University of Florida

Lake Alice Watershed Management Plan

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the disciplines of environmental engineering and environmental services will be required for the project listed below:

Project: PL-503, Lake Alice Watershed Management Plan (Gainesville, Florida)

The University of Florida is a land-grant university ranked among America's five best public universities. The main campus occupies approximately 2,000 acres in Gainesville, Florida. At the heart of campus is Lake Alice, with its open water, wetlands and tributaries that are home to the university's mascot, the American Alligator. The lake is an important campus landmark attracting many visitors, but also serving as the permitted stormwater treatment facility for much of the developed campus.

The project will develop a comprehensive management plan for the watershed including the lake, creeks, swales, and drainage systems on campus and in the urban interface between campus and the City of Gainesville. Recommendations will address, but may not be limited to, baseline data and data management, policies, and projects.

The selected firm will provide data development, data analysis, GIS mapping, planning, engineering, environmental assessment, cost estimating, and public participation services. Basic Services – and, therefore, proposed teams – shall include the following disciplines: environmental planning and engineering with specialization in watershed and habitat management.

Blanket design professional liability insurance will be required from the engineering consultants for this project and will be provided as a part of Basic Services. The selected applicant will also be required to provide insurance coverage for General Liability, Automotive Liability, and Workers' Compensation.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and its consultants must possess current licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the Project Fact Sheet and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant’s understanding of the scope of services, intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet.
2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
3. Resumes, sustainability accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant’s corporate status in Florida (if applicable) and copies of current licenses for applicant and all engineering and landscape architecture consultants from the appropriate governing board.
5. Proof of the applicant’s and all engineering consultants’ ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list. Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, UF Design and Commissioning Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Planning Design & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the submittal as prescribed in the Project Fact Sheet and Instructions. Submittals must be received in the Planning Design & Construction office by 3:00 p.m. local time, on Thursday, February 23, 2023. Facsimile (FAX) submittals are not acceptable and will not be considered.

Fact Sheet

FLORIDA A&M UNIVERSITY
Project Fact Sheet

This Request for Qualifications (RFQ) is a competitive procurement issued by the Florida A & M University (FAMU). The Florida A & M University intends to establish and award a contract for a Samuel H. Coleman Memorial Library Historic Structures Report (HSR) with a contract term ending September 30, 2023.

PROJECT DESCRIPTION: The Historic Structures Report (HSR) will be prepared consistent with the National Park Service Preservation Brief No. 43, Preparation and Use of Historic Structures Reports (2005). The HSR shall identify character-defining features, document current conditions, and assess significant interior and exterior features of the building to convey its historic significance, and guide in its maintenance and rehabilitation.

The HSR shall include at a minimum: measured as-found drawings, including floor plans of all levels and exterior elevation drawings; catalog of historic character defining-features and their condition; fully researched history of the property; comprehensive photographic documentation; and recommendations for appropriate future uses.

PURPOSE OF THE PROCUREMENT. The Florida A & M University seeks Proposals for a systematic historic buildings condition assessment to produce an Historic Structure(s) Report (HSR) for the Samuel H. Coleman Memorial Library (See Figures 1 and 2). The Samuel H. Coleman Memorial Library is two stories on a raised basement, and its Georgian Revival structure is red brick with a gable roof. Coleman Library was designed by Board of Control architect Guy C. Fulton following plans prepared in 1940 by Rudolph Weaver and was begun in 1946 by Beers Construction Company. The initial structure was completed in 1948, and a north wing was added in 1952 to house the College of Law. A later addition built on the south and west elevations of the library, used modernized Revival-style detailing. This addition is visually and architecturally compatible with the original structure and does not intrude on the Georgian Revival façade and 1952 wing. It was renovated in 1972, expanded in 1990 and 2004. The FAMU seeks to conduct 1) interpretive analysis of the history and development of the building considering its historic and present context, 2) analysis of current conditions of the building such as structural components and finishes, 3) creation of an HSR, and 4) recommendations for treatment and use.

SELECTION CRITERIA

Firms will be evaluated in the following areas: current workload, location, past performance, volume of state work,

design ability, and experience and ability. Experience and ability scores will be based on the following criteria:

1. Experience of firm and individual members of the design team with project of similar size and program.
2. Experience of firm and individual members of the design team in planning, designing, estimating, and construction administration of projects similar in size and budget. Site examples of projects within the past five-year, including the ability to meet aggressive time and budget constraints.
3. Experience in campus planning, educational facilities and working with committees.

SELECTION SCHEDULE

The anticipated schedule for selection, award and negotiation is as follows:

Submittal Due: **February 16, 2023 by 2:00 pm (electronic copies)**

Selection Recommendation Approval: **February 23, 2023**

Contract Negotiation: TBD

GENERAL INFORMATION

1. The University is not liable for any costs incurred by the Applicants prior to the issuance of an executed contract.
2. In order to minimize the possibility of unethical pressures or influences on the recommendation of the Selection Committee, no verbal or written communication is permitted between the applicants and the members of the Selection Committee. Any questions or requests for project information must be in writing to (Talton, Director of Facilities Planning and Construction, 2400 Wahnish Way, Suite 100, Tallahassee, Florida 32307, phone: (850)412-7509, fax:(850)561-2289, email: craig.talton@famu.edu.) or David Rosenfeld, project manager, (850) 561-2435, email david.rosenfeld@famu.edu
3. All applicants will be notified of the results of the shortlist in writing.
4. Professional liability insurance is required for this project in the amount of \$1,000,000.00

PROPOSAL EVALUATION**

This section identifies how the Florida A & M University will evaluate RFQ proposals. The evaluation of the RFQ response will be based only upon information provided or associated, with the Applicant’s response to this document, including references. In light of this requirement, Applicants should take every precaution to assure that references can answer all pertinent questions posed of them and that answers to RFQ items are complete.

3.1. OVERVIEW. The Florida A & M University will evaluate proposals for this RFQ as described below.

- The Florida A & M University reserves the right to determine an Applicant’s compliance with the requirements specified in this RFQ, request clarification, and to waive informalities in a proposal. An informality is an immaterial variation from the exact requirements of the competitive RFQ, having no effect or merely a minor or negligible effect on quality, quantity, or performance of the services being procured, and the correction or waiver of which would not affect the relative standing of, or be otherwise prejudicial, to applicants.

The Florida A & M University reserves the right to:

- (1) Waive any informality;
- (2) Reject any or all proposals, or portions thereof;
- (3) Accept any portion of the items proposed unless the applicant stipulates all or nothing in their proposal;
- (4) Cancel an RFQ and re-solicit proposals; and/or

- (5) Negotiate with the highest scored responsive and responsible applicant to determine if that proposal can be improved.

• The Florida A & M University will use the following evaluation criteria for an award of a contract:

EVALUATION SCORING AND CRITERIA	
The following points/awards will be assigned to the proposal for evaluation purposes (maximums):
