Proposed Rules

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Professional Engineers

RULE NO.: RULE TITLE:
61G15-19.004 Disciplinary Guidelines; Range of Penalties; Aggravating and Mitigating Circumstances

PURPOSE AND EFFECT: The purpose of the amendment is to clarify the rule text.

SUMMARY: Substantial rewrite of rule text.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal

for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Substantial rewording of Rule 61G15-19.004 follows. See Florida Administrative Code for present text.

61G15-19.004 Disciplinary Guidelines; Range of Penalties; Aggravating and Mitigating Circumstances.

(1) The Board sets forth below a range of disciplinary guidelines from which disciplinary penalties will be imposed upon practitioners (including qualified business organizations) guilty of violating Chapters 455 or 471, F.S., or the rules promulgated thereto. The purpose of the disciplinary guidelines is to give notice to licensees of the range of penalties which will normally be imposed upon violations of particular provisions of Chapters 455 or 471, F.S. The disciplinary guidelines are based upon a single count violation of each provision listed. Multiple counts of violations of the same provision of Chapters 455 or 471, F.S., or the rules promulgated thereto, or other unrelated violations contained in the same administrative complaint will be grounds for enhancement of penalties. All penalties at the upper range of the sanctions set forth in the guidelines, i.e., suspension, revocation, etc., include lesser penalties, i.e., fine, probation or reprimand which may be included in the final penalty at the Board's discretion. Other terms may be imposed by the Board at its discretion.

(2) The following disciplinary guidelines shall be followed by the Board in imposing disciplinary penalties upon licensees for violation of the below mentioned statutes and rules. For the purposes of this rule, the descriptions of the violations are abbreviated and the full statute or rule cited should be consulted to determine the prohibited conduct.

Following satisfactory review of all 3 plan sets at the 6 month interval monitoring/plans review may be terminated without the 18 month review. Unsatisfactory plans review at the 6 month period will require the 18 month review and shall result in referral for investigation and possible institution of additional disciplinary proceedings. An unsatisfactory 18 month plans review shall lead to referral for investigation and possible institution of additional disciplinary proceedings.

The fact that an Administrative Law Judge of the Division of Administrative Hearings may or may not have been aware of the below mentioned aggravating or mitigating circumstances prior to a recommendation of penalty in a Recommended Order shall not obviate the duty of the board to consider aggravating and mitigating circumstances brought to its attention prior to the issuance of a Final Order.

(a) Aggravating circumstances; circumstances which may justify deviating from the above set forth disciplinary guidelines and cause the enhancement of a penalty beyond the maximum level of discipline in the guidelines shall include but not be limited to the following:

2. In the case of negligence; of the magnitude and scope of the project and the damage inflicted upon the general public by the licensee's misfeasance.
3. Evidence of violation of professional practice acts in other jurisdictions wherein the licensee has been disciplined by the appropriate regulatory authority.

5. Refusal to accept responsibility for or to acknowledge the violation.
6. Degree of cooperation with disciplinary investigation.
7. Degree to which conduct departed from generally accepted professional standards of conduct.
8. The number of unrelated and distinct offenses.
9. Prior discipline imposed upon the licensee.
10. The deterrent effect of the penalty imposed.
11. Failure of the licensee to correct or stop violations.

(b) Mitigating circumstances; circumstances which may justify deviating from the above set forth disciplinary guidelines and cause the lessening of a penalty beyond the minimum level of discipline in the guidelines shall include but not be limited to the following:

1. In cases of negligence, the minor nature of the project in question and lack of danger to the public health, safety and welfare resulting from the licensee's misfeasance.
2. Lack of previous disciplinary history in this or any other jurisdiction wherein the licensee practices his profession.
3. Restitution of any damages suffered.
4. The licensee's professional standing among his peers including continuing education.
5. Steps taken by the licensee or his firm to insure the non-occurrence of similar violations in the future.
6. Acceptance of responsibility for the violation and explanation of the facts and circumstances surrounding the occurrence.
7. Degree of cooperation with disciplinary investigation.

8. Degree to which conduct departed from generally accepted professional standards of conduct.

9. The length of time the licensee has practiced his or her profession.

10. The effect of the penalty upon the licensee's livelihood.

11. Efforts of the licensee to correct or stop violations.

(5) Costs. In addition to any penalty imposed pursuant to section 455.227(2), F.S. and the rules of the Board, pursuant to section 455.227(3), F.S., the licensee is responsible for payment of all costs of investigation and prosecution related to a disciplinary case.

(6) The provisions of subsections (1) through (5), above, are not intended and shall not be construed to limit the ability of the Board to informally dispose of disciplinary actions by stipulation, agreed settlement, or consent order pursuant to section 120.57(4), F.S. Likewise, the provisions of subsections (1) through (5), above, are not intended and shall not be construed to limit the ability of the Board to pursue, or recommend the Department pursue, collateral civil or criminal actions, where authorized by law.

DEPARTMENT OF ECONOMIC OPPORTUNITY

Division of Community Development

NOTICE OF PUBLIC COMMENT

MAY 7, 2021 – MAY 12, 2021

The Florida Department of Economic Opportunity announces opportunities for public review of the state’s application for CSBG Disaster Relief Supplemental Funds (CSBG-DRSF).

The proposed application has been developed in compliance with the requirements of the CSBG Act and includes information on the types of activities to be supported and categories or characteristics of individuals to be served through use of the state’s allocation of CSBG-DRSF.

The Florida Department of Economic Opportunity (DEO) will receive comments and recommendations on the Disaster Supplemental Stage 3, Longer Term Recovery Application via email at CSBG-DRSF@deo.myflorida.com from May 7, 2021, through May 12, 2021.

On June 6, 2019, the Additional Supplemental Appropriations for Disaster Relief Act, 2019 [Public Law 116-20], was signed into law. This law provides the Community Services Block Grant (CSBG) program with an additional \$25 million to address the consequences of presidentially declared disasters in 2018 and 2019. The U.S. Department of Health and Human Services’ Office of Community Services (OCS) allocated these funds to states, territories and tribes based on an assessment of need. States, in turn, will issue grants to CSBG agencies to support disaster recovery activities for individuals and families with low incomes. The Disaster Relief Supplemental Funds (DRSF) will support a range of locally identified services and strategies, as well as ongoing community recovery after the conclusion of emergency response efforts.

As the designated state services agency, DEO will administer programs funded under the CSBG-DRSF in accordance with applicable statutory requirement and federal regulations. The “Disaster Supplemental Stage 3, Longer Term Recovery Application” describes the uses of a Supplemental Appropriation for disaster relief.

These federal funds from the additional Supplemental Appropriations for Disaster Relief Act, 2018 (Public law (P.L.) 116-20) for states, territories and tribes that were directly affected by Hurricanes Florence and Michael, Typhoon Mangkhut, Super typhoon Yutu, and wildfires and earthquakes occurring in calendar year 2018 and floods occurring in calendar year 2019, and which have been declared by the President as major disaster under section 401 or 501 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

A copy of the Disaster Supplemental Stage 3, Longer Term Recovery Application is available for public review online at: <http://floridajobs.org/community-planning-and-development/community-services/community-services-block-grant-program>.

Free copies are available by contacting: Ms. Debbie Smiley, Chief, Bureau of Economic Self-Sufficiency, Florida Department of Economic Opportunity, 107 East Madison Street, MSC 400, Tallahassee, Florida 32399-4120 by phone: (850)717-8467, fax: (850)488-2488 or email: debbie.smiley@deo.myflorida.com. DEO Final Order No. DEO-21-016

In re: A LAND DEVELOPMENT REGULATION
ADOPTED BY CITY OF LAYTON
ORDINANCE NO. 2021-02-01

FINAL ORDER

APPROVING CITY OF LAYTON ORDINANCE NO. 2021-02-01

The Department of Economic Opportunity (“Department”) hereby issues its Final Order, pursuant to subsection 380.05(6), Florida Statutes (2020), approving land development regulations adopted by the City of Layton, Florida, Ordinance No. 2021-02-01 (the “Ordinance”).

FINDINGS OF FACT

1. The Florida Keys Area is designated by section 380.0552, Florida Statutes (2020), as an area of critical state concern. The City of Layton (“City”) is a local government within the Florida Keys Area.
2. The Ordinance was adopted by the City on March 4, 2021 and rendered to the Department on March 10, 2021.
3. The Ordinance amends Section 126-106, Fences, of the Land Development Regulations, to increase the maximum allowable height of fences to six feet if located within any setback area in

the residential district. The Ordinance also clarifies that swimming pool barriers must conform to the Florida Building Code and that gates to fences are governed by the City’s fence regulations.

CONCLUSIONS OF LAW

4.The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. *See* § 380.05(6), Fla. Stat. (2020).

5.“Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2020). The regulations adopted by the Ordinance are land development regulations.

6.The Ordinance is consistent with the City’s Comprehensive Plan as required by section 163.3177(1), Florida Statutes (2020), generally, and is specifically consistent with Housing Element 5.4.2, Policy 2.g.

7.All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the principles for guiding development for that area. *See* § 380.05(6), Fla. Stat. (2020). The Principles for Guiding Development for the Florida Keys Area of Critical State Concern are set forth in section 380.0552(7).

8.The Ordinance is consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern as a whole, and is specifically consistent with the following principles:

- (a) Strengthening local government capabilities for managing land use and development so that local government is able to achieve these objectives without continuing the area of critical state concern designation;
- (f) Enhancing natural scenic resources, promoting the aesthetic benefits of the natural environment, and ensuring that development is compatible with the unique historic character of the Florida Keys; and
- (n) Protecting the public health, safety, and welfare of the citizens of the Florida Keys and maintaining the Florida Keys as a unique Florida resource.

WHEREFORE, IT IS ORDERED that the Department finds that the City of Layton Ordinance No. 2021-02-01 is consistent with the City of Layton Comprehensive Plan and the Principles for Guiding Development for the Florida Keys Area of Critical State Concern and is hereby **APPROVED**.

This Order becomes effective 21 days after publication in the *Florida Administrative Register* unless a petition is timely filed as described in the Notice of Administrative Rights below. DONE AND ORDERED in Tallahassee, Florida.
