DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

NOTICE OF RECEIPT OF APPLICATION FOR TRANSMISSION LINE CERTIFICATION

On January 2, 2007, the Department of Environmental Protection (Department) received an application for certification of a transmission line pursuant to the Transmission Line Siting Act, Section 403.52, Florida Statutes, concerning Florida Power and Light Company, Bobwhite-Manatee 230 Kilovolt (kV) Transmission Line Project, Transmission Line Siting Application No. TA07-14, OGC Case No. 07-0026, DOAH Case No. 07-0105TL. The Department is reviewing the application to allow construction and operation of a 230 kV transmission line connecting the existing Manatee Energy Center switchyard near Parrish in Manatee County to the proposed Bobwhite substation east of Interstate 75 and approximately 0.25 mile north of Fruitville Road in Sarasota County where the new substation will be

looped into the existing Laurelwood-Ringling 230 kV line. The total length of the proposed transmission line corridor to be certified is approximately 25.5 miles.

A copy of the application for certification is available for review in the office of: Michael P. Halpin, Siting Coordination Office, Department of Environmental Protection, 2600 Blair Stone Road, M.S. 48, Tallahassee, Florida 32399-2400, (850)245-8002. Pursuant to Section 403.526, F.S., statutory parties to the site certification proceeding should review the application and submit their reports and recommendations. In the future, a public certification hearing will be announced. The certification hearing will address environmental impacts. Pursuant to Section 403.527(4)(c), F.S., the following shall become parties to the proceeding upon the filing with the administrative law judge of a notice on intent to be a party no later than 30 days prior to the certification hearing: 1) Any agency not listed in Section 403.527(4)(a), F.S., as to matters within its jurisdiction, and 2) Any domestic nonprofit corporation or association formed, in whole or in part, to promote conservation of natural beauty; to protect the environment, personal health, or other biological values; to preserve historical sites, to promote consumer interests; to represent labor, commercial, or industrial groups; or to promote comprehensive planning or orderly development of the area in which the proposed transmission line or corridor is to be located. Additionally, any person who is not a statutory party to the certification proceeding and whose substantial interest is affected and being determined by the proceeding may file a motion to intervene in the proceeding at least 30 days before the date of the certification hearing. Failure to act within the time frame constitutes a waiver of the right to become a party. The petition must be filed (received) with Bram D. E. Canter, Administrative Law Judge, Division of Administrative Hearings, The Desoto Building, 1230 Apalachee Parkway, Tallahassee, Florida 32399-3060. Pursuant to Section 403.527(6), F.S., if all parties to the proceeding stipulate that there are no disputed issues of fact or law to be raised at the certification hearing, the certification hearing may be cancelled.

NOTICE OF INTENT TO GRANT
A PETITION FOR VARIANCE

The Department of Environmental Protection (Department) gives notice of its intent to grant a variance under Section 403.201, Florida Statutes, to the Sebastian Inlet District Commission located at 114 Sixth Avenue, Indialantic, FL,

32903 (File No.05-264486-002) from the provisions of Part II section 12.2.5 (Criteria for Evaluation) of the Applicant's Handbook for the St. Johns River Water Management District, adopted by the Department in Chapter 62-330, F.A.C., which restrict dredging or filing in, adjacent to, or in close proximity to Class II waters or located in Class III waters that are classified as approved, restricted, or conditionally restricted for shellfish harvesting. The variance will allow the applicant to dredge a new channel between the Sebastian Inlet and the Intracoastal Waterway within a Conditionally Restricted Shellfish Harvesting Area.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Florida Department of Environmental Protection, Central District, 3319 Maguire Blvd., Suite 232, Orlando, FL, 32803, Telephone: (407)893-3307.

Under this intent to issue, this variance is hereby granted subject to the applicant's compliance with any requirement in this intent to publish notice of this intent in a newspaper of general circulation and to provide proof of such publication in accordance with Section 50.051, Florida Statutes. This action is final and effective on the date filed with the Clerk of the Department unless a sufficient petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, Florida Statutes, as provided below. If a sufficient petition for an administrative hearing is timely filed, this intent to issue automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Therefore, on the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. When proof of publication is provided, if required by this intent, and if a sufficient petition is not timely filed, the variance will be issued as a ministerial action. Because an administrative hearing may result in the reversal or substantial modification of this action, the applicant is advised not to commence construction or other activities until the deadlines noted below for filing a petition for an administrative hearing or request for an extension of time have expired and until the variance has been executed and delivered. Mediation is not available.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the

Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), Florida Administrative Code, a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, Florida Administrative Code.

In accordance with subsections 28-106.111(2) and 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), Florida Statutes, however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing

within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, Florida Statutes.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, Florida Administrative Code. Under paragraphs 120.569(2)(c) and (d) of the Florida Statutes, a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to issue a variance constitutes an order of the Department. Subject to the provisions of paragraph 120.68(7)(a), Florida Statutes, which may require a remand for an administrative hearing, the applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under rule 9.110 of the Florida Rules of Appellate Procedure with the Clerk of the Department in the Office of General Counsel, 3900

Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida, 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the order is filed with the Clerk of the Department.
