DEPARTMENT OF CORRECTIONS

RULE NO.: 33-601.260 RULE TITLE: Administrative Management Units
NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 46 No. 71, April 10, 2020 issue of the Florida Administrative Register.

33-601.260 Administrative Management Units.

(1) through (2) No change.

(3) Any of the following acts by an inmate will result in the inmate being considered for placement in an AMU:

(a) through (b) No change.

(c) Two or more disciplinary reports for drug-related behavior as described in Rule 33-601.314, F.A.C.; ~~possession of unauthorized drugs or testing positive for drugs;~~

(d) through (j) No change.

(4) Procedures for Placement in an AMU.

(a) through (d) No change.

(e) The ICT will evaluate the recommendation for AMU placement, interview the inmate being reviewed, and consider all information provided by the inmate. The inmate may present information verbally or in writing for consideration by the ICT. The ICT must ensure that the inmate was given a minimum of

48 hours to prepare for the review unless waived by the inmate. The ICT must document on Form DC6-233D that the inmate was allowed 48 hours to prepare for the review or that the time was waived by the inmate completing Form DC6-265D. The ICT must inquire whether the inmate needs staff assistance during the review. A staff member will be assigned to assist an inmate when the team determines that the inmate is illiterate, does not understand English, has a disability that would likely hinder the inmate's ability to properly represent himself or herself, or when the complexity of the issues makes it unlikely that the inmate will be able to properly represent himself or herself. Assistance can also be provided at the inmate's request. In the event a staff member is assigned to assist the inmate, it is the responsibility of the staff member to explain the recommendation for AMU placement and the review process to the inmate. Even though the staff member will be authorized to assist an inmate during the review and aid the inmate in presenting his or her position, the staff assistant must not take the position of an advocate or defense attorney for the inmate. The ICT is authorized to postpone the review to allow an inmate additional time to prepare. If the review is postponed, the team must document the postponement on Form DC6-233D. The inmate may appear at the AMU review unless disruptive behavior is exhibited by the inmate before or during the review that impedes the process, or the inmate waives the right to be present at the review, he or she is disruptive either before or during the review, impedes the process of the review, or waives his or her right to be present at the review. If the inmate waives his or her right to be present at the review, Form DC6-265D must be completed. If the inmate is precluded from attending the review, is removed from the review, or waives his or her right to appear at the review, the review will be conducted without the inmate present. The presence, removal, or absence of the inmate will be documented on Form DC6-233D. After the interview and review of all relevant information, the ICT will make an AMU placement recommendation and provide it to the SCO. This recommendation will be documented on Form DC6-233D. The ICT will inform the inmate of the basis for its decision and provide a copy of its decision to the inmate after the conclusion of its review. The ICT classification member will ensure that the results of the ICT review are entered in OBIS.

(f) The SCO will consider the recommendations of the ICT and all information reviewed by the ICT before making a final decision regarding the inmate's placement in an AMU. As part of its review, the SCO may interview the inmate or rely on the documentation available in OBIS. The SCO may request that the ICT obtain and submit additional information before reaching a final decision. At the conclusion of its review, the SCO will approve or disapprove the ICT's recommendation. The SCO's final decision will be rendered in a reasonable time,

not to exceed 45 days, barring any delays created by pending investigations or exigent circumstances impacting the SCO's ability to render a final decision. If the ICT's recommendation is disapproved, the inmate will be informed of the decision in writing by the SCO. Inmate notification will not be required when the SCO approves the ICT's recommendation. After its review is complete, the SCO will document its final decision in OBIS.

(5) through (6) No change.

(7) Privilege Restrictions While Housed in an AMU.

(a) Visitation – Unless otherwise restricted pursuant to Rule 33-601.731, F.A.C., an inmate housed in an AMU is eligible to receive one three-hour two-hour personal visit once each weekend on the days and during the hours set forth in Rule 33-601.722, F.A.C. every 14 days provided the inmate has no major rule violations during the 14 day period. Unless otherwise restricted pursuant to Rule 33-601.731, F.A.C., inmates housed in an AMU are also eligible to receive one three-hour personal visit on the visitation holidays identified in Rule 33-601.722, F.A.C. Visiting will be restricted by the warden or his or her designee when it is determined that a threat to institutional security would be created by allowing visitation due to limitations associated with the visiting area or visitation supervision. Attorney visits will be permitted in accordance with Rule 33-601.711, F.A.C., and will not be restricted except when it is determined that the visit would be a threat to the safety or security of the institution.

(b) Canteen – An inmate housed in an AMU will be permitted to make canteen purchases in an amount up to \$50 \$35 once each week provided the inmate has no major rule violations as defined in Rule 33-601.800, F.A.C., during that period and unless otherwise restricted by disciplinary action.

(8) Review of Inmates ~~Inmate's~~ Housed in AMU.

(a) No change.

(b) The purpose of the ICT review is to determine whether the inmate should remain housed in the AMU due to safety and security concerns. The ICT will evaluate the DC6-233D prepared by the classification officer, as well as any other relevant information relating to staff and inmate safety and institutional security. The inmate may appear at ~~will be present for~~ the review unless disruptive behavior is exhibited by the inmate before or during the review that impedes the process, or the inmate waives the right to be present at the review by completing Form DC6-265D. The presence, absence, or removal of the inmate will be documented on Form DC6-233D. For this review, the ICT will consist of the warden or assistant warden, classification supervisor, and chief of security only. For an inmate to remain in an AMU, the ICT must state those safety and security issues or circumstances that can only be met by the inmate's continued placement in the AMU. The

recommendation of the ICT will be documented on Form DC6-233D, recorded in OBIS, and forwarded to the SCO.

This will require exploration to go beyond the generic resources available from established non-profits. Instead, WSCs will need to work with individuals and families to identify and develop resources, such as the help of family friends, colleagues, churches, or businesses who might be approached directly with requests to support an individual outside of a formal organizational program of assistance.

Recipient Contact Requirements.

Second paragraph now reads: For recipients residing in supported living, if a direct service provider not otherwise licensed to administer medication supervises the self-administration of medication or administers medication to a recipient, it is the responsibility of the supported living coach to assure that there is a current medication administration

Appendix B has been updated as follows:

iBudget training requirements for iBudget Waiver Providers now reads:

With the promulgation of this handbook, Agency for Persons with Disabilities (APD) provider training requirements are broken into three categories: Required Basic, Required Pre-Service Certification, and Required In-Service (also known as Continuing Education in certain professions). ~~However, provider staff employed prior to the promulgation continue to be held to the qualifications that were in rule at the time of their employment. A chart Charts follows this section and provides additional details on the new course titles, course descriptions, time frames for successfully completing courses, trainer qualifications, documentation of successful completions, and the frequencies in which courses need to be completed. Failure to timely complete all required training stated within this handbook constitutes grounds for APD to exercise disciplinary action according to sections II.A.1. and III.B. of the provider's Medicaid Waiver Services Agreement.~~

For all APD training except iConnect Training, pProvider staff, management staff, and solo providers rendering services prior to the promulgation will have 180 days from the date of this handbook's promulgation to come into compliance with new training requirements not previously completed in this Appendix.

For the purpose of APD iConnect Training only, provider staff, management staff, and solo providers enrolled before the promulgation of this handbook will have 90 days from the date of the notice of training being posted on the agency's website to complete the training. New provider staff, management staff, and solo providers enrolled and hired to render services after the promulgation of this rule must be in compliance with the rule.

The use of trainers certified by the named entities contained in the following chart are effective immediately: AIDS/HIV/Infection Control, First Aid, CPR and HIPAA.

For Required Basic and Required Pre-Service Certification, emphasis is being placed on whether the trainee successfully completes the course in lieu of the number of hours the trainee completes. Successful completion is defined as attending and participating in all required sessions, completing all applicable assignments, and successfully passing any required course test(s) with a score of 85% or better, except for training relating to APD iConnect, which shall be 75% or higher. Trainees who do not successfully complete a course will not be issued a certificate of successful completion. Students may retake a test if no passing score was achieved.

While required courses no longer identify a number of hours the trainee must complete, providers are responsible to ensure that each of their staff is providing services in a competent and appropriate manner in accordance with required training. In-Service training is based on the number of hours the trainee completes.

The use of Web-based training for any required training is acceptable if it is the current curriculum and is approved by the APD state office.

APD's calendar listing classroom trainings which are provided by APD may be found on APD's Web site. For required courses, go to <http://ptc.apd.myflorida.com/AvailableTraining.aspx?TrainingType=2>.

For in-service courses, go to <http://ptc.apd.myflorida.com/AvailableTraining.aspx?TrainingType=1>.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On June 24, 2020 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for subparagraph 3-305.11(A)(2), 2017 FDA Food Code, Section 3-305.14, 2017 FDA Food Code, Section 6-202.15, 2017 FDA Food Code, Section 6-202.16, 2017 FDA Food Code, subsection 61C-4.010(1), Florida Administrative Code, and subsection 61C-4.010(6), Florida Administrative Code from S & T Catering located in Orlando. The above referenced F.A.C. addresses the requirement for proper handling and dispensing of food. They are requesting to dispense bulk time/temperature control for safety foods from an open air mobile food dispensing vehicle.

The Petition for this variance was published in Vol 46/124. The Order for this Petition was signed and approved on July 7, 2020. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring that each pan within the steam table is properly covered with an individual lid; the steam table is enclosed within a cabinet with tight-fitting doors, and is protected by an air curtain installed and operated according to the manufacturer's specifications that protects against flying vermin or other environmental contaminants; all steam table foods must be properly reheated for hot holding at approved commissaries and held hot at the proper minimum temperature per the parameters of the currently adopted FDA Food Code; and steam table food is to be dispensed by the operator with no customer self-service. The Petitioner shall also strictly adhere to the operating procedures and copies of the variance and operating procedures are to be present on the MFDV during all periods of operation.

A copy of the Order or additional information may be obtained by contacting: Kasimira.Kelly@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

The above referenced F.A.C. addresses the requirement that at least one accessible bathroom be provided for use by customers and employees. They are requesting to utilize bathrooms located on a different level.

The Petition for this variance was published in Vol. 46/124 on June 25, 2020. The Order for this Petition was signed and approved on July 7, 2020. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the public bathrooms located on the second floor are maintained in a clean and sanitary manner and are provided with hot and cold running water under pressure, soap, approved hand drying devices, handwash sign and are available during all hours of operation. The Petitioner shall also ensure that directional signage is installed in the main restaurant area clearly stating the location of the bathrooms.

DEPARTMENT OF ENVIRONMENTAL PROTECTION
 Division of Water Resource Management Notice of Intent to Grant Water Quality Criteria Exemption

The Department of Environmental Protection gives notice that on July 7, 2020, the department issued the Final Order to grant exemptions from the Class G-II groundwater standards for color and total iron pursuant to Rule 62-520.500, Florida Administrative Code (F.A.C.), as part of Underground Injection Control (UIC) permit number 0356935-001-UC/5SR to the City of Sunrise (Sunrise) Sawgrass Water Treatment Plant located in Broward County at NW 8th Street, Sunrise, Florida 33325. The exemptions are for the permitted discharge of Biscayne aquifer groundwater to Class G-II groundwater of the Floridan aquifer. On August 23, 2017, the Department received a construction application (number 0356935-001-UC/5SR) and water quality criteria exemption requests from Sunrise for a construction permit for an aquifer storage and recovery injection well system. The exemptions will be incorporated into UIC permit number 0356935-001-UC/5SR, which expires five years after issuance, and is approved for the duration of said permit. A petition for any future renewal of these exemptions must be submitted by Sunrise in conjunction with renewal of permit number 0356935-001-UC/5SR, any future application for a construction permit for additional ASR wells, or an operation permit for any ASR project including operation permit renewals.

This action is final and effective on the date filed with the Clerk of the Department unless a petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, F.S., before the deadline for filing a petition. On the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. Because the administrative hearing process is designed to formulate final agency action, the hearing process may result in a modification of the agency action or even denial of the application.

Petition for Administrative Hearing

A person whose substantial interests are affected by the Department’s action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. Pursuant to Rules 28-106.201 and 28-106.301, F.A.C., a

petition for an administrative hearing must contain the following information:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action;
- (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

The petition must be filed (received by the Clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, or via electronic correspondence at Agency_Clerk@dep.state.fl.us. Also, a copy of the petition shall be mailed to the applicant, Mr. Timothy Welch, Director of Utilities, City of Sunrise, 777 Sawgrass Corporate Parkway, Sunrise, Florida 33325, at the time of filing.

Time Period for Filing a Petition

In accordance with subsection 62-110.106(3), F.A.C., petitions for an administrative hearing by the applicant and persons entitled to written notice under subsection 120.60(3), F.S., must be filed within 21 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under subsection 120.60(3), F.S., must be filed within 21 days of publication of the notice or within 21 days of receipt of the written notice, whichever occurs first. The failure to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

Extension of Time

Under subsection 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, or via electronic correspondence at Agency_Clerk@dep.state.fl.us, before the deadline for filing a petition for an administrative hearing. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

Mediation

Mediation is not available for this proceeding.

Judicial Review

Once this decision becomes final, any party to this action has the right to seek judicial review pursuant to Section 120.68, F.S., by filing a Notice of Appeal pursuant to Florida Rules of Appellate Procedure 9.110 and 9.190 with the Clerk of the Department in the Office of General Counsel (Station #35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000) and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice must be filed within 30 days from the date this action is filed with the Clerk of the Department.

For more information or to review the application and petition contact Joe Habberfeld, P.G., at (850)245-8655 or joe.habberfeld@floridadep.gov of the Department's Tallahassee Office.
