Section 280.042 sets forth policies whereby credit unions may participate as a qualified

public depository in the public deposits program with certain limitations. A new rule, 69C-2.0051, is proposed to clarify when a qualified public depository must execute new Act agreements and resolutions and report a change in name and/or address. A new rule, 69C-2.0061, is proposed to simplify the process for a qualified public depository to deposit or pledge the required collateral, which combines the functionality of three (3) forms into one (1). A new rule, 69C-2.016, clarifies and simplifies the criteria and process for a qualified public depository to submit monthly, preliminary, and annual reports. A new rule, 69C-2.034, is proposed to establish the criteria and process for discipline of a qualified public depository or an applicant seeking designation as a qualified public depository. Rules to be repealed include: 69C-2.001, 2.002, 2.009, 2.0095, 2.011, and 2.021. The rationale for each repeal is due to the rule being unnecessary or duplicative of statute.

SUBJECT AREA TO BE ADDRESSED: Regulatory criteria and processes regarding the Act.

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On June 14, 2024 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2017 FDA Food Code from Greenz Ice Cream located in Eustis. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash and 3-compartment sinks.

The Petition for this variance was published in Vol. 50/118 on June 17, 2024. The Order for this Petition was signed and approved on June 26, 2024. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash and 3-compartment sinks are emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign.

A copy of the Order or additional information may be obtained by contacting: Daisy.Lee@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

Florida Building Commission

RULE NO.: RULE TITLE:

61G20-1.001 Florida Building Code Adopted

NOTICE IS HEREBY GIVEN that the Florida Building Commission has received the petition for declaratory statement from the Broward County Board of Rules and Appeals. The petition seeks the agency's opinion as to the applicability of chapter 11, Florida Building Code, Mechanical, 8th Edition (2023), as it applies to the petitioner.

Petitioner presents the following questions pertaining to the use of A2L refrigerants: 1. Can a refrigeration system using an A2L refrigerant be designed and installed using ASHRAE 15-2019 if the Florida Building Code, Mechanical, 8th Edition (2023), Chapter 11 addresses said refrigerant and has more restrictive requirements? 2. Can the A2L refrigerant quantity in an independent refrigerant circuit in a high-probability system exceed the amount for A2 refrigerants stated in Table 1104.3.2 of the Florida Building Code, Mechanical, 8th Edition (2023), Chapter 11 or in ASHRAE 15-2019, Table 7.1? 3. Can an alternative method be used to design and install an independent refrigerant circuit in a high-probability system that exceeds the amount of A2 or A2L refrigerant stated in Table 1104.3.2 of the Florida Building Code, Mechanical, 8th Edition (2023), Chapter 11? 4. Can a refrigeration system be designed and installed using ASHRAE 15-2022 or Chapter 11 of the 2024 International Mechanical Code as an alternative to the current FMC?

Florida Real Estate Commission

NOTICE IS HEREBY GIVEN that the Florida Real Estate Commission has issued an order disposing of the petition for declaratory statement filed by Brian L. Woods, on behalf of Team Real Education Solutions, LLC., on September 05, 2023. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 49, No. 177, of the September 12, 2023, issue of the Florida Administrative Register. The Petitioner sought the determination from the Commission to clarify whether a commission-approved continuing education course can be split into segments over multiple shorter sessions, with each course hour still containing 50 minutes. If it may be split into multiple sessions, over what period of time may the session take place. The Florida Real Estate Commission considered the Petition at a duly-noticed public meeting held on December 13, 2023, in Orlando, Florida. The Commission's Order was filed on June 27, 2024. The Commission granted the petition, finding that there is no reason a course approved for multiple hours of credit could not be offered in multiple sessions and segments. Accordingly, the Commission grants the Petition and states that a Florida Real Estate Commission continuing education course approved for multiple hours for credit may be offered in shorter individual segments, provided that no individual segment is shorter than one hour, which by rule is 50 minutes of instruction.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Giuvanna Corona, Executive Director, Florida Real Estate Commission, 400 W. Robinson Street, #N801, Orlando, FL 32801, Giuvanna.Corona@myfloridalicense.com

Florida International University

FIU-BT-932 Student Health Center Expansion-NOTICE TO CM-re-advertisement

The Florida International University Board of Trustees announces that Construction Management (CM) services are required for the project identified below:

Project Name and Number: Student Health Center Expansion, BT-932

Project Location: Modesto A. Maidique Campus (MMC), Miami, Florida

Project Description:

The current Student Health Center and SHW spaces within the Graham Center address most of the direct service needs for our students (i.e., clinics, counseling, advocates). However,

additional space is needed for those growing direct services; and specifically, the current building does not adequately provide space for health/wellness promotion and education.

The project includes approximately 10,800 GSF of new space in a new building connected to the existing Student Health Services Complex. Purposeful, multi-use spaces will be offered for all student wellness areas to utilize (e.g., Panthers4Recovery can use for their meetings, nutritionists can use for healthy eating demos, DRC can use it for ADA training and sensory activities). Funding is included for renovation and remodeling of the existing facility to improve utilization of existing space and transition to the new expansion.

The University is committed to producing buildings that comply with sustainable energy conservation strategies and standards (minimum LEED Silver Certification or equivalent). Applicants are hereby notified that in the event the University is unable to secure full funding, the University intends to proceed only with design and construction of fully funded project components, if any.

INSTRUCTIONS:

Firms desiring to provide construction management services for the project shall submit a letter of application and a completed Construction Manager Qualifications Supplement (CMQS) form. Proposals must not exceed 80 pages, including the CMQS and letter of application. Pages must be numbered consecutively. Submittals, which do not comply with these requirements or do not include the requested data, will not be considered. No submittal material will be returned.

Submit Seven (7) bound copies of the required proposal data and one electronic copy of the complete proposal in Adobe Acrobat PDF format of the above-requested data bound in the order listed. Applications that do not comply with the above instructions will not be considered. Application material will not be returned. The University reserves the right to suspend or discontinue the selection process at any time and to return or reject any or all submissions of qualifications without obligation to the respondent. The award of this contract is subject to availability of funds.

The Construction Manager Qualifications Supplement (CMQS) form and the Project Fact Sheet, which describes the selection process schedule for this Project and additional information regarding the Project scope, may be obtained from the website <https://facilities.fiu.edu/Projects/BT-932.htm>. Applications on any other form will not be considered. Requests for meetings by individual firms will not be granted. Once the firm acquires the required forms, questions may be directed to Facilities Planning at (305)348-4090 or via email to griffith@fiu.edu cc: angpaz@fiu.edu.

Stat., and the subcontractor shall provide to the consultant an affidavit stating that the subcontractor does not employ, contract with or subcontract with an unauthorized alien. The consultant shall maintain a copy of such affidavit for the duration of its Contract with FIU. This section serves as notice to the consultant regarding the requirements of §448.095, Fla. Stat., and FIU's obligation to terminate the contract if it has a good faith belief that the consultant has knowingly violated §448.095, Fla. Stat. If terminated for such reason, the consultant will not be eligible for award of a public contract for at least one year after the date of such termination.
