64B8-30.015 Disciplinary Guidelines

**PURPOSE AND EFFECT:** The proposed rule amendment is intended to clarify disciplinary guidelines, to add guidelines for telehealth registrants pursuant to Section 456.47(4), and to address recent legislation regarding SB 698 (Reproductive Health) and SB 1084 (Emotional Support Animals).

**SUMMARY:** The proposed rule amendment will clarify guidelines and address reproductive health and emotional support animals.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

THE FULL TEXT OF THE PROPOSED RULE IS:

64B8-30.015 Disciplinary Guidelines.

(1) Purpose. Pursuant to section 456.079, 456.072, F.S., the Boards provide within this rule disciplinary guidelines which shall be imposed upon physician assistant applicants or licensees whom it regulates under chapters 458 and 459, F.S., or telehealth providers registered under section 456.47(4), F.S. The purpose of this rule is to notify such applicants and licensees of the ranges of penalties which will routinely be imposed unless the Boards find it necessary to deviate from the guidelines for the stated reasons given within this rule. The ranges of penalties provided below are based upon a single

count violation of each provision listed; for multiple counts of the violated provisions or a combination of the violations the Boards shall consider a higher penalty than that for a single, isolated violation. Each range includes the lowest and highest penalty and all penalties falling between, including continuing medical education (CME). For telehealth registrants, a suspension may be accompanied by a corrective action plan that addresses the conduct which resulted in the underlying disciplinary violations. The Board may require a corrective action plan to be completed prior to reinstatement of the suspended registration or the corrective action plan may follow a suspension for a definite term. The purposes of the imposition of discipline are to punish the applicants or licensees for violations and to deter them from future violations; to offer opportunities for rehabilitation, when appropriate; and to deter other applicants or licensees from violations.

(2) Violations and Range of Penalties. In imposing discipline upon physician assistant applicants and licensees, in proceedings pursuant to sections 120.57(1) and (2), F.S., the Board shall act in accordance with the following disciplinary guidelines and shall impose a penalty within the range corresponding to the violations set forth below. The verbal identification of offenses are descriptive only; the full language of each statutory provision cited must be consulted in order to determine the conduct included.
