 Proposed Rules

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: 6A-6.0201
 RULE TITLE: State of Florida High School Diplomas, as of January 1, 2014

PURPOSE AND EFFECT: To add the option of online proctoring as an allowable mechanism for sitting for the listed examinations, and establish the testing fee for that option.

SUMMARY: This amendment implements changes to the high school equivalency diploma program. The option of an online-proctored testing center is being proposed as an allowable mechanism for sitting for the listed examinations. A state-wide testing fee of \$38 for each test taken using online-proctored testing is also being proposed.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The proposed rule is not expected to have any adverse impact on economic growth or business competitiveness, increase regulatory costs, in excess of \$1 million in five years, or any other factor set forth in s. 120.541(2), F.S. and will not require legislative ratification. This is based on the nature of the proposed rule, which establishes the standards for the issuance of the State of Florida High School Diploma to individuals who successfully pass the listed examinations. Further, since persons can continue to take the GED at proctored test centers based on the fee of \$32 per test., it is unknown how many persons will take advantage of the option of on-line testing at an additional \$6.00 per test.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal

for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
