RULE NO.: 6A-14.0734
RULE TITLE: Procurement Requirements

PURPOSE AND EFFECT: The purpose of this rule amendment is to provide community college boards of trustees with the flexibility to increase competitive solicitation thresholds for the purchase of goods and services other than professional services as defined in Florida Statute 287.055, if they desire. It also allows them to exempt the requirement to solicit competitive offers for the purchase of services and commodities from buying cooperatives, if the contract was competitively bid.

SUMMARY: Current rule requires community colleges to solicit competitive offers from at least three (3) sources when purchasing commodities exceed the Category Two level of \$25,000. The Category Two level has not been changed since 1999. This rule amendment will allow community colleges boards to consider amending their local Board Rules to only require the solicitation of competitive offers from three sources, if the amount of the commodity or service purchase exceeds the Category Three level of \$50,000. In addition, current rule also only allows community colleges to exempt the requirement to solicit competitive offers from units or government established by law or from non-profit buying cooperative contracts that were competitively bid. This rule

amendment will allow purchases to be made by allowing community colleges to buy from cooperative competitively bid contracts.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: 287.017 FS.

THE FULL TEXT OF THE PROPOSED RULE IS:

6A-14.0734 Procurement Requirements.

(1) Colleges shall, as the circumstances require, publicly solicit the submittal of competitive offers from at least three (3) sources, when purchasing services or commodities exceeding the amount as specified in Section 287.017, Florida Statutes, for Category ~~Three~~ ~~Two~~. Solicitations of competitive offers are defined as:

(a) "Competitive sealed bids", "competitive sealed proposals" or "competitive sealed replies", means the process of receiving competitive offers transmitted by secured electronic means or written bids, proposals, or replies.

(b) "Competitive solicitations" or "solicitations" means an invitation to bid, a request for proposal, request for quote, or an invitation to negotiate.

Boards of trustees may adopt smaller amounts beyond which to require the solicitation of competitive offers. The college president or designee reserves the right to reject any or all offers submitted in response to the college's solicitation, and/or solicit new offers as deemed in the college's best interest. When accepting responsive offers to the college's solicitations, colleges shall accept the lowest or best responsive offer. If other than the lowest or best offer meeting specifications is accepted, the college shall maintain a public record of the justification. Recommendation for awards not exceeding the Category Five threshold as specified in Section 287.017, Florida Statutes, may be approved or rejected by the president or a designee if such authority is delegated in policy adopted by the board of trustees. Recommendation for awards exceeding the Category Five threshold as specified in Section 287.017, Florida Statutes, shall be approved or rejected by the board of trustees.

(2) Exceptions to the requirement to solicit competitive offers are:

(a) Educational tests, textbooks, instructional materials and equipment, films, filmstrips, video tapes, disc or tape recordings or similar audio-visual materials, graphic and computer based instructional software.

19-15.001 Insurance Capital Build-Up Incentive Program.
(1) through (2)(d) No change.

(e) An Insurer may qualify and be eligible for

Writing Ratio for the term of the Surplus Note. Additionally,
the Insurer's Surplus, New Capital contribution, and Surplus
Note must total at least \$14 million for those Insurers writing
only manufactured housing policies, must total at least \$50
million for other Insurers, and all the Insurers must submit the
application as adopted under this Rule within the time frames
referenced in Section 215.5595(2)(b), F.S.

(f) The Board may Approve an application by an eligible

Florida places an unreasonably high level of financial risk to
the state of nonpayment in full of the interest and principal.
The Board shall consult with the Office and may contract with
independent financial and insurance consultants in making this
determination.

(g) If the amount of Surplus Notes requested by Insurers
exceeds the amount of funds available, the Board may
prioritize Insurers that are eligible and Approved, regardless of
the date of application within the application time frames.
Consideration shall be given to the type of insurance written,
with preference given to insurers writing only manufactured
housing policies, financial strength of the Insurer, the viability
of the Insurer's proposed business plan for writing additional
residential property insurance, and the effect on competition.

(3) through (3)(g) No change.

(h) "Minimum Required Surplus" means, for purposes of
this Program, that the Insurer's total Surplus, after the issuance

(c) Insurers must submit a completed application including
supplying all the required documentation to the Board. The
application Form, SBA 15-1, rev. /07new 2/07, is hereby
adopted and incorporated by reference into this Rule. This
Form is available on the Board's website, www.sbafla.com,

accept the terms of the Surplus Note, Form SBA 15-2,
rev. /07new 2/07, which is hereby adopted and incorporated

by reference into this Rule. The Surplus Note is available on the Board's website, www.sbafla.com, under "Insurance Capital Build-Up Incentive Program," then "Surplus Note."

(e) The principal amount of the Surplus Note issued to any Insurer or Insurer group, other than an insurer writing only manufactured housing policies may not exceed \$50 million. The principal amount of the Surplus Note issued to any Insurer or Insurer group writing only manufactured housing policies may not exceed \$7 million.

(f) For Insurers, other than those writing only manufactured housing policies, an Insurer's Surplus, New Capital, and the Surplus Note must total at least \$50 million as a result of participating in the Program. ~~(c)(b)~~ The amount of an Insurer's New Capital contributions in excess of the minimum requirement.

~~(d)(e)~~ An Insurer's financial strength.

~~(e)(d)~~ The Insurer's ability to timely and expeditiously meet the Minimum Writing Ratio requirement as described in the Insurer's business plan.

~~(f)(e)~~ The viability and the level of detail and specificity associated with the Insurer's proposed business plan for writing additional residential property insurance covering the peril of wind.

~~(g)(f)~~ The effect on competition in the residential property insurance market including the number of new policies which the Insurer contemplates writing as a result of the Program.

60H-1.017 Turnkey (Lease) Construction Program.

(1) Concept. The turnkey system is a concept whereby the builder is usually a commercial developer and the procedure should provide for design of the building by the developer's architect on the basis of performance specifications, concurrent design review, use of a developer-owned site and private financing.

The turnkey system may include several features which can be expected to motivate effective performance. Under this system, the entire design and construction effort is usually carried out by a developer. A major motivation is the requirement that he finance the project until the building is accepted. This provides

an incentive to expedite construction in order to minimize the cost of financing. A further motivation is the fact that the State will not accept the building if it does not meet the requirements of the performance specifications. It is recommended that the turnkey (lease) construction system be used whenever and wherever State User Agency need arises and a determination has been made that existing space is not available. To implement use of this system, the Department of Management Services requires the User Agency or its designated representative to set forth its program construction requirements in a competitive solicitation, which will then be used by the User Agency or its designated representative in the solicitation of responses from Developers. A public solicitation of responses from Developers will be made by the User Agency or its designated representative. This solicitation will be widely publicized using newspapers, trade papers, and personal contact with leading Developers in the project city or area. In carrying out the public solicitation, all parties should be clearly informed that the User Agency, in conjunction with its designated representative, may conduct extensive negotiations with each Developer submitting a response within a competitive range, prior to the selection of Approved Developer.

(2) Criteria. The State User Agency in conjunction with its designated representative will perform the program in accordance with the Department of Management Services' guidelines, as presented herein.

User Agency Responsibilities:

(a)1. Agency shall determine and then establish the functional and staff need for a given facility;

2. Agency shall certify that it has filed a Request for Prior Approval of Space Need pursuant to Rule 60H-1.022, Florida Administrative Code, and ~~either~~;

a. The Division has approved the request ~~or has not responded to the agency's request within 10 working days of receipt of the request; and~~ or

b. If state owned space is available in the same geographic region the agency has enunciated reasons such space does not satisfy the need.

3. Agency notifies the Department of Management Services, in a letter of transmittal, of their intent to seek lease-build proposal(s), based on subparagraphs 1. and 2. above.

(b) Agency prepares performance specifications, optimum site and building requirements, unique planning information, Standard Lease Agreement form (FM Form No. 4054), and the intended User's program to be submitted (distributed) to all Developers.

(c) Agency advertises, setting forth pertinent means by which Developers may obtain building specifications. (The following two (2) paragraphs exemplify a suggested advertisement.) Responses are requested from responsible Developers interested in developing a site and building,

containing ___ net usable square feet, for the purpose of leasing the building and its site to the State of Florida, the site of the building which is to be located in the ___ (Delineated Area), ___ (City), ___ (State). All program requirements and instructions shall be furnished to all interested Developers at ___ (Location or Street Address), ___ (City), ___ (State). The building is to be used as: ___ (User Agency/Function).

(d) Agency will advise Developers that responses submitted should be based on private financing and that no State payments for use of space being developed will be made to the Developer prior to final acceptance and approval of the completed building and its site, in accordance with the terms and conditions set forth in the Department of Management Services' Standard Lease Agreement form.

(e) Agency will advise that if a Developer is interested in developing a structure for the purpose indicated and in leasing the building and its site to the State of Florida, the Developer should submit his best response or responses by ___ (Time), ___ (Date), to the ___ (Department), ___ (Location or Street Address), ___ (City), ___ (State).

(f) The User Agency will set the response period depending upon the complexity of the needed facility. The Developer's requirements as requested by the User Agency and the Department of Management Services:

1. Agreement to enter into a lease-build contract on the Department of Management Services' Standard Lease Agreement form setting forth the terms and conditions therein.

2. Intent to furnish 100% Performance Bond if response is accepted.

3.a. Complete and satisfactory evidence of ownership;

b. Local tax assessor's appraisal of the site;

c. A site survey; and

d. The Developer's estimated valuation cost of construction \$___ per square foot, for ___ gross square feet, and provide a statement of rental rate per square foot, including necessary maintenance and operations costs.

4. Completion date (the date that the building will be offered to the State for acceptance), contingent upon Developer's Authorization to Proceed.

5. Developers shall indicate the period of time that a response will remain open; such period shall be a minimum of 60 days.

6. Site improvement information shall include the following:

a. Grading outside buildings;

b. Sanitary and storm sewers;

c. Landscaping;

d. Paving and retaining walls;

e. Water;

f. Gas and electric distribution systems; and

g. Extraordinary excavation and/or foundations.

7. Building information which will enable the Division of Facilities Management to review both the functional and aesthetic aspects of the building including:

a. Floor plans showing proposed utility core, office space, public space, corridors and parking areas (scale 1" equals 8').

b. Elevations and cross sections of buildings indicating exterior material and colors (scale 1" equals 8').

8. A response submitted by a Developer shall be signed by the Developer or his duly authorized representative. Corporate, trade, or partnership titles may be stamped, written or type-written, but the actual signature of the authorized representative must appear on the response. If the response is signed by an agent, evidence of authority of the agent to sign must accompany the response. Evaluation of responses will be made by the User Agency in conjunction with its designated representative on the basis of price, design, characteristics of construction, completion date, location (including environment or characteristics of surrounding neighborhood), public transportation availability, availability of parking facilities, and availability of satisfactory dining facilities, and conformance to the User Agency program, performance specifications, and floor layout plan, and any other subjective criteria. The User Agency or its designated representative then presents the entire "project review package" to the Division of Facilities Management.

The project review package shall contain:

a. A letter of transmittal setting forth:

(i) The fact that "this is a lease-build response," and

(ii) Functional and staff justification as to the facility's necessity.

b. Proof of Advertisement.

c. A list of the responses to the advertisements.

d. Set of the User Agency's program, any unique planning information, performance specifications (building and site). Site description and/or delineated area, floor layout plan, and property appraisal.

9. All responses submitted to the User Agency must be in accordance to guidelines developed.

10. User Agency's recommendation with justification. The Division of Facilities Management will review the project. If it concurs with the User Agency's recommendation, it will give approval and return to the User Agency for execution. The User Agency and the Department of Management Services must be in joint agreement on the response before approval is granted.

A physical inspection of completed buildings and sites will be made by the various User Agencies who will, in turn, supply the Division of Facilities Management with a Certificate of Acceptance, and a certificate citing the date of occupancy.

60H-1.022 Prior Approval of Space Need.

The Division shall not authorize any agency to enter into a lease agreement in a privately owned building when suitable space is available in a state owned or other publicly owned building located in the same geographic region, unless the agency files with the Bureau a statement explaining why the public space does not fit the needs of the agency. If the Division director approves the request, ~~or does not respond to the agency's request within 10 working days of receipt of the request,~~ the agency may then proceed to:

- (1) Negotiate a lease for space in a state owned or other publicly owned building.
- (2) Negotiate a lease for private sector space of less than 5,000 square feet.
- (3) Issue competitive solicitations in accordance with Chapter 255, Florida Statutes, and this chapter, in a privately owned building. The term "state owned or other publicly owned building" as used in this section means any state owned or other publicly owned facility regardless of use or control.
- (4) Negotiate a lease of any size for the purpose of providing care and living space for persons.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Rebecca R. Poston, Executive Director, Board of Pharmacy/MQA, 4052 Bald Cypress Way, Bin #C04, Tallahassee, Florida 32399-3253

THE FULL TEXT OF THE PROPOSED RULE IS:

64B16-27.797 Standards of Practice for Compounding Sterile Preparations (CSPs).

The purpose of this section is to assure positive patient outcomes through the provision of standards for 1) pharmaceutical care; 2) the preparation, labeling, and distribution of sterile pharmaceuticals by pharmacies, pursuant to or in anticipation of a prescription drug order, and 3) product quality and characteristics. These standards are intended to apply to all sterile pharmaceuticals, notwithstanding the location of the patient (e.g., home, hospital, nursing home, hospice, doctor's office).

(1) Definitions.

(a) Anteroom means an area where personnel perform hand hygiene and garbing procedures, staging of components, order entry, CSP labeling, and other high-particulate generating activities. It is also a transition area that provides assurance that pressure relationships are constantly maintained so that airflows from clean to dirty areas.

(b) Antineoplastic means a pharmaceutical agent that has the intent of causing cell death targeted to cancer cells, metastatic cells, or other cells involved in a severe inflammatory or autoimmune response.

(c) Beyond-use-date means the date after which a compounded preparation should not be used and is determined from the date the preparation was compounded.

(d) Biological safety cabinet means a containment unit suitable for the preparation of low, moderate, and high risk agents where there is a need for protection of the product, personnel, and environment.

(e) Bulk Compounding means the compounding of CSPs in increments of twenty-five (25) or more doses from a single source.

(f) Buffer area (Clean room) is an area where the activities of CSP take place; it shall not contain sinks or drains. In High-Risk compounding this must be a separate room.

(g) Class 100 environment means an atmospheric environment which contains no more than one hundred particles of 0.5 microns in diameter or larger per cubic foot of air. A class 100 environment is equivalent to ISO Class 5.

(h) Compounding Aseptic Isolator (CAI) – the CAI is a form of barrier isolator specifically designed for compounding pharmaceutical ingredients or preparations. It is designed to maintain an aseptic compounding environment within the isolator throughout the compounding and material transfer process. Air exchange into the isolator from the surrounding environment should not occur unless it is first passed through a microbially retentive filter (HEPA minimum 0.2 microns).

(i) High-Risk Level CSPs – Products compounded under any of the following conditions are either non-sterile or at high risk to become non-sterile with infectious microorganisms.

1. Non-sterile ingredients, including manufactured products for routes of administration other than sterile parenteral administration are incorporated or a non-sterile device is employed before terminal sterilization.

2. Sterile contents of commercially manufactured products, CSP that lack effective antimicrobial preservatives, sterile surfaces of devices and containers for the preparation, transfer, sterilization, and packaging of CSPs are exposed to air quality worse than ISO Class 5 for more than one (1) hour.

3. Before sterilization, non-sterile procedures such as weighing and mixing are conducted in air quality worse than ISO Class 7 compounding personnel are improperly garbed and gloved, or water-containing preparations are stored for more than 6 hours.

4. For properly stored sterilized high-risk preparation, in the absence of passing a sterility test, the storage periods cannot exceed the following time periods: before administration, the CSPs are properly stored and exposed for not more than 24 hours at controlled room temperature, and for not more than 3 days at a cold temperature (2-8 degrees celsius) and for not more than 45 days in solid frozen state at -20 degrees celsius or colder.

5. Examples of high-risk compounding include: (1) dissolving non-sterile bulk drug and nutrient powders to make solutions, which will be terminally sterilized; (2) exposing the sterile ingredients and components used to prepare and package CSPs to room air quality worse than ISO Class 5 for more than one (1) hour; (3) measuring and mixing sterile ingredients in non-sterile devices before sterilization is performed; (4) assuming, without appropriate evidence or direct determination, that packages of bulk ingredients contain at least 95% by weight of their active chemical moiety and have not been contaminated or adulterated between uses.

6. All high risk category products must be rendered sterile by an acceptable terminal sterilization process to include heat sterilization, gas sterilization, or filtration sterilization in order to become a CSP.

7. Quality assurance practices for high-risk level CSPs include all those for low-risk level CSPs. In addition, each person authorized to compound high-risk level CSPs demonstrates competency by completing a media-filled test that represents high-level compounding semiannually.

(j) Immediate Use CSPs:

1. Requires only simple aseptic measuring and transfer manipulations are performed with not more than three (3) sterile non-hazardous drug or diagnostic radiopharmaceutical drug preparations, including an infusion or dilution solution.

2. The preparation procedure occurs continuously without delays or interruptions and does not exceed 1 hour.

3. At no point during preparation and prior to administration are critical surfaces and ingredients of the CSP directly exposed to contact contamination such as human touch, cosmetic flakes or particulates, blood, human body substances (excretions and secretions, e.g., nasal or oral) and non-sterile inanimate sources.

4. Administration begins not later than one (1) hour following the start of preparing the CSP.

5. When the CSP is not administered by the person who prepared it, or its administration is not witnessed by the person who prepared it, the CSP shall bear a label listing patient identification information (name, identification numbers), and the names and amounts of all active ingredients, and the name or identifiable initials of the person who prepared the CSP, and one (1) hour beyond-use time and date.

6. If administration has not begun within one (1) hour following the start of preparing the CSP, the CSP is promptly and safely discarded. Immediate use CSPs shall not be stored for later use.

(k) Low-Risk Level CSPs compounded under all of the following are at a low risk of contamination:

1. The CSPs are compounded with aseptic manipulations entirely within ISO Class 5 (class 100) or better air quality using only sterile ingredients, products, components, and devices.

2. The compounding involves only transfer, measuring, and mixing manipulations using no more than three commercially manufactured sterile products and entries into one container (e.g., bag, vial) of sterile product to make the CSP.

3. Manipulations are limited to aseptically opening ampules, penetrating sterile stoppers on vials with sterile needles and syringes, and transferring sterile liquids in sterile syringes to sterile administration devices, package containers for storage and dispensing. The contents of ampules shall be passed through a sterile filter to remove any particles.

4. For low-risk preparation, in the absence of passing a sterility test or a documented validated process, the storage periods cannot exceed the following time periods; before administration, the CSPs are properly stored and exposed for

not more than 48 hours at controlled room temperature, and for not more than 14 days at a cold temperature and for 45 days in solid frozen state at -20 degrees celsius or colder.

5. Quality Assurance practices include, but are not limited to, the following: (1) routine disinfection and air quality testing of the direct compounding environment to minimize microbial surface contamination and maintain ISO Class 5 air quality; (2) Visual confirmation that compounding personnel are properly donning and wearing appropriate items and types of protective garments; (3) Review of all orders and packages of ingredients to ensure that the correct identity and amounts of ingredients were compounded; (4) Visual inspection of CSPs to ensure the absence of particulate matter in solutions, the absence of leakage from vials and bags, and accuracy and thoroughness of labeling.

6. All compounding personnel are required to demonstrate competency by completing a media-filled test that represents low-level compounding annually.

(l) Medium-Risk Level CSPs – When CSPs are compounded aseptically under Low-Risk Conditions, and one or more of the following conditions exist, such CSPs are at a medium risk of contamination:

1. CSPs containing more than three (3) commercial sterile drug products and those requiring complex manipulations and/or preparation methods.

2. Multiple individual or small doses of sterile products are combined or pooled to prepare a CSP that will be administered either to multiple patients or to one patient on multiple occasions.

3. The compounding process requires unusually long duration, such as that required to complete dissolution or homogeneous mixing.

4. For Medium-risk preparation, in the absence of passing a sterility test or a documented validated process, the storage periods cannot exceed the following time periods; before administration, the CSPs are properly stored and exposed for not more than 30 hours at controlled room temperature, and for not more than 9 days at a cold temperature and for 45 days in solid frozen state at -20 degrees celsius or colder.

5. These include compounding of total parenteral nutrition (TPN) using either manual or automated devices during which there are multiple injections, detachments, and attachments of nutrient source products to the device or machine to deliver all nutritional components to a final sterile container.

6. Filling of reservoirs of injection and infusion devices with more than three (3) sterile drug products and evacuation of air from those reservoirs before the filled devices is dispensed.

7. Transfer of volumes from multiple ampules or vials into one or more final sterile containers.

8. Quality assurance practices for medium-risk level CSPs include all those for low-risk level CSPs.

9. Demonstrates competency by completing a media-filled test that represents medium-level compounding annually.

(m) Parenteral means a sterile preparation of drugs for injection through one or more layers of the skin.

(n) Risk level of the sterile preparation means the level assigned to a sterile product by a pharmacist that represents the probability that the sterile product will be contaminated with microbial organisms, spores, endotoxins, foreign chemicals or other physical matter.

(o) Sterile preparation means any dosage form devoid of viable microorganisms, including but not limited to, parenterals, injectables, ophthalmics, and aqueous inhalant solutions for respiratory treatments.

(2) Compounded sterile preparations include, but are not limited, to the following:

(a) Total Parenteral Nutrition (TPN) solutions;

(b) Parenteral analgesic drugs;

(c) Parenteral antibiotics;

(d) Parenteral antineoplastic agents;

(e) Parenteral electrolytes;

(f) Parenteral vitamins;

(g) Irrigating fluids;

(h) Ophthalmic preparations; and

(i) Aqueous inhalant solutions for respiratory treatments.

(3) Sterile preparations shall not include commercially manufactured products that do not require compounding prior to dispensing.

(4) Policy & Procedure Manual.

A policy and procedure manual shall be prepared and maintained for the compounding, dispensing, and delivery of sterile preparation prescriptions. The policy and procedure manual shall be available for inspection by the Department and include at a minimum:

(a) Use of single dose and multiple dose containers not to exceed United States Pharmacopeia 797 guidelines.

(b) Verification of compounding accuracy and sterility.

THE FULL TEXT OF THE PROPOSED RULE IS:

64F-12.025 Certification Authority and Digital Signatures for Self-Authenticating Pedigree

(1) As used in this rule chapter the terms “certificate” and “Certification Authority” are as defined by Section 668.003, F.S. (2005). The department will list on its website one or more companies authorized to serve as a Certification Authority to issue digital certificates to persons for purposes of certifying via a digital signature the accuracy and completeness of a pedigree paper for authentication purposes under sub-subparagraph 64F-12.013(5)(d)1.f., F.A.C. The department recognizes that a Certification Authority listed on the department’s website may revoke any digital certificate it has issued. In addition, the department recognizes that the certificate holder and the employer of the certificate holder may also seek revocation of a certificate, for example because of termination of the holder’s employment or change of the holder’s authority to sign a pedigree for the employing establishment.

(2) The department will list on its website a Certification Authority that requests in writing to the bureau that it be so listed, if the request demonstrates:

(a) The Certification Authority meets the requirements set forth in the Federal Government Bridge Certification Authority Certificate Policy (FBCA CP), of the federal General Services Administration for “medium assurance” certificates, or comparable requirements.

(b) The ~~Certification Certificate~~ Authority will issue two types of ~~certificates digital signatures~~ the status of which is ascertainable within the digital signature. One type of ~~certificate digital signature~~ will indicate that the person to whom the digital signature is issued signs on behalf of a company that is lawfully permitted in Florida to engage in the unrestricted wholesale distribution of a prescription drug in or into Florida. The other type of ~~certificate~~ will indicate that the person to whom the digital signature is issued signs on behalf of a company that is not lawfully permitted in Florida but is lawfully permitted in its resident state to engage in the wholesale distribution of prescription drugs, or is licensed in Florida under a restricted distributor permit.

(c) The Certification Authority requires at a minimum the following written documentation prior to granting a digital certificate to the person requesting a digital signature to sign an electronic pedigree:

1. Authorization from the establishment for whom the person is requesting a digital certificate that that person may sign pedigree papers on the establishment’s behalf,

2. A valid, unexpired identification document which bears a photograph of the person requesting a digital certificate such as:

a. A passport issued by the United States, an immigration document issued by the Federal Government, or any document issued by an agency of the Federal Government or the Armed Services of the United States,

b. A passport issued by a foreign government if the passport includes or is accompanied by a document proving that the alien is lawfully in the United States, or

c. A document issued by a state or political subdivision if the issuing state or political subdivision prohibits the issuance of the identification document to an alien who is unlawfully in the United States, and the state or political subdivision requires independent verification of the records offered by the person to prove identity when applying for the identification document.

3.a. A copy of the state issued permit for the company's name and address for whom the person is requesting a digital certificate demonstrating authorization by the state of Florida to engage in the unrestricted wholesale distribution of prescription drugs in or into Florida, or

b. A copy of the state issued permit or license for the company's name and address for whom the person is requesting a digital certificate demonstrating authorization by the state in which the company resides to engage in the wholesale distribution of prescription drugs, or demonstrating authorization by the state of Florida to engage in the wholesale distribution of prescription drugs under a restricted distributor permit.

(d) The Certification Authority shall submit to the department a statement from an independent auditor confirming that the Certification Authority complies with the requirements of this rule and the applicable provisions of sub-subparagraph 64F-12.013(5)(d)1.f., F.A.C., so that a recipient of a pedigree signed with a digital signature issued by the Certification Authority can rely on the integrity of the digital signature.

(3) To remain listed as a Certification Authority on the department's website, the Certification Authority must submit a signed statement certifying to the department on an annual basis that it operates in accordance with the requirements of this section and has been audited by a qualified independent (from the operator of the Certification Authority) auditor on at least an annual basis. The Certification Authority must also submit a signed statement from an independent auditor that the Certification Authority complies with the requirements of this rule and the applicable provisions of sub-subparagraph 64F-12.013(5)(d)1.f., F.A.C. This documentation must be submitted to the department by June 1 of each year in order to remain listed on the department's website as a Certification Authority for the next July 1 – June 30 period.

(4) If a Certification Authority proposes comparable requirements to the FBCA CP "medium assurance" certificates, the Certification Authority must provide a detailed crosswalk between the standards set forth for the FBCA CP "medium assurance" certificates and the proposed comparable requirements with a detailed explanation describing how the comparable requirements provide at least the same level of assurance as the FBCA CP standards.

(5) If any of the requirements in the FBCA CP differ from those set forth in this rule, the ones set forth in this rule shall prevail.

(6) If authorized by the affected establishments that lawfully purchase or receive prescription drugs to digitally sign their electronic pedigrees, an employee may be issued digital certificates for each such establishment or for multiple permits of a single establishment.

(7)(a) The loss, theft, or compromise of a private key or password must be communicated to the Certification Authority within 24 hours of discovery of the key's loss, theft, or compromise. Notification should promptly result in a request for revocation of the Certificate holder's digital certificate and must include sufficient information to uniquely identify the certificate holder. Revocation shall be effective upon issuance of the next Certificate Revocation List.

(b) During the lifetime of the certificate, the Certificate Authority must for each certificate issued verify the license status has not been suspended, revoked, or otherwise inactivated for the wholesale distribution of prescription drugs. The Certificate Authority must perform this check at least weekly. If it is found the license status has been suspended, revoked, or otherwise inactivated, then the Certificate Authority must issue a certificate revocation for all certificates issued effective the date of the license change.

(8) Either the certificate holder or the establishment shall request revocation of a certificate holder's digital certificate upon termination of the certificate holder's authorization to make digital signatures on behalf of the establishment. Notification should promptly request revocation of the certificate holder's digital certificate and must include sufficient information to uniquely identify the certificate holder. Revocation shall be effective upon issuance of the next Certificate Revocation List.

(9) The establishment is ultimately responsible for electronic pedigrees that have been digitally signed on its behalf.

(10) Until a Certification Authority can submit the audit required in paragraph (2)(d) or June 30, 2007, whichever is earlier, the Department will provisionally list a Certification Authority requesting to be listed on the Department's website as a Certification Authority, provided that the Certification authority submits the audit required by paragraph (2)(~~d~~) by June 15, 2007, and otherwise operates in accordance with the requirements of this rule. A digital certification issued by a

provisionally listed Certification Authority must expire and be revoked on or before June 30, 2007. Any provisionally listed Certification Authority that has not submitted the audit required in paragraph (2)(d)(e) by June 15, 2007, will be removed from the provisional list and may not operate as a Certification Authority under this section. Upon submission of the audit required by paragraph (2)(d)(e), the Certification Authority will be listed without the provisional designation. Upon removal of the provisional designation, a Certification Authority must reissue all existing digital certificates.

- (b) An exchange occurs when an insurer offers an existing long-term care policyholder or certificateholder the option to replace an existing policy with a different long-term care policy or certificate, and the policyholder or certificateholder accepts the offer to terminate the existing contract and accepts the new contract.
- (2)(a) Any offer shall be made to all policyholders or certificateholders on a nondiscriminatory basis.
- (b) An exchange offer shall be deferred to all policyholders or certificateholders that are currently eligible for benefits, within an elimination period on a claim, or who would not be eligible to apply for coverage due to issue age limitations under the new contract, until such time when such condition expires.
- (3)(a) If the new coverage has the actuarial value of benefits equal or lesser than the actuarial value of benefits of the existing coverage, based on constant morbidity and uniform pricing assumptions as determined on the date of issue of a new insured determined using the same underwriting class and issue age, such new coverage shall be offered on a nonunderwritten basis.

(b) If the new coverage has the actuarial value of benefits exceeding the actuarial value of benefits of the existing coverage, the insurer shall apply consistent new business underwriting for the increased benefits only.

(4)(a) If the new coverage has the actuarial value of benefits equal or lesser than the actuarial value of benefits of the existing coverage, the rate charged for the new coverage shall be determined using the original issue age and risk class of the insured used in determining the rate of the existing coverage.

(b) If the new coverage has the actuarial value of benefits exceeding the actuarial value of benefits of the existing coverage, the rate charged for the new coverage shall be determined using paragraph (4)(a) above for the original level of benefits, increased by the rate for the increased benefits using the then current attained age and underwriting class of the insured for the increased benefits only. All rates charged must be filed and approved with the Office pursuant to Section 627.410(6), F.S., and Rule 69O-149.003, F.A.C.

Such filing shall demonstrate why the use of the original issue age is inappropriate and that the policy reserve build-up due to the prefunding inherent in the use of an issue age rate basis is credited to the benefit of the insured.

These changes are in accordance with subparagraph 120.54(3)(d)1., F.S., and in response to comments received from the Florida Association of Court Clerks.

Paragraph (i) of subsection (2) of Rule 12E-1.032, F.A.C., has been changed, so that, when adopted, the paragraph will read as follows:

(i) "Employer's designated child support payment processor (hereafter called employer's processor)" means a financial institution or business utilized by the employer to provide ACH support payment services.

Paragraph (a) of subsection (3) of Rule 12E-1.032, F.A.C., has been changed, so that, when adopted, the paragraph will read as follows:

(a) Electronic remittance of support payments and associated case data by the employer or the employer's processor to the State Disbursement Unit shall be in a format used within the "Automated Clearing House" or "ACH" network to conduct the transfer of support funds between

business or government entities. An acceptable format includes either "Cash Concentration and Disbursement Plus (CCD+)" or "Corporate Trade Exchange (CTX)."

Subsection (4) of Rule 12E-1.032, F.A.C., has been changed, so that, when adopted, the subsection will read as follows:

(4) Remittance or Transmission Problems.

(a) If the employer or employer's processor incorrectly submits associated case data or incorrectly remits support payments, the employer or the employer's processor shall contact, not later than the next business day after the date on which the error is discovered, the State Disbursement Unit toll-free at (888)883-0743 or local number at (850)201-0183 for specific instructions.

(b) The State Disbursement Unit shall review payment error and associated case data problems, determine the course of action to correct the error(s), and take steps to process the information and payment. The Department shall assist the State Disbursement Unit in resolving these specific payment errors, on a case-by-case basis.

(c) To assist the employer or employer's processor in complying with Section 61.1824(6), F.S., and this rule chapter, the State Disbursement Unit shall contact the employer or employer's processor when one or more of the following conditions exist.

Subsection (5) of Rule 12E-1.032, F.A.C., has been changed, so that, when adopted, the subsection will read as follows:

(5) Procedures for Payment.

(a) Automated Clearing House Credit Method (ACH Credit Method). An employer who uses the ACH credit method must contact the employer's financial institution or an employer's processor that provides prescribed ACH services and arrange to transfer the support payment to the State Disbursement Unit using an ACH credit transfer.

(b) For the employer to establish ACH payments directly to the State Disbursement Unit, initially the employer or employer's processor must contact the State Disbursement Unit, EFT Marketing, at (850)205-8227 and provide the information in (c) below. The State Disbursement Unit will compare the information provided by the employer or employer's processor with identifying information in the State Disbursement Unit's child support computer system. Identifying information submitted by the employer or the

employer's processor must match the identifying information in the State Disbursement Unit computer system. The State Disbursement Unit will work with the employer to resolve discrepancies, if any are found. For the employer to establish ACH payments to the State Disbursement Unit, through an employer processor, the employer must contact the processor directly. For employer's using a processor, the processor is responsible for verifying the information.

(c) The employer or the employer's processor must provide the State Disbursement Unit with the following information for each obligor for whom payments will be remitted:

1. Obligor first and last name;
2. Obligor Social Security Number;
3. Obligee first and last name; and
4. Case identifier.

(d) The State Disbursement Unit will inform the employer or employer's processor of the following when there is a match of the information listed in paragraph (c).

1. State Disbursement Unit's banking information to send payments electronically; and
2. That electronic remittance of support payments may commence.

(e) Neither the State Disbursement Unit nor the Department will pay for expenses incurred by the employer or employer's processor to use the ACH credit method. Pursuant to Section 61.1301(2)(e)6., F.S., the employer may collect a fee from the employee's income for each withheld payment.

(f) To assure the receipt of support payments by the due date, an employer or the employer's processor must initiate the payment transaction in accordance with subsection (6).

(g) All ACH credit transfers must be in the NACHA Cash Concentration and Disbursement Plus "CCD+" or NACHA Corporate Trade Exchange "CTX" format containing an Accredited Standards Committee (ASC) X12 820 Payment Order/Remittance Advice Transaction Set with associated addenda record(s) for child support, in the format specified by NACHA guidelines as referenced herein. The Department uses NACHA guidelines to govern the formats and specifications for the electronic remittance of support payments and the electronic submission of associated case data, which are contained in the User Guide For Electronic Child Support Payments, Using The Child Support Application Banking Convention, Version 5.0, revised August 21, 2006, incorporated herein by reference. Members of the public may obtain a copy of the NACHA guidelines by writing to the Florida Department of Revenue, Child Support Enforcement Program, Attn: Forms Coordinator, P. O. Box 8030, Tallahassee, Florida, 32314-8030, or by accessing <http://www.nacha.org/>. The employer, employer's financial institution, or the employer's processor providing ACH services may contact the State Disbursement Unit, EFT

Marketing, at (850)205-8227 to determine the formats, standards, and technical requirements to implement this provision.

(h) The electronic record shall include the following associated case data fields.

1. Segment identifier – A unique identifier for a segment composed of a combination of two or three uppercase letters and digits. "DED" is the segment identifier.

2. Application identifier – The type of deduction withheld from an employee's pay. "CS" is the application identifier.

3. Case identifier – The unique identifier composed of alpha and numeric characters based on the court order number.

4. Pay date – The date the income was withheld from the employee's paycheck.

5. Payment amount – The amount of support withheld from the employee's income for a specific pay period, which is paid to the State Disbursement Unit.

6. Noncustodial parent Social Security Number.

7. Medical support indicator – The indicator designates whether the employer offers family medical insurance coverage. If medical insurance coverage is available, place a 'Y' in the field; if there is no coverage available, place an 'N' in the field. The National Automated Clearing House Association standard requires this data element.

8. Noncustodial parent name.

9. Federal Information Processing Standard Code (FIPS code) – The unique code that identifies each child support jurisdiction (i.e., states, counties and central registries). As used in this rule, the FIPS code refers to the code of the State Disbursement Unit receiving the transaction.

10. Employment termination indicator – The employment termination indicator notifies the Department that an individual's employment has terminated. The employer is required to report this information pursuant to Section 61.1301(2)(k), F.S. If the employee has terminated, place a 'Y' in this field; otherwise, the field is not used.

(i) The employer or employer's processor may combine payment amounts from more than one employee in a single payment as long as the required information in subsection (5)(h), subparagraph 1. through 10., is submitted for each employee. In addition, the employer or employer's processor must separately identify the portion of the single payment that is attributable to each employee.

Paragraph (b) of subsection (6) of Rule 12E-1.032, F.A.C., has been changed, so that, when adopted, the paragraph will read as follows:

(b) The employer or employer's processor who is required to pay support and provide associated case data through electronic means must initiate the transfer so that the amount due is deposited as collected funds to the State Disbursement Unit's account on or before the due date. If the date on which the employer or employer's processor is required to initiate an ACH credit transfer falls on a Saturday, Sunday, or a business

or banking holiday, the employer or the employer’s processor must initiate the transaction on the preceding business day. For the purpose of this rule, “banking day” has the meaning prescribed in Section 674.104(1), F.S.

Copies of the petition may be obtained from: Rebecca Poston, Executive Director, Board of Pharmacy, 4052 Bald Cypress Way, Bin #C04, Tallahassee, Florida 32399-3255.

DEPARTMENT OF FINANCIAL SERVICES

NOTICE IS HEREBY GIVEN that the Department of Financial Services, Division of State Fire Marshal, has received a Petition for Declaratory Statement filed January 24, 2007, Florida Fire Marshals & Inspectors Association. They request a clarification of the Florida Fire Prevention Code relating to the outdoor placement of a liquid chlorine storage tank located at a swimming pool supply company. The Statute and rules involved are Section 633.0215, F.S., Chapter 69A-60, F.A.C., and Chapters 64 and 60 of NFPA 1, 2003 edition, as adopted therein.

Question #1: Is the 500 gallon maximum allowable quantity limit shown in Table 60.2.2.1(b) modified by the provisions contained in Section 64.2, Outdoor Storage, if the provisions of Section 64.2.1 or Section 64.2.2 have been satisfied?

Question #2: If the answer to Question #1 is "YES," does meeting either the requirements of Section 64.2.1 or Section 64.2.2 allow for an increase above the 500 gallon maximum allowable quantity limit as specified in Table 60.2.2.1(b)?

A copy of the Petition may be obtained by writing to, calling, or sending a fax to: Lesley Mendelson, Assistant General Counsel, 200 East Gaines Street, Tallahassee, Florida 32399-0340, (850)413-3604, or (850)413-4238; Fax (850)922-1235 or (850)488-0697 (please advise if you would like it mailed or faxed to you and please include your phone number on your request in case any question arises), or by e-mailing your request to Lesley.Mendelson@fldfs.com.

NOTICE IS HEREBY GIVEN THAT Division of State Fire Marshal has received the petition for declaratory statement from Townhomes of Suntree, represented by James M. Nicholas, Esquire, Petitioner's Attorney, filed February 26, 2007. The petition seeks the agency's opinion as to the applicability of Florida Building Code, Section 1521.4 to Brevard County, Florida, as it applies to the petitioner.

More specifically, does Brevard County fall within a "High-Velocity Hurricane Zone" as defined by Section 1521 of the Code, and therefore, subject to the requirements of Sec. 1521.4. A Declaratory Statement will bring resolve to an ongoing dispute between the Petitioner's appraiser and the appraiser selected by State Farm Insurance Company, which takes the position that Brevard County is not within a High-Velocity Hurricane Zone, and therefore, the "25% Rule" set forth in Section 1521.4 does not apply. The Petitioner disagrees since the Map clearly includes Brevard County, and legal counsel for DFS (Mr. Richard Kessler, Esquire) had previously expressed the opinion of DFS that Brevard County is, indeed, included in the High Velocity Hurricane Zone as defined by Section 1512 of the Code.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Lesley Mendelson, Assistant General Counsel, 200 East Gaines Street, Tallahassee, Florida 32399-0340, (850)413-3604, or (850)413-4238; Fax (850)922-1235 or (850)488-0697 (please advise if you would like it mailed or faxed to you and please include your phone number on your request in case any question arises), or by e-mailing your request to Lesley.Mendelson@fldfs.com.

NOTICE IS HEREBY GIVEN that the Department of Financial Services, Division of State Fire Marshal, has received a Petition for Declaratory Statement on March 13, 2007, from Fire Brigade Alarm Systems and David Perna, Petitioner. This request for Declaratory Statement is for a

formal interpretation of the life safety code and NFAP 72 as it pertains to existing high-rise buildings that are being upgraded with new fire alarm systems in Sarasota County.

A copy of the Petition may be obtained by writing to, calling, or sending a fax to: Lesley Mendelson, Assistant General Counsel, 200 East Gaines Street, Tallahassee, Florida 32399-0340, phone (850)413-3604, or (850)413-4238; fax number (850)922-1235 or (850)488-0697 (please advise if you would like it mailed or faxed to you and please include your phone number on your request in case any question arises), or by e-mailing your request to Lesley.Mendelson@fldfs.com. like it mailed or faxed to you and please include your phone number on your request in case any question arises), or by e-mailing your request to Lesley.Mendelson@fldfs.com.

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.

5. Ordinance 039-2006 is consistent with the 2010 Monroe County Comprehensive Plan.

CONCLUSIONS OF LAW

6. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. § 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006).

The Florida Agency for Health Care Administration (the Agency), Bureau of Medicaid Program Analysis, provides the following public notice regarding reimbursement for inpatient hospitals participating in the Florida Medicaid Program.

PURPOSE: To comply with federal public notice requirements in Section 1902(a)(13)(A) of the Social Security Act in changing reimbursement for inpatient hospitals, the Agency is publishing the final rates, the methodologies underlying the establishment of such rates, and justifications for the final rates. The Agency has amended its Title XIX Inpatient Hospital Reimbursement Plan (The Plan) to incorporate changes to the Inpatient Hospital Reimbursement Methodology.

FINAL RATES: Effective July 1, 2006, the final rates for Medicaid inpatient hospitals are rates resulting from revised methodology used to calculate per diem rates, special Medicaid payments (SMPs), and disproportionate share (DSH) payments as follows:

HOSPITAL INPATIENT SERVICES

1. Inpatient reimbursement ceilings were eliminated for hospitals whose charity care and Medicaid days, as a percentage of total adjusted hospital days, equaled or exceeded 11 percent. For any public hospital that did not qualify for the elimination of the inpatient ceilings under this Section or any other Section, the public hospital shall be exempt from the inpatient reimbursement ceilings contingent on the public hospital or local governmental entity providing the required state match. The Agency used the average of the 2000, 2001 and 2002 audited DSH data available as of March 1, 2006. In the event the Agency did not have the prescribed three years of audited DSH data for a hospital, the Agency used the average of the audited DSH data for 2000, 2001 and 2002 that are available.
2. The inpatient reimbursement ceilings were eliminated for hospitals that had a minimum of ten licensed Level II Neonatal Intensive Care Beds and were located in Trauma Services Area.
3. The inpatient hospital reimbursement ceilings were eliminated for hospitals whose Medicaid days as a percentage of total hospital days exceeded 7.3 percent, and were designated or provisional trauma centers. This provision only applied to hospitals that were a designated or provisional trauma centers on July 1, 2006 and any

hospitals that became a designated or provisional trauma center during State Fiscal Year 2006-2007. The Agency used the average of the 2000, 2001 and 2002 audited DSH data available as of March 1, 2006. In the event the Agency did not have the prescribed three years of audited DSH data for a hospital, the Agency used the average of the audited DSH data for 2000, 2001 and 2002 that was available.

4. Medicaid payments were made to pay approved liver transplant facilities a global fee for providing transplant services to Medicaid recipients.
5. Inpatient reimbursement ceilings were eliminated for teaching, specialty, Community Hospital Education Program hospitals, and Level III Neonatal Intensive Care Units that had a minimum of three of the following designated tertiary services as regulated under the certificate of need program: pediatric bone marrow transplantation, pediatric open heart surgery, pediatric cardiac catheterization and pediatric heart transplantation.
6. Effective July 1, 2006, in accordance with the approved Medicaid Reform Section 1115 Demonstration, Special Terms and Conditions 100(b), the inpatient supplemental payment upper payment limit (UPL) program was terminated.
7. Effective July 1, 2006, in accordance with the approved Medicaid Reform Section 1115 Demonstration, Special Terms and Conditions 100(c), the inpatient hospital payments for Medicaid eligibles were limited to Medicaid cost as defined in the CMS 2552-96.
8. All references to Data Resources Incorporated (DRI) added the phrase "or its successor" in order to account for future name changes of the company.
9. The reference to the definition section of the Inpatient Hospital Reimbursement Plan found in Section V. Methods, A.3. was corrected to be Section XII.

DISPROPORTIONATE SHARE (DSH) HOSPITALS

1. \$141,124,815 was provided for payments to regular DSH.
2. \$60,000,000 was provided for payments to Graduate Medical Education (GME) hospitals.
3. \$60,998,691 was provided for payments to mental health DSH.
4. \$2,444,444 was provided for payments to specialty DSH.

5. The minimum number of Medicaid days for non-state government owned or operated hospitals was reduced from 3,300 days to 3,100 days.

METHODOLOGIES: The methodology underlying the establishment of the final rates for Medicaid inpatient hospitals were rates resulting from the 2006-07 General Appropriations Act, House Bill 5001 and the 2006-07 Health Care Implementing Bill, House Bill 5007, and the Medicaid Reform Section 1115 Demonstration.

JUSTIFICATION: The justification for the final State Plan Amendment is House Bill 5001, 2006-07 General Appropriations Act, Specific Appropriations 213, 214, 245, 246 and the 2006-07 Health Care Implementing Bill, House Bill 5007 and the Medicaid Reform Section 1115 Demonstration.

State residents may provide written comment on the final rates, methodologies and justification underlying the establishment of such rates. Written comments may be submitted to: Edwin Stephens, Agency for Health Care Administration, 2727 Mahan Drive, Building 3, Mail Stop 21, Tallahassee, Florida 32308, or at stephene@ahca.myflorida.com.
