RULE NO.: 40B-400.091
 RULE TITLE: Publications and Agreements Incorporated by Reference

PURPOSE AND EFFECT: In addition to the Florida Department of Environmental Protection (FDEP) rulemaking set forth in Section 5 of Chapter 2020-150, Laws of Florida, to update the stormwater design and operation regulations adopted under Section 373.4131, F.S., the purpose of this Suwannee River Water Management District (SRWMD) rulemaking is to remove documents incorporated by reference that are not referred to in the rule text; and to eliminate the requirement to

analyze the 100-year frequency of the 3-day, 7-day, and 10-day storm durations for stormwater systems, and add clarifying rule language to SRWMD’s Environmental Resource Permit Applicant’s Handbook Volume II. The effect will be more streamlined and understandable rules, stormwater design criteria that are more consistent with other water management districts, and reduced regulatory burdens.

Board of Professional Engineers

RULE NO.: 61G15-21.007
RULE TITLE: Re-examination; Additional Requirements After Third Failure; Examinations in Additional Disciplines

PURPOSE AND EFFECT: The Board proposed the rule amendment to delete obsolete or outdated procedures.

SUMMARY: Deletes obsolete or outdated procedures.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
