

Section I
Notice of Development of Proposed Rules
and Negotiated Rulemaking

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Agricultural Environmental Services

RULE NOS.:	RULE TITLES:
5E-14.1025	Inspections and Investigations
5E-14.105	Contractual Agreements in Public's Interest - Control and Preventive Treatment for Wood-Destroying Organisms
5E-14.110	Fumigation Requirements - Notices
5E-14.117	Application for Department Credentials
5E-14.132	Certificate Issuance and Renewal Fees
5E-14.136	Fumigation Special Identification Card Issuance, Renewal Fees, Forms, and Duties
5E-14.142	Responsibilities and Duties - Records, Reports, Advertising, Applications
5E-14.1421	Identification Card - Training Verification

PURPOSE AND EFFECT: Proposed changes consist primarily of updates to program forms and website URL references compelled by substantive form modifications and the Department's transition to the FDACS.gov domain. Further proposed changes include adding additional required information to the Notification of Fumigation, FDACS-13667; correcting an inaccurate reference to the rule section describing completion of wood destroying organisms' inspection reports; clarifying that in order to obtain a Fumigation Special Identification Card a licensee must pay an examination fee rather than an issuance fee; clarifying that business licensees must submit an application for Pest Control Employee-Identification Cards with each original or renewal business license application of any business license change; and requiring training in areas of contract regulations and safety related issues specific to structural fumigation for pest control employees who perform fumigation sales.

SUBJECT AREA TO BE ADDRESSED: Proposed modifications to 5E-14.1025 will codify the revision date to multiple FDACS forms. FDACS-13630 form will be renamed, reorganized, and add additional fields to reflect the form's intended use for evaluating pest control business operations rather than licensed pest control personnel.

FDACS-13633 and FDACS-13676 are being repealed to eliminate separate notices of inspection for pest control businesses and Limited Certification Commercial Landscape Maintenance. These types of inspections will now be completed using FDACS-13630. FDACS-13655 is being amended to become a Pest Control and Limited Landscape Maintenance Service Vehicle Inspection Form which will be used for evaluating service vehicles used in the performance of any pest

control activity, including limited landscape maintenance or limited fertilizer application. FDACS-13675 is being renamed and modify to align with new terminology and conditions for use adopted under s. 5E-14.149, F.S. FDACS-13660 is being incorporated by reference to facilitate collection of information specific to pesticide application activities.

Amendments to 5E-14.110 will add additional required information to the Notification of Fumigation, FDACS-13667; proposed amendments to 5E-14.117 will correct an inaccurate reference to the rule section describing completion of wood destroying organisms' inspection reports; amendments to 5E-14.136 will clarify that in order to obtain a Fumigation Special Identification Card a licensee must pay an examination fee rather than an issuance fee; amendments to 5E-14.142(9) will clarify that business licensees must submit an application for Pest Control Employee-Identification Cards with each original or renewal business license application of any business license change; and amendments to 5E-14.1421 will require training in areas of contract regulations and safety related issues specific to structural fumigation for pest control employees who perform fumigation sales.

Proposed Rules**

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Accountancy

RULE NO.: RULE TITLE:

61H1-29.003 Experience for Licensure by Endorsement

PURPOSE AND EFFECT: The Board proposes a rule amendment to remove the continuing professional education (CPE) requirement for license by endorsement applicants.

SUMMARY: The proposed rule amendment will remove unnecessary language.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PURPOSE AND EFFECT: The proposed rule amendment is intended to clarify standards for continuing medical education. SUMMARY: The proposed rule amendment will clarify standards for continuing medical education.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

RULE NO.: 68B-31.016
RULE TITLE: Tortugas Shrimp Beds: Repeal of Section 370.151(2), F.S. (1991); Redescription of Tortugas Shrimp Beds; Closed Areas

PURPOSE AND EFFECT: The purpose of these rule amendments is to align the Tortugas Shrimp Beds boundary with physical references and provide clarification to the description of the boundary line as found in 68B-31.016, Florida Administrative Code (F.A.C.).

The effect of the rule amendments would be complementing a recent federal change to the boundary and improving the accuracy, clarity, and enforceability of regulations with minimal change to the size of the area protecting shrimp nursery grounds.

SUMMARY: These rule amendments will update the regulatory boundary for the Tortugas Shrimp Beds including boundary coordinates, which have become inaccurate due to changes such as a navigational aid becoming non-operational and improvements in technology. Minor changes are needed to revise a boundary coordinate in Rebecca Shoal to correspond to an active navigational aid and to correct the coordinate for Sand Key Light. Additionally, the description for a portion of the boundary line along the southwestern edge of the Tortugas Shrimp Beds should be updated to improve accuracy and provide clarification. This rule amendment also includes technical changes to the formatting of coordinates within the rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the

statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
