TANF CASELOAD REPORT

The Department of Health and Human Services, Administration for Children and Families has published guidance to state agencies regarding caseload reduction credit information. The caseload reduction credit is an adjustment to the State's minimum Temporary Assistance for Needy Families (TANF) participation rate requirement.

Submission of the caseload reduction credit requires the State to provide opportunity for public comment on the estimates and methodology used to complete the estimates.

In submitting the data for federal fiscal year 2005, as the FFY 2006 report, Florida is using methodologies consistent with the procedures used for the federal fiscal year 2005 report.

1. We are publishing the FFY 2006 report. This information will be available on the DCF website at www.state.fl.us/cf_web. Copies will also be available at the business address listed at the end of this notice.
2. Since we are using methodologies in FFY 2006 that are similar to the methodologies used in FFY 2005, we are requesting input on these methodologies. We will consider comments received in completing the FFY 2006 report and will file amended reports if necessary.
3. We will mail or transmit electronically the FFY 2006 report to anyone submitting comments. We will also publish these reports upon submission.
4. We will forward any comments received to the federal agency.
