However, a SERC was prepared at the request of the Tolomato CDD and is included as Exhibit 9 of the Petition.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Commission has determined that the proposed rule amendment is not expected to require legislative ratification based upon the statement of estimated regulatory costs completed at the request of the Tolomato Community Development District contained in the Petition to expand the District.
