The Principles for Guiding Development for the Florida Keys Area of Critical State Concern are set forth in Section 380.0552(7), Florida Statutes.
8. The Ordinance is consistent with the Principles for Guiding Development as a whole, and specifically complies with the following:
 - (a) Strengthening local government capabilities for managing land use and development so that local government is able to achieve these objectives without continuing the area of critical state concern designation.
 - (f) Enhancing natural scenic resources, promoting the aesthetic benefits of the natural environment, and ensuring that development is compatible with the unique historic character of the Florida Keys.

(k) Limiting the adverse impacts of public investments on the environmental resources of the Florida Keys.
