| 62S-7.020 | Effective Date                                    |

**PURPOSE AND EFFECT:** The Department of Environmental Protection amends this rule chapter to implement Section 380.0937, F.S., which modifies the Sea Level Impact Projection (SLIP) study requirements for state-financed construction projects located within areas at risk due to sea level rise, expanding both the geographic area and types of structures to which this requirement applies, as required by s. 380.0937(3), F.S. The Department will also define a threshold for potentially at-risk structures or infrastructure located in areas at risk due to sea level rise for which replacement cost is not an appropriate metric as required by s. 380.0937(1)(e)2., F.S. Beginning July 1, 2024, a state-financed constructor may not commence construction of a potentially at-risk structure or infrastructure located within an area at risk due to sea level rise without conducting a SLIP study that meets the requirements established by the Department. These rule amendments will apply only to construction not commenced as of July 1, 2024. The rule amendments will not apply retroactively to projects that commenced before the date the amended rules become effective; however, projects initiated prior to July 1, 2024, remain subject to the SLIP study requirements and standards established by Section 161.551, F.S.

**SUBJECT AREA TO BE ADDRESSED:** The subject matters addressed by the rule include requirements and standards by which a state-financed constructor must conduct a SLIP study.

**RULEMAKING AUTHORITY:** 380.0937(3), F.S.

**LAW IMPLEMENTED:** 380.0937, F.S.

**Section II  
 Proposed Rules**

**FLORIDA COMMISSION ON OFFENDER REVIEW**

RULE NO.:      RULE TITLE:  
 23-24.030      Conditions of Conditional Medical Release

**PURPOSE AND EFFECT:** The purpose is to align the rule with best agency practices, to use consistent language throughout the rule, and to increase the rule readability and clarity. The effect will provide alternate reporting mechanisms for certain offenders released to conditional medical release, to make the 947.149(4), F.S., required periodic medical reviews a standard condition of conditional medical release supervision, and to simply, clarify, and better organize the rule.

**SUMMARY:** Simplification, clarification, and organization of existing provisions, an amendment to the reporting requirements, and the addition of a requirement requiring periodic medical reviews.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The agency conducted an economic review of the revisions to the rule and determined that the impact or regulatory cost, if any, will not exceed any review of the revisions to the rule and determined that the impact or regulatory cost, if any, will not exceed any one of the economic analysis criteria in a SERC as set forth in s. 120.541(2)(a), F.S. Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

**RULEMAKING AUTHORITY:** 947.07, 947.149 F.S.  
**LAW IMPLEMENTED:** 947.141, 947.149 F.S.

**IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.**

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 7 days before the workshop/meeting by contacting: Rana Wallace, General Counsel, Florida Commission on Offender Review, 4070 Esplanade Way, Tallahassee, Florida 32399, (850)488-4460, [ranawallace@fcor.state.fl.us](mailto:ranawallace@fcor.state.fl.us). RULE NO.: 69K-18.004      RULE TITLE: Intern Training Agencies.  
PURPOSE AND EFFECT: The Board proposes the rule amendment to clarify and update the rule language for intern training agencies.

SUMMARY: The proposed rule amendment clarifies the rule language for intern training agencies.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No

person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

60FF1-5.003 911 Grant Programs

The Emergency Communications Board hereby gives notice: of the issuance of an Order regarding the Petition for Variance or Waiver for Martin County, filed on September 28, 2023. The Notice of Petition for Variance or Waiver was published in Volume 49, No. 157, of the August 14, 2023, Florida Administrative Register. The Petitioner sought a variance or waiver of paragraph 60FF1-5.003(2)(a), F.A.C., entitled "911 Grant Programs" which establishes timeframes for completion of projects that are supported by grants. The underlying statutes 365.172(6)(a)3.b., F.S., which establishes a grant program to assist Florida Counties with upgrading emergency communications systems; and 365.173(2)(g), F.S., which allows the Board to establish priorities for awarding grants to develop and maintain emergency communications systems. The Board considered the Petition at a duly-noticed meeting on August 16-17, 2023. The Board's Order, filed on September 28, 2023, grants the Petition for variance or waiver, finding that Petitioner has complied with the requirements of subsection 120.542(2) of the Florida Statutes. Specifically, Petitioner has demonstrated how the purpose of the underlying statutes, 365.172(6)(a)3.b., F.S. and 365.173(2)(g), F.S., would be achieved. Additionally, Petitioner has demonstrated that failure of the Emergency Communications Board to grant Martin County's petition would cause a substantial hardship for petitioner. Based upon the foregoing, the Board determined that Petitioner is eligible for a variance or waiver of paragraph 60FF1-5.003, (2)(a), F.A.C.

Board of Pharmacy

RULE NO.: RULE TITLE:

64B16-26.2031 Licensure by Examination (Non-U.S. Graduates); Application

The Board of Pharmacy hereby gives notice:

of the issuance of an Order regarding the Petition for Waiver or Variance, which was filed on July 20, 2023, by Leon Alexandre. The Notice of Petition for Waiver or Variance was published in Volume 49, Number 160, of the August 17, 2023, Florida Administrative Register. The Petitioner was seeking a waiver of the requirement of subparagraph 64B16-26.2031(2)(b)2., Florida Administrative Code, entitled, "Licensure by Examination (Non-U.S. Graduates); Application," which requires that in addition to the requirements of subsection (1), the applicant must demonstrate proficiency in the use of English by passing the Test of English as a Foreign Language Internet-based test (TOEFL ibt) with scores of: Listening – 18; Reading – 21; Speaking – 26; and Writing – 24.

The Board considered the instant Petition at a duly-noticed public meeting held August 25, 2023, in Jacksonville, Florida. The Board's Order, filed on September 29, 2023, granted the petition, finding that Petitioner established that the purpose of the underlying statute would be met by granting a variance or waiver from Rule 64B16-26.2031, Florida Administrative Code. The Board further finds that Petitioner established that applying the requirements of the aforementioned rule to Petitioner's circumstances would violate principles of fairness and impose substantial hardship.

A copy of the Order or additional information may be obtained by contacting: Allison Dudley, Executive Director, Board of Pharmacy, 4052 Bald Cypress Way, Bin #C08, Tallahassee, Florida 32399-3258 or at [info@Floridaspharmacy.gov](mailto:info@Floridaspharmacy.gov).

### Notice of Petitions and Dispositions Regarding Declaratory Statements

#### DEPARTMENT OF MANAGEMENT SERVICES

Division of Administrative Hearings

NOTICE IS HEREBY GIVEN that the Division of Administrative Hearings has received the petition for declaratory statement from William G. Merryman. The petition seeks the agency's opinion as to the applicability of a statutory provision, or any rule or order of the agency, as it applies to the petitioner.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Loretta Sloan, Deputy Executive Director, at [AskDOAH@doah.state.fl.us](mailto:AskDOAH@doah.state.fl.us).

Please refer all comments to: Loretta Sloan, Deputy Executive Director, at [AskDOAH@doah.state.fl.us](mailto:AskDOAH@doah.state.fl.us).

#### DEPARTMENT OF HEALTH

Board of Nursing

NOTICE IS HEREBY GIVEN that the Board of Nursing has issued an order disposing of the petition for declaratory statement filed by Edward Diaz, FNP-BC, APRN, CRRN on June 26, 2023. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 49, No. 133, of the July 11, 2023, Florida Administrative Register. The Petitioner sought a Declaratory Statement from the Board to obtain clarification as to Sections 464.012(6)(a), and 456.44(2), (3), F.S. and (a) whether it is within the scope of practice for a collaborating APRN to prescribe controlled substances, including schedule II-controlled substances defined under Section 893.03(2), F.S., for greater than a seven (7) day supply, for those suffering from chronic nonmalignant pain; and (b) Under Section 456.44, F.S. it specifies a limit of a 3-day supply of schedule II-controlled substances for patients suffering from "acute pain" and a 7-day

supply for those who require an “acute pain exception.” Petitioner asks what the direction for nurse practitioners is who prescribe for those suffering from “chronic nonmalignant pain.” At the duly-noticed public meeting held on October 5, 2023, in Orlando, Florida, the Board found that the 7-day supply is a statutory provision that the Board cannot waive or amend, and therefore the answer to both (a) and (b) is “no”. The Board’s Final Order was filed on October 19, 2023.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Joe R. Baker, Jr., Executive Director, Board of Nursing, 4052 Bald Cypress Way, Bin #C02, Tallahassee, Florida 32399, MQA.Nursing@flhealth.gov, or by telephone at (850)245-4125.

DEPARTMENT OF HEALTH

Board of Nursing

RULE NO.: RULE TITLE:

64B9-4.001 Definitions

NOTICE IS HEREBY GIVEN that the Board of Nursing has issued an order disposing of the petition for declaratory statement filed by Leslie A. Barstow, APRN, on August 22, 2023. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 49, No. 179, of the September 14, 2023, Florida Administrative Register. The Petitioner sought a Declaratory Statement from the Board to obtain clarification as to Section 464.0123(3)(a)1., F.S. and Rule 64B9-4.001, F.A.C. and asks the following question regarding Petitioner as a Florida licensed APRN, with an autonomous APRN license: Is Petitioner able to legally provide to patients located within the state of Florida the following services: health promotion, assessment, evaluation, counseling, patient education, and diagnosis and treatment of acute and chronic behavioral and mental health conditions in an autonomous manner and without having to be under the protocol of a physician? At the duly-noticed public meeting held on October 5, 2023, in Orlando, Florida, the Board found that Petitioner did not ask any specific question nor provide any description of her particular set of circumstances that would require Board interpretation of the statute and rule. The Board’s Final Order was filed on October 19, 2023.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Joe R. Baker, Jr., Executive Director, Board of Nursing, 4052 Bald Cypress Way, Bin #C02, Tallahassee, Florida 32399, MQA.Nursing@flhealth.gov, or by telephone at (850)245-4125.

Board of Nursing

NOTICE IS HEREBY GIVEN that the Board of Nursing has issued an order disposing of the petition for declaratory statement filed by Alexander Menchero, RN, on August 09, 2023. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 49, No. 179, of the September 14, 2023, Florida Administrative Register. The Petitioner sought a Declaratory Statement from the Board to obtain clarification as to Chapter 464, F.S., and sought clarification regarding a nurses' discretion in applying or maintaining a patient's level of care during transfers in the absence of a physician's order and under what conditions may an RN suspend or downgrade a patient's level of care without a physician's order. At the duly-noticed public meeting held on October 5, 2023, in Orlando, Florida, the Board found that based on the failure of Petitioner to sufficiently describe his particular circumstances, the Board voted to decline to answer the petition due to insufficient information and the petition’s lack of conformance with Rule 28-105, Florida Administrative Code. The Board’s Final Order was filed on October 19, 2023.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Joe R. Baker, Jr., Executive Director, Board of Nursing, 4052 Bald Cypress Way, Bin #C02, Tallahassee, Florida 32399, MQA.Nursing@flhealth.gov, or by telephone at (850)245-4125.

NOTICE IS HEREBY GIVEN that the Board of Nursing has issued an order disposing of the petition for declaratory statement filed by Diana Lange, RN, on August 07, 2023. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 49, No. 179, of the September 14, 2023, Florida Administrative Register. The Petitioner sought a Declaratory Statement from the Board to obtain clarification as to Section 464.003(2), F.S., and asked whether it is within the scope of practice for a Florida Registered Nurse to be delegated the task of medication administration of Botox injections and derma fillers from a licensed physician who performed a patient exam, wrote the order for the Botox Cosmetic medication treatment and derma fillers with a description of the muscles to be injected and the number of units per injection site. At the duly-noticed public meeting held on October 5, 2023, in Orlando, Florida,

the Board found that under the specific facts of the petition, it is within the scope of Petitioner's specific and particular education, training, and experience and that Petitioner can be delegated the task of administering Botox and derma fillers under the direction of a duly licensed physician, and in the manner set forth in the petition, that the answer to Petitioner's request would be "yes". The Board's Final Order was filed on October 19, 2023.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Joe R. Baker, Jr., Executive Director, Board of Nursing, 4052 Bald Cypress Way, Bin #C02, Tallahassee, Florida 32399, MQA.Nursing@flhealth.gov, or by telephone at (850)245-4125.

NOTICE IS HEREBY GIVEN that the Board of Nursing has issued an order disposing of the petition for declaratory statement filed by Ovidiu G. Crueru, APRN, on June 09, 2023. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 49, No. 179, of the September 14, 2023, Florida Administrative Register. The Petitioner sought a Declaratory Statement from the Board to obtain clarification as to Section 765.04, F.S., regarding the ability of a Psychiatric Nurse to complete capacity evaluations for patients located at Petitioner's practice location in the psychiatry department, to determine decision making ability for medical procedures. At the duly-noticed public meeting held on October 5, 2023, in Orlando, Florida, the Board found that the petition filed in this matter is requesting that the Board interpret a statute over which it does not have jurisdiction. The Board is unable to issue a declaratory statement interpreting this statutory provision. The Board voted to decline to answer the petition due to lack of jurisdiction. The Board's Final Order was filed on October 19, 2023.

DEPARTMENT OF EDUCATION  
 Florida Gulf Coast University  
 RFQ 24R-002 AB10 Architectural Consultant  
 Introduction  
 Florida Gulf Coast University Board of Trustees (“University”), announces that Professional Services in the discipline of Architecture will be required for the project listed below:  
 Project No. RFQ 24R-002  
 Project and Location: Florida Gulf Coast University  
 Academic Building 10 (“AB10”)  
 10501 FGCU Blvd South

Fort Myers, Florida 33965-6565  
 The selected respondent will provide design and construction documents for the referenced project.

**Project Description**  
 The University, specifically the Marieb College of Health & Human Services (“MCHHS”) is a major supplier of the health professions workforce for the region’s large and expanding healthcare industry. In the last decade, the University has doubled the size of its enrollment in MCHHS, and in the last five years alone, total degrees awarded within Marieb College have increased 61%. However, with our area’s expanding and diverse population, looming retirements, and shrinking workforce, the demand for healthcare workers will continue to be critically high. The University is poised to meet the demand for baccalaureate through doctoral education in a variety of healthcare fields, with the addition of critically needed space on campus in which to train the next generation of health care providers.

To meet this need, the University is planning the next academic building on campus to primarily serve the health sciences. This building will be the largest academic building on campus to date at approximately 171,750 square feet, and it will be designed as a state-of-the-art facility equipped for the health care education technology of the future.

Specialized and dedicated teaching, technology, and research labs are critical components in the successful education of future healthcare professionals and practitioners. The discovery, testing and application of new therapies by faculty and students provide the nexus pivotal to improve the lives of millions of people living in Florida and beyond. These labs will meet the unique needs of multiple health-related programs offered by the University, including physical therapy, nursing, advanced nurse practitioners at the doctoral level, physician assistant, occupational therapy, behavioral health, including counseling and social work, clinical laboratory sciences, health administration and sciences, and public health. Further, they will enrich the interprofessional collaboration experience necessary to support future healthcare providers.

The new Health Sciences building will allow the University to continue to expand capabilities in research, teaching, practice, primary care clinical services provided to the general student population, and enrollment in strategic ways to meet the unique needs of Southwest Florida. The University also intends to address the needs of the senior living community and the special challenges faced with a rapidly aging population within this space.

Academic Building 10 will be approximately 171,750 gross square feet, four stories in height and pursue LEED Silver Certification. The building will include a large lecture room, multipurpose rooms, a variety of laboratory spaces for the four Departments and one School in the MCHHS, Healthcare

Simulation Suite, advising offices, faculty offices and a variety of conference rooms.

The design of the building will be complementary to other campus buildings yet have a distinct appearance of its own and be located in one of two prominent locations on campus. The University requests that the respondent's response take into consideration two possible locations for Academic Building 10: Parking Lot 7, and the area adjacent to Parking Lot 8. Each of the locations may be found on the campus map located here:

<https://www.fgcu.edu/campusmap/>

The health professions continue to evolve in complexity, including the technology involved in healthcare delivery, educational technology, and research technology to support efficacious treatments for diverse populations. Data analytics, artificial intelligence, and medical simulation including patient interaction through augmented and virtual reality and machine learning are critical to inform healthcare delivery, research, and educational outcomes. The successful respondent and/or its sub-consultants must have significant current and relevant experience in the design of medical simulation centers. In addition to submission of a minimum of three current examples of medical simulation centers the respondent has designed, the respondent should provide a narrative regarding their understanding of the design of medical simulation centers for the future. In addition, Audio Visual services should have experience with creating comprehensive plans for the design and installation of audio-visual systems in health care education. Five years' proven design experience required. Integration with FGCU systems and health care systems is required.

#### Project Budget

The project will utilize a Construction Management Delivery method. The selected firm will provide design, construction documents, and administrative services for the referenced project through warranty. The estimated cost of construction is approximately \$97.6 million with a projected total budget of approximately \$117.2 million.

Complete funding for the construction phase of this project is forthcoming. Therefore, following the completion of the Construction Documents, the University may delay bidding and construction activities until such funding is available. The method of project delivery for construction is anticipated to be Construction Management at Risk.

#### Sole Point of Contact

Respondents to this RFQ or persons acting on their behalf shall not contact any employee or officer of Florida Gulf Coast University, Florida Gulf Coast University Board of Trustees, or a University Direct Support Organization concerning any aspect of this RFQ, except in writing to the Sole Point of Contact or as otherwise provided in this RFQ document, from the date of release of this RFQ through the end of the 72-hour

period following the posting of the notice of intended award, in accordance with Board of Governors (BOG) Regulation 18.002. Violation of this provision may be grounds for rejecting a proposal response.

Selection Schedule

The anticipated schedule for selection, award and negotiation is as follows:

RFQ Advertisement October 23, 2023

Proposals Due no later than 3:00 p.m. local time November 28, 2023

(Late submittals will be rejected)

Final Interviews TBD

Selection Recommendation Approval TBD

Contract Negotiation TBD

Selection of Architectural Firm

Through this solicitation process, the University is seeking to contract with an architect with appropriate qualifications, experience, financial capacity, and a proven track record of executing similar projects.

Once responses are submitted to the University, the responses will be reviewed independently and ranked in order of most qualified and best fits the needs and interests of the University. Once the ranked respondents are established interviews will be conducted with the shortlisted respondents. Upon approval of the selection, the University will negotiate a contract with the selected firm for professional design services.

The fee for the professional services requested in this project will be negotiated between the selected firm and the University. If the fee cannot be successfully negotiated, the second selected firm will be invited to negotiate a fee.

#### Response Instructions

Firms desiring to apply for consideration shall submit a letter of application.

The letter of application should have the following attached:

1. A completed Florida Gulf Coast University "Professional Qualifications Supplement", following the general instructions dated October 12, 2023, provided at:

<https://www.fgcu.edu/adminservices/facilities/vendorsandcontractors#Products>.

2. Additional information such as Design and Construction Standards may be found at:

<https://www.fgcu.edu/adminservices/facilities/vendorsandcontractors>.

3. Responses on any other form will not be considered.

4. A copy of the respondent's current Professional Registration Certificate from the appropriate governing board. Respondents must be properly registered at the time of response to practice

their profession in the State of Florida. If the respondent is a corporation, it must be chartered by the Florida Department of State to operate in the State of Florida.

5. Included as part of the submittal, the respondent must indicate the sub-consultants that are suggested for this project. Submit eight (8) hard-bound copies of the above-requested information in the order listed, and a duplicate electronic copy in PDF file format on a USB flash drive. Responses which do not comply with the above instructions may be disqualified. Response materials will not be returned and will be submitted at the expense of the Respondent. The plans and specifications for State University System projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Responses must be received by 2:00 p.m. local time, on November 20, 2023, to the below location and addressed as follows:

Rick Pence  
Associate Director of Procurement  
Florida Gulf Coast University  
10501 FGCU Boulevard South  
South Village Modular 1  
Fort Myers, Florida 33965-6565

RFQ 24R-002, AB10 Architectural Services

Responses must be delivered to the address, date, and time specified herein. The time/date stamp clock located in Procurement Services shall be the official timepiece for determining if a Response has been received in a timely manner. Responses, which for any reason are not available at this location at the prescribed time and date, will not be considered. It is the Respondent's responsibility to ensure their respective Response is delivered on the correct date and time and at the specified location. Delivery of a Response document through Bonfire, to the University's Postal or Receiving Department, or any other place on the University campus is not acceptable. Timely delivery of the Response itself to the specified location is required. Offers by telephone, fax, or email is not acceptable under any circumstances.

General Information

All respondents must be licensed to practice their profession in the State of Florida at the time of response. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of response. If the respondent is a corporation, or a joint venture, it must be registered by the Department of State to do business in the State of Florida at the time of response. If the respondent is the contract entity and has a consultant to perform the design or construction services, the contract entity and consultant must have an agreement at the time of application to formally contract for consulting services. Firms applying as "Associations" without a registered joint venture agreement or

a contract entity and consultant without an agreement will not be considered.

As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontract, or consultant more than \$35,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

The University reserves the right to suspend or discontinue the selection process at any time and to return or reject any or all submissions of responses without obligation to the respondent. The award of this contract is subject to availability of funds. If additional funding is realized, the University has the option to incorporate additional scope/funding under the contract.

GENERAL SUBJECT MATTER TO BE CONSIDERED: This website is the revision-tracking database for the Florida Manual of Uniform Minimum Standards for Design, Construction, and Maintenance for Streets and Highways (the “Florida Greenbook”). The website allows public access to the draft, working files of the Florida Greenbook as they are being reviewed and edited by the Florida Greenbook Committee Members. The proposed changes and related comments are visible to the public as they are being made. These are dynamic, evolving, working documents that may look quite different from the final versions ultimately proposed for adoption.

The revision-tracking database is the system by which Florida Greenbook Committee Members propose and review potential future revisions to the Florida Greenbook. The proposed revisions are published to the revision-tracking database within 24-48 hours of posting, allowing unprecedented public access to potential Florida Greenbook updates in nearly real time.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations is asked to advise the agency by contacting: Jacqui Morris, FDOT Greenbook Coordinator, jacqueline.morris@dot.state.fl.us or (850)414-4352.

If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

It is the policy of this state that all public records are open for personal inspection and copying by any person.
