 Proposed Rules**

DEPARTMENT OF HEALTH

Board of Pharmacy

RULE NO.: RULE TITLE:
 64B16-28.100 Pharmacy Permits - Applications and
 Permitting

PURPOSE AND EFFECT: The Board proposes the rule
 amendment to update language and incorporate the revised
 Special Sterile Compounding Permit Application and
 Information form.

SUMMARY: The revised Special Sterile Compounding Permit
 Application and Information form will be incorporated and
 language will be updated.

**SUMMARY OF STATEMENT OF ESTIMATED
 REGULATORY COSTS AND LEGISLATIVE
 RATIFICATION:**

The Agency has determined that this will not have an adverse
 impact on small business or likely increase directly or indirectly
 regulatory costs in excess of \$200,000 in the aggregate within
 one year after the implementation of the rule. A SERC has not
 been prepared by the Agency.

The Agency has determined that the proposed rule is not
 expected to require legislative ratification based on the
 statement of estimated regulatory costs or if no SERC is
 required, the information expressly relied upon and described
 herein: During discussion of the economic impact of this rule at
 its Board meeting, the Board concluded that this rule change
 will not have any impact on licensees and their businesses or
 the businesses that employ them. The rule will not increase any
 fees, business costs, personnel costs, will not decrease profit
 opportunities, and will not require any specialized knowledge
 to comply. This change will not increase any direct or indirect
 regulatory costs. Hence, the Board determined that a Statement
 of Estimated Regulatory Costs (SERC) was not necessary and
 that the rule will not require ratification by the Legislature. No
 person or interested party submitted additional information
 regarding the economic impact at that time.

Any person who wishes to provide information regarding a
 statement of estimated regulatory costs, or provide a proposal
 for a lower cost regulatory alternative must do so in writing
 within 21 days of this notice.

FISH AND WILDLIFE CONSERVATION COMMISSION

Manatees

RULE NO.: 68C-22.011
RULE TITLE: Citrus and Associated County (Parts of Levy and Hernando) Zones

PURPOSE AND EFFECT: The Commission is proposing amendments to portions of the existing Levy County manatee protection rule in the southern portion of the county. The Levy County rule is established under 68C-22.011, F.A.C. (Citrus County chapter). In June 2024, the Commission provided notice to Levy County as provided by §379.2431(2)(f), Florida Statute. The 60-day statutory time requirement expired on August 16, 2024. The proposed rule amendment would amend 68C-22.011(1)(d) from Slow Speed (March 1-August 31) to 25 MPH All Year zone. The proposed rule would amend the western portion of 68C-22.011(1)(a) from a “Caution”/25 MPH All Year Zone to a 25 MPH All Year and the eastern portion to a Slow Speed (March 1-August 31) seasonal zone. Additionally, the proposed rule would establish a year-round Slow Speed Zone in the waters surrounding the Highway 40 Boat Ramp. In December 2024, proposed rules were presented to FWC Commissioners. Additional information is available at: <http://myfwc.com/wildlifehabitats/managed/manatee/rulemaking/>.

SUMMARY: The first Manatee Protection Zones in Levy County were adopted in 1985, establishing seasonal zones in portions of the Withlacoochee River. Since then, no rule amendments have been made to the zone configurations in Levy County. Some of the zones in the Withlacoochee River are problematic to enforce and may result in a boating safety concern. Staff collected twelve months of manatee distribution and boater compliance data to further evaluate the effectiveness of the zones. Commission staff are recommending two Manatee Protection Zone amendments to ensure manatee protection while addressing zone enforcement capability and boating safety. Staff recommends amending the existing Seasonal Slow Speed Zone and a portion of the Caution 25 MPH Zone to a more standardized 25 MPH All Year Zone at the mouth of the Withlacoochee River. Additionally, staff recommends adopting a Slow Speed All Year Zone in the narrow travel corridor south

and west of the Highway 40 (Bird Creek) Boat Ramp. The changes will enhance manatee protection in the narrow portion of the Withlacoochee River, south of the Highway 40 (Bird Creek) Boat Ramp, and decrease waterway restrictions in the open waters west of the Ramp, within the marked navigational channel. Other Manatee Protection Zone amendments within Levy and Citrus counties are not being considered as part of this rulemaking effort. Staff hosted a public workshop in Levy County in September and public comments were in support of the Commission's proposal. Staff presented proposed rules at the December 2024 Commission meeting and received approval to advertise a Notice of Proposed Rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
