The purpose of the study is to evaluate a new roadway to improve regional mobility and connectivity to destinations and communities east and west of the Suncoast Parkway in addition to relieving traffic congestion and improving safety on State Road (SR) 54. The project is primarily needed to better facilitate regional travel by providing an alternative route to SR 54, segments and intersections of which currently experience

failing Levels of Service (LOS) and have high numbers of crashes.

The proposed actions include a new roadway along with bicycle lanes, a sidewalk, and a multi-use path. The proposed multi-use path would serve as part of the Orange Belt Trail, a planned 37-mile trail across Pasco County. An overpass crossing the existing Suncoast Expressway (SR 589) is also being evaluated. The workshop is being held in-person from 5:00 p.m. and 7:00 p.m. on Wednesday, September 25, 2024, at the Starkey Ranch Theatre Library Cultural Center, 12118 Lake Blanche Drive, Odessa, FL 33556.

Future Outlook:

**Continued Growth:** The trend of increasing participation is likely to continue, particularly in emerging markets where beach sports are gaining recognition. Countries with coastlines are expected to see more organized events and leagues.

**Sustainability Focus:** As environmental awareness grows, there will likely be a push for sustainable practices in beach sports, including eco-friendly events and conservation efforts to protect beach environments.

**Technological Integration:** The use of technology, such as apps for organizing events or wearable tech for performance

tracking, may enhance the experience for participants and spectators alike.

**Diversity of Sports:** Beyond traditional activities, new sand sports are emerging, appealing to various demographics. This diversification can engage a broader audience, including families and casual participants.

**International Competitions:** We anticipate hosting international competitions and collaborations, as countries look to showcase their talent on global stages, leading to increased interest and investment.

### 4. THE PROJECT'S COMPATIBILITY WITH REGIONAL INFRASTRUCTURE PLANS.

- The City of Dania Beach passed their first ever Parks Master Plan in 2019 focusing on its first-ever comprehensive 10-year plan to address latent community park and recreation needs while providing a professional roadmap to improve public recreation and leisure facilities throughout the city. Numerous cities throughout the tri-county area have embarked or are beginning to embark on their own Parks Master Plan in order to expand and provide and meet the recreational and leisure services needs of the communities. This partnership would be another step forward in meeting those needs and bringing the City of Dania Beach and other surrounding cities Parks Master Plans to life.

- In addition to the city passing the Parks Master Plan in 2019, the City of Dania Beach adopted a revised Comprehensive Plan in 2023. This Comprehensive Plan has a Parks and Recreation element with goals and objectives for the city with the overall goal of providing a sustainable recreation and open space system to adequately meet the physical, social, recreational and cultural needs for all current and future residents and visitors of the City with an objective of all public facilities in the city being open to the public. Another main objective of the Comprehensive Plan is to ensure these recreational needs and standards are met through public and private resources. A partnership with Rita Crockett Beach Sports Academy supports these objectives.

- Along with the with the City's Parks Master Plan and the Comprehensive Plan, Broward County has a Recreation and Open Space Element to their Comprehensive Plan that was adopted in 2019 with the goal to provide safe and adequate recreation sites and facilities to satisfy the current and future needs while promoting active and healthy living. Broward County amended their master plan in 2022 with the continued goal of providing a countrywide park system with diverse facilities and recreation opportunities to enhance the well-being of all residents, businesses and visitors while also creating a world-class and truly inclusive guest experience and develop specialty parks and signature elements unique to Broward County. The addition of the Rita Crockett Beach Sports Academy adds an additional element of recreation facilities for the community and visitors alike to promote active and healthy living that is truly a specialty and signature facility in Broward County. The Rita Crockett Beach Sports Academy, AKA, the "Pit" is the first of its kind in Florida and will be run by Rita Buck-Crockett an inductee of the Women's Volleyball Hall of Fame, an Olympic silver medalist, a collegiate volleyball coach and a resident of the City of Dania Beach to name a few of Rita's outstanding achievements.

In conclusion, the Rita Crockett Beach Sports Academy will help not only City of Dania Beach reach one of the many objectives the city's parks master plan and comprehensive plan, but all the objective of Broward County.
