STATE OF FLORIDA
DEPARTMENT OF COMMUNITY AFFAIRS

In re: A LAND DEVELOPMENT REGULATION
ADOPTED BY ISLAMORADA, VILLAGE OF
ISLANDS
ORDINANCE NO. 06-03

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2005), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Islamorada, Village of Islands is a local government within the Florida Keys Area.

2. On March 14, 2006, the Department received for review Islamorada, Village of Islands, Ordinance No. 06-03 ("Ord. No. 06-03"). The purpose of the Ordinance is to amend Division 6 of Article VI of Chapter 30 of the Village Code governing vacation rental uses.

3. The final date for approval for this Ordinance is May 13, 2006.

4. The Ordinance will implement the vacation rental provisions of the Comprehensive Plan. The amendment to the Land Development Regulations will continue to allow the transient rental use of 28 days or less, of single family and multifamily residential properties within the Village. Additional provisions regulate vacation rental of property, an annual registration process, license regulations, and the vacation rental use and occupancy restrictions.

5. Ord. 06-03 is consistent with the Village Comprehensive Plan.

CONCLUSIONS OF LAW

6. The Department is required to approve or reject land development regulations or portions thereof that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2005).

7. Islamorada, Village of Islands is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2005), and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.

8. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2005). The regulations adopted by Ord. 06-03 are land development regulations.

9. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. (2005). See Rathkamp v. Department of Community Affairs, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff'd, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

10. Ord. 06-03 promotes and furthers the following Principles:

- (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.
(d) To ensue the maximum well-being of the Florida Keys and its citizens through sound economic development.

(l) To protect the public health, safety, and welfare of the citizens of the Florida Keys and maintain the Florida Keys as a unique Florida resource.

11. Ord. 06-03 is not inconsistent with the remaining Principles. Ord. 06-03 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 06-03 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

The Fund's estimated borrowing capacity, defined as the maximum amount that the Board is able to raise through the issuance of revenue bonds under Section 215.555(6), Florida Statutes, pursuant to the limitations in Section 215.555(4), Florida Statutes, is \$14,029.7 million. The liability of the State Board of Administration under the Act and the Reimbursement Contracts for payment of reimbursable losses under all Reimbursement Contracts for a Contract Year in which a Covered Event has occurred will not exceed the actual claims-paying capacity of the Florida Hurricane Catastrophe Fund, up to a limit of \$15.0 billion for that Contract Year. This limit is \$15 billion for a contract year adjusted based upon the reported exposure from the prior contract year to reflect the percentage growth in exposure to the fund for covered policies since 2004 provided the dollar growth in limit does not increase in any one year by an amount greater than the dollar growth in cash balance. Therefore, the Board's obligation is to raise up to \$14,029.7 million, rather than the total capacity determined by using all of the available 6 percent for year one or 10 percent overall emergency assessment capability.

This estimate is based on the Board's good faith assessment of the current global market conditions and is net of required debt service reserve funds and the costs of issuing the bonds. These conditions may or may not be the same if and when the Board determines that it is necessary to seek the issuance of revenue bonds. The Board's estimate is also based upon projected year-end reimbursement premiums. Emergency assessments are based on data available as of this estimate. This estimate is provided to comply with the requirements of Section 215.555(4)(c)2., Florida Statutes, and should only be relied upon after careful consideration of all relevant assumptions and reservations, including those set forth below.

Assumptions:

- 1) The Board assumes that both the annual reimbursement premiums and the 6 percent emergency assessment described in Section 215.555(6)(b)2., Florida Statutes, will be used as the revenue source to service the debt and to provide debt service coverage.
- 2) The debt service coverage ratio is assumed to be 1.54x, this means that the revenue stream available to service the debt is 1.54 times the amount actually needed to service the debt. The debt service coverage ratio is sensitive to actual reimbursement premiums collected during the year.

Changes in deductible distributions and other factors that impact actual reimbursement premiums may impact the coverage ratio.

- 3) The Board has assumed interest rates reflecting market conditions on May 1, 2006. Many factors will impact the interest rates that will ultimately be used when the Board determines that bonds must be issued. It is impossible to predict with any certainty what those rates will be.
- 4) In accordance with the requirements of Section 215.555(6)(a)2., Florida Statutes, the Board has completed the bond validation process. The circuit court hearing held on November 12, 1996, resulted in a favorable ruling. The validation was then immediately appealed to the Florida Supreme Court. The Florida Supreme Court ruled on September 18, 1997, that the bonds are valid.
- 5) In response to the private letter ruling received in March 1998, and renewed on June 13, 2003, the Internal Revenue Service ruled that interest on the bonds issued under Section 215.555(6), Florida Statutes, is exempt from federal taxation.
- 6) The Fund is currently working on a financing plan for pre-event and post-event financing.
Reservations:
 - 1) Since no bonds have ever been issued on behalf of the Fund, there are a number of uncertainties. Among these are the following: the financial condition of the insurance industry at the time of a catastrophic loss, the stability of the revenue stream and potential litigation.
 - 2) A more general uncertainty is the condition of the financial markets at the time the bonds are issued and the degree of familiarity of potential investors with the Fund.
 - 3) Another general uncertainty is the ability of the capital markets to absorb a bond issue of this magnitude at the time of the bond issuance.

As of May 1, 2006, the Board's good faith estimate of its bonding capacity is \$14,029.7 million to reach the current statutory upper limit of \$15 billion (based on the Board's projected year-end balance of \$970.3 million). The Board recognizes the importance of this estimate and is committed to make every effort to assure its ability to issue up to \$14,029.7 million, in bonds if and when the necessity arises.

AGENCY FOR HEALTH CARE ADMINISTRATION

The Florida Agency for Health Care Administration (the Agency), Bureau of Medicaid Program Analysis provides the following public notice regarding reimbursement for outpatient hospitals participating in the Florida Medicaid Program.

PURPOSE: To comply with federal public notice requirements in Section 1902(a)(13)(A) of the Social Security Act in changing reimbursement for outpatient hospitals, the Agency is publishing the final rates, the methodologies underlying the establishment of such rates, and justifications for the final rates. The Agency has amended its Title XIX Outpatient Hospital Reimbursement Plan (The Plan) to incorporate changes to the reimbursement methodology.

1. Effective July 1, 2005 outpatient reimbursement ceilings were eliminated for hospitals whose charity care and Medicaid days as a percentage of total adjusted hospital days equals or exceeds 11 percent. The Agency shall use the average of the 1999, 2000 and 2001 audited DSH data available as of March 1, 2005. In the event the Agency does not have the prescribed three years of audited DSH data for a hospital, the Agency will use the average of the audited DSH data for 1999, 2000 and 2001 that are available. Any hospital that met the 11 percent threshold in State Fiscal Year 2004-2005 and was also exempt from the outpatient reimbursement ceilings shall remain exempt from the outpatient reimbursement ceilings for State Fiscal Year 2005-2006, subject to the payment limitations imposed in this paragraph.
2. Effective July 1, 2005 outpatient reimbursement ceilings were eliminated for hospitals that have a minimum of ten licensed Level II Neonatal Intensive Care Beds and are located in Trauma Services Area 2.
3. Effective July 1, 2005, the outpatient reimbursement ceilings shall be eliminated for hospitals whose Medicaid days, as a percentage of total hospital days, exceed 7.3 percent, and are designated or provisional trauma centers. This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2005 or become a designated or provisional trauma center during State Fiscal Year 2005-2006. The Agency shall use the average of the 1999, 2000 and 2001 audited DSH data available as of March 1, 2005. In the event the Agency does not have the prescribed three years of audited DSH data for a hospital, the Agency will use the average of the audited DSH data for 1999, 2000 and 2001 that are available.

4. Effective July 1, 2005 the Agency has implemented a recurring methodology in the Title XIX Outpatient Hospital Reimbursement Plan that may include, but is not limited to, the inflation factor, variable cost target, county rate ceiling or county ceiling target rate to achieve a recurring reduction of \$16,796,807 from inflationary and other price level increases. Effective July 1, 2005, a recurring rate reduction shall be established until an aggregate total estimated savings of \$16,796,807 is achieved each year. This reduction is the Medicaid Trend Adjustment.
 - a. The July 1, 2005 and January 1, 2006 reimbursement rates shall be adjusted as follows:
 - i. Restore the \$14,103,000 outpatient hospital reimbursement rate reduction set forth in Section V.B.8 above to the June 30, 2005 reimbursement rate;
 - ii. Determine the lower of the June 30, 2005 rate with the restoration of the \$14,103,000 reduction referenced in (i) above or the July 1, 2005 or January 1, 2006 rates, as applicable, before the application of the Medicaid Trend Adjustment described in (9) above;
 - iii. Using the rate per (ii) above, determine the final rate by limiting interim Medicaid reimbursement above Medicaid limitations (ceilings, targets, etc.) and up to cost made available through the Upper Payment Limit Program to 50% of the difference between the limited rate and the reported cost, based upon specific criteria as referenced in this section.
 - b. Effective July 1, 2006 reimbursement rates shall be adjusted as follows:
 - i. The aggregate annual total estimated savings of \$16,796,807 shall be implemented by a proportional adjustment to each provider's rate.
 - ii. Interim Medicaid reimbursement above Medicaid limitations and up to cost made available through the Upper Payment Limit Program shall be limited to 50% of the difference between the limited rate and reported cost, based upon specific criteria as referenced in this section.
5. Updates to the outpatient hospital revenue center codes.

FINAL RATES: Effective July 1, 2005, the final rates for Medicaid outpatient hospitals are rates resulting from the current methodology used to calculate per diems including appropriations from the 2005-06 General Appropriations Act, Senate Bill 2600, Specific Appropriation 194.

METHODOLOGIES: The methodology underlying the establishment of the final rates for Medicaid Outpatient Hospitals will be rates resulting from the current methodology used to calculate per diems including the 2004-05 General Appropriations Act, House Bill 1835, Specific Appropriation 206.

JUSTIFICATION: The justification for the final rate change is based on the legislative direction provided in 2005-06 General Appropriations Act, Senate Bill 2600, Specific Appropriation 194.

The Agency has implemented the above rates and changes in methodology, effective July 1, 2005. Written comments may be submitted to: Edwin Stephens, Agency for Health Care Administration, 2727 Mahan Drive, Building 3, Mail Stop 21, Tallahassee, Florida 32308.
