RULE NO.: RULE TITLE:

64B8-41.001 Fees

PURPOSE AND EFFECT: The Board proposes the rule amendment to update the language for fees.

SUMMARY: The renewal fees will be updated

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at

its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

65C-28.008 Relative Caregiver Program Requirements

PURPOSE AND EFFECT: The Department intends to amend rule 65C-28.008, F.A.C., to update two incorporated forms and remove some responsibilities of the child protection investigator and case manager.

SUMMARY: The Relative Caregiver Communication form is renamed the Child Welfare Communication form so that it can be utilized as a universal form for other programs. Additionally, the form now includes a process to notify the Economic Self-Sufficiency program when a family changes from receiving a relative/non-relative caregiver payment to receiving a foster care board payment.

The Application for Nonrelative Caregiver Financial Assistance is amended for clarification and to align with rule and procedures.

Responsibilities of the child protection investigator and case manager already contained in policy are removed from the rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department used a checklist to conduct an economic analysis and determine if there is an adverse impact or regulatory costs associated with this rule that exceeds the criteria in section 120.541(2)(a), F.S. Based upon this analysis, the Department has determined that the proposed rule is not expected to require legislative ratification.

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: 6A-1.094124 RULE TITLE: Required Instruction Planning and Reporting
NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 47 No. 87, May 5, 2021 issue of the Florida Administrative Register. The State Board of Education approved the rule with the following changes:

(1) through (2) No change.

(3) As provided in Section 1003.42(2), F.S., members of instructional staff in public schools must teach the required instruction topics efficiently and faithfully, using materials that meet the highest standards of professionalism and historical accuracy.

(a) Efficient and faithful teaching of the required topics must be consistent with the Next Generation Sunshine State Standards and the Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards.

(b) Instruction on the required topics must be factual and objective, and may not suppress or distort significant historical events, such as the Holocaust, slavery, the Civil War and Reconstruction, the civil rights movement and the contributions of women, African American and Hispanic people to our country, as already provided in Section 1003.42(2), F.S.

Examples of theories that distort historical events and are inconsistent with State Board approved standards include the denial or minimization of the Holocaust, and the teaching of Critical Race Theory, meaning the theory that racism is not merely the product of prejudice, but that racism is embedded in American society and its legal systems in order to uphold the supremacy of white persons. Instruction may not utilize material from the 1619 Project and may not define American history as something other than the creation of a new nation based largely on universal principles stated in the Declaration of Independence. Instruction must include the U.S. Constitution, the Bill of Rights and subsequent amendments.

(c) No change.

Emergency Rules

DEPARTMENT OF HEALTH

Division of Disease Control

RULE NO.: 64DER21-9 RULE TITLE: COVID-19 Vaccine Reporting Requirements

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza. COVID-19 is a communicable disease with significant morbidity and mortality. As a result, it presents a severe danger to public health. Access to immunization and vaccine administration data is critical to the government response to the COVID-19 public health emergency. In furtherance of state and federal government response efforts, the Florida Department of Health, the U.S. Department of Health and Human Services (HHS), and the Centers for Disease Control and Prevention (CDC) seek to obtain and utilize data from COVID-19 vaccine data sources, including the Florida Department of Health's immunization information system (IIS), in order to rapidly assess patterns of vaccination among the population; identify pockets of undervaccination; assist in determining vaccine resource

allocation; monitor vaccine effectiveness and safety; assess spectrum of illness, disease burden, and risk factors for severe disease and outcomes; and help to understand the impact of COVID-19 on the healthcare system and communities. Reporting the administration of COVID-19 vaccines to individuals in Florida is paramount to controlling this communicable disease and for reporting to the Centers for Disease Control and Prevention. Therefore, there is an immediate need to adopt rules setting forth the procedures for continued reporting of vaccine administration in order to control the spread of COVID-19 to protect the health, safety, and welfare of Florida’s citizens.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: COVID-19 presents a public health threat to the state of Florida. The Surgeon General has declared a statewide Public Health Emergency due to the spread of COVID-19. There is an immediate need to set forth procedures for the continued reporting of vaccine administration in the effort to control this communicable disease in the State of Florida.

SUMMARY: Emergency rule 64DER21-9 sets forth the reporting requirements for all practitioners and other enrolled COVID-19 vaccine providers administering COVID-19 vaccines.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Carina Blackmore, Florida Department of Health, 4052 Bald Cypress Way, Tallahassee, Florida 32399-1703, (850)245-4732.

RULE NO.: RULE TITLE:

64B13-4.001 Examination Requirements

The Board of Optometry hereby gives notice: of the issuance of an Order regarding the Petition for Waiver or Variance, which was filed on February 17, 2021, by Anthony De Rougemont. Petitioner was seeking a waiver or variance from subparagraphs 64B13-4.001(1)(d)2. and 3., F.A.C., entitled, “Examination

Requirements” which states in part that the licensure examination authorized in subsection 463.006(2), F.S., shall consist of four parts with one being the Florida Practical Examination. The Florida Practical Examination shall consist of three (3) tested skills and the Board requires passage of all three (3) skills on the same test attempt. The three (3) skills are Biomicroscopy, Binocular Indirect Ophthalmoscopy, Dilated Biomicroscopy and Non-Contact Fundus Lens Evaluation and are weighted equally. The passing score for each skill shall be seventy-five percent (75%) or better, and a passing score on each of the three (3) skills must be obtained on the same test attempt. The Notice was published in Volume 47, No. 37, of the Florida Administrative Register, on February 24, 2021. The Board considered the instant Petition at a duly-noticed public telephonic meeting held March 26, 2021. The Board’s Order, filed on April 16, 2021, denied the petition finding that Petitioner had failed to establish that the purpose of the underlying statute would be met by granting a variance or waiver from subparagraphs 64B13-4.001(1)(d)2. and 3., F.A.C. The Board further finds that Petitioner had failed to establish that applying the requirements of the aforementioned rule to petitioner’s circumstances would violate principles of fairness and impose substantial hardship.
