**Proposed Rules**

**DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION**

**Board of Cosmetology**

**RULE NO.:** 61G5-18.00015 **RULE TITLE:** Cosmetologist and Compensation Defined  
**PURPOSE AND EFFECT:** The Board proposes a rule amendment that pertains to the definition of cosmetologist and terms related to the practice of cosmetology and its registered specialties.  
**SUMMARY:** This rule amendment defines terminology and indicates the scope of practice in cosmetology and its specialties.  
**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**  
 The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.  
 The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.  
 Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.  
**RULEMAKING AUTHORITY:** 477.016, 477.025(2) FS.  
**LAW IMPLEMENTED:** 477.013, 477.0135, 477.025(2) FS.  
**IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.**

THE FULL TEXT OF THE PROPOSED RULE IS:

Substantial reword of Rule 61G5-18.00015 follows. See Florida Administrative Code for present text.

**61G5-18.00015 Cosmetologist and Compensation Defined.**

(1) A cosmetologist is a person who is licensed to perform the mechanical or chemical treatment of the head, face, and scalp for aesthetic rather than medical purposes, including, but not limited to, hair shampooing, hair cutting, hair arranging, hair braiding, hair coloring, permanent waving, and hair relaxing, for compensation. Cosmetologists and full and facial specialists may also perform skin care services and non-invasive hair removal including wax treatments, but not including electrolysis as that term is defined in Chapter 478, F.S. Nail and full specialists may perform manicures and pedicures that include hand and foot massages.

(a) For the purposes of this act “compensation” is defined as the payment of money or valuable consideration directly or indirectly paid or promised, expressly or impliedly, or the intent to collect or receive payment of money or the intent to collect or receive anything of value in exchange for cosmetology services.

(b) For the purposes of this act “medical purposes” is defined as any form of bodily intrusion into the orifices, skin, muscles, or any other tissues of the body. Bodily intrusion includes but is not limited to skin perforation by any means, including the application of permanent makeup, the use of laser and intense pulsed light (IPL) treatments, ultrasound and high intensity focused ultrasound (HIFU) treatments, radiation, plasma pen, Hyaluron pen, injections, and FDA approved medical devices, all of which are beyond the scope of a cosmetology license and full and facial registrations.

(2) Practice Definitions: In the practice of cosmetology and its specialties, the following definitions apply:

(a) “Chemical exfoliation” is the use of products containing chemicals that either loosen or dissolve dead cell buildup. Examples of exfoliating chemicals are alpha hydroxy acids (AHAs), which are gentle, naturally occurring acids that remove dead skin cells.

(b) “Lash lift” or “Eyelash perm” is a treatment where chemical products are applied to natural lashes, lifting or curling the lashes to make them look longer and fuller. A tint is sometimes also applied. Florida licensed cosmetologists and full and facial specialists may provide lash lifting and perming services provided the chemical products used are a gel form of ammonium thioglycolate.

(c) “Makeup application” includes makeup primer, face paint, lipstick, eyeliner, eye shadow, foundation, rouge or cheek color, mascara, strip lashes, individual lashes, face powder, corrective stick, and makeup remover. Makeup application does not require a cosmetology license or a full or facial specialist registration.

(d) “Manual exfoliation” is the physical removal of dead skin cells through light abrasion using a sponge or cloth with or without the use of a granulated scrub, or using a dermaplaning #10 blade. All sharps must be disposed of in a biohazard sharps container.

(e) “Massaging” in the practice of cosmetology is limited to the face, scalp, neck, hands, and feet and includes manipulation of the skin for the application of creams or lotions for aesthetic purposes with the hands or a smooth object such as a small stone. Manipulation of an individual’s soft body tissue for the purposes of improving health or well-being, therapeutic massages, reflexology massages, and massaging the torso are outside the scope of a cosmetology license or full and facial specialist registrations.

(f) “Mechanical exfoliation” is the physical removal of surface epidermal cells by means that include but are not limited to brushing machines, granulated scrubs, peel-off masques, peeling creams or drying preparations that are rubbed off, and microdermabrasion. Microdermabrasion is a type of mechanical exfoliation that involves using a closed vacuum to shoot aluminum oxide or other crystals at the skin with a hand-held device that exfoliates dead cells.

(g) “Microblading” is a form of semi-permanent tattooing that involves using tiny, fine-point needles that make up a small disposable blade and handle that deposit pigment simultaneously under your skin. Microblading is beyond the scope of a Florida cosmetology license or full or facial specialist registration.

(h) “Microneedling” or “collagen induction treatment or therapy” is a procedure that uses a multi-needled device to create microchannels in the skin 0.25 – 2.5 mm deep to stimulate the body’s natural wound healing process while minimizing cellular damage. This piercing of the skin is beyond the scope of a Florida licensed cosmetologist or registered full or facial specialist.

(i) “Semipermanent lashes” are lash extensions that are applied directly onto existing eyelashes with a glue that is specially formulated to not damage the lash or irritate the eyes. This process generally takes about 2 hours to apply and must be maintained. A cosmetology license or a full or facial specialist registration is required to apply these lashes to a client.

(j) “Strip lashes” and “individual lashes” are full, partial, or small clusters of false lashes applied with an adhesive. This process takes very little time to apply, and, as they are not long-lasting, they are usually applied for a specific event.

**Section IV  
 Emergency Rules**

**DEPARTMENT OF CHILDREN AND FAMILIES**

**Substance Abuse Program**

RULE NO.: RULE TITLE:  
 65DER21-1 Clinical and Operational Standards for Medication-Assisted Treatment for Opioid Use Disorders.

**SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE:** On May 03, 2017, the Governor of the State of Florida signed an executive order declaring that the opioid epidemic threatens the State of Florida with an emergency. This executive order was extended eleven times. Also, on April 01, 2019, the Governor signed an additional order creating the Statewide Task Force on Opioid Abuse to combat the opioid epidemic. The Department has determined there is currently a growing concern with an increased risk of overdose and deaths due to opioid use so that revising the methadone treatment procedures is necessary.

**REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES:** The procedure is fair and necessary under the circumstances because it ensures equitable treatment of medication-assisted treatment providers in enabling them to deliver continuous treatment for individuals

in the community to decrease chances of opioid related overdoses and deaths.

Proposed changes in this emergency rule focus on changing the criteria for the number of methadone take-home doses dispensed being adjusted to support dynamic treatment needs in accordance with federal guidelines.

SUMMARY: This rule makes changes to permanent Rule 65D-30.0142 F.A.C., relating to clinical and operational requirements for medication-assisted treatment for opioid use disorders. Changes are necessary to address an immediate danger to the public health by modifying the requirements related to performing services through telehealth, by adjusting the methadone take-home standards to reflect the current federal guidance, and by suspending caseload requirements.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Jodi Abramowitz. Jodi Abramowitz can be reached at Jodi.Abramowitz@myflfamilies.com.

The E911 Board hereby gives notice: The Department of Management Services, E911 Board, hereby gives notice of the issuance of an Order regarding the Petition for Variance or Waiver for Gadsden County, filed on August 5, 2021. The Notice of Petition for Variance or Waiver was published in Volume 47, No. 153, of the August 9, 2021, Florida Administrative Register.
