380.0552(7), Florida Statutes.

8. The Ordinance is inconsistent with section 380.0552(7)(a), Florida Statutes, because it fails to “[strengthen] local government capabilities for managing land use and development so that local government is able to achieve these objectives without continuing the area of critical state concern designation.”

WHEREFORE, IT IS ORDERED that the Department finds that the City of Marathon Ordinance No. 2016-06 is inconsistent with the City of Marathon Comprehensive Plan and the Principles for Guiding Development for the Florida Keys Area of Critical State Concern and is hereby REJECTED.

This Order becomes effective 21 days after publication in the Florida Administrative Register unless a petition is timely filed as described in the Notice of Administrative Rights below.

DONE AND ORDERED in Tallahassee, Florida.

Julie Dennis, Director  
Division of Community Development
