RULE NOS.: RULE TITLES:

60Y-7.001 Complaints

60Y-7.002 Answer

PURPOSE AND EFFECT: The proposed rule amendments seek to increase compliance with statutory due date requirements by reducing an amendment period and to delete an unnecessary word in the answer section.

SUMMARY: The proposed rule halves the amendment period for initial complaint filing to proceed with the investigative process and deletes an unnecessary "the" in the answer section.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 760.06(12)

LAW IMPLEMENTED: 760.03

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE FULL TEXT OF THE PROPOSED RULE IS:

60Y-7.001 Complaints.

(1) Who may file. A complaint may be filed by any person who claims to have been injured by a discriminatory housing practice or any person who believes that he will be injured by a

discriminatory housing practice that is about to occur.

(2) Time for Filing. A complaint may be filed at any time within one year of the occurrence of the alleged discriminatory housing practice. If the alleged discriminatory housing practice is of a continuing nature, the date of the occurrence may be any date subsequent to the commencement of the discriminatory housing practice up to and including the date on which it shall have ceased.

(3) Place and Date of Filing. A complaint shall be filed at the office of the Commission. The date of filing shall be the date of actual receipt of the complaint by the Clerk or other agent of the Commission. Any document received by the Clerk or other agent of the Commission after 5:00 p.m. (Eastern Time) shall be filed as of 8:00 a.m. on the next regular business day.

(4) Form. The complaint must be in writing and shall be signed by the complainant. The complaint shall be verified.

(5) Contents.

(a) The complaint should contain the following information:

1. The name, address and telephone number of the person filing the complaint;

2. The name, address and telephone number of the respondent;

3. A clear and concise statement of the facts, including pertinent dates, constituting the discriminatory housing practice;

4. If known, a statement disclosing whether proceedings involving the alleged discriminatory housing practice have been commenced before a Federal, State or local agency charged with enforcement of fair housing practice laws and, if so, the date of such commencement and the name of the agency.

(b) Notwithstanding the provision of paragraph (a) of this subsection, a complaint is sufficient if it is in writing under oath or affirmation and is sufficiently precise to identify the parties and to describe generally the action or practice complained of.

(6) Amendments.

(a) A complaint may be amended within ~~60~~ **30** days after filing and, thereafter, with the consent of the Executive Director upon discovery of new facts or upon a finding that information previously provided by the respondent was misrepresented.

(b) A complaint may be amended to cure technical defects, or omissions, including verification, or to clarify and amplify allegations made therein. Such amendments and amendments which describe an additional discriminatory housing practice relating to or growing out of the subject matter of the original complaint will relate back to the date the complaint was first received.

(c) An amendment adding or changing a respondent will relate back to the date the complaint was first received if, within the period provided by subsection (2) of this section, the new respondent (i) has received such notice of the filing of the

complaint as is sufficient to avoid prejudice in a defense on the merits, and (ii) knew or should have known that, but for a mistake concerning identity of the proper respondent, the complaint would have been filed against the new respondent.

(7) Withdrawal. A complaint may be withdrawn by a complainant at any time; however, following the issuance of a Notice of Determination, withdrawal may be made only with the consent of the Executive Director.

(8)(a)1. Notice to Respondent. When it is determined that a complaint is complete and has been timely filed, the Executive Director shall cause notice of the filing and a copy of the complaint to be served upon the respondent. Notice should be served within 10 days of the date of filing. An amendment likewise shall be served upon the respondent.

2. The notice shall advise the respondent of relevant procedural rights and obligations by referencing, for example, Sections 760.20-.37, F.S., and Chapters 60Y-6, 60Y-7, 60Y-8, and 60Y-9, F.A.C.

3. The notice shall advise the respondent of the complainant's right to commence a civil action under Section 760.35, F.S., in court, not later than two years after the occurrence or termination of the alleged discriminatory housing practice. If filed in federal court under federal law, the notice will state that the computation of this two-year period excludes any time during which the matter is pending for administrative relief with respect to a complaint or charge based on the alleged discriminatory housing practice. The notice will also state, however, that the time period includes the time during which an action arising from a breach of a conciliation agreement under Section 760.36, F.S., is pending.

4. The notice shall advise the respondent that retaliation against any person because he or she made a complaint or testified, assisted or participated in an investigation or conciliation under Florida's Fair Housing Act is a discriminatory housing practice that is prohibited.

(b) Notice to Complainant.

1. The Commission shall serve notice upon the complainant acknowledging the filing of the complaint, advising the complainant of the time limits set forth in Rule 60Y-7.004, F.A.C.

2. The Commission shall serve notice upon the complainant advising the complainant of the statutory remedies and choice of forums by referencing Sections 760.34, 760.35 and 760.37, F.S., and by informing the complainant that Section 760.34, F.S., is neither an obstacle nor a prerequisite to commencement of a separate civil action on his own under Section 760.35, F.S.

3. The notice shall advise the complainant of his right to commence a civil action under Section 760.35, F.S., in a court, not later than two years after the occurrence or termination of the alleged discriminatory housing practice. The notice will

state that, if filing in federal court under federal law, the computation of this two-year period excludes any time during which the matter is pending for administrative relief with respect to a complaint or charge, based on the alleged discriminatory housing practice. The notice will also state, however, that the time period includes the time during which an action arising from a breach of a conciliation agreement under Section 760.36, F.S., is pending.

4. The notice shall advise the complainant that retaliation against any person because he or she made a complaint or testified, assisted, or participated in an investigation or conciliation under Florida's Fair Housing Act is a discriminatory housing practice that is prohibited.

5. Upon an investigatory determination of reasonable cause, the Commission shall serve notice upon the complainant advising the complainant that at the election of the complainant, the Attorney General may bring an action in the name of the state on behalf of the complainant to enforce the provisions of Sections 760.20-.37, F.S.

6. The complainant must make his election within 20 days after receipt of the notice. If an election is made for a civil action by the Attorney General, then a civil action may be commenced and maintained within a reasonable time from the date of the election. If the Attorney General, in its discretion, determines that it will not initiate a civil action on behalf of the aggrieved person, the Commission shall institute a civil action in an appropriate court.

7. In addition, complainant shall be advised that, as an alternative to the Attorney General bringing an action, the Commission will petition for an administrative hearing and seek relief for complainant under Section 120.57, F.S., and prosecute the matter to a final agency order, which may include defending against an appeal by the respondent.

8. At all times, however, Complainant retains the right to seek administrative or judicial relief without governmental assistance.

(9) Maintenance of Records. Once a complaint has been served on the respondent, the respondent shall preserve all records and other evidence which may pertain to the complaint until the matter has been finally determined.

**FISH AND WILDLIFE CONSERVATION

Manatees

RULE NO.: 68CER21-1
 RULE TITLE: Manatee Protection Zone for FPL Cape Canaveral Energy Center in Brevard County

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Large numbers of manatees congregating as part of the temporary field response operations at the Florida Power & Light Cape Canaveral Energy Center's (FPL CCEC) is likely to cause a navigational hazard to any boaters utilizing the

waterway within the area that the congregation is occurring. This hazard creates an immediate public safety issue that could result in injury to the public due to collisions or in the process of attempting to avoid such collisions. Implementing a No Entry Zone in the waters immediately adjacent to and within the intake canal of the FPL CCEC can protect both watercraft operators and manatees from bodily harm that could be sustained during a collision.

Starting in December of 2020, the number of manatee mortalities reported along Florida's Atlantic coast has significantly exceeded the baseline annual average for the Atlantic coast management unit. The increase in manatee mortalities prompted the declaration of an Unusual Mortality Event (UME) by the U.S. Fish and Wildlife Service (USFWS). Ongoing investigations indicate starvation as the primary cause of death due to a decline in critical food sources as a result of poor water quality within the Indian River Lagoon (IRL) and surrounding areas. Preliminary data suggest that manatees may prioritize seeking warm water over finding forage, making UME response efforts during the colder months critically important. While the entire IRL is important habitat for manatees throughout the year, certain areas within the IRL, such as the waters near FPL CCEC, are more heavily used in winter months when manatees seek sources of warm water.

Temporary field response activities, including biological monitoring, live animal rescue, and a targeted supplemental feeding trial, will take place at the FPL CCEC in areas adjacent to the large congregation of a manatees seeking warm water during winter months. The large presence of manatees in the area may also lead to a higher incidence in collisions between vessels and manatees if the area is left unregulated. Boating safety is already a concern at the FPL CCEC as interactions with vessels, including manatee mortality due to watercraft, have been documented in this area since the 1970s. The likelihood of public presence increasing in this narrow waterway to observe the congregation of manatees poses additional safety concerns for operators and passengers of motorized and non-motorized vessels (e.g., paddle craft), including those staff and volunteers participating in the efforts. Additionally, an increase in the presence of waterway users may result in the direct disturbance of manatees and abandonment of the warm-water refuge.

The creation of a No Entry Zone in the waters immediately adjacent to and within the intake canal of the FPL CCEC will 1) protect watercraft operators and manatees from bodily harm that could be sustained during a collision and 2) reduce unintended harassment of manatees from the public while field response efforts are underway.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: Per Section 68C-22.001, F.A.C., the Commission provided notice to the public

by website, on December 6, 2021, in the materials for the “Unusual Manatee Mortality” item on the Commission Meeting agenda, that FWC would pursue an emergency rule creating a temporary No Entry Zone if a temporary field response station was designated with the USFWS Fish and Wildlife Service. The Commission also provided notice on December 8, 2021, in the Frequently Asked Questions related to this Unusual Manatee Mortality event that a “temporary no-entry zone” at the location of the supplemental feeding trial may be put into place. Additionally, prior to adoption of the emergency rule, staff presented information about the emergency rule to the Commissioners and the public on December 15, 2021, during FWC’s regularly scheduled Commission Meeting, and the public was provided an opportunity to speak. The procedures followed provide at least the procedural protection given by other statutes, the State Constitution or the U.S. Constitution. Given the current decline of available food sources, the increased manatee mortality rate, and the onset of winter temperatures, this temporary No Entry Zone is fair and necessary to protect both vessel operators and manatees during this manatee field response which includes rescue, monitoring, and supplemental feeding. In the creation of this emergency rule, the agency is taking the limited action necessary for human and manatee protection, the zone being sought is specific to the small area of the waterway we anticipate being affected by the UME Response, and therefore this limited, temporary emergency zone protects the public interest, provides protection for the public safety concerns, and still meets the agency’s statutory charge of manatee protection.

SUMMARY: Emergency rule 68CER21-1 establishes a 90-day “No Entry Zone” within and surrounding the waters of the FPL Cape Canaveral Energy Center in-take canal, in Brevard County.

THE FULL TEXT OF THE EMERGENCY RULE IS:

68CER21-1 Manatee Protection Zone for FPL Cape Canaveral Energy Center in Brevard County

(1) Scope. This emergency rule creates a temporary “No Entry Zone” as defined in 68C-22.002(11) to protect manatees from harmful collisions and harassment during field operations due to an Unusual Mortality Event. A temporary “No Entry Zone” is established in areas south of the FPL Cape Canaveral Energy Center jetty as follows:

(a) All waters south of the FPL Cape Canaveral Energy Center jetty, west of a line beginning at the southeasternmost point of the jetty (approximate latitude 28° 28' 07" N,

approximate longitude 80 45' 18" W) and running 180° of said jetty point south by 200 meters (approximate latitude 28° 28' 01" N, approximate longitude 80° 45' 18" W), those waters north of an east-west 709 meter line, ending at the shoreline terminus at Mullet Court Road (approximate latitude 28° 28' 01" North, longitude 80° 45' 02" West), and those waters east of the general westernmost shoreline of the Indian River, excluding those waters west of the north-south over-water foot bridge structure of the FPL intake canal.

(b) The Coordinates used in the description of the zone boundaries are referenced to the North American Datum of 1983 (NAD83 2011) using the Florida GDL Albers projection. Access to the No Entry Zone designated in paragraph (2) will be provided in accordance with procedures set forth in subsection (3).

(2) Access to the No Entry Zone designated in paragraph (1) is permitted by the following:

(a) FPL employees or their authorized agents, provided that entry into the zone is necessary to conduct activities associated with power plant maintenance, emergency operations or environmental monitoring.
