RULE NO.: RULE TITLE:

12D-16.002 Index to Forms

PURPOSE AND EFFECT: The purpose of amending Form DR-501CC, Ad Valorem Tax Exemption Application and Return for Proprietary Continuing Care Facility, to clarify questions, update instructions and remove the notarization requirement from the individual affidavit which is not specifically required by Florida law, and to add the penalty of perjury declaration required by section 92.525(2), F.S. When effective, the amendment will reduce taxpayer burden by eliminating the requirement for the affidavit to be notarized. The purpose of amending Form DR-504, Ad Valorem Tax Exemption Application and Return, is to provide clarification to taxpayers and property appraisers on documentation required

to apply for each type of exemption. The simplified application clarifies the filing process for taxpayers. With the amendment to Form DR-504, the Department is creating three new forms for specific ad valorem exemptions: Form DR-504AFH, Ad Valorem Tax Exemption Application and Return for Multifamily Project and Affordable Housing Property; Form DR-504ED, Ad Valorem Tax Exemption Application and Return for Educational Property; and Form DR-504W, Ad Valorem Tax Exemption Application and Return for Not-for-Profit Sewer and Water Company and Not-for-Profit Water and Wastewater Systems. Form DR-504AFH will reflect section 196.1978(2), F.S., change from a multifamily project discount to an exemption. The purpose of amending Form DR-504CS, Ad Valorem Tax Exemption Application and Return for Charter School Facilities, is to update the title of the application, update a statute reference, remove language explaining how credits are applied to lease payments, and replace the penalty of perjury declaration with a certification statement. The purpose of amending Form DR-504HA, Ad Valorem Tax Exemption Application and Return for Nonprofit Homes for the Aged, is to update the title of the application, update a statute citation, clarify instructions, and replace the penalty of perjury declaration with a certification statement. The purpose of amending Form DR-504S, Individual Affidavit for Ad Valorem Tax Exemption Homes for the Aged, is to add the penalty of perjury declaration and remove the notary acknowledgement. The effect of these proposed amendments is that affected parties will have updated forms available that comply with current law. NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 47 No. 76, April 20, 2021 issue of the Florida Administrative Register.

The SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION should have included the following:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency. The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

There are no adverse regulatory impacts associated with implementing this rule. The proposed modifications consist

primarily of updates to program forms and website URL references compelled by substantive form modifications and the Department’s transition to the FDACS.gov domain. Further proposed changes include adding additional required information to the Notification of Fumigation, FDACS-13667; correcting an inaccurate reference to the rule section describing completion of wood destroying organisms’ inspection reports; clarifying that in order to obtain a Fumigation Special Identification Card a licensee must pay an examination fee rather than an issuance fee; clarifying that business licensees must submit an application for Pest Control Employee-Identification Cards with each original or renewal business license application of any business license change; and requiring training in areas of contract regulations and safety related issues specific to structural fumigation for pest control employees who perform fumigation sales. These changes are intended to facilitate industry compliance and enhance consumer protections. They will impose negligible administrative costs which will not adversely affect small businesses or pest control operators. The adverse impact or potential regulatory costs of the proposed rule modifications did not exceed any of the criteria established in Section 120.541(2)(a), Florida Statute. Additionally, no interested parties have submitted information regarding the economic impact of the proposed changes. Impacts to small businesses and other regulated entities will occur solely as a function of non-compliance and will not present any additional regulatory burden.

RULE NO.: RULE TITLE:

64B13-4.001 Examination Requirements

The Board of Optometry hereby gives notice: of the issuance of an Order regarding the Petition for Waiver or Variance, which was filed on April 13, 2021, by Ricky Luong. Petitioner was seeking a waiver or variance from subparagraphs 64B13-4.001(1)(d) 2. and 3., F.A.C., entitled, “Examination Requirements” which states in part that the licensure examination authorized in subsection 463.006(2), F.S., shall consist of four parts with one being the Florida Practical Examination. The Florida Practical Examination shall consist of three (3) tested skills and the Board requires passage of all three (3) skills on the same test attempt. The three (3) skills are Biomicroscopy, Binocular Indirect Ophthalmoscopy, Dilated Biomicroscopy and Non-Contact Fundus Lens Evaluation and are weighted equally. The passing score for each skill shall be seventy-five percent (75%) or better, and a passing score on each of the three (3) skills must be obtained on the same test attempt. The Notice was published in Volume 47, No. 73, of the Florida Administrative Register, on April 15, 2021.

The Board considered the instant Petition at a duly-noticed public telephonic meeting held May 12, 2021. The Board’s Order, filed on May 25, 2021, granted the petition finding that Petitioner had established that the purpose of the underlying statute would be met by granting a variance or waiver from subparagraphs 64B13-4.001(1)(d) 2. and 3., F.A.C. The Board further finds that Petitioner established that applying the requirements of the aforementioned rule to petitioner’s circumstances would violate principles of fairness and impose substantial hardship.

A copy of the Order or additional information may be obtained by contacting: Christina McGinnis, Executive Director, Board of Optometry, 4052 Bald Cypress Way, Bin # C07, Tallahassee, Florida 32399-3257, telephone: (850)488-0595, or by electronic mail – Christina.McGinnis@flhealth.gov.
