61G20-2.005 Alternative Plans Review and Inspection forms Adopted

PURPOSE AND EFFECT: House Bill 401 (2021) removed the requirement that the Florida Building Commission adopt forms pertaining to private provider plan compliance and job site identification. House Bill 401 (2021) also replaced the requirement for a fax number field on the notice of use of private provider form with a field for the provider's e-mail address. SUMMARY: The proposed amendment will remove unnecessary forms and make a minor change required in the remaining form.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The proposed amendment will merely remove unnecessary forms and make a minor change to the remaining form.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation, District Seven, in cooperation with Forward Pinellas, is conducting a safety action plan for the US 19 (SR 55) frontage roads. The 11.5-mile segment runs from north of 49th Street to north of SR 580 (Main Street) and traverses through the cities of Pinellas Park, Largo, and Clearwater, as well as unincorporated Pinellas County. The purpose of the plan is to work with the community stakeholders and public agency partners to objectively identify needs and evaluate possible changes to improve multimodal safety, operations, and connectivity within the study corridor.

As a stakeholder or business/property owner along this corridor, we're inviting you to participate in a Focus Group Meeting. Last fall, this group met to review corridor existing conditions and project needs. During this session, we'll share a brief overview of work done to date, and the focus of the meeting will be sharing preliminary concepts for potential changes along the roadway including the addition of on-street and separated bicycle facilities. There will be opportunities to provide input on the concepts, especially as they relate to the area of influence of your business/property. We want to hear what you'd like to see on the US 19 Frontage Roads!

This meeting is open to all corridor business/property owners. You may forward this invitation to other business/property owners along the US 19 Frontage Roads who may be interested in participating. Additional information on the project can be found at:

<https://www.fdot7studies.com/US19FrontageRoads/>.

The meeting will be in person with an option to participate virtually through the GoToMeeting conference platform.

In Person: City of Pinellas Park's Barbara S. Ponce Public Library, 7770 52nd St N, Pinellas Park, FL 33781
